Arrangements are being made for an overflow meeting to hear Governor Harold E. Stassen on Wednesday evening, February 7. Through the use of a public address system, arrangements will be made to seat 2500 people for the governor's address. Governor Stassen will be the honor guest at the Development Association banquet to be held on the evening of February 7, at which time Valley Farmer and Homemaker Awards for the thirteen Red River Valley counties will be made.

John C. Metcalfe, the leading investigator for the Dies Committee on Nazi, Facist and Communist problems in the United States, will speak on the evening of Thursday, February 8. Mr. Metcalfe was awarded the silver plaque of the National Headliners Club for the finest newspaper reporting in 1938. Mr. Metcalfe just recently was the chief speaker in a series of meetings in Minneapolis and St. Paul. The Veterans organizations including American Legion and Veterans of Foreign Wars of the Ninth District are staging district rallies in Crookston on February 8 to hear Mr. Metcalfe and cooperate with him in the Americanization program. State and district officers of both veterans organizations will be present for the occasion.

Father Bernard R. Hubbard, the Glacier Priest, will conclude the week's program with his lecture, "Cliff Dwellers of the North" on Friday, February 9. Father Hubbard has intimate knowledge of Alaska and the Eskimos which has been obtained from his thirteen Alaskan Expeditions. Many of Father Hubbard's exploring expeditions have started from King Island, ninety miles off the Alaskan coast on the edge of the Arctic circle. Father Hubbard has made a close study of the Eskimos in both Alaska and Siberia and will debunk some of the fantastic habits about the walrus people in his address at Crookston.

A full program of unusual interest has been arranged for the women of the Red River Valley at Crookston next week. A well-balanced program of music, lectures, and demonstrations, covering all fields of women's activities has been arranged with sessions beginning at 10:00 A. M. on Tuesday, February 6, and continuing through Friday, January 9.

Jr. C. C. Cancels Plans for Annual Ice Carnival

Cancelling former plans, the Junior Chamber of Commerce last Thursday evening decided not to go ahead with work on an annual ice carnival this winter. It was suggested, however, that a show for next year be organized. Also discussed were the group's programs for the remainder of the winter and next spring and summer.

Annual Banquet for Past Matrons and Past Patrons Held

The annual banquet of Past Matrons and Past Patrons of the Order of the Eastern Star, one of the larger social affairs of the midwinter season, was held Monday evening in the Civic and Commerce rooms. The banquet tables were beautifully appointed with decorations in a rich color scheme of red, gold, and green. Gold candles spaced alternately with vases containing a single red rose were placed the length of the tables on a gold runner spangled with gold stars.

Between courses, the guests enjoyed community singing, led by Mrs. W. W. Prichard, Jr., and accompanied by Mrs. Andrew Bottelson. After the dinner, the group adjourned to the Masonic hall where games, stunts, dancing, and cards were the diversion. Mrs. A. M. Holte was in charge of the entertainment.

Present at the banquet were the Messrs. and Mmes. H. C. Eckland, L. G. Larson, O. C. Paulson, Palmer Tommerdahl, C. H. Eidstrom, B. W. Kinghorn, E. A. Emanuel, Andrew Bottelson, H. J. Abbott, E. W. Children Had Eight Living Grandparents

Reading in the Times about some children in western Minnesota who were blessed with seven grandparents, Mrs. Christ Engen of the Holt community brought out a picture of a family group taken in 1929 which presents an even better record, showing the children with their parents, and grandparents and great grandparents on both sides.

Appearing in the foreground of the above picture are Harley and Deloria Engen in front of their parents, Mr. and Mrs. Harry Engen. Behind Mr. Engen stand his parents, Mr. and Mrs. Christ Engen, and grandparents, Mr. and Mrs. Jens Oftendahl of Middle River. Behind Mrs. Harry Engen are her parents, Mr. and Mrs. Ole Lunke of Holt, and her grandparents, Mr. and Mrs. Hans Knutson, who died two years ago.

A coincidence is found in the fact that each pair of great grandparents raised families of ten children.

Miss Violet Ramsey And Al Kraemer Speak Marriage Vows Tuesday

Miss Violet Ramsey, daughter of Elling Ramsey of this city, and Al Kraemer, son of Mr. and Mrs. Fred Kraemer, also of this city, spoke their marriage vows Tuesday morning at nine o'clock in St. Bernard's Catholic church, Father A. I. Merth officiated.

For the ceremony the bride wore a white satin floor-length gown with a four-foot train, and a finger-tip veil of white lace. She carried a bouquet of sweetpeas.

Her only attendant, Miss Leona Kraemer, sister of the bridegroom, was attired in a floor-length frock of lime green organdy with which she wore brown accessories. In her hair, she wore a wreath of sweetpeas. Matt Kraemer attended his brother as best man.

Immediately following the ceremony, a wedding dinner was served at the home of the groom's parents. Covers were laid for immediate relatives and friends, at a table appointed in pink and green with a three-tiered bridal cake as centerpiece.

Pretty Ceremony Unites Miss Eleanor Maidment, Gilmer Bakken Jan. 31

At a pretty wedding in St. Bernard's church at nine o'clock Wednesday morning, Miss Eleanor Maidment, daughter of Mr. and Mrs. Charles Maidment of this city, exchanged marriage vows with Gilmer Bakken, son of Mr. and Mrs. Ole Lee of Goodridge. Father A. I. Merth officiated at the nuptial mass. The single ring ceremony was used.

Teal blue satin fashioned the bridal gown, which was floor-length, and the bridal veil of white tulle, gathered into a cap over the hair, extended into a full train. The bridal bouquet contained roses and baby's breath.

The bride's only attendant was her sister, Miss Marjorie Maidment, who was attired in a floor-length gown of rose taffeta and wore a bouquet of sweetpeas. James LaFave was best man.

Twenty-five relatives and close friends were guests at a wedding dinner at the Maidment home at noon, and in the afternoon 35 guests were present to honor the bridal couple at a shower, at which they were presented with many beautiful gifts as well as gifts of money. Mr. and Mrs. Maidment were hosts again in the evening at a reception for 18 guests in honor of their daughter and her husband.

The newlywed couple will reside in Oslo.

GROWING CHILD

How Much Adjustment?

Two recently reported incidents describe the different extremes to which two families have gone in their efforts to set up a good environment for a young child. In one home this is the procedure. As soon as the baby is put to bed, the activities of the whole family are hushed. No one plays the piano or radio, although the child sleeps on the second floor, and the house is fairly large. If friends come in for the evening, mention is made that the child is sleeping, and the assumption is that no one will laugh loudly—in short, the whole household of adults makes an adjustment that puts them out considerably.

In the second home, where there is a good deal of entertaining, the baby is often wakened and taken downstairs, to be shown to the guests, and the result is interrupted sleep, and frequent wakenings even when there is no disturbance in the home. When the baby is awake, he is subjected to a great deal of attention, is constantly stimulated, taken up and talked to, or jounced on someone's knee. His hours for sleeping and eating are somewhat irregular; if he is asleep when it is time for his bottle, the time for feeding him is put off, especially if taking him up and attending to him interferes with something that is going on. If a family meal is in progress, or the mother is busy with something she doesn't want to leave.

Both these families are devoted to their babies, but they have not taken enough thought as to the best conditions for a baby's growth. In the first, the whole routine of the family is set up around the fancied needs of the baby. In the second, there is not enough understanding of a young child's need of peace and an orderly routine. If the two could meet, in their plans, about halfway between, what a wholesome setting would be created!

It is not only entirely unnecessary to subordinate the need and desires of everyone in the family to those of the baby. It is unfair to him to give him such a start. It won't always be possible to control conditions so that he has an absolutely quiet place in which to sleep. Why train him so that he will be unable to adjust to the ordinary noises of a household? Of course it is a good idea to have a baby sleep as far away as possible from the telephone, the doorbell and the radio, but he should become accustomed to sleeping under everyday and normal conditions.

On the other hand, to expect a baby to submit to the whims of adults who want to show him off to their friends is too much. Young children develop best in an atmosphere of serenity and calm. To be much in the company of older people is putting a great strain on a child. The overstimulation of music, laughter, and noise, especially in the evening, when a child should be having uninterrupted sleep, is likely to result in a nervous, easily upset child, who is emotionally unstable and excitable.

Official Paper of Pennington County and City of Thief River Falls

A GOOD TIME AND GOOD ADVICE

Those of us who have spent some time on the highways and byways of the country know it is not an unusual thing for farmers to feed city folks. It is a bit unusual however when a group of farmers come to town and spread a feed for the city guys right in their own back yard. That's what happened in Thief River Falls last week and in behalf of the city guys who were guests we say it's a swell idea and we enjoyed it a lot.

S. H. Rutford of the state farm school was the speaker of the evening and we enjoyed his talk. When a Democrat and a Republican can sit side by side and both enjoy the same discussion of a national political problem then the speaker must be good. H. O. Chommie will bear us out in this. Chommie agreed that it is a pleasure to hear a speaker discuss the farm problem from the point of view of an economist and not as a politician.

One bit of advice given by Mr. Rutford deserves to be passed along. In discussing the possible effects of the war on agriculture he admitted the possibility of gradually increasing prices for farm products, but, he said, the higher prices go because of the war, the greater will be the drop when the war ends. The end may come suddenly and unexpectedly. Therefore, and here's the good advice, don't contract debts on the strength of war prices. If higher prices come, use the increased earnings to reduce debts.

WORK WITH THE CENSUS WORKERS

When we speak of the government census we are apt to think in terms of the population count but determining the population is only a part of the census job. In some respects it is the least important part. The information that is assembled on business and agriculture, making possible studies of trends in our economic system, probably serves a more useful purpose than the listings of population figures. All of it is important of course and the public should cooperate wholeheartedly with all census workers, in whatever field they may be seeking information.

At the present time the business census is under way and business men, big and little, are being asked to supply information about their businesses. With few exceptions, we are told, business men are responding cheerfully to the request for facts. That there are a few exceptions is not surprising. It is natural that some people should look with suspicion on any government representative who starts prying into what they consider their own personal affairs. There is no reason to be suspicious of the census taker however. The information he receives is handled confidentially and is used for statistical purposes only.

The more accurate each individual report is, the greater will be the value of the aggregate figures. There is no reason why we should kid ourselves either as individuals or as a community in the census returns. The census workers ask only for facts and the facts should be given to them. They should have the cooperation of all.

PROMISES VS. PERFORMANCE

One of our great automobile manufacturing companies turned out its 25 millionth car a few days ago. Twenty-five million cars is a long line of automobiles and there are people who will say that one company shouldn't do such a large volume of business. The business should be spread around more, they will maintain, so that more people will enjoy the benefits of so large a production.

It is true that most of the automobiles sold today are manufactured by a few companies but there are two sides to the question of whether or not this is a good thing for the country as a whole. The companies that are doing the big automobile business today are the survivors of many years of tough competition. Why did they survive when so many other companies failed? They were elected to survive by the votes of satisfied customers.

How many of the following named cars can you remember: Brush, Cole-8, Little, Marion, Pathfinder, Premier, Rambler, Rotary 6, Scripps-Booth, Skelton, Stevens Duryea, Apperson, American Underslung, Cunningham, Dort, Durant, Kissel, Locomobile, Monroe, Mercer, Marmon, McFarland, Franklin, Holmes, National, Paige, Rickenbacker, Stearns Knight, Star, Stutz Bearcat. Most of them were popular cars at one time. Today they are just a memory.

The records of the past prove quite conclusively that popularity is a transient thing. The cars that are popular today may be nothing but the memory of tomorrow. The organizations that seem so great today may be out of the picture a few years from now. The car buyers of America will decide. We elect our politicians on promises but the companies that build our automobiles will be selected on performance.

If you wish to lower yourself in a person's favor, one good way is to tell his story over again, the way you heard it.—Mark Twain's Notebook.

A Moscow scientist finds a tribe has been out of touch with civilization for 18 years. Some people have all the luck.—Atlanta Constitution.

More than a hundred dollars has now been contributed to the Finnish relief fund through the Times office and considering the fact that there has been no solicitation of funds and that all of the contributors have laid their money on the line voluntarily it is quite a sizeable amount. By such volunteer contributions our country is providing millions of dollars for the Finns and no doubt the help they are receiving in this way is proving of great assistance to them. A dollar will buy quite a few loaves of bread in Finland.

We hear much talk of the benefits agriculture will derive from chemistry. New uses will be found for the products of the soil, we are assured, and by these new uses the agricultural surpluses will gradually find a profitable market. All of which may be true but the banker probably won't advance ready cash on the strength of what may happen. Chemists no doubt will find new uses for old products but the results will not always be beneficial to agriculture. The development of rayon did not make the cotton farmer rich and substitutes for wool are not going to pay the mortgage on the sheep grower's homestead. The smart farmer will watch developments and adjust himself to new conditions as they arise.

JAPAN'S PROBLEM—AND OURS

(Business Week)

In Japan, 1940 should be a year of rejoicing for it is the 2600th anniversary of the founding of the empire. Actually, the year is starting most inauspiciously. The Japanese are not a people to complain or to find fault with their government but there are unmistakable indications today that implicit belief in their ability to create a "new order" in the Orient has been severely shaken.

You see it in small things. A year ago few Nipponese questioned their government's ability to repay the money which it has borrowed to finance the "incident," and to repay it at its full purchasing power. Now the stores are choked with people eager to invest their earnings in something useful rather than in bonds or savings certificates.

Their worst fears have been fanned by the winter's developments. On Oct. 20, the government announced that it would fix prices on all major necessities and freeze wages at existing levels. Yet on Oct. 26, in the face of serious labor disorders, salary increases were permitted, and on Nov. 6, the price of rice, staple of life in Japan, was boosted another 13%.

December was unusually cold this winter, but not until Dec. 11 did the government ease the restrictions on the sale of fuel for heating business houses and government offices. Even at the Imperial Palace the heat was reported not to have been turned on until long after cold weather arrived.

Department stores, theatres, and cafes have had their gas supply cut as much as 30% since December, on top of a "voluntary" restriction of 30% observed by most patriotic establishments since Oct. 1.

On Dec. 19, the Electricity Board hinted that, unless the coal shortage was remedied, new power restrictions would be necessary before the winter was over. The proposed cut of an additional 5,000,000 kwh. a day in the country's two great industrial districts (Tokyo-Yokohama and Kobe-Osaka) would reduce power consumption to approximately 24% of normal capacity.

In a country where "face" is so important, it is only natural that the people have not taken lightly the diplomatic reverses in connection with the anti-comintern axis, and the lapsing of friendly trade relations with the United States. The sickening realization is spreading that Japan is without an important friend in the world.

Business leaders are beginning to lose confidence. Big 3-, 5-, and 7-year plans have been drawn up to show what the Japanese could achieve by foregoing an easy life and concentrating all available manpower and material on the job of constructing a "new order." But plans haven't materialized. The official index of mining production is falling. The figure for August, which is the last to be released, was 140.2 (based on the average of 1931-33), compared with 154.7 for the same month in 1938, and the peak of 177.4 in November, 1938. People are quite willing to forego new kimonos and shoes if heavy industrial output advances to take care of the technical and military sides of the construction of a "new order." In the early stages of the incident, it did so in an amazing way. But heavy industrial production is now on the decline, too.

The slump in agricultural output is perhaps the most alarming feature of Japan's war economy because of its psychological effects. The government blamed the weather for the poor crops, as it blamed a dry season for the shortage of hydro-electric power. But although the weather cannot be predicted for the next harvest season, it is already apparent that 1940 crops are bound to be still poorer on account of the shortage evident in fertilizers and agricultural labor.

This is the sorry picture reported to Business Week from Tokyo, as Japan faces its newest problem—the lapsing of friendly relations with Washington. What will come after Jan. 26, no one knows with certainty. What Tokyo realists fully understand is that they are coming to their greatest crisis in nine years of adventuring just when home morale is lowest.

This is the picture that we must keep in mind in the next six months of diplomatic and trade bargaining with Tokyo. It shows that we have the advantage, but it also suggests that if we play this advantage too hard we are likely to create a martyr complex among the Japanese which will drive them to extremes rather than help their conservative leaders recapture the helm.

SELLING DEPENDENCE

(Grand Rapids Herald-Review)

Disclosures concerning the conduct of government in Minnesota in recent years are still coming to light.

Any citizen must realize that irregularities exist in the conduct of any government of size. That has always been true. It will always be so. Men deceive and steal from the government just as they deceive and steal from the private employer.

But the ordinary irregularities of government pale into insignificance compared to the situation of recent years when scores and hundreds of men have committed crimes or overlooked them in the cause of partisan politics.

But there are other crimes against government than theft.

For years there has been an effort to make as many people as possible dependent upon government. Many of those who have been in charge of dispensing charity spend part of their time in their duties and some more of their time in encouraging people to become wards of the government.

The result of such a policy is obvious. It has increased the number who wish money from someone else.

The national administration has followed the same tactics. Instead of telling people that they should not depend upon government it seeks to give public money to as many as possible. Farm organizations have been encouraged to ask for federal money. The general public has been inspired to attach itself to the public purse. A premium has been placed upon insolvency and dependence.

No wonder the government is approaching bankruptcy and more relief is being paid than ever before.

Don McKenzie in his column in the Crookston Times points out that Ivan Dmitri, famed photographer-etcher, was known as Levon West when he lived at Mayville, N. D., some years ago. Well, Don, we can recall when, a few years earlier, West lived at Argyle, Minnesota, and was known as Levon Assadoorian.

Mrs. Anlaug Hanson Passed Away Jan. 22 at Her Son's Home

Mrs. Anlaug Hanson passed away January 22 at the home of her son Henry of Hickory township.

Mrs. Hanson was born in Setesdahlen, Norway, March 25, 1864. She came to this country with her parents in 1882. The family settled near Grand Forks and in 1883 the daughter was married to Gunder Hanson. In the following year she and her husband moved to Erskine and made their home there until 1899 when they moved to Garnes. Seven years later they moved to Hickory township, where Mrs. Hanson has since made her home.

She is survived by five sons, Gilbert, Henry, John, Knute, and Andrew all of Hickory township; two daughters, Mrs. George Clemenson of Des Moines, Iowa, and Mrs. Ray Olson of Oakland, Calif.; one sister, Mrs. Halvor Johnson of Erskine, and two brothers Jergen Sannes of McIntosh and Gunsten Olsen of California; also 48 grandchildren and five great grandchildren. Her husband, two sons, and three daughters preceded her in death.

Funeral services were read Friday at one o'clock at the Andrew Hanson home and two o'clock at the Erie church, and interment was made in the Ecklund cemetery. Rev. S. Fladmark of Trail officiated.

SCOUTING
the American Way
30
BOY SCOUT WEEK
February 8-14

When the Boy Scouts of America celebrates its 30th birthday on Thursday, February 8, all of the 1,330,000 Scouts, Cubs and Scout leaders will re-dedicate themselves to the service motive which has characterized the Movement for three decades. Scouting offers adventure, fun and achievement—attractive to all boys—through the democratic life of the Scout Troop and Patrol, as essential ingredients in its character-influencing program for the boys of America. Drawing on the rich experience of the Movement, local and national Scout leaders anticipate the opportunity to serve more boys annually.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to adjournment the City Council of the City of Thief River Falls met in session in the Council Chambers in the Auditorium and Municipal Building on January 12, 1940; the meeting was called to order at eight o'clock P. M. with all members present.

A motion was introduced by Alderman Kinghorn that the bonds of certain officials be fixed and required in the following amounts: City Clerk, $5,000.00; Treasurer $[illegible] and Deputy Clerk and Bookkeeper of Water and Light Department $1,000.00.

The City Clerk announced the appointment of Effie Henry as Deputy Clerk for the ensuing term.

The matter of condition of books and reports of City Treasurer Thora H. Nelson was discussed further and the Mayor was instructed to advise her that the condition would be no longer tolerated and that her records must be brought up to date without any further delay.

The request of Board of Trustees of the Community Church for a compromise settlement of the paving improvement special assessments appearing against Lots 19-21, Block 60, Original Townsite was considered at length and a motion was made, seconded and carried that their offer of an amount not to exceed $[illegible] for full settlement of such assessment, be refused.

Alderman Kinghorn introduced a resolution fixing and establishing the salaries of City officials and employees for the ensuing term and moved adoption of the resolution. The motion was seconded by Alderman Sande and the resolution was on roll call duly passed and adopted.

Alderman Myhrum introduced a resolution providing for payment to Alvina P. Wiltrout the sum of $150.00 for a release from all claims whatsoever on account of personal injury sustained in a fall in the building known as the Sports Arena on May 28, 1937 and moved adoption of the resolution. The motion was seconded by Alderman Salveson and the resolution was on roll call unanimously passed and adopted.

The President called for a ballot vote on the question of permitting the reopening and continuance by the [illegible] Operated Theatres of the "Silver Dollar Days" and "Win-Sum" program at their local theatres, which games had been ordered discontinued previously as contrary to law. The result of the ballot indicated a vote of five against reopening and one in favor of continuance.

On motion duly made and carried the meeting was declared adjourned to Friday, [illegible] 26th at eight o'clock P. M.

EMIL GRIEBSTEIN,
President of the Council.
Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council held January 12, 1940, Alderman Myhrum, seconded by Alderman Salveson, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that whereas Alvina P. Wiltrout did on the 28th day of May, 1937 suffer a fracture of the right wrist as a result of a fall sustained in the building belonging to the City and known as a Sports Arena, and

WHEREAS, Alvina P. Wiltrout has heretofore made claim against the City on account of such injury alleging the same to be caused through the negligence of the City, its agents, officers and employees, and

WHEREAS, it appears to the City Council that the injuries are such that might support a large verdict if the said Alvina P. Wiltrout should bring suit and recover on said claim, and the said Alvina P. Wiltrout having offered to accept the sum of One Hundred Fifty ($150.00) Dollars in full and final settlement for all injuries and expenses of whatsoever nature or kind suffered by or incurred by her on account of said injury.

NOW, THEREFORE, BE IT RESOLVED, That the City Council deem it for the best interest of the City that such claim be settled and that said compromise be made, and that it is hereby appropriated from the general fund of said City the sum of One Hundred Fifty ($150.00) Dollars in payment of said claim and the Mayor and City Clerk are hereby authorized to issue and deliver the City's Warrant for that amount to Alvina P. Wiltrout upon her executing and delivering to the City a full and final release from all claims against the City on account of said accident and injury, such release to be in such form as prescribed by the City Attorney.

ROLL CALL

Aldermen voting Yes: Griebstein, Salveson, Baker, Myhrum, Kinghorn, Sande.
Aldermen voting No: None.
Resolution declared passed.

EMIL GRIEBSTEIN,
President of the Council.
Presented to Mayor Jan. 12, 1940.
Approved Jan. 18, 1940.
W. W. PRICHARD,
Mayor.
Attest: P. G. Pederson,
City Clerk.

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in session in the Council Chambers in the Auditorium and Municipal Building on January 26, 1940, the meeting was called to order at eight o'clock P. M. with all members present.

Official Bond of the City Clerk in the amount of $5,000.00 and Bond of Deputy and Bookkeeper in the amount of $1,000.00, both with the Fidelity and Casualty Company of New York as surety were presented for approval. Motion was made by Alderman Myhrum that the same be accepted and filed, which motion was seconded by Alderman Salveson and carried.

J. P. Turnwall residing in Zeh's Addition appeared before the Council and brought up the matter of proposed change of road leading into the City from the south to extend the same across the West Greenwood Cemetery grounds and across the old mill yard to connect with Bridge Street, thereby eliminating one railroad crossing, which change had been requested by petition filed several years ago. On motion the matter was referred to the Street Committee for conference with the County Board of Pennington County with regard to probability of such change and costs in connection therewith.

Representative of Barzen Company, Inc. were present with regard to a continuation of their present lease with the City covering their plant located on Mill Reserve in Porter's Addition, such lease being dated March 16, 1925 and expiring March 1st, 1940. The matter was discussed at length and laid over for further consideration.

The matter of rental by the City of the Central School building was again brought up for consideration and a motion was made by Alderman Baker, seconded by Kinghorn and carried that the proper officers of the City be authorized and instructed to enter into contract with Independent School District No. 18 for such rental on a basis of $15.00 per month from and after February 1st, 1940, such building to be utilized as a National Youth Administration center under sponsorship of the City whereby the City agrees to pay rental and light and water service; said National Youth Administration to sponsor all other costs.

On motion of Alderman Myhrum, seconded by Kinghorn and carried the proper officers of the City were authorized and instructed to execute on behalf of the City for Works Progress Administration, Project Proposal No. 1, dated Jan. 1, 1940 covering sanitary sewer and watermain extensions within the city, said project being covered by previous project proposals, WP 7251; OP 665-71-2-270; WP 3857 OP 465-71-2-219.

Applications for renewals of licenses to sell 3.2% beer and refreshments were presented by the following: Larson & Curtis, Cerny & Cerny, John Wiener, Clifford Storholm, H. J. Olson, J. C. Kretschmar, Gunder [illegible], Knute Swanson, H. J. Dryden, J. W. [illegible], Andrew Prestebak, M. M. Strom, Oscar Monsebroten, Frank J. Welch, Wilhelm Groslie, Henry Stetten, Mike Stujek, Philip E. Hoard, P. N. Pederson, O. L. Monson, Bridgeman Creameries, Val J. [illegible] & Roy Dwyer, [illegible] Beverages, Kiewel Products, Anton Dahl, Hardy-North-Nielson Creamery, Carl Christofferson, and Ella Holden. Motion was made by Alderman Baker that the Clerk be authorized and instructed to issue such licenses accordingly of the nature applied for on condition that certain applicants furnish proof that there are no delinquent personal property taxes against their property. The motion was seconded by Alderman Salveson and adopted by unanimous roll call vote of the Council.

Alderman Baker introduced a resolution increasing the salaries of employees of the Park Board effective January 1, 1940 and moved its adoption. The motion was seconded by Alderman Kinghorn and the resolution was on roll call passed and adopted.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council.

Sentimental Significance of Roses

The usual conception is that the rose signifies love; the damask rose signifies "beauty ever new"; the yellow rose, jealousy. A yellow rose, a broken straw and ivy combined signify "your jealousy has broken our friendship." The primrose, is said to stand for inconstancy.

Invented the War Tank

The tank was first used by the British in their attack on the Somme (France) September 15, 1916. It was invented by Maj. Gen. Sir E. D. Swinton of the British army, using the "pillbox" principle of the "caterpillar" farm tractor, invented about 1900 by Benjamin Holt of Stockton, Calif. It was afterward adopted in various forms by French, United States and German armies.

Beaver Belongs to Squirrel Family

Although the beaver has been known to reach a weight of 68 pounds, he belongs to the same family as the squirrel and the mouse, says the American Wildlife Institute. There once was a prehistoric form of the animal which weighed about 600 pounds. Judging from fossil remains there are thousands of places in the United States and Canada which bear the beaver's name and, although he has been extinct in England since the Thirteenth century, there are at least a dozen places on the island—such as Beverly, Deverstone and Beversbrook—which still bear witness to his former habitat.

PROWLERS DOWN WARREN; BEMIDJI COMES ON FRIDAY

Lincoln Quint Defeats Warren Ponies by Score of 33 to 19

Playing easily and without pressure, the Prowlers, last Friday night, rode the Warren Ponies to a convincing 33 to 19 victory, in a game played at Warren.

Friday night the Bemidji Lumberjacks will be here for a game in the new gymnasium, and with the intention to make it two straight in victories over the Prowlers. The Lincoln school reserves will meet Climax in a preliminary game at 7 o'clock.

Field goals by Andy Anderson and Bob Kielty, and two free throws by Wayne Iredeson, gave the Prowlers a 6 to 3 lead in the first quarter of the game at Warren. The Prowlers increased this lead during the second period when Loren Jung, who played a fine game at guard, dipped two field goals into the net, and Wayne added a couple, and free throws by Ed Flasch and Len Furuseth, gave the Prowlers 16 point total and 6 point lead as they left the floor at half-time.

The second half saw the Prowlers continue to increase their lead, and the Warren team becoming frantic in their efforts to block the locals' fast-breaking offense, Buenger and Gilbertson of the Ponies being ejected from the game on fouls. Bi Kompelien and Kielty each scored three points in the third period, and a field goal by Furuseth and a free throw by Iredeson, increased the Prowler lead to 10 points. The last quarter saw Babe Peterson, playing at forward, score a field goal, Ed and Andy a field goal and a free throw each, to bring the Prowler total to 33 points; while the disorganized and out-played Ponies were scoring five points to bring their total to 19.

Hubert Buenger, with 6 points, was the high man for Warren, and their most effective player. Wayne Iredeson with 7 points led the Prowlers in scoring but fine games were turned in by Kielty, Anderson, Jung, Kompelien and Flasch.

In a preliminary game the Warren 'B' team defeated the Thief River Falls 'B' team, 12 to 9.

Thieves Win 2 Tilts; Tied for League Lead

Walloping Crookston in a game here Sunday, 9 to 2, and defeating Emerson in a slow game played there last Tuesday night, 6 to 4, the Thieves continued their first place tie with the Crookston Pirates for the States-Dominion hockey league lead.

Playing splendid hockey despite the soft ice, the Thieves last Sunday dished out to Crookston the worst beating that the Pirates have had to take all season, and it was a deserved beating because the locals outplayed the bulky Pirates in every phase of the game. The first period had been half spent when the Pirates' Ben Howard was sent to the penalty box, and then the Thieves poured on the power. Len Russell scored on an assist from Taylor, and a moment later Alex Tickle took a pass from Taylor to register the second goal.

From there on in the game became a scoring parade, with Mark McCaffrey being the drum major of the parade with two goals and two assists. The final summary found the Thief River scoring divided as follows: Len Russell, two goals; Alex Tickle, one goal; Mark McCaffrey, two; George Beverley, two; Joe Popiel and Paul Kornek, one; and with assists to Taylor, McCaffrey, Popiel and Novak, with Taylor getting three.

An odd feature of the game was the two penalty shots that were awarded to the Pirates. In the second period, on Ewbank's foul, Chet LeDoux was given a shot, and in the last period, on Tickle's tripping penalty, Ben Howard took the free shot; but both of the tries were kicked out by Jim Bronson.

Playing at Emerson Tuesday night the Thieves, playing logy hockey, had to come from behind to defeat the Manitobans, 6 to 4. Emerson, on goals by Millen and Couton, and with Tickle scoring twice for the Thieves, went into the third period with a 2-all score; but here the Thief River power broke up the game, for Joe Novak and McCaffrey each counted a solo, and Mark picked up a pass from Russell to send the Thieves into a 3 goal lead. Bill Couton cut the margin to 2 goals, when he scored for Emerson; but Len Russell, hooking a pass from Tickle, brought the margin back up to three. And in the final minute of play, Pohl scored for Emerson.

The Thieves continued on the road this week, playing at Grafton tonight, at Crookston on Sunday afternoon, and at Hallock next Tuesday night.

The summary of Sunday's game:

T. R. Falls (9)	vs.	Crookston (2)

SPORTS

Tid-Bits

By Heck Olson

The basketball game tomorrow night with the Bemidji Lumberjacks, the only high school team to have beaten the Prowlers this year, should cram the new gymnasium to the girders. The licking that the Lumberjacks took last Saturday from Hibbing, 37 to 22, should make them plenty sour, and the Prowlers will have to be 'up' if they are to run up the 33 to 29 win that I have put into the book.

About the only thing that Tom Sartell omitted in his interesting article on the Arena last week was the fact that Chuck Dostal smokes 'Half & Half' tobacco in his straight-stemmed pipe.

It is rumored that the DuChamp boys, Bob, Jesse, and Wally, are planning on presenting a petition to Kenesaw Landis, the baseball commissioner, asking that they be released from their contract with the local baseball club. They contend that Jack Dempster, the local manager, has been keeping them under cover, and that they should be declared free agents.

Carlo Columbo played center on Roy Lee's team in a scrimmage against the Prowlers last Monday afternoon, and did he get himself a pair of raw feet. After a few fast breaks and pivots his feet had developed a pair of blisters that looked like a couple of hot water bottles, and after a few more fast breaks and pivots these blisters popped like fire-crackers, and from then on Carlo's breaks weren't so fast and his pivots were only hand wavings. He's been walking on his ankles since Monday.

Bernard Bjork, the Roseau center-ice man, has been registered by the Crookston Pirates. They will have to break up one of their lines to make use of him.

One of the chickadees down at Crookston has been chirping at me because of my claim that the Pirates play a 'chop-chop' style of hockey. Well, this particular chickadee should have seen the Sunday game, when the Thieves drubbed the Pirates, 9 to 2. He wouldn't have let out a peep. Of course, the soft ice may have had something to do with the Crookston collapse, for they played like a bunch of snow-shoers; but perhaps the fine play of Mark McCafferey, Len Russell, George Beverly, and Stan Ewbank, had more than a little to do with the scuttling of the Pirates.

The Winnipeg Lombards get into the wildest games. A week or ten days ago they lost a 16 to 7 game to Hallock, and last Saturday night, with Jimmy Reid scoring 5 goals and assisting in 3 others, the Lombards routed Emerson, 16 to 4.

'Jiggs' Sinclair, Grafton's Indian goalie, suffered a double fracture of his jaw in the game that the Millionaires lost to Hallock Sunday, 10 to 8.

DR. STRUNK TAKES OVER DEPARTMENT OF CONSERVATION

Northfield News Publisher Praises Appointment of Governor

Possessing exceptional qualifications by education and experience to direct a comprehensive program for the state of Minnesota, Dr. William L. Strunk, director of the health service of St. Olaf college, Northfield, assumed the duties of commissioner of conservation today by appointment of Governor Harold E. Stassen.

Announcement of Dr. Strunk's appointment was as much a surprise to his colleagues on the St. Olaf college faculty and his Northfield neighbors as to the state at large but in Northfield, where he is known, the selection of Dr. Strunk for the highly important assignment of formulating and directing a constructive conservation program for Minnesota is hailed as an excellent choice. In fact, Governor Stassen could have searched the country over and not found a man better qualified for the position, commented Herman Roe, publisher of the Northfield News.

In addition to a keen interest for and a comprehensive educational background in all phases of conservation, said Mr. Roe, Dr. Strunk will bring to his new position a tireless capacity for aggressive effort in accomplishing any assignment he tackles, unbounded energy and enthusiasm, executive ability and a cooperative temperament which encourages teamwork on the part of those associated with. These are the qualities he has demonstrated in the few months he has been a resident of Northfield.

A native of Minnesota, Dr. Strunk, thirty-seven years old, married and with one son, was born in New Ulm, where his father was a blacksmith. He attended grade schools there, South high school in Minneapolis, and received his bachelor and master of science degrees from the University of Minnesota. He received the degree of doctor of science from the University of Wisconsin and did further graduate work at the University of Michigan.

Dr. Strunk specialized in geology, zoology, natural history, chemistry, botany and economic geology. While attending the university he spent two summers on the Minnesota Geological survey in St. Louis and Cook counties, doing work on magnetite deposits. He did research in natural history at Michigan university under the Hinsdale Research fellowship.

Hospital Service Assn. Lists Benefits in 1939

Subscribers of the Minnesota Hospital Service Association and their dependents received care valued at more than $950,000 during 1939, A. M. Calvin, executive director, reported at the annual meeting in Minneapolis. Cities in Minnesota having divisions of the state association include Minneapolis, St. Paul, Duluth, St. Cloud, Stillwater and Fergus Falls. The association remains the second largest in the country, with 64,104 new subscribers and dependents during 1939 bringing total enrollment in the state to 309,216.

LONE CHICK SURVIVES COLD WEATHER

New Richland.—He was a brave little fellow as he toddled along through the snow behind an unattentive mother. The wondering pair were soon noticed by the owner L. E. Johnson of Lemond township. Mr. Johnson hadn't the slightest idea as to where or when the mother had managed to hatch the chick in this kind of weather. The lone chick was a healthy looking fellow.

University Scientists Study Problem of Lead Poisoning Among Ducks

With thousands of wild ducks dying each year in Minnesota from what is believed to be the poisoning effects of lead shot scooped from lake bottoms, workers at the University of Minnesota are making every effort to discover the cause and find a remedy.

Several hundred sick and dead ducks, mostly mallards, were picked up recently on the shores of Heron Lake, in Jackson county near the Minnesota-Iowa line, by Assistant Biologist Lewis Osmer and Game Warden W. P. Brady, of the state game and fish department. They were brought to the game management laboratory at University Farm, St. Paul, where they are being completely examined by L. A. Fried and University game management students under the direction of Dr. Gustav Swanson, assistant professor of economic zoology.

It is reasonably certain now that ducks, when feeding in shallow lakes, sieve-out these lead shots from the mud or lake bottom and swallow them, innocently believing, no doubt, that they are seeds of possibly particles of gravel. Of one group of 157 birds examined, all except 20 had shot in their gizzards. As high as 21 were found in a single duck, with an average of 2.56 per bird. Symptoms of color and condition suggest that additional shot were swallowed in many cases but had been ground up and disappeared before the examination.

Swanson says that if a half dozen number 6 shot are ingested, death is certain, while many birds become weakened and die after swallowing only two or three. The shot are ground up in the gizzard, absorbed into the blood stream and cause a form of muscular paralysis that interferes with normal digestion. Birds eating them may starve to death even when food is plentiful.

W. C. T. U. Plans Three Conventions Through Year

Three conventions of interest to Minnesota women are being planned for 1940 by the Women's Christian Temperance union, according to the announcement made by Mrs. Ethel Iliss Baker, state president of the Minnesota WCTU.

A national regional conference will be held March 4 and 5 at Grand Forks, N. D., with Mrs. Anna Marden Deye of Evanston, Ill., national corresponding secretary, presiding. Miss Martha Cooper, national youths' temperance council general secretary of Evanston, will represent the youth council at the conference. Mrs. Baker and Mrs. Bessie Darling of Grand Forks, president of the North Dakota WCTU, will be hostesses.

Mrs. Alma Levins, Crookston, Minnesota's director of International Relations for Peace, will give a report of the Washington conference on the cause and cure of war.

The national WCTU convention will be held in Chicago August 8 through 14 and the state WCTU convention in Duluth September 17 through 20.

Weighted, Loaded Silk
Natural silk in its raw state is covered with a gummy substance which gives it a harsh feeling and a yellow, unsightly appearance. When this material is removed by washing the skeins of silk, about four ounces are lost per pound of silk. The fiber is then brought back to its original weight by the deposition of tin phosphate. The tin used for this purpose is obtained by detinning tin cans and other waste tin scrap. Silk fiber may be so loaded with this tin that the original pound of fiber may become almost double that weight. Such silk feels heavy but does not wear well. This excessive loading must be considered adulteration. Rayon, on the other hand, is not subjected to loading.

A clay tablet dug up in ancient Ur of Babylon, dating some 4,000 years ago, was a letter from a traveling salesman in a distant country, complaining that he had written five times and had no reply.

DENMARK LETTER ENROUTE 13 YEARS

Canby.—June 15, 1927, Eldon Peterson, Ledstrup, Denmark, wrote a letter to his brother, Louis V. Peterson, who lived north of this town. He was desirous of learning about conditions in America "after the war," and wrote to inquire whether there would be better opportunities here for his children whom he included pictures. Thirteen years later, ten years after the death of Louis Peterson, the letter was delivered to his wife, January 5, 1940. Pictures of the children had been removed.

State High School Music Contests Set for April

Dates of most of the district contests in the annual state high school music festival and contest have been set by the central committee, according to Miss Hazel Nohavec, contest secretary, at the University of Minnesota. The contest at St. Cloud will come April 20; Granite Falls, April 20; Chatfield, April 20; Owatonna, April 20; Glenwood, April 26 and 27; Worthington, April 19 and 20; Willmar, April 20; Baudette, April 20; Wells, April 20; Pine Island, April 12, and Argyle, April 26. Finals of the state festival and contest will be conducted on the campus of the University of Minnesota on Thursday, Friday and Saturday, May 2, 3 and 4.

U. S. Marine Corps Now Accepting Applications from Men Aged 18 to 30

The officer in charge of the U. S. Marine Corps recruiting office, 119 Metropolitan Life Bldg., Minneapolis, stated today that the Marine Corps is now accepting applications for enlistment from young men between the ages of 18 and 30 years, and for men who have had previous service the age limit has been set at 35. The Marine Corps, through its facilities for the furthering of an interrupted education, is offering ambitious young men greater advantages and opportunities than ever before. With a broad field of subject matter from which to select, thousands of Marines are studying and preparing themselves for higher positions when they return to civilian life, all these fine services being rendered free of any expense by the U. S. Marine Corps Institute in Washington, D. C.

27,116 Motorists Fined for Traffic Violations

Far exceeding earlier estimates as to the number of traffic law violators convicted or pleading guilty during 1939, final reports of the state highway department show that 27,116 motorists paid penalties in the state's courts for breaking the rules of the road during the past year. Of this total, 10,245 were convicted of or pleaded guilty to speeding, 2,430 paid penalties for careless driving, 2,191 for drunken driving, and 3,307 for going through stop signs. Another 1,063 were guilty of driving with defective brakes, 871 of running through a school sign, and 771 of operating a motor vehicle without a driver's license.

MEADOWLARKS BRAVE SUB-ZERO WEATHER

Granite Falls. — It looks as though the birds prefer to stay in Minnesota the year round regardless of the weather. Charlie Stoppe recently saw five Meadowlarks in the brush along the road east of the great northern depot. The temperature the day this incident occurred was six degrees below zero.

CITES PERIL FOR PIKE ANGLING IN LAKE OF WOODS

Baudette Man Appears Before Legislative Investigating Committee

Wall-eyed pike fishing in Lake of the Woods is doomed, Dr. E. A. Onstad, Baudette, told the legislative investigating committee in St. Paul late last week, unless laws are enforced covering stream pollution and commercial fishing.

Dr. Onstad recommended an injunction be secured against paper mills at International Falls to prevent discharge into Rainey river of waste matter which he said had already wiped out one of the greatest wall-eyed pike spawning grounds in the nation.

The president of the Baudette Chamber of Commerce also suggested all commercial fishing be abolished on Lake of the Woods for an indeterminate period and village sewage polution along the Rainey river be curbed.

Highway Patrolmen to Attend Review School

Minnesota state highway patrolmen are going back to school to brush up on their many duties, according to an announcement made this week by Elden Rowe, chief of the highway patrol.

"All patrol officers," said Mr. Rowe, "will attend a Review School for a two-week's period. The first course will end Feb. 9; the second course will begin Feb. 12 and will end Feb. 23. In this way, half of the patrolmen will remain on duty throughout the courses. The sessions will be conducted at Camp Ripley."

2 East Grand Forks Boys Drown in Red Lake River

Two five-year-old East Grand Forks, Minn., boys drowned on the Grand Forks side of the Red river Monday afternoon. They were Glen Vandenberg and Donald Lukkason.

With a companion, Phillip Zipoy, 5, they had been playing on the ice. Glen and Donald fell into open water where a sewer keeps the river free of ice. Phillip ran home and told his mother, who called police.

Police estimated the boys had been in the water half an hour before they were found.

SEVEN THOUSAND MILES SAFELY—AND THEN?

Jordan. — Three young men from the Merriam neighborhood were completing a 7000 mile motor trip, and while coming down the home stretch from Belle Plaine were congratulating each other on their good fortune in not having had a single mishap on the trip. Three miles from home, however, the boys met with an accident and luckily none of them were injured.

Twin City Groups Will Open Market Week Feb.12

That Minneapolis and Saint Paul are united as one great market center is demonstrated twice each year when the wholesalers and manufacturers of these two cities jointly sponsor Twin City Market Week for northwest merchants. The week of February 12 to 17 will mark the thirty-sixth consecutive buying season in which Market has been staged as a joint enterprise. The "week" is primarily a buying week, when retailers of the entire Northwest flock to this eighth largest distributing center of the country to choose from the large, fresh, new stocks the merchandise which they, in turn, will offer for sale in their respective home communities during the spring season.

Thomas Mann Will Speak at University Feb. 15

Thomas Mann, one of the most distinguished living writers, will speak in Northrop Memorial Auditorium, University of Minnesota, the evening of Thursday, February 15. Mann, a novelist of the first rank who revolted against the National Socialist party and left Germany several years ago, has since become a citizen of the United States. He is of the rank of such writers as the late John Galsworthy in England and Sinclair Lewis in America. In 1929 Thomas Mann was awarded the Nobel prize for literature.

GRYGLA

WORLD TRAVELER TO SPEAK HERE

Robert C. Vance, farmer, world traveler and lecturer, will speak on Feb. 15, 8:30 p. m. at Grygla under the direction of the North Star Farm Club.

Mr. Vance, whose travel stories are now appearing in The Farmer and Farm, Stock and Home, has just returned from a trip to the Orient and his lecture will be mainly about Japan and China. He left the United States aboard a Japanese freighter just a week before the war broke out, intending to circle the world, but was unable to go beyond the Orient when the British Government cancelled all permits to travel in British possessions and our government cancelled his passports into warring countries. He, as a result, spent more time in the Orient than planned and will bring to his listeners a personal story of what he observed in Japan and China where there is an interesting story due to the prolonged Chinese-Japanese war.

His lecture will be illustrated by colored movies which he took on this trip. Pictures taken in Japan, because of war censorship, had to be developed in bond before he could bring them home.

Mr. Vance is not a professional lecturer or traveler, as one might suppose, considering the great amount of traveling he has done. He is a farmer, and he sees and writes through the eyes of a farmer. He both writes and lectures as a farmer in farmer-language and brings to his audience the impressions which interest rural and urban people. When not traveling, he operates his farm in Nebraska.

REPRESENT DISTRICT IN SPELLING CONTEST

Miss Twila Nygaard from District 139 with Mrs. A. Swanberg as teacher and Miss Jean Holbrook from District 116 with C. Doran as teacher will represent this district in the county spelling contest to be held in Warren on Friday 2. Elimination contest was held here last Saturday at the schoolhouse. Others participating were Helen Wold, Floyd Neuschwander and Marlon Bush. Mr. C. Doran conducted the contest and Mrs. A. Swanberg, Mrs. H. Thorson and Miss Lillevold were judges.

Modern Woodmen Party

The Modern Woodmen held a party last Sunday night at the A. Lloyd home in honor of Mr. Lloyd. The evening was spent socially and playing cards. The self invited guests brought a delicious lunch which was served at midnight. Present were Mr. and Mrs. Carl Holbrook, Mr. and Mrs. Harold Bush, Mr. and Mrs. Art Norby and children, Mr. and Mrs. C. Doran, Clifford Johnson, John Stewart, Cliff Lunde, and Ludvig Dalos.

Double Birthday Party

Mr. and Mrs. Austin Lansrud were feted at a party at their home last Sunday in honor of their birthdays which fell on Thursday and Monday. The guests brought lunch featured by a delicious birthday cake. Present were Mr. and Mrs. Jule Aase and baby, Mr. and Mrs. Joseph Wold and family and Mr. and Mrs. Nels Satre and family.

Gordon Anderson Honored

Gordon Anderson returned a week ago Monday from St. Lukes hospital where he remained a week after having a broken leg set. Last Sunday all the pupils from the school went to see Gordon. The children passed a very pleasant time and left Gordon with many happy thoughts to carry him through another week of convalescing.

Delbert Hesse and Ruth Hook Wed

Miss Ruth Hook became the bride of Delbert Hesse at a ceremony performed at 5 o'clock last Wednesday, January 24 at the Bauman parsonage at Mavie by Reverend Bauman.

Witnesses were Miss Myrtle Newton and Iver Gonnering.

The bride was attired in a dusty rose silk and wool gown, while her attendant was dressed in a light green silk gown. Following the ceremony a reception in honor of Mr. and Mrs. Hesse was held at the George Hook home. Present there besides the bridal party were Mrs. Caroline Hesse and Miss Doris Newton.

The newlyweds will make their home with Mrs. Caroline Hesse for a while.

Friends and relatives join in expressing best wishes and much happiness to Mr. and Mrs. D. Hesse in the future.

Mrs. Bonnie Fonnest returned last Friday after spending about a week with her daughter, Mrs. Alton Anderson in Moose River.

Miss Agnes Sandland spent last Friday evening visiting with Miss Frances Stewart who is back from the East.

Severin Bastad and Helen Gertrude of Thief River Falls and Mrs. Olga Peterson and son Billy from Goodridge all visited at the John Stewart home last Sunday.

Miss Irene Kaffseth who is employed in Thief River Falls was home over the last week end for a visit.

Mrs. Wm. Holthusen is expected home this week from Illinois where she has been visiting relatives on her way back from the Farm and Home Week program. Miss Ellen Johnson is staying at the Holthusen home during Mrs. Holthusen's absence.

Arnold Gonnering, Orville Walle and Lloyd Hanson were taken home last Friday for a visit, by Iver Gonnering and Kenneth Olson. The boys had off until Sunday evening.

Mr. and Mrs. Alfred Rasmussen and A. S. Hylland were visitors at the A. J. Anderson home Sunday.

The Bus going to Goodridge has not been more than half full the last week according to reports. Most pupils are out because of a bad seige of the "flu".

Reverend Anderson has made another trip to the St. Lukes hospital. He however is not very bad and is expected home this week Wednesday.

Will Tell of His Travels

Robert C. Vance, farmer, world traveler and travel writer

Mr. and Mrs. Erwin Nelson and daughter spent Sunday visiting at the Mrs. Bertha Nelson home.

Peter Bakken made a business trip to Erskine last Saturday. Misses Edna Hesse and Gudrun Sandland went along as far as Thief River Falls. Mrs. E. Solg took care of the switchboard during their absence.

Mrs. J. E. McCoy visited last Friday at the Leo [illegible] home.

Last Friday pancakes were served at the local Cooperative store, Mrs. G. Austad and Mrs. Carl Holbrook served the cakes with coffee. Between 350 and 400 people were served.

Miss Mildred Paulson from Warren was here over the weekend visiting relatives and friends.

Mrs. Gunold Sandland, Agnes, Lawrence, Arthur and Gudrun Sandland all went to Badger Sunday. Mrs. Sandland remained there to visit relatives for a while.

Arthur Gosch went to Thief River Falls Sunday to see his wife who is in the hospital there. Mr. and Mrs. Ralph Bush went in Monday and also went to see Mrs. Gosch.

Gordon Bush from Bemidji accompanied Miss Harriet Knutson and Harold Nelson from Nebish, home for a weekend visit.

Unusual Accident

Last weekend William Stanley accompanied by Norman Newton hauled a load of pulp wood from Thorhult to Grand Rapids. When going through Deer River he failed to negotiate an icy corner and slid into the side of a hardware store there. The immense weight of the load carried by momentum made the whole load slide with all wheels sliding. There was a stove and washing machine inside the store that were damaged, besides a large plate glass window broken. The truck itself was not badly damaged because Mr. Stanley unloaded part of his load, went on to Grand Rapids and then came back to Deer River and hauled the remainder of the load over before coming back to Grygla to have the truck fixed up. No one was hurt. Everything was covered by insurance.

Garage Moved

Beltrami county purchased a 40 acre tract near the West Spruce Grove school onto which they had their highway garage moved. It was moved Saturday from the Edward Johnson place where it has been. Several caterpillars were used and one started the outfit moving right along at a fast rate of speed.

Father and Son Honored

Dennis Sandberg's birthday comes within a few days of his father's birthday so both were given a party last Saturday evening at the R. Sandberg home. It was Dennis' fourth birthday. Just a Bunch of Roughnecks

A party of three husky men were sitting in one of our well known bars and the bartender walked the half block around the bar to take their order.

Hoff (Himself)

"I'll take a large lemonade," said the first. "And please put plenty of sugar in it. I love it sweet!"

The bartender sniffed disdainfully and then asked the second:

"What'll you have?"

"I'll take an orangeade. And please make it strong. I just love oranges!"

The bartender's nose went further into the air as he asked the third:

"I suppose you'll have a coco-cola?"

He nearly fainted when the third replied:

"Oh, heavens, no! You see I have to drive the car!"

During the Christmas holidays seven floors were completely finished and it is expected that the entire project will be completed during the Easter vacation in March.

Basketball

Red Lake Falls, arch rivals of Plummer, defeated the local quintet here last Friday by a 16-13 score. This gave Red Lake Falls a complete sweep of this years battles and left the Plummer hoopsters starving for a second victory.

The game was loosely played, appearing like an early season exhibition of basketball. Both teams showed poor marksmanship from the field and the free throw line. Red Lake Falls made three out of twelve gift shots while Plummer tallied one out of eleven. Close up shots were poorly executed.

Red Lake Falls took an early 4-0 lead and the first quarter ended with the same count. Other period scores were 8-4, 11-10, and the final 16-13. The visitors were outscored in the final period, being held without a field goal, but made two free throws. However, the locals could only make five points. The winners displayed a wonderful stalling game in the dying minutes of play. The uncanny possession of the ball by the Red Lake Falls outfit completely dominated the latter part of the fourth period.

An unusual reciprocity in scoring brought the spectators to their feet in the third quarter. Norby of Plummer made a basket for Red Lake Falls. A visiting player, not to be outdone by his rival, duplicated the Corrigan shot by a [illegible] Hall's basket two seconds later, giving two points to his opponents.

Captain Maurice Page of Plummer was high point man of the game with three field goals. Guerin of the visitors was runners-up with five points.

The game at Alvarado, which was to be played last Friday, was called off because of a flu epidemic at Alvarado. This necessitated the closing down of their schools. The game was postponed until March 5.

Plummer engages Fisher on the local floor on Friday, February 2.

Mr. and Mrs. Donald Seibert spent the week-end at their parental home. They are employed at Thorhult at the camp.

President Wears No Uniform

Although the President of the United States is commander-in-chief of both the army and navy, he is a civilian; for him to wear a uniform representing any branch of the military or naval services would not be in accordance with American tradition. President James Monroe, during the so-called "era of good feeling," made a tour of the nation dressed in a uniform such as he wore as an officer in the Continental army, but the style of uniform was then no longer the regulation dress for officers of the army.

First Settlers in Alaska

The region now known as Alaska was visited by the Russian officers Bering and Chirkov in 1741. Other Russians had undoubtedly preceded them. Russian traders and trappers soon entered the country, and through their activity other nations became interested in this region. Spanish expeditions in 1774 and 1775 visited the southeastern shore, and in 1778 the English explorer, Capt. James Cook, made extensive surveys of the coast for the British government. The first settlement was made by the Russians at Three Saints, on Kodiak island, in 1784, and in 1804 the Russian-American company founded Sitka, making it the seat of government in 1805.

What's Black and White And Read All Over?

CHILDHOOD'S singsong conundrum contains a crystal grain of truth. For the answer, you remember, is "a newspaper."

There may have been a time when this was only half true—when the advertising pages of a newspaper were glanced at hastily, if at all. But times have changed.

Modern readers realize that current advertising is as newsworthy as Page One. Announcements of new foods, fashions, furniture are as interesting to the average family as stories of elections, sports, speeches.

Quite aside from their up-to-the-minute news, advertisements are a convenience. They keep you informed. They tell you where you may get what you want, and how much you need to pay.

LUNCHEON IN LENT

Macaroni Mousse is a delightful luncheon dish that was popular some fifteen years ago. For a time it was about the most elegant thing a hostess could serve. It was considered a treasure by those who were entertaining in lent—because it was the sort of meatless dish they could be proud to serve to anyone.

Then some enterprising hostess discovered a new combination of foods that was hailed with enthusiasm by other hostesses who said they were tired of serving Macaroni Mousse all the time. Other new dishes appeared and enjoyed their turn of popularity—while Macaroni Mousse was all but forgotten. In fact, I'm sure it will seem like a grand new discovery to many of the younger women today.

This dainty, fluffy yellow mousse—all flecked with bits of green parsley and red pepper—was sometimes served with a rich creamy Mushroom Sauce—and on another occasion with a smooth delicately-flavored Shrimp Sauce. And it's the Shrimp Sauce that I'm recommending with it now for your lenten entertaining. But before I give you the recipe, let me offer the following menu built around Macaroni Mousse as a main dish:

Macaroni Mousse with Shrimp Sauce
Buttered Fresh Peas or Green Asparagus Tips Pickled Peaches
Tray of Crisp Celery Curls, Carrot Strips,
Olives and Small Pickles
Popovers or Rolls Butter
Fruit Compote Chocolate Pecan Cake
Coffee

MACARONI MOUSSE

2 oz. elbow macaroni (½ cup uncooked)	1 pimiento or sweet red pepper, chopped fine
2 qt. boiling water	1 tbsp. finely chopped parsley
2 tsp. salt	1 tsp. onion juice
1¼ cups top milk, scalded	1 tsp. salt
1½ cups soft bread crumbs	½ cup grated strong American cheese
4 tbsp. butter	3 eggs

Cook macaroni in the boiling water to which the salt has been added until very tender, 20 to 25 minutes. When cooked, drain and clip macaroni with scissors into small pieces about ½ inch long. Pour scalding milk over bread crumbs. Add melted butter, chopped pimiento, parsley, onion juice, salt and cheese. Separate eggs, and add well beaten egg yolks to bread crumb mixture. Combine with macaroni and mix well. Fold in stiffly beaten egg whites. Put in buttered pan (3¾ by 7¾ inches across the bottom and 2¾ inches deep) lined with buttered wrapping paper. Set pan in a larger pan of hot water with several layers of paper between the pans. Bake 1 hour in a moderate oven (350° F.) keeping mousse covered with paper during first 20 minutes of baking to prevent browning too rapidly. Serve with Shrimp Sauce.

SHRIMP SAUCE

3 tbsp. butter	1½ cups milk
3 tbsp. all-purpose flour	½ tsp. salt

1 can shrimp (5 oz.)

Melt butter in saucepan over low heat. Blend in flour and seasonings. Remove from heat. Add cold milk slowly, stirring constantly. Return to heat, and cook until thickened, stirring constantly to prevent lumping. (Cook about 10 minutes over the direct heat or 20 minutes over hot water, to eliminate the raw taste.) Add shrimp (cut in quarters or shredded fine as desired) about 3 minutes before Cream Sauce is thoroughly cooked.

Betty Crocker has many delicious meatless main dish recipes in her files that can be a big help in planning lenten menus. Just send your request with a stamped, self-addressed envelope to Betty Crocker in care of this newspaper.

LOSES FIVE POUNDS DURING IMPRISONMENT

Hanley Falls.—A cat belonging to Ben Anderson was among the missing shortly before the holidays. Nothing was heard from him until recently when he was discovered locked up in a nearby barn. Although the animal is an exceptionally large cat, weighing about 13 pounds, he had lost close to five pounds during his imprisonment, which was accidental.

$3,700 ERROR FOUND IN MAKING CHANGE

Rochester.—It pays to count your change one woman in this town has learned. This is the way she found out. She requested of the teller in a local bank $500. To him she handed five $20 bills and a pile of four other bank notes topped by a $100 bill. Flipping them back, he counted them. He saw two zeros on the three under bills in the pile topped with the $200. Everything checked. He gave the customer the $500 bill and then following her departure discovered not $100 bills were under three in the pile of four topped with the $100 but $1000 bank notes. He reached her by telephone and found her blissfully unaware of the error.

NOTHING DOING

All down one street he went without making a sale. He determined to try a new method. At the next house, a grumpy woman answered the knock.

"Have you a Charles Dickens in your home?" he asked, politely.

"No!" snapped the woman.

"Or a Robert Louis Stevenson?"

"No!"

"Or a Walter Scott?" continued the canvasser, hope dawning in his eyes.

"No, we ain't," said the woman, sharply. "And what's more, I don't take in lodgers. Try next door; they do."—Tit-Bits Magazine.

TOOT, TOOT

"He's terribly conceited."

"Yes, he says that his ancestors' horns were used back in Bible times."

Fair Notice

A lady leaving home for a shopping expedition in town locked everything up, and for the grocer's, butcher's, and milkman's benefit, wrote on a card, "All out. Don't leave anything."

On her return home late that night she found her house ransacked and all her choicest possessions gone. To the card on the door was added: "Thanks, we haven't left much."

TO NAME FARMERS AND HOMEMAKERS AT WINTER SHOWS

One Farm Family from Each County Will be Guests Wednesday

One farm family from each county in the Red River Valley will be selected for the Valley Farmer and Homemaker award which will be made at the banquet of the Red River Valley Development association at the Winter Shows at Crookston on Wednesday, February 7.

Governor Harold E. Stassen and the Valley farmers and homemakers will share honors as guests at the banquet. Wm. E. Dahlquist of Thief River Falls, retiring president of the development association, will be the toastmaster for the occasion. A part of the banquet program will be broadcast over WDAY.

Governor Harold Stassen and Dean W. C. Coffey will be chief speakers on the banquet program. T. M. McCall, president of the development association, will present the Valley Farmer and Homemaker plaques.

A great deal of interest is shown in the banquet program. Reservations for out-of-town guests are being handled by C. F. Bundy, secretary of the Crookston Association of Public Affairs.

School Buses Now Must Have Stop Signal Arms

All school buses in the state should have "stop" signal arms attached by this time, according to a warning this week by Elden Rowe, chief of the highway patrol. Operators of school buses were required to have these signal arms installed by the first of this year. Mr. Rowe has instructed highway patrolmen to issue warning tickets to bus drivers whose buses do not have this required equipment. "Bus drivers are advised that the state department of education, as well as the highway patrol office, will check to see that these warning tickets and instructions are observed", said Mr. Rowe.

Senator Vandenberg to Talk in St. Paul Feb. 10

Senator Arthur H. Vandenberg of Michigan, urged frequently as a possible nominee of the Republican party for President of the United States, will visit Minnesota Saturday, February 10, to give the Lincoln day address before the Lincoln club of St. Paul at the Masonic Temple in that city. With the interest in Vandenberg's record in the senate and the support now being given to the movement for his nomination, the meeting is expected to draw Republican leaders from all parts of the state. The dinner is being held on the 10th to permit Senator Vandenberg to attend a Lincoln day dinner in his home city of Grand Rapids February 12th.

Habits of the Skunk

Although the skunk will retire to its den to hibernate during very cold weather, its sleep is not very deep, nor does it continue for any great length of time. When the weather moderates the animal will emerge from its snug quarters and forage for food. Usually preferring holes in the ground, it is not averse to living under an out-building or even in a hollow log.

TO SPEAK AT CROOKSTON

REV. BERNARD HUBBARD

Father Hubbard, a distinguished scientist, explorer, and Jesuit missionary, famed as the "Glacier Priest", will address the Winter Shows audience at Crookston on Friday evening, February 9. He will also show his newest motion picture "Cliff Dwellers of the Far North".

Beautification of Rural Roadsides Promoted by State Forestry Division

Through the initiative of the forestry division of the state department of conservation, WPA labor has been made available for rural roadside beautification in Minnesota. The division has obtained federal approval of a blanket project covering all the counties in the state which may avail themselves of this opportunity to get this work done at small cost to themselves and at the same time provide jobs for a large number of unemployed men.

Besides sponsoring the blanket project for the state, the forestry division also is arranging to provide through various agencies the necessary trees and shrubs for these jobs. Since this constitutes practically the outlay in addition to labor, the counties are in position to get these improvements for a cash outlay a small fraction of the total cost, it was pointed out.

A Ramsey county project, involving 12 miles of rural highways, recently launched is an example of how it works out in most instances, it was said. The only thing that the county is asked to contribute is the use of a truck a few hours each day for transporting men and materials. It is expected that a number of counties will take immediate steps to make use of this offer.

In addition to beautification, these improvements serve two outstanding purposes — provide needed cover and food for wildlife, and roadside snow fences in the winter.

Mockingbird Legend

In some parts of the South there is a belief that each mockingbird is the guardian of a good person who has died, and who can leave his grave only when the mockingbird calls him to come.

Japanese Use English Words

Among the many English words that have entered the Japanese vocabulary and remained almost intact is "jiremma." Japanese believe it is a native word, having forgotten the original—"dilemma."

FRUIT

Beatrice—Am I the apple of your eye, Frank?

Frank—Hardly. You're more of a peach.

A GOOD START

He (at midnight)—What was that noise? It gave me quite a start!

She—Please keep going then, Mr. Stickney, if it did.

NEEDS TIME OFF

South Sea Island Wifey—Don't you think I ought to have a new coat?

Hubby—Sure thing—go sit in the sun!

AND SOME OF US DO

"I am in favor of peace at any price."

"Yes; but suppose you wake up some morning and find you haven't got the price."

A LONG TRIP

Bug—But why do you have to get up at three o'clock in the morning?

Snail—The children are going to school now, and they have to be there at nine o'clock.

TOO MILD

Mrs. Tripp—Do you darn your husband's socks?

Mrs. Blipp—I address them a little more profanely than that.

HEADS THE CLASS

Teacher—Many popular heroes are spoken of in the Bible, children; which was the most lionized, do you think?

Billy Smart—Daniel, of course.

WINTER REMINDER

"How did you hurt your face—bicycle?"

"No—icicle."

'The White Man's Burden'

The phrase, "the white man's burden," was originated by Kipling in 1898.

MOSQUITOES IN JANUARY AT ADA

Ada.—Many incidents have occurred recently to show the mildness of Northern Minnesota's winters. The latest was brought about by Gilman Viste, who displayed a live mosquito which had been caught in his house. It may be that the size of the mosquito enabled it to withstand the winter, for it was of the Paul Bunyan type.

Multiple Births

From the literature on the subject it appears that multiple births are most likely to occur in women between the ages of 35 and 40.

TREE PLANTING TO BE TOPIC AT MEETING FEB. 16

"U" Extension Forester to Speak in Court Room at Court House

COUNTY AGENT CITES BENEFITS AVAILABLE

Trees to be Set out on Farms Can be Obtained at Low Cost, Grow Says

Well and favorably known are the benefits of trees and shrubs around the farmstead as an aid in keeping the buildings warm in winter and cool in summer, says County Agent Howard E. Grow, but we often overlook the fact that the same principle holds true for the protection of crops by field windbreaks.

A meeting to discuss this program has been arranged for Friday, February 16, when Parker Anderson extension forester from University Farm, St. Paul, will meet with every interested farmer in the court room of the court house.

A strip of trees and shrubs along the windward side of a field will cast its shadow of protection for a distance of 15 to 20 times the height of the trees, according to information Mr. Grow received recently from Mr. Anderson. Benefits that come from a field barrier of this type include greatly increased soil moisture, reduced evaporation, snow protection for legume seedlings and winter grain, reduction of wind erosion and soil fertility and the cooling of hot parching winds that often burn up crops about harvest time.

The means for starting a field windbreak of this type are within the reach of practically every farmer this year, Mr. Grow says. A special provision in the 1940 AAA program sets up an allowance of $30 for every farm which can be earned only by planting trees. This payment is in addition to regular crop control and soil building payments and will be paid to cooperating farmers or landlords at the rate of $7.50 per acre where trees of recommended varieties are planted in accordance with good tree culture methods.

An additional encouragement for those who wish to start a windbreak, wood lot or farmstead shelterbelt this spring is the plan to get trees from nurseries at reduced prices, says Mr. Grow. Orders can be placed thru the county agent for trees to be delivered at planting time. Varieties recommended for field windbreaks in Pennington county include caragana, ash, elm, poplar, cottonwood, willow, pine and spruce. These will be available at moderate prices, with a minimum purchase of one thousand trees. Persons interested in the tree purchasing plan should contact the county agent.

COMMISSION ACTS TO O. K. TRIANGLE LINES PETITION

Approval Given Request to Stop Bemidji-Warren Bus Service

Abandonment of the passenger bus line operated by the Triangle Transportation company between Bemidji and Warren was approved Friday by the railroad and warehouse commission in St. Paul.

The commission also granted the company permission to abandon the bus leaving Crookston at 1:15 p. m., and Thief River Falls at 4:45 p. m., in daily service between the two cities on week days. This schedule will be continued on Sundays.

The Triangle company with headquarters at Crookston made the applications on the grounds of insufficient patronage.

Hugh Carlson, local manager of the bus line, announced that service on the Bemidji-Warren route was discontinued February 5, and that the afternoon Crookston run from this city will cease next Monday, February 12. The afternoon bus will, however, be continued on Sundays, as well as the morning service each day.

Rotarians Hear Recital of Events Ending in War

Rotarians at their luncheon meeting in the Evelyn hotel Tuesday noon heard the playing of three phonograph records recounting in dramatic fashion the events leading up to the outbreak of the European war. The records were donated by the club to the public schools of the city.

Co. Spelling Contest Won by Lillie Hovden

By virtue of having won first place in the Pennington county rural school spelling contest Saturday morning, Lilly Hovden, pupil in District 64, Numedal township, will represent this county at the Red River Valley championship contest in Crookston Friday. She is the daughter of Mr. and Mrs. R. T. Hovden, and her teacher is Mrs. Agnes Christopherson.

Second place in the county event was awarded to Arnold Engelstad, District 165, Miss Luella Battleson, teacher; while Helen Hardisty, a pupil in District 31, won third place. Her teacher is Clara Swanson.

County Superintendent Richard Dahlow was in charge of the contest, and the judges were Beatrice Ostmoe, Alice Ann Severson and Myrtle Jensen.

Ruth Meyer, 8th grade student from district No. 17, representing the Steiner section, was named the Marshall county rural school spelling champion at the county contest held in Warren last Friday. Ruth will also represent Marshall county at the Red River Valley contest which will be held in Crookston Friday in conjunction with the winter shows.

Second honors in the contest were won by Twila Nygaard, 7th grade student from District 139, Grygla section, with third honors going to Florence Hellquist, 8th grade student of District 41, Viking section.

Goodridge Electric Line Makes Last Run Tuesday, February 13

Persons having a sentimental interest in the Electric Line operating between Thief River Falls and Goodridge are reminded that it is now fitting to arrange for their last ride on the Pennington county railroad, which is scheduled to make its last run next Tuesday, February 13, at which time operation of the line will cease under authority granted recently by the Interstate Commerce Commission. The railroad, built in 1915, enjoyed a thriving business during its early years until improved highways and increasing truck traffic brought about a decline, which has resulted in an annual loss in recent years.

COUNTY FAMILY HONORED AT RRV WINTER SHOWS

Mr. and Mrs. Hans Solberg of Erie Receive Plaque Wednesday

The Red River Valley Development association has again conferred the honor of Valley Farmer and Homemaker on one family from each of the 13 Red River Valley counties.

Appropriately engraved bronze plaques were presented at the annual banquet of the Red River Valley Development Association Wednesday evening, a feature of the Winter Shows at Crookston; Governor Harold E. Stassen was an honor guest and speaker at the banquet.

The plaques were presented to the county winners by T. M. McCall, president of the Winter Shows and development association. Dean Walter C. Coffey of the University department of agriculture, St. Paul, told of the accomplishments of the farm families. W. E. Dahlquist, past president of the development association was toastmaster. The program was broadcast over radio station WDAY, Fargo.

The Pennington county award went to Mr. and Mrs. Hans Solberg, Goodridge. Mr. Solberg was 1939 president of the Pennington county farm bureau, county committeeman, and has been township assessor and a school board member. Purebred sires head their livestock herds, and good seed has been used at all times on their fields. Their two children are active in 4-H club work. Other award winners were Mr. and Mrs. F. S. Erdman, Red Lake Falls; Mr. and Mrs. A. K. Holte, Baudette; and Mr. and Mrs. Tore Njaa, Wannaska.

PENNINGTON HOME CHAIRMEN CALLED TO MEETING FEB. 15

Will Plan Organization for "Feeding the Family" Project

The home chairman from each township in Pennington county will meet at 10:30 A. M. next Thursday, February 15, in the court room of the court house to plan the organization of the "Feeding the Family" project. "If you haven't a home chairman in your township," County Agent Howard Grow said today, "be sure someone is there to represent you. This project is of vital interest to every family in the county. It should result not only in interesting group meetings but in better health in our county.

"The health records taken in our school examinations show that there is a real need for serious study of our health problems. If a better food supply is the answer, the 1940 gardens will be the best planned gardens Pennington county has ever raised."

Tuberculin Retest of Cattle Starts Monday

Word has been received by Howard E. Grow, County Agent, from the State Livestock Sanitary board that a retest will be made of all infected and suspect herds of cattle for the tuberculin test in Pennington County starting Monday, February 12. Farmers having suspected or infected herds are asked to cooperate with the veterinarian so that this work be completed in the shortest possible time.

Smiley Community Club Plans Benefit Dance for Finnish Relief Saturday

The Finnish relief fund being raised locally will be bolstered by the proceeds of a benefit dance to be sponsored by the Smiley Community club at the Smiley hall Saturday evening, February 10. New and old-time music will be provided, and lunch will be served. The fund being accumulated by the Times yesterday amounted to $110.75, the week's contributors including:

Rude Christianson	$1.00
Emil Beckman	1.00
C. J. Lundgren	1.00
Mrs. Lillian Loken	3.00

Two Best Spellers in County Rural Schools

Above are pictured Lilly Hovden of Numedal, the champion, and Arnold Engelstad of Rocksbury, winner of second place in the Pennington county rural school spelling contest held in the district court room last Saturday morning. By virtue of her victory, Lilly, a pupil in School District 64, will represent this county in the Red River Valley spelling contest at Crookston Friday.

STASSEN TALKS WEDNESDAY AT WINTER SHOWS

Governor Pays Tribute to Farm Families that Were Honored

MR. & MRS. SOLBERG AWARDED PLAQUE

Farmers are Cautioned Not to Rely on Government for Salvation

Thirteen farm couples, one from each of the 13 Minnesota Red River valley counties, were honored at a dinner in Crookston Wednesday night as the outstanding feature thus far of the Red River Valley Winter Shows.

Each couple was given an engraved bronze plaque by the Red River Valley Development association, designating the honored men and women as master farmers and homemakers.

Those honored included Mr. and Mrs. Hans Solberg of Erie, Pennington county; Mr. and Mrs. F. S. Erdmann of Red Lake county; and Mr. and Mrs. Carl A. Johnson of Warren, Marshall county.

Governor Harold E. Stassen of Minnesota was an honor guest and speaker at the dinner and delivered the principal address at the evening winter show mass meeting in the armory.

W. F. Dahlquist officiated as toastmaster at the dinner, while Senator Sletvold of Detroit Lakes introduced the governor.

The farmers were told by Governor Stassen that no single thing would solve the problems of agriculture, but that they would be solved over a period of years through slow progress and slow improvement in human processes.

The work of individuals and groups working toward better times will be the answer to solution of the farmer's problem and will be more helpful than anything the government can do, the governor said. In that respect, he said individual initiative would rank highest.

He paid tribute to the growth of the show over its history of 30 years and pointed out its influence for better farming, not only in the valley but throughout the state and nation.

ART EXHIBIT WILL BE SHOWN IN CITY MONDAY, TUESDAY

30 Paintings to be Exhibited in Woman's Club Room in Auditorium

A traveling art exhibit comprising thirty oil and water color paintings by Minnesota artists will be on exhibit in the Woman's club room in the Auditorium Monday and Tuesday, February 12 and 13, it was announced by Mrs. L. S. Bennes, president of the Woman's club, which is sponsoring the exhibit.

The paintings, which were assembled under the direction of the fine arts department of the Minnesota Federation of Women's clubs, have won much praise in other cities of the state where they have been shown.

Included in the program to be presented in connection with the silver tea Monday afternoon are vocal selections by a vocal trio made up of Mrs. Richard Dahlow, Mrs. Arthur Berg and Mrs. Glendon Al...; violin duet by Mrs. Dahlow and Mrs. Emmet Mousley; and piano selections by Mrs. Eva Myhre.

Mrs. Carl Kretzschmar and Mrs. J. Arthur Johnson are chairmen in charge of the tea, while the pouring will be done by a group of past presidents of the Woman's club including Mrs. C. W. Vorachek, Mrs. Mary Shaw, Mrs Andrew Bottelson and Mrs. Harold Rasmusson.

Local Creamery to Hold Annual Meeting Feb. 19

The annual meeting of the Thief River Falls Cooperative creamery will be held in the Sons of Norway hall Monday afternoon, February 19, G. S. Bergland, manager, stated today. In addition to hearing the reading of the report covering operations for 1939, the shareholders will elect one director, the term of John Funnesdahl expiring at this time.

STOVE GETS OVERHEATED

The fire department was summoned Wednesday morning to the Morris Olson home at 615 Dewey av. when a stove became overheated, no damage resulting.

Barzen Plant Destroyed in $200,000 Fire Friday

Flames Leap Thru Roof of Doomed Barzen Elevator

As the spectacular blaze that destroyed the Math Barzen company's plant in this city Friday morning reached its climax, flames shot thru the roof of the tall elevator structure, destroying it, as well as the adjoining seed cleaning plant, in only a few hours, altho the piles of grain and seed continued to smolder for days. A. V. Brodin, whose truck appears in the picture, had been called to the scene of the fire at its height to install sheet iron protection over the windows of the adjoining municipal power plant, which was seriously menaced by the blaze.

City Power Plant Is Saved by Efficient Work of Fire Department

COMPANY TO REBUILD PLANT ON NEW SITE

Huge Quantities of Seeds and Grain are Destroyed in Blaze

Charred embers and piles of smoldering grain are all that remain of the Math Barzen company grain and seed elevator and seed cleaning plant, which were totally destroyed Friday in a spectacular blaze that originated in the basement of the elevator shortly after 7 o'clock in the morning. The total loss is estimated at nearly $200,000.

Efficient work by the fire department, coupled with the absence of any considerable wind, made it possible to save the company's office building of frame construction immediately adjoining the elevator on the north, as well as a tile warehouse to the west.

Firemen, who fought the blaze with five streams of water until 4:30 in the afternoon, by which time it was well under control, concentrated their efforts on preventing the flames from spreading to the municipal power plant, only a short distance southeast of the doomed structures. The windows in the power house were hurriedly protected by sheet iron, and the only damage to the structure was one broken pane of glass. Current supply to the sanatorium was broken off for a few minutes, there being no interruption in service otherwise.

John Barzen, president of the Math Barzen company, stated that at the time of the fire the plant contained nearly 500,000 pounds of seeds of various kinds in addition to 40,000 bushels of wheat, flax, barley and oats. Several carloads of certified seed were hauled out of the tile warehouse, local business places cooperating in supplying trucks and men.

A power plant employe was the first to discover the blaze in the lower part of the elevator, and in a short time a pillar of fire was leaping thru the roof of the tall structure, quickly spreading to the seed cleaning plant adjoining.

The greater part of the loss is covered by insurance, and adjusters arrived on the scene the next day to begin the work of arriving at a settlement and to dispose of the salvaged grain. A steady stream of trucks and trailers transported the wet and scorched grain to nearby farms where it will be used for feed.

Mr. Barzen stated that negotiations were already under way for a lease on property across the street from the burned plant. He said it is the company's intention to erect a fireproof plant there. In the meantime operations are being carried on at the elevator across from St. Lukes hospital, while offices have been established at the Thief River Falls Oil company on South Main av.

The Math Barzen company is a continuation of the oldest major business enterprise in Thief River Falls, dating back to 1888. The Hanson & Barzen Milling company in 1904 erected the structure destroyed Friday and operated it as a flour mill until 1920 when the present company was organized. It has operated a seed and grain business on a huge scale and has elevators in Goodridge, St. Hilaire, Hazel and Oklee.

Friday's fire is the third major blaze in Thief River Falls in the past eight years, the old city auditorium having been destroyed in the early winter of 1933, followed in October, 1936, by the fire that razed the Oen Mercantile company structure.

ST. LUKES MEETING REVEALS YEAR OF PROGRESS IN 1939

Christofferson and Rinkel Reelected Trustees at Session Monday

The volume of business enjoyed by St. Lukes hospital showed a substantial increase in 1939 over the previous year, it was revealed in the report submitted by W. W. Prichard, secretary, at the annual meeting of the hospital association Monday afternoon. The number of patient days in the institution during the year showed an increase of 1415 over 1938, with an average of 26 patients per day receiving attention.

In the annual election of trustees, Carl Christofferson and F. A. Rinkel were named to succeed themselves for three-year terms. Officers reelected at the organization meeting of the board were Mr. Christofferson, president; Robert J. Lund, vice president; and Mr. Prichard, secretary-treasurer.

Disbursements by the institution in 1939 aggregated $33,250, and as in the preceding four years a substantial reduction was made in the indebtedness against the property. The staff of the hospital comprises 24 persons.

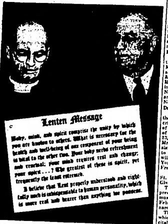
Nation Prepares for Lent



Lenten Message

Body, mind, and spirit comprise the unity by which you are known to others. What is necessary for the health and well-being of one component of your being is vital to the other two. Your body needs refreshment and renewal; your mind requires rest and change; your spirit . . . ? The greatest of these is spirit, yet frequently the least esteemed.

I believe that Lent properly understood and rightfully used is indispensable to human personality, which is more real and dearer than anything we possess.

The Rev. Frank R. Wilson, rector of St. James Episcopal church at Hyde Park, N. Y., the "Church of the President," presents a special Lenten message to people of the nation.

Wa-Wa-Ta-Isi Troop Of Girl Scouts Elects

The Wa-Wa-Ta-Isi troop of local girl scouts, which is under the direction of Mrs. Wm. Ferguson, elected officers for the coming year at a meeting Tuesday afternoon in the Legion rooms.

The three patrols and their new officers are as follows: Seven Good Deeds, Arlene Robinson, leader; Lois Ryan, corporal; Happy Helpers, Dorothy Geving, leader; Sally Hanson, corporal; and Winona, Irene Forsberg, leader; and Florence Snelling, corporal.

Grace Forsberg, Marilyn Skarstad, and Marjorie Forder were elected flag bearers; Barbara Fast is the new scribe; and Maxine Pederson, the scrap book keeper.

Plans for a sleigh ride were discussed, and the girls continued work on their music badges, after which games were played.

Mrs. Ulleberg is Honored At Valentine Bridge Party

Mrs. Carl Kretzschmar and Mrs. Harold Rasmussen were joint hostesses in the Log Cabin of the Palm Garden cafe last Thursday evening at a valentine bridge party given in compliment to Mrs. Al Ulleberg (Lenore Jaranson), who arrived recently from Stockton, Calif., to visit at the Ed Jaranson home. The guest list included the Mmes. Ulleberg, Clair O'Hara, Clifford Storholm, Henry Olson, Lincoln Arnold, Harold Elofson, Charles Warner, Dave Fast, Jerome Hillard, Alv Vistaunet, Harold Martin, and H. A. Baumann. There were three tables of bridge in play. Mrs. Ulleberg was presented with a guest prize from the hostesses, and Mrs. Fast won the traveling prize, while prizes for bridge scores went to Mrs. O'Hara and Mrs. Elofson.

Auxiliary Notes

At a meeting of the Legion Auxiliary last Thursday evening, at which several new members were welcomed into the organization, the group was entertained with a piano selection by Leona Thompson and with songs by a vocal trio composed of Mrs. Art Berg, Mrs. Richard Dablow, and Mrs. G. E. Ahre, and with Mrs. Warren Hanson as accompanist. Mrs. Berg won an attendance prize. Following the business meeting, cards were played.

All members of the Auxiliary are invited to attend the P. T. A. meeting Feb. 19, and to the joint party with the Legion Feb. 12. All are also invited to attend the Legion Rally at the Crookston winter shows at Crookston today.

The next regular meeting of the Auxiliary will be held next Thursday, Feb. 16, in the Legion rooms at 8 o'clock. Hostesses are Enga Lindberg and Jewel Klevestad.

Hostesses to Club

Miss Hannah Launa and Mrs. Henry J. Hanson were hostesses to their Flower club in the Log Cabin of the Palm Garden cafe Wednesday evening. Table decorations for the two-course luncheon which was served were in a St. Valentine's theme. Present were Mrs. Ray Kiland, Mrs. J. N. Nesse, Mrs. Orrin Hall, Mrs. O. C. Peterson, Mrs. Oscar Monrebroten, Mrs. Harold Eide, Miss Dora Dunham and Mrs. L. V. Johnson.

Woman's Club Notes

Young Matrons

The Young Matrons will have their Valentine party at Mrs. Harold Eide's home next Tuesday evening. Each member of the group is also requested to keep in mind the art exhibit and tea to be held in the Woman's club room in the auditorium next Monday afternoon.

Music

Valentine decorations lent a festive note to the meeting of the Music group last Monday evening, at which Mrs. Emmet Wright and Mrs. Arthur Berg were hostesses. Mrs. Eva Myhre played "Concerto in A Minor" by Grieg, Mrs. J. N. Nesse gave a paper on Scandinavian composers, and Miss Ruth E. Nelson sang a Norwegian song.

Drama

Mrs. William Korstad will read the "American Way", chosen by critics as one of the ten best plays of last year, at the next meeting of the Drama club Tuesday, Feb. 13, at the Stanton Dahlen home. Mrs. Harley Swenson will be assisting hostess. As an introduction to the play, Mrs. E. W. Johnson will present highlights of the New York production which starred Fredric March.

St. Therese Music Class to Give Second Musicale Tuesday

The St. Therese Music class will present another of its popular musicales next Tuesday evening, Feb. 13, at 7:30 o'clock, at St. Bernard's school.

The orchestra and the quartet which appeared in last week's recital, will again take part in the program, and the remaining numbers will consist of solos, duets, and trios played on piano, violin, and guitar. By special request the primary pupils who took part in the singing duet entitled "I Won't Play with You Again" in the recent recital, will repeat that number.

The public is cordially invited to attend.

Miss Audrey Anderson left Friday for Grand Forks to spend several days at the home of her cousins, Mr. and Mrs. William Anderson.

Water Levels in State Dangerously Low, Says Conservation Official

An abnormally long and warm fall, with precipitation way below normal, have brought about dangerously low water levels in Minnesota, it is emphasized in the report for December of Walter S. Olson, director of the division of drainage and waters in the state department of conservation. Referring to that the records show "the fall to have been the warmest in history," the director continues:

"It is obvious from this that there has been a very marked increase in evaporation over normal for the fall months. Precipitation again during December was subnormal, varying from just a slight amount at Minneapolis and St. Paul to approximately 50 percent of normal at Moorhead. These two factors have placed the western section of the state in a position where, if it does not receive unusual snowfall and rainfall during the next six months, critical situations with regard to domestic supply are going to arise."

"Reports from the Ottertail and Red rivers are to the effect that water has ceased to flow over the dam at Fargo and that at Breckenridge the present flow in the stream is just sufficient to meet the needs of the community." He expresses the opinion that the situation will be serious there unless there is heavy precipitation from now on.

Early Reference to Cigarettes

The earliest reference to the cigarette ("little cigar") occurs in literature in 1842 and 1843, where it is stated that cigarettes were smoked in France and Italy. Laurence Oliphant is generally credited with the introduction of the cigarette to English society. It did not become popular, however, until 1870.

Great Cheese Producing Country

Since the Thirteenth century, Finland has been one of the greatest cheese-producing countries in Europe. In the Middle ages, peasants paid part of their taxes to church and state in the cheese they manufactured.

Defect in Wood Defined

A defect in wood is defined as any irregularity occuring in or on wood that may lower its strength, durability or utility values. A blemish as anything, not classified as a defect, that mars the appearance of the wood.

University Hockey Team Wins Honors This Season

By developing what appears to be the outstanding college hockey team of the year the University of Minnesota has brought new athletic laurels to itself and new fame to its home state. To date Larry Armstrong's Minnesota team has won ten games without being seriously threatened by defeat, and has lost none. The Gophers have beaten Yale twice, Michigan twice, Michigan Tech. twice, University of Illinois twice, and the Lindon (Ont) Athletic Club twice. A pair of games with the University of Manitoba were cancelled by the Canadians.

Civic Mixed Chorus to Rehearse Friday Night

Estimate National Road Debt at $1,650,000,000

Approximately two-thirds of the states had highway debts outstanding at the beginning of 1940, the total burden being roughly $1,650,000,000, the Minnesota Petroleum Industries committee reports. Twenty-four states were found to have 83 per cent of the total road debt and these states spend an average 37 per cent of their road funds for debt service alone. Six states are spending more than 50 per cent of their annual highway user revenues in principal and interest payments on their highway debts. The sums available for current highway maintenance and construction may be seriously curtailed by these heavy debts, the Committee points out, and it warns that if the road building era of the past three decades is not to prove a financial nightmare, every effort should be made to avoid needless borrowing for more highways until the bulk of existing obligations is paid off.

WILL MEET TODAY AT MOORHEAD ON RIVER PROJECTS

Bye to Attend Session of Tri-State Waters Commission

Dr. W. L. Strunk, Minnesota's new conservation commissioner, will meet with members of the Tri-State Waters commission today at Moorhead, Chairman Henry Holt of Grand Forks announced Friday.

The status of all projects included in the plan for development of the Red river drainage basin will be reported by Captain J. W. Moreland of the United [illegible].

Other speakers will be A. D. McKinnon, director of the North Dakota soil conservation service, Morris Bye of Thief River Falls, president of the Red Lake River Development association; former Gov. Walter Welford of North Dakota, George Tonkin of Des Moines, U. S. biological survey, and Paul R. Speer of St. Paul, biological survey.

New commission members besides Dr. Strunk who will attend are J. W. Cluett, recently appointed South Dakota director of game and fish; Dean H. L. Walster of Fargo, and A. T. Brandt of Moorhead.

"Winter Carnival" Is Falls Theatre Picture Next Sunday to Tuesday

A movie version of a New England winter festival will be presented in "Winter Carnival", which comes to the Falls theatre Sunday, Monday and Tuesday, with a midnight prevue Saturday evening at 11:15. The film co-stars Ann Sheridan and Richard Carlson, with an able cast of supporting starlets.

Unusual fidelity is said to mark the film, "Nurse Edith Cavell", the offering at the Avalon theatre Sunday and Monday. The picture depicts the life and death of the noted English nurse-martyr of World War days. Anna Neagle is starred in the production, the cast also including Edna May Oliver, May Robson and ZaSu Pitts.

Thronson Admitted to National Association

Theodore M. Thronson, city assessor, has been admitted to membership in the National Association of Assessing Officers, it was announced in Chicago. The association has as its primary function the development and promotion of the highest standards of assessment administration. It was organized in 1934 and its membership includes more than 800 city, county and state officials, engaged in the assessment of property for tax purposes.

Firemen Get Hot Coffee at Barzen Plant Blaze

Members of the local fire department who so valiantly fought the blaze that destroyed the Barzen plant Friday in near-zero weather were treated during the day to hot coffee supplied by the Civic and Commerce association and served by John Ward, city fire risk inspector. Amateur photographers also were busy during the day with their kodaks and motion picture cameras, taking pictures of the blaze in various stages.

State Road System Does an Alice-in-Wonderland, Shrinks 25 Miles in '39

Minnesota's state trunk highway system is leading something of an Alice-in-Wonderland existence. During the last year it has shrunk 25½ miles, according to year-end surveys and mileage inventories just completed by the state department of highways.

The original constitutional trunk highway system in 1922 comprised 7,000 miles. In 1924 it had shrunk to 6,942 miles, in 1925 to 6,931, and in 1927 it had shrivelled down to 6,622 miles. Then came the [illegible] 1933, Minnesota's Trunk Highway Alice had grown to 11,371 miles. Now the reducing fluid in the magic bottle has taken effect again and our trunk system is down to 11,345 miles.

The Minnesota trunk system today comprises 3,053.69 miles of pavement, 4,476.10 miles of bituminous surface, 3,457.14 miles of gravel road, and 358.42 miles of unsurfaced earth. Of the paved trunks, 162.98 miles lie within the cities of St. Paul, Minneapolis and Duluth.

Central Livestock Co-op. Members to Meet Feb. 13

Stockholders of the Central Cooperative Association, farmer-owned livestock sales agency with headquarters at South St. Paul and branch office at West Fargo, North Dakota, will hold their 19th annual convention at the Lowry Hotel in St. Paul February 13 and 14. Hundreds of delegates from every important livestock producing section of the five Northwest states, Minnesota, Wisconsin, North Dakota, South Dakota, and Montana are planning to attend this meeting where they will not only take an active part in the business and election of directors, but also will hear up-to-the-minute detailed discussions of every phase of the livestock marketing business.

Funeral Rites Today for Irwin C. Myrin, Who Died On Monday

Funeral rites will be held at 2 o'clock this afternoon for Irwin C. Myrin of this city, who passed away Monday in Minneapolis at the age of 35 years. Rev. R. M. Fjelstad will conduct the funeral services, which will be held from Trinity Lutheran church. Interment will be in Greenwood cemetery.

Mr. Myrin was born April 22, 1904, at Crary, N. D. In that same year the family moved to Thief River Falls, where Irwin had since made his home. He was graduated from Lincoln high school in 1923, and was a member of the Trinity congregation.

He is survived by three sisters, Myrtle of Grand Rapids, Mrs. Ethel Sanders of Mavie, and Laurel, at home; and four brothers, Arthur of Milwaukee, Wisc., Millard of Minneapolis, Clifford, at home, and Vernon of Beaver Dam, Wisc. His parents and one brother preceded him in death.

C. C. Hears Discussion of Steam Power Plants

Appearing at the Civic and Commerce association luncheon last Thursday as the guest of Henry J. Scherer, PWA inspector on the Lincoln school project, Erick Sothern, civil engineer, discussed the advantages of a steam power plant for the city as compared to the present Diesel equipment, principal among which was the supplying of surplus steam for heating municipal and other buildings in the downtown district.

Discuss Marketing of Home Grown Garden Stuff

At a meeting Saturday of the board of directors of the Northern Horticultural association, consideration was given a proposal to create in this city a wholesale and retail establishment to deal in home grown fresh fruits and vegetables. The matter will be brought up for further consideration at the next monthly meeting of the association.

STATE INCOME TAX PAYMENTS ARE DUE MARCH 15TH, 1940

State Commissioner Gives Information as to Returns

All income and franchise tax returns, due under the Minnesota income and franchise tax act, covering the calendar year, 1939, must be filed with G. Howard *Spaeth, commissioner in St. Paul,* Minnesota on or before March 15, 1940.

The tax due, regardless of amount, may be paid in two installments; one-half on or before March 15, 1940 and the other one-half on or before September 15, 1940.

Every individual, whose tax computed on net income exceeds his allowable personal credits, is subject to the duty of filing a Minnesota income tax return, provided, however, that every individual whose gross income exceeds $5,000 must file a return, whether any tax is due or not.

In determining the amount of tax due under the act, the taxpayer must first compute the tax on his taxable net income. They apply to the tax the personal credits which [illegible] as follows:

1. A personal credit in the case of an unmarried individual [illegible] decedent, and a [illegible] $[illegible]. This credit also applies to a married individual not living with husband or wife.

2. A personal credit in the case of a married individual living with husband or wife and in the case of an individual, whether married or single, who is the head of a household, of $30.00.

If husband and wife, living together, make separate returns, this credit may be divided between them in any proportion desired. If the entire income of either husband or wife is exempt from tax, the other spouse may deduct the full credit.

The "Head of a household" is an individual who actually supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, marriage or adoption, and whose right to exercise family control and provide for these dependents is based upon some moral or legal obligation.

3. A credit of $5.00 for each person (other than husband or wife) dependent upon and receiving his chief support from the taxpayer. Dependents need not be related to the taxpayer or live with him. This credit for dependents is based upon actual financial dependency, and not more legal dependency. The test in the individual case is whether such so-called dependent person received one-half or more of his support from the taxpayer.

It should be observed that the conditions upon which a taxpayer's claim for credit as the head of a family is based differ from those determining the deductibility of a credit for dependents.

Martin A. Nelson to Run for U. S. Senate Post

Martin A. Nelson, twice republican candidate for governor in Minnesota, has announced that he will be a candidate for the republican nomination for United States senator. The possibility that Nelson might run for the senate has been suggested for some time but today's announcement was the definite indication that he will make the race for the seat now held by Senator Shipstead. Nelson was the nominee of the republican party for governor in 1934 and 1936 and has been active in republican party affairs for many years.

H. P. LUND, ROAD CONTRACTOR, DIES HERE WEDNESDAY

Had Lived in City 21 Years; Funeral Services Set for Monday

Hans Peter Lund, founder and active head of H. P. Lund and Sons, highway contractors well known throughout the northwest, died in a local hospital Wednesday at the age of 77 years.

Funeral services will be conducted Monday, Feb. 12, Rev. R. N. Wiberg and Rev. O. J. Lundell will officiate at rites in the Mission Covenant church in this city at 11 a. m., and Rev. Field will be in charge of final rites at the Bethany church at 2 p. m. Interment will be in the Bethany church cemetery.

Mr. Lund was born November 25, 1862, in Vestfossen, Norway, where he grew to manhood and as a young man was employed as a blacksmith in the mines. He emigrated to America in 1883, arriving at Buxton, N. D., where he engaged in farming. Later he was occupied in railroad construction work and gold mining in Saskatchewan, returning to the United States to homestead in Johnson township, Polk county, in 1896.

He was married to Mrs. Mary Lakke March 28, 1899, and they lived on the homestead in Polk county until 1918, when they moved to Oklee. In the fall of the following year, Mr. Lund and his family moved to their present home in this city.

Mr. Lund started road construction work in 1914, and later founded the partnership, in which he was an active member until his death.

Preceding him in death were two sons Eddie and Fred.

Surviving relatives include his widow, four sons, Harry and Frank, of this city, Carl of Gully, and Arthur of Trail; one daughter Clara of this city; 11 grandchildren; and a sister residing in Norway.

Easter This Year Will be Observed March 24

Ash Wednesday yesterday ushered in the Lenten season, which will reach its climax on Easter Sunday, March 24. In the present century Easter has come earlier than this year only once, that being in 1913, when the date was March 23. Easter, it has been announced, will not arrive at an earlier date than in 1940 until after the year 2000.

Rev. S. W. Swenson of Warren Dies Saturday

After twenty-two years of service as pastor of the First Lutheran Church of Warren and Vega Lutheran Church, Dr. S. W. Swenson succumbed in death last Saturday evening in the Warren hospital. Dr. Swenson had been ailing somewhat since the Christmas holidays, but continued his work until January 14, when he preached his last sermon. Two weeks ago he was afflicted by a stroke, and gradually went into a coma from which he did not regain consciousness. The last rites were conducted from the First Lutheran Church Tuesday afternoon at 2 o'clock. Rev. Charles W. Erickson of this city participated in the services, together with a large number of other pastors.

ELECTRIC CO-OP. SELECTS G. FORKS AS SITE OF PLANT

Project Advanced at Meeting in Grand Forks Friday

Directors of the Nodak Rural *Electric Cooperative, Inc. Friday* approved Grand Forks as the site of its proposed central generating plant and Diesel engines for power. Copper wire was decided on for the transmission lines.

Action of board members was in line with the recommendations of Franklin P. Wood, Washington, D. C., director of power plants for the rural electric administration, and the recommendations of Ellerbe & Co., designers of the Nodak's proposed $225,000 plant.

It will be located, the directors decided, on a tentative site previously selected just inside the north city limits of Grand Forks between Highway 81 and the Red river.

The board's meeting concluded a session at which committees of three members each from the three units of the Nodak's combined system expressed their views regarding the organization, type of fuel for the plant and the location.

The present proposed Nodak setup would serve parts of Grand Forks, Traill, Walsh, Ramsey, Nelson, and possibly two or three adjacent counties in northeastern North Dakota. It would also sell power to Minnesota REA units to be built in the vicinity of Red Lake Falls and Halstad, Minn.

Farmer's Working Day Increasing in Length, "U" Farm Survey Shows

"How many hours must a farmer work per day to make a good living?"

Accurate records kept by a group of 25 successful farmers in Winona county for the three-year period, 1935 to 1937, show that these farmers worked an average of 10.2 hours on week days and 3.9 hours on Sundays, replies J. B. McNulty, extension farm management specialist, University Farm, St. Paul.

When compared with workers in other industries, McNulty finds the farmer's work day is still long and the trend toward shorter hours that characterizes practically all other industries seems not to have reached agriculture.

During the summer months, from May to October, this group worked an average of approximately 11 hours per day, and during the balance of the year, ranged from 9.2 to 10.2 hours each day. In calculating the number of hours worked the time spent at meals, reading the newspaper, taking care of the children, or visiting with neighbors was deducted, McNulty says. A review of records kept on groups of farmers in different sections of the state over a period of 25 years shows that the average number of hours worked per day has been on the increase during the period. Livestock farmers average longer working days than grain farmers.

Electrical Dealers to Meet in St. Paul Feb. 12

Displays of new electrical products and devices will feature the 75-booth display of electrical manufacturers at the trade exposition to be held in conjunction with Electrical Convention Week, February 12, at the St. Paul Hotel, St. Paul, when eleven trade groups will meet jointly for their annual meetings. At the banquet on Valentine's day, Governor Harold E. Stassen will be the guest speaker and Judge Robert E. Bensch of St. Paul, toastmaster. On Tuesday, February 12, the North Central Electrical Jobbers will be hosts at an open-house party in the St. Paul Hotel Casino and later in the evening a colorfilm, "The Middletown Family at the New York World's Fair" will be shown through the cooperation of the Westinghouse company.

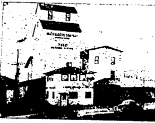
Calf and Twin Lambs Born at Winter Shows

Paul Engelstad, Livestock superintendent at the R. R. V. Winter Shows in Crookston, was unable to find classes in which to enter three animals that he found in the exhibit barns Monday morning. The three were new arrivals, born in the show barns. One was a Brown Swiss calf, born to a heifer exhibited by Olaf Hefland, Orleans. The other two were twin lambs, the progeny of a ewe shown by Clarence Tenpstra, Crookston. Mothers, offspring and owners are reported doing nicely.

Markus Udstrand Dies at Warren Last Sunday

Funeral services will be held at the Holt Lutheran church this afternoon at two o'clock for Markus Udstrand, who passed away at his home in Warren early Sunday morning. He was 81 years old at the time of his death. He leaves to mourn his passing his aged wife, daughter Mrs. Arthur Zacharias and son Bernard Udstrand of Warren, besides six other children. Burial will be made in the Holt cemetery. Rev. Hanson will officiate at the services.

As Barzen Plant Looked Before Friday's Fire



The main portion of the Barzen plant, which was destroyed by fire Friday, was erected in 1901 by the Hanson & Barzen Milling company and operated as a flour mill until 1929, when the business was taken over by the Math Barzen company and the manufacture of flour was discontinued.

EAGLES IN CAPTIVITY TWENTY-FOUR YEARS

Milaca.—Twenty-four years ago an American bald eagle was captured by George Bruce, a farmer living west of Long Siding. The eagle through all these years has been kept in a large pen in the summer time and housed in a chicken-coop in the winter. Its principal food is tame chickens. The bird was entirely black when caught but since has acquired a white head and tail feather dress. It is still as wild as when first captured.

ERIE

Mrs. Selmer Ramsey entertained the Eklund Ladies' Aid Wednesday at her home.

Henry Tiedemann is a patient at a Thief River Falls hospital. Alf Lokken took him in Monday a week ago. Mr. Tiedemann feels much better and will soon be up and about again.

The Willing Workers 4-H Club met Friday evening at the Parnow home. A short program was given after which the mothers served a delicious lunch. A social time was enjoyed by the elders while the young folks played a few games and contests. The next meeting will be held at the Nels Hveem home, the first Friday in March.

We are happy to report that Mrs. H. C. Solberg is recovering satisfactorily after receiving serious injuries in a car accident last fall. Mrs. Solberg is still in the hospital and will be for some time.

Mr. and Mrs. Carl Syverserud and daughter Carol of the Roland community were Sunday visitors at the G. A. Iverson and Kenneth Ekel homes.

SECOND TRAIN MISSES HITTING CAR BY MINUTES

St. Cloud.—A garage man received a call to hurry with a tow truck to a railroad crossing where an automobile was stuck on the tracks and a train was due in ten minutes. A garage employee hurried to the spot and upon arrival found the car, owned by Charles Gardiner standing on the tracks, its front end a complete wreck. He was horrified believing he had come too late and realizing another train was due any minute on the same tracks. Mr. Gardiner had narrowly escaped death in the first collision and did not want to take further risk on more damage. Quick work removed the car to safety before the second train arrived.

RETRIEVER CALLS MASTER TO RESCUE SPANIEL DOG

Bemidji.—A pet Labrador retriever led his master, John Bergaman, to the rescue of a little Spaniel pup from the icy river water last week. Impressed by the strange behavior of his dog, Mr. Bergaman followed it down the highway nearly a quarter of a mile and there discovered the almost exhausted Spaniel. Mr. Bergaman rescued the dog but received a ducking himself. After the rescue the Labrador pet administered first aid to the Spaniel and sometime later the rescued animal scampered away none the worse for his experience.

NEW METHOD TO THAW CAR UNSOUND

Sleepy Eye.—Recently Emmet Nichols of Linden township drove his automobile into a small barn for the purpose of thawing it out. The smart idea of melting the ice in the radiator with a blow torch occurred to him. He was quick to execute the idea, forgetting the radiator still contained a quantity of alcohol. Result, when the torch was applied an explosion resulted, sparks igniting hay in the barn. In a moment the whole building was in flames. While the barn was completely destroyed, Mr. Nichols did succeed in saving his car by fast action in removing it from the barn.

Official Paper of Pennington County and City of Thief River Falls

THE BILL IS NOT YET PAID

The Park Region Echo thinks federal grants have been a good bargain for Douglas county because, "Douglas county has received at least five times, maybe ten times, as much federal money since Roosevelt was president as it has paid back in federal taxes, directly or indirectly." Such reasoning, unfortunately, fails to take into consideration the fact that Douglas county will continue to pay for these grants in federal taxes, direct and indirect, for many years to come. All Douglas county has contributed so far in these transactions is a small down payment but before the obligation is finally liquidated the citizens of Douglas county will have paid a big dollar for every dollar they have received from the federal government. They will pay it either out of their earnings or out of their savings. They will pay it directly and indirectly. But every dime will be repaid.

What is true in Douglas county is true in Pennington and most other counties thruout the country. We, too, have received more than we have paid, but we are not kidding ourselves about getting a bargain. Like other communities we have taken what we could get, knowing that if we did not, the money would be spent in some other community and we would still have to pay our share of the cost. The federal money spent here is borrowed money. The painful process of paying back the money that has been borrowed is still ahead of us.

TOO MUCH MISUNDERSTANDING

Capital and labor are both essential to prosperity in our economic system.

We have enormous supplies of both of these essentials in our country. They are not working in harmony however, and because of discord and misunderstanding we are not enjoying the full measure of prosperity we are capable of creating.

Capital is that part of the product of labor that has been saved. Labor alone does not create capital.

Two men pick berries. One eats all the berries he picks as he picks them. The other, in addition to what he eats, picks enough so that he can make a quart of preserves. In picking, they both have labored, but only one of them has created wealth, or capital.

The Indians possessed all the natural wealth that we have. They labored too. But aside from a few simple tools or ornaments they consumed all the products of their labor from day to day. They did not save. They created no new wealth and had no capital.

We are a rich country today because yesterday we labored and saved. If we do not save today, tomorrow we will be no richer.

The problems of our complex civilization are not as simple as those which confronted the Indian, or the two men in a berry patch. One of the men now owns the berry patch. He thinks he deserves to own it because he saved many quarts of preserves and with these savings and by his labor he improved the berry patch and made it produce better berries. The other man now works for him. They are employer and employee. They are capital and labor. They do not agree and there is discord between them and because of the discord, which occasionally breaks out into a vicious brawl, the old berry farm is not producing as it should and both of them are suffering.

The employee complains that he is overworked and underpaid. The employer complains about expenses and costs and taxes and competition.

To restore harmony upon a reasonable basis between capital and labor is not an easy thing to do. The incentive to save must be safeguarded if we are to continue to make progress and at the same time a high standard of living cannot be maintained if those who labor do not receive a reasonable wage.

Most of the discord in this field probably is due to misunderstanding. All of the important facts are available for those who wish to know them but too often opinions and actions are based on prejudice.

HE DOESN'T SAY YES AND HE DOESN'T SAY NO

(Chicago Tribune)

"Any President of the United States can renominate himself if he wants to," Senator Burton K. Wheeler told the United Mine Workers in convention in Columbus. "The federal government has too large an organization, too much patronage for any one to overcome it. It has always been true that a President could renominate himself and the government today is larger than at any time in its history."

Senator Wheeler apparently does not believe that the Hatch law will do much to limit the political activity of New Deal place holders or keep them from dominating a Democratic national convention. Few Presidents have had much difficulty in nominating themselves for a second term. None has yet tried it for a third. We all recall one President who got his second nomination, but split the Republican party in two and didn't get his second term.

Mr. Wheeler concedes that a government organization with the largest pay roll in the history of the country—nearly 2 billion dollars a year, plus all the subsidies and WPA—could nominate even for a third term. If he is right in this opinion, the people would have any additional reasons they needed for vetoing such a break with tradition. Otherwise, the republic would be facing the possibility of life tenure and dynastic succession.

Senator Wheeler thinks Mr. Roosevelt is wrongfully advised to keep his intentions secret and that he should declare himself. The more intimate White House associates do not want a declaration and they may be the wiser. If the answer was yes —a third term— all the objection to it would be released in fighting him and the battle would be on at once. If the answer was no, no third term, the New Deal might go floating away like a loose balloon.

Mr. Roosevelt by saying neither yes or no retains full political stature and as an uncertainty he protects himself. If he said he were not a candidate, he would shrink to the political proportions of a man who was going out of office within a year and retiring to private life, where he would lose all his value to the politicians. The moment he says yes the fight starts, and the moment he says no there will be fewer gentlemen taking off their hats in his outer office.

EDITORS AREN'T STOOGES

(Cando? Daily News)

In his Jackson Day speech, President Roosevelt quoted an unnamed editor, "one of the oldest editors of today," as follows:

"I am really in complete sympathy with your program but cannot say so much because, Mr. Roosevelt, the readers and advertisers of my paper are 90 per cent Republicans and I simply cannot afford to change its unalterable policy of traditional opposition to everything that comes from Democratic sources. Of course you will understand."

Maybe the president doesn't understand. But the rank and file of working newspapermen will not be [illegible]. In fact, they will be disposed to wonder who this "able editor" is and how he holds his job.

PUBLIC OPINION

Editor the Times:

For sometime we have noticed that some of our large creameries are working very hard to increase their volume of business, or in other words, have set their goal to a certain amount of output.

Nothing wrong in this, its rather commendable, and wish such a manager and his creamery all kinds of good luck, providing—and here is the sad part of it, if it is not done at the expense of some smaller creamery.

When a small creamery has for many, many years worked hard and used every honest method of existing, or holding its own, but some day finds itself confronted with a situation of either closing its doors or falling back, using same method as used by its aggressor, it's no wonder if fair-minded people denounce such an aggressor.

Your correspondent has no objection to fair and honest competition, but when a competitor applies unfair, aggressive tactics, friendly feeling to such competitor can not be entertained.

No, Mr. manager of larger creameries, let the smaller creameries have their own, let them live too, let them have what really belongs to them, cream from farmers tributary to their own small creamery, be satisfied with what really belongs to you and leave the small creamery alone. They have fought hard for their existence and are entitled to what little cream comes to them from farmers tributary to their own little creamery.

We often wondered if an organization set up among the creameries having for its purpose a certain territory assigned to each and every creamery, that sure would mean cooperation, not aggression, at least so thinks—An Old Timer.

It's the Early Bird that gets the Fun
"Best buy's Buick!"
Not a six but an EIGHT for $895
EXEMPLAR OF GENERAL MOTORS VALUE
SEE YOUR NEAREST BUICK DEALER

The model illustrated is the Buick Super model 51 four-door touring sedan $1129 delivered at Flint, Mich. White sidewall tires additional.

ONE of these days the itch is going to hit you to get out and get in on the fun a Buick can be in the springtime.

You're going to feel an irrepressible yen to touch off that husky, sweet-singing Dynaflash power plant and swing out in gentle coil-spring comfort to take in the fresh spring landscape.

Maybe, like others we know of, you've even got the model picked out, and are just "waiting a few weeks" to do something definite about it.

But may we emphasize, in purely friendly interest, that a lot of other people probably have the same idea.

And that when they start buying in droves—as they do every year about the ides of March—even Buick's big factory has trouble keeping up with them.

Of course, we're doing all we can to be ready for everyone.

But you can get only so many cars in a warehouse.

And a full warehouse can empty awfully fast.

And what with everybody wanting Buicks this season, we can't say how long we can promise the delivery we can give now.

So why not play the early bird this year? Why not get the jump on your neighbor and be driving your Buick while he's still talking about getting his?

You've nothing to lose, a lot of fun to gain—and you'll find the address of your Buick dealer in the phone book.

NOTICE OF MORTGAGE FORECLOSURE SALE

Default having occurred in the conditions of a certain mortgage bearing date the 17th day of September, 1927, executed by John Quirk, a single man, as mortgagor, to The Minnesota Mutual Life Insurance Company, a corporation under the laws of the State of Minnesota, as mortgagee, which mortgage was filed for record in the office of the Register of Deeds of Pennington County, Minnesota, on the 19th day of September, 1927, at 1:30 o'clock P. M., and was duly recorded in Book 78 of Mortgages, on page 348, which mortgage contains a power of sale; and which mortgage was thereafter duly extended by instrument in writing dated September 30, 1932, and recorded in the office of said Register of Deeds on October 25, 1932, at 2:00 o'clock P. M., in Book 83 of Mortgages, on page 325; and the said The Minnesota Mutual Life Insurance Company having paid a portion of the taxes assessed against the premises described in said mortgage for the year 1933 in the sum of Fifty-three and 28-100 Dollars ($53.28) and all of the taxes assessed against said premises for the years 1936 and 1937 in the sum of Two Hundred Eighty-one and 74-100 Dollars ($281.74), the whole amount secured by which mortgage has become and is hereby declared by the mortgagee to be immediately due and payable, and upon which mortgage there is now due, including said taxes, the sum of Two Thousand and Seventy-four and 46-100 Dollars ($2,074.46), and no action or proceeding at law having been instituted to recover the debt secured by the said mortgage or any part thereof;

NOW THEREFORE, NOTICE IS HEREBY GIVEN that by virtue of the power of sale in said mortgage contained, and pursuant to the statutes in such case made and provided, the said mortgage will be foreclosed by a sale at public auction of the premises therein described, to be made by the Sheriff of Pennington County, Minnesota, at the sheriff's main office in the courthouse in Thief River Falls, Minnesota, on Saturday, March 9, 1940, at ten o'clock in the forenoon of that day, to satisfy the amount which will then be due on said mortgage, including taxes on said premises paid by the mortgagee, the costs and disbursements of foreclosure and sale, and the attorneys fees of Seventy-five Dollars ($75) stipulated in said mortgage to be paid in case of foreclosure thereof.

The premises described in said mortgage and so to be sold are all that certain real estate lying and being in the County of Pennington and State of Minnesota, and described as follows, to-wit:

TWENTY-NINE POUND NORTHERN CAUGHT

Bagley.—The largest fish taken in Clearwater county in the past twenty years, was speared a couple of weeks ago by Norman E. Olson of Leonard in Clearwater lake. To be exact the weight was twenty-nine pounds, six ounces; the girth twenty-two inches. As far as is known this is the largest fish ever to be taken from this lake, altho some six or seven years ago a northern just two ounces less than this prize was taken.

SO. ST. PAUL LIVESTOCK

(By U. S. Department of Agriculture, Economics and Minnesota Department of Agriculture)

South St. Paul, Minn., Feb. 6, 1940: Local trade on slaughter cattle remained dull this week with prices in a downward trend, according to the Federal-State Market News Service. Receipts for the first two days were slightly smaller as compared with a week ago but the approaching Lenten season and the continued down-pull of low priced pork were important factors in the week to date lower prices that developed for most slaughter classes. Good finished steers and yearlings were again very scanty, although limited numbers earned [illegible], and odd head of choice yearlings reached $10.00. Most medium to good offerings turned at [illegible] and good weighty steers made [illegible]. Good fed heifers went at [illegible], most shortfeds [illegible] down. Medium to good fat cows brought [illegible], while canners and cutters were taken mainly at [illegible]. Good weighty bulls topped at [illegible], most sausage kinds going at [illegible] down. Replacement cattle held about steady. Good steers sold on country account at [illegible] with the bulk of thin stockers down to [illegible]. Vealers were weak to 50c off, with good and choice vealers at [illegible], extremes [illegible].

Fat lambs declined 25-40c as compared with last Friday's uneven market. Slaughter ewes and feeding lambs, on the other hand, found rather reliable outlet at steady prices. Good and choice slaughter lambs cashed at [illegible] on Tuesday. Good and choice ewes cleared at [illegible] with common and medium grades [illegible]. Native feeding lambs moved at [illegible]. Westerns [illegible] lb. feeding and shearing lambs scored [illegible] this week.

Hog prices fell sharply from the high level attained last Friday. Offerings locally have not been too generous, but other leading points were well supplied and a general downturn was the result. Compared with last Friday, the market currently is 25-35c lower, while against Saturday the decline measures 15-25c. Top Tuesday rested at [illegible] on strictly good and choice light hogs. The packer top was [illegible]. Sows were 10-30c lower for the review, late sales being at [illegible].

BEMIDJI CHECKS PROWLERS 31-26; E. G. F. NEXT FOE

Locals Unable to Overcome First Half Advantage; 1200 See Game

Playing a nervous and uncertain kind of offensive basketball, the Prowlers lost the game, played here last Friday night, to the well-conditioned and white suited Bemidji Lumberjacks, 31 to 26. A crowd of nearly 1200 witnessed the contest.

The Prowlers resume their district competition here Friday night when they meet East Grand Forks, the team that is reputed to be their strongest rival for the district title. A preliminary game is scheduled at 7 o'clock.

Only during the cautious first period did the Prowlers have a lead over Bemidji, when Wayne Bredeson popped in the games' first basket; and it was not until just before the period's close that Bemidji tied up the score, 6 to 6. It was the second period that decided the game when, with Bemidji's black-haired substitute forward, Jack Johnson, and their chunky guard, George Thorbrugger, sparking the Lumberjack attack, they scored 14 points while holding the nervous Prowlers to but five. Johnson's one-handed shots, and Thorbrugger's long-range baskets, were the point-getters in this period, giving Bemidji a comfortable 20 to 11 lead at half-time.

The second half saw the Prowlers play improved basketball, with less tenseness and more confidence, and as a result they outscored the Lumberjacks 16 to 11; but the rally was not able to overcome the lead that Bemidji had established during the second period.

Defensively the Prowlers played fine basketball, for they forced Bemidji to resort to long shots, angle shots and difficult one-handed shots to gather their points. It was on offense that the locals appeared disorganized and jittery, fumbling passes and shooting wildly.

Wayne Bredeson, who played as well as any of the Prowlers, and yet a bit below his ability, was the high-scorer for the game, dropping in 4 field goals and a free throw, for nine points. Johnson and Thorbrugger were the chief point-getters for Bemidji, with eight apiece.

In a preliminary game the Prowler reserves, led by tow-headed Merle Carlson, who garnered 4 field goals, defeated a [illegible] ...oressed Climax high school team, 23 to 20.

Long Winning Streak of Thieves is Broken

The Thieves and the Pirates continued their nip-and-tuck struggle for the States-Dominion Hockey League lead during the week, with the Thieves taking possession of first place last Thursday night when they defeated Grafton in an overtime game, at Grafton, 3 to 2, and then being dispossessed of first place when the Pirates gained victories over the Thieves, on Sunday, and Emerson, on Monday. And when the locals dropped a game to Hallock Tuesday night, 7 to 3, the Pirates held their one game league lead. Sunday's defeat ended a winning streak of nine consecutive league games for the Thieves.

In last Thursday night's game, Sid Foy and Eddie Beaulieau gave Grafton a 2 goal first period lead, each counting an unassisted score. And it was not until the fag-end of the second period that the Thieves were able to bring the score up to a tie, with George Beverly and Alex Tickle combining on both goals, with Bev being the shot-maker. A scoreless third period sent the game into overtime, and in this extra period Beverly took a pass from Paul Kornek to beat Summers with the game-winning score.

Sunday's game at Crookston was a free-scoring spree, with the score being tied several times, and the game in doubt until the final bell. Chet LeDoux sent the Pirates into a goal lead when he received an assist from Walt Gerzin and scored, but the game was made even when Stan Ewbank scored his first goal of the season, and when the two Joe's, Novak and Popiel, punched home counters, the Thieves left the ice at the end of first period with a 3 to 1 lead. Goals by Bob Allen, Dave Markovich, LeDoux, and Ray Gasperlin, in the second period, brought the lead of the see-saw game into Crookston's favor, with a 5 to 3 score at the end of the period. Opening the third period, George Beverly, who's been piling up points all week, again made it a tie game, when, on assist by Tickle and Taylor, he scored two goals. But Markovich's two tallies and LeDoux's solo gave the Pirates a lead that the ever-threatening Thieves could not reach, even though scores by McCaffery and Beverly chiseled the lead to a slim margin, and left the Pirates game-limp at the close.

The Thieves dropped a 7 to 2 decision to the up-and-coming Hallock team at Hallock last Tuesday evening. Because of an injury to Sammy Love, Allen Cotton, a defenseman, was sent into the Hallock front line, and he proceeded to have an evening for himself, scoring four goals and assisting in another. For the Thieves it was George Beverly, who's as reliable as a government bond, and Clayton Taylor, that were the goal getters, with Bev credited with a couple and Taylor a single, on an assist from McCaffery.

Tid-Bits

By Huck Olson

Why the booing at the officials last Friday night? They were, perhaps, missing a lot of stuff, and seeing things that weren't there; but it's silly to boo, and it was a silly exhibition last Friday night. The Prowlers played below their form, and it wasn't the fault of the officials that they lost the game. On their performance last Friday, the Prowlers wouldn't have won even if they had had Charles Evans Hughes as a referee.

The Thieves hockey team has invested in three head-guards, and, at Hallock, last Tuesday night, they received dividends on the purchase. Clayton Taylor rapped his head against the ice so hard that it sounded like the crack of doom, and he'd surely have had a concussion if he hadn't had a head-guard on his noggin.

Huck Robbins' Bemidji team had three seniors in its starting line-up: Tony Hubbard, at guard, and the two forwards, Donald Mayer and George Clausen. Bemidji had a fine looking team, but they weren't state championship material, at least not Friday night.

Chet LeDoux, who scored 7 goals against Emerson Monday night, continues to hold the point-getting lead in the States-Dominion, with 26 goals and 5 assists, for 31 points. George Beverly, who caught and passed his team-mate, Joe Popiel, is in second place with 22 points, on 17 goals and 5 assists. Jimmy Reid, of the Winnipeg Lombards, in six games, has registered 12 goals and 6 assists, to be credited with 19 points. Hallock's Whittle has 12 goals and 7 assists, and trails Bev by 3 points, having 19 to his credit. Joe Popiel, who's had trouble finding the net the past few games, has 7 goals and 10 assists, for 17 points. Alex Tickle is the League's leading play-maker, having been 12 times credited with an assist.

Crookston has expressed themselves as being concerned about our hockey team. It's bought and (they hope) paid for. Well, it's bought all right, and we are paying for it, and what's more, we feel that we're getting value received for the purchase. That's more than Crookston feels. Frankly, I have an idea that their feeling on their hockey team, is one of being short-changed.

Bob Kielty, Loren Jung, Oats Furuseth, and Andy Anderson will be in the cheering section at the basketball game tomorrow night. I wonder if they know the cheers. Kilt, Jung and Oats, were guilty of late hours, or, rather, early hours; and Andy was told to concentrate on hockey.

The game Friday night with East Grand Forks, should be a scrappy one, and the Prowlers, even without these first string men, have a fine chance to win, perhaps by 4 points, 29 to 25. It's a guess anyway. Coach Lindenmeyer, whose job of handling these prima donnas I don't envy, has been working Flasch and Bredeson, at the forwards, Bill Claffy, at center, and St. Kompelien and Babe Peterson, at guards. And this unit has been looking well in practice.

UNEMPLOYMENT IN STATE ARRIVING AT CRITICAL STATUS

Tax Consultant's Statement Cites Mounting Burden of Relief

Mounting public welfare costs in Minnesota and the large number of registered unemployed indicate the gravity of the unemployment problem in the state and the tremendous burden government now is shouldering, Harry Fiterman, tax consultant and finance analyst, emphasizes in a summary of his 2,000-page survey.

A disclosure in the report that the costs of public welfare in Minnesota's 87 counties and the state board of control in 1937 amounted to $75,000,000, as compared with $11,922,000 in 1927.

Fiterman's analysis shows that the major problem is centering in the three urban counties—Hennepin, Ramsey and St. Louis. These three counties take 77 per cent of the total relief expenditures and they represent, because of industrial employment, about 70 per cent of the burden of the total number unemployed in the state.

The study, covering a period up to July, 1938, further reveals that about 20,000 cases are now listed as permanent unemployables, and this group will, therefore, remain a permanent burden on the state regardless of the future possible improvement in business and employment.

A warning was sounded by Fiterman that failure to find a solution to the unemployment problem and the high welfare costs within the next few years will, without a doubt, "result in the breakdown of the morale of the people of the state and the governmental finance and tax structure."

The direct relief case load in Minnesota, as of July, 1938, was 30,000; WPA, 66,000; old age assistance, 63,500; and child welfare programs, 14,500.

The state employment service, which is conducted jointly by the federal and state governments, reported in July, 1938, that 212,000 persons registered as unemployed and in need of work. Of this group, 168,000 were men and 44,000 were women.

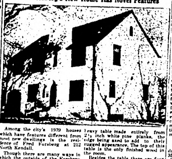
Fred Forsberg's New Home Has Novel Features



Among the city's 1939 houses which have features different from most new dwellings is the residence of Fred Forsberg at 212 North Kendall.

Though there are many ways in which the outside of the Forsberg home differs from most new buildings, it is inside that it is really distinctive. There the woodwork is all birch and the dominating style is gothic.

Mr. and Mrs. Forsberg occupy the lower part of the house while the second floor is divided into two attractive apartments.

Probably the most interesting part of the house from the standpoint of being different is the recreation room in the basement. There John Nilson, Winnipeg architect and designer of the house, has had reproduced his conception of a Scandinavian living room of hundreds of years ago. The design is one of ruggedness and serviceability, the ceiling and walls being of log siding and the furniture mostly unfinished and cushionless.

In the middle of this room is a heavy table made entirely from 2½ inch white pine planks, the edge being axed to add to their rugged appearance. The top of this table is the only finished wood in the room.

Besides the table there are four chairs also completely fashioned from 2½ inch planks and axed to match the table. The mantle above the fireplace is of the same construction and the axed design is also carried out on the paneling of the door of the wood compartment beside the fireplace.

The fireplace itself is made of unfinished granite which Mr. Forsberg gathered himself and is one of over 800, all different, that the architect has designed. Most of these are in Winnipeg. Another fireplace, in the living room, is of more modern construction and is also of Mr. Nilson's designing.

Wherever iron is used about the house, like the railings outside the front door, the work has been done in Mr. Forsberg's shop.

Just off the basement room is an office which Mr. Forsberg feels will come in handy during warm weather.

Red Lake Falls Man Is Amateur Wheat Champ at Valley Winter Shows

Grand championship over the amateur wheat classes and the sweepstakes award for the best peck of wheat exhibited at the Red River Valley Winter Shows went to G. C. Gerlach, Red Lake Falls, it was announced late Monday, by R. S. Dunham, crops superintendent. The silver trophy award of the Red River Valley Development association for the best peck of early potatoes was won by C. R. O. Sorrels, Williams. The reserve champion ribbon went to Elmer Sahlberg, of Dale. Grand Championship Amateur barley exhibitor was Clarence Dvorak, Warren.

New Physical Education Plant at Bemidji School Dedicated on Saturday

Completion of the WPA-built physical education building at the Bemidji State Teachers college was marked Saturday by dedication exercises in which school and WPA officials participated.

A program at the college featured S. L. Stolte, state WPA administrator, and Coach Bernie Bierman of the University of Minnesota, as chief speakers. Dr. Charles R. Sattgast, president of the college, was in charge of arrangements.

Conceded to be one of the finest buildings of its kind in Minnesota, the Physical Education building, sponsored by the Minnesota State Teachers' College board, was started as a WPA project December 15, 1937, and has given employment to an average of 125 men a month.

The building is a two-story brick structure measuring 152x175 supported by reinforced concrete footings and foundation walls. The main gymnasium has a playing surface 70x114 on which is laid out a basketball court 48x84. This playing floor is flanked on each side by concrete bleachers with terrazzo steps and wooden seats, having a seating capacity of approximately 1500 persons.

Terrebonne Ski Tourney Scheduled Next Sunday

Plans are being completed for the annual Terrebonne ski tournament and ski jumping exhibition which will be held on Sunday, Feb. 11, according to announcement made by Ole Shol, president of the newly organized ski club, in the Red Lake Falls Gazette.

The program is scheduled to start at 2:30 in the afternoon and will provide plenty of thrills for the spectators.

There will be ski jumping exhibitions by Ole Shol of Terrebonne as well as other experts from East Grand Forks and Grand Forks. Ski riders will also be on the slide from Red Lake Falls, Terrebonne, Thief River Falls and Crookston.

Bear Found Hibernating

Indian Charlie who is working with Tony Overby in a logging camp they have on the reservation was walking through the woods one day. He came to a large mound, took a stick and poked into it on one side, nothing happened. He went around and poked in on the other side, this made the bear come out. Charlie shot the bear and then looked into the den. Because this happened about three weeks ago he was much surprised to find three cubs in the den. He took them home, fed them milk and then went to headquarters to find out what to feed them. He was told to feed them only bear fat from the mother. When he returned home all three cubs had died, evidently from the milk as they only subside on the fat from the mother during hibernation. Next time he'll know better and will maybe start a "Bear Farm".

Wins Second Place

Miss Twila Nygaard from this district and daughter of Mr. and Mrs. Carl Nygaard won second place at the spelling contest held at Warren last Friday. Twila is in the seventh grade so she has another chance next year. Mrs. A. Swanberg is her teacher. First place was won by Miss Ruth Meyer from Steiner. She will next compete in the Red River Valley Shows and Twila Nygaard will be her alternate. Miss Jean Holbrook also from here placed sixth.

Auto Wrecked

Roy and Charles Rostvold went into the ditch two and a half miles north of Grygla while passing the Sandsmark car. They jumped two ditches at the crossroads. The car is a complete wreck. Roy received a badly cut lip but otherwise the boys escaped serious injury. The car belonged to Joe Rostvold.

Surprised Surprisers

When a group decides to surprise a friend on her birthday and said friend doesn't even show up for lunch then indeed are the surprisers surprised.

Mrs. W. Holthusen was scheduled to arrive home about 7:30 p. m. on her birthday and friends around Thorhult planned a real surprise party for that evening. The party began, continued and then lunch time came with several well decorated cakes and yet no guest of honor. By 1:30 everyone decided that she must have missed her bus to Thief River Falls and went home disconcerted. Next day Mrs. Holthusen arrived, said she had been detained in Thief River Falls over night and promised a party in the near future to all that attended. Present were Mrs. Ingmar Tanam, Mr. and Mrs. George Carlson and Clarence, Mr. and Mrs. Helmer Swenson and family, Mrs. Herbert Holthusen and Wallace, Mrs. Fred Holthusen, Mr. and Mrs. George Armstrong and James, Mr. and Mrs. Barnett Benson, Mrs. Wm. A. M. CAMPBELL, Deputy Regr.
at the Larson Company, Thief River Falls

TO THE PUBLIC:
I wish to announce that I, together with F. S. Ford and C. R. Wilson, of Plentywood, Montana, have incorporated the business of the TUNBERG MOTOR COMPANY which hereafter will be operated as
Thief River Motors, Inc.
Mr. Ford will be associated with me in the management of the new organization. He comes well recommended, with many years of successful business experience to his credit, and I feel confident that with his assistance we will be able to meet the steadily increasing demands for a more adequate sales and service garage in this community.
Our new organization will, of course, represent the Ford Motor Company, serving as their agent in the sale of
Ford, Mercury and Lincoln Zephyr Cars
Ford Trucks and Tractors
I wish to express my sincere thanks to the people of the community who, by their patronage, have enabled us to make progress in the past, and I bespeak for our new organization your continued support.

SILVERTON

The death January 24 of Mrs. Emma Helgeland of Smiley has taken away one more of the earliest settlers of this community and one whose thoughtfulness and kindness to her neighbors in the early days of 1904 will never be [illegible]. Although not too well blessed with this worlds goods, she always shared where there was need among bachelor neighbors as at that early day only the Ole Helgeland and A. M. Barstad families had settled here. Bethania church was filled to capacity on Tuesday of last week with friends who wished to pay their last tribute to a well loved neighbor and extend their sympathy to the husband and nine sons left to mourn her passing. The church was beautifully decorated with flowers, and she was laid to rest in the church cemetery.

Mrs. A. M. Barstad and son Severen were visitors Friday afternoon at the Woolson home.

Miss Estelle Hanson spent the week-end at her home in Silverton returning on Sunday to her school at Ross.

DEMOCRATS PICK CHICAGO AS SCENE FOR CONVENTION

Selection of Date Awaits Action by Republican Committee

The Democrats chose Chicago, a center of pro-third term activity, as their 1940 convention city Monday and left it to National Chairman James A. Farley to set the date, presumably after he learns when the Republicans will meet.

These decisions were reached at an excited and sometimes turbulent meeting of the party's national committee, which saw Houston, Texas, in Vice President Garner's own state, vainly offer $200,000 for the convention, $50,000 more than Chicago's bid.

Chicago's nearest competitor, in fact, was Philadelphia, which also offered $150,000. For a moment, it appeared that Philadelphia might win, but then members from western states who had cast their votes for San Francisco and, in some cases for Houston, switched to the Illinois city. The final count was Chicago 48, Philadelphia 38, San Francisco 7 and Houston 2. One of the last two votes was cast by Garner himself.

After the meeting, Farley told newspapermen that he understood President Roosevelt favored taking the convention to Chicago. He indicated he would announce the date for the meeting after the Republican national committee selects its time and city at a meeting on February 16.

TOMATOES GROWING IN STORE WINDOW

North St Paul. Jim Neumann has picked nineteen ripe tomatoes from the half-dozen plants, he has in his store window planted last October. He took considerable kidding from his customers and fellow business men at the time of planting but on Christmas day when he picked the first ripe tomato the laugh was the other way around. He claims they taste the same as tomatoes picked in one's summer garden.

"CLEAN UP... or CLOSE UP!"
.....that's our program, too!

● In many respectable lines of business there are men who think it profitable to break laws and regulations. Happily, they form only a very small percentage of the vast majority of respectable, law-abiding business men.

● But, the Brewers of Minnesota do not want *any* law breakers in their business! They, too, want them "closed-up" because brewers desire to make retailing of beer so clean and law-abiding that it cannot possibly give offense to any one .... and to safeguard your right to enjoy good, wholesome beer . . . the true beverage of Moderation!

● Brewers, however, have no authority to enforce laws. They can . . . and do, willingly . . . cooperate with your local authorities to "clean-up" retail outlets.

● The Brewers of Minnesota are respectable business men conducting a respectable, lawful business. They have homes and families . . . and a stake in the welfare of the State. The 25,000 Minnesota men and women whose living comes directly from beer are, with few exceptions, honest, law-abiding citizens. . ...with over 80,000 dependents to care for. They too, have a stake in their State, their homes, their jobs!

● The most effective and enduring law enforcement is that which is local in its origin and execution. It will be most successful when it represents cooperation between the local authorities, the brewers, the wholesalers, the retailers and the public. The brewers endorse all genuine clean-up activities and pledge their sincere cooperation.

School Notes

The boys' agricultural judging team under the direction of Mr. Albert Larvick, head of the vocational agricultural department in the Plummer High School, attended the judging events in connection with the Winter Shows at Crookston on Monday.

On Thursday evening the members of the part time class conducted in connection with the Department of Vocational Agriculture was shown a number of films secured through the extension division of the University of Minnesota.

The regular monthly meeting of the Aggasiz Club will be held at the Evelyn Hotel in Thief River Falls on Wednesday, Feb. 14. Mr. Beck of the Bemidji State Teacher's College will address the group. At this meeting also will be conducted the drawing for places in the Basketball Tournament which will be held in Thief River Falls in March.

The more advanced members of the Shorthand I class are getting some practical experience and practice by assisting Mr. Berger with his correspondence. This weeks letters were taken by Laverne Havlick and Alice Gulseth.

The boys working on the N. Y. A. project last week finished sanding and varnishing all the woodwork in the 7 and 8 grade room. They are at the present time completing the same job in the 5 and 6 grade room.

The Senior class play has been selected and tryouts have begun for the different parts. The play selected is "The Henpecked Husband" by James C. Peele. The tentative date for it is May 3. Mr. A. Lubas directing.

Basketball

The underdogs, Plummer, finally broke their leash and did what they are capable of doing by outlasting a highly favored Fisher team by a 26-25 score. This upset was accomplished with three starting Plummer players unable to play because of illness.

Full tribute, however, must be given to the half-pint B. team, which defeated a heavier and taller Fisher B team by a 9-8 count in a preliminary game. The beginners outscrapped their opponents, giving there elders something to live up to. The varsity picked up the B. team challenge, overcame a 10-14 Fisher lead in the first quarter, and scrapped on to a deserved victory.

Plummer presented a renovated lineup, with Captain M. Page shifted to a guard position. The locals fed their high scoring captain consistently, enabling him to negotiate 20 points for the evening. Maurice was all over, giving his best performance of the year.

Credit should be given to three substitutes who carried on in the place of the ailing teammates. LaVoie, Maney and Brekke did yeoman work, replacing C. Thyren, Lester Norby, Johnny Christenson, and Thyren.

The Fisher game gave Plummer it's second win of the season. Their performance of Friday evening is a sample of what the local boys with a little more drive and scrap could have accomplished in their last four loses. The respirited team promises to give their audiences and their school a different brand of basketball henceforth. The rejuvenated team is now pointing toward return games with Goodrich, Oklee, and St. Hilaire teams who have defeated the locals earlier this season.

The beginning lineup for Friday's Goodridge game will be: M. Page and L. Page at guards, with Maney, Christenson and Norby at forward positions.

Attention Farmers

In order to further improve our loan service to agriculture, we have changed the terms of our loans from the interest-collected-in-advance system which we have followed for the last thirteen years to the interest-to-follow system beginning January 1, 1940. In other words, interest will be collected when the loan is due instead of in advance as heretofore.

With this change we are offering the farmer the lowest cost livestock loan in the history of Northwestern Minnesota agriculture—4½% straight, interest payable when the loan is due, plus a reasonable inspection and recording fee are the terms of our loans at this time. No buying of stock is required with our loans.

SCHOOL BOARD GRANTS $500 FOR BAND UNIFORMS

Votes to Contribute up to That Amount to Support PTA Project

APPROVES LEASE OF CENTRAL BUILDING

To Withhold Ten Per Cent on Major Construction Contracts

Action was taken to dispose of several matters coming before the February session of the local board of education Monday evening.

Mrs. Jeanette Wright, president of the Parent-Teacher association, which is sponsoring a campaign to provide new uniforms for members of the Lincoln high school band, was present at the meeting to enlist the cooperation of the board in the project. With a fund of approximately $1,500 required to outfit the 60 band members, the board voted to supply up to $500 if necessary.

Approved was a lease to the city for one year of the old Central school building on a rental of $15 a month. The matter of preliminary arrangements for landscaping the Lincoln school grounds also came up for discussion, but action was deferred to the March session of the board.

The matter of requests for the use of the high school auditorium by other than school organizations also was considered, and it was decided that each request will be acted on by the board after application has been filed with Supt. Morris Bye.

It was voted to withhold ten per cent of the contract prices due the five major contractors in connection with the construction of the junior-senior high school until such time as the final payment of $37,891.05 is received on the PWA grant from the federal government. All other accounts are to be paid in full.

W. J. Douville, who represented the board at the convention of the Minnesota School Board association in Minneapolis, submitted his report on the meeting, which was ordered filed.

Mr. Douville, in his report on the proceedings of the convention stated that some 200 school board members met on Wednesday evening before the opening of the convention and discussed the matter of more adequate appropriation for the payment of state aid to schools.

The convention proper opened on Thursday morning with an address of welcome by George E. Leach, mayor of Minneapolis. Mr. Leach complimented the Association on the fine work that it is doing throughout the state in the education of its youth. The convention was addressed by several noted speakers, among them being Dr. John Gunderson Rockwell, commissioner of education, and Governor Harold E. Stassen.

Mr. Douville presented two resolutions at the convention and secured their adoption. One of these resolutions called for the appointment of a committee to work for the lowering of premium rates on the bonds of school treasurers, and the other was a resolution in favor of the State of Minnesota carrying the fire insurance on the public schools throughout the state. The purpose of this, he explained, would be to save money for the public schools inasmuch as the losses from fire on school buildings are very low compared with the insurance premiums paid.

Home Project Leaders Meeting Is Postponed

The meeting for all township chairmen of the womens home project was postponed this week because Miss Hobart, the specialist from University Farm who was to conduct the meeting, had the misfortune of fracturing her ankle. The state home demonstration leader is arranging another meeting and all chairmen will be notified of the new date, state Howard E. Grow, county agent, under whose supervision the project is organized.

NILS LAWSON, 94, PASSES AWAY AT HOME ON FRIDAY

Had Celebrated 71st Anniversary of Marriage Last Summer

Nils O. Lawson, aged 94, died Friday at his home one mile north of this city, where he had made his home during the past 26 years. At his bedside at the time of his death were his wife and their five children, Mrs C. Hodsdon of Minneapolis, Mrs. Wm. N. Elofson, Mrs. A. E. Olson, Mrs. Nellie Cronstrom, and Ole Lawson, all of this city.

Mr. Lawson was born May 22, 1845, in Frenninger, Socken Malmohuslan, Sweden, where he grew to manhood and was married on July 25, 1868, to Karna Jonsdotter. Last summer the couple celebrated their 71st wedding anniversary.

He and his wife immigrated to the United States to make their home at Grove City, Minn., on May 29, 18[illegible]. In 1901 they homesteaded in Marshall county and Mr. Lawson was engaged in farming there until 1914. At that time the couple moved to their present home in the township of North.

In addition to his immediate family, Mr. Lawson is survived by eight grandchildren and eleven great grandchildren, and one brother, [illegible] Lawson of Hazel. One son, Nils died in 1896.

Funeral services were held Monday afternoon from the Erickson and Lund funeral home, Rev. E. A. Cooke officiating, and interment was made in Greenwood cemetery. Pall bearers were Mr. Lawson's grandsons Harold Elofson, Russell Elofson, Forest Elofson, and Ronald Lawson, and Rudolph Barck of Minneapolis and Wayne Rayppy of [illegible].

LOCAL CREAMERY TO HOLD MEETING MONDAY, FEB. 19TH

Shareholders Will Convene at Sons of Norway Hall at 2 o'Clock

Several hundred farmer shareholders and patrons of the Thief River Falls Cooperative Creamery association will assemble in the Sons of Norway hall next Monday afternoon, February 19, for the annual meeting of the local institution. John Funnesdahl, president, will be in charge of the session, which will open at 2 o'clock.

G. S. Bergland, manager, will report on 1939 operations of the creamery, which set a new high record in respect to volume of business, a total of just short of one million pounds of butter having been churned last year.

Other business to come before the meeting will include the election of one director, the term of Mr. Funnesdal expiring at this time. At the close of the afternoon lunch will be served to the patrons by the Civic and Commerce association under the direction of the merchants committee, of which E. B. Benson is chairman.

ELECTRIC LINE TO CONTINUE SERVICE UNTIL MARCH 15TH

Star Mail Route Serving Mavie and Goodridge Began Wednesday

As the result of new orders received early this week, service on the Electric line from Thief River Falls to Goodridge will be continued until March 15, instead of being suspended February 13 as originally announced. Tuesday, however, was the last day on which mail was carried over the line to Goodridge, as a star mail route serving Goodridge and Mavie went into operation Wednesday, with Lawrence Beat of this city selected as carrier. The mail will leave Thief River Falls at 7 o'clock in the morning, arriving at Goodridge at 8. On the return trip the mail will leave Goodridge at 5 o'clock in the afternoon, reaching the post office here at 6 o'clock.

SLATE SIGNUP MEETINGS FOR AAA PROGRAM

Educational Sessions Will Open in Pennington County Monday

SIGNUP DEADLINE HAS BEEN SET AT MAY 1ST

February 29 Is Final Date to Come Under Terms of Wheat Plan

The committeemen of the agricultural conservation program met in the courthouse Wednesday of this week to discuss the sign-up procedure for the 1940 program. Information relative to the program has been released from many sources, and the farmers are quite well informed at this time.

However, educational meetings will be held in each community to discuss the sign-up for 1940 with the community committee carrying on with the sign-up until it is completed. A deadline for signing-up for the 1940 program has been set for May 1. The final date for wheat sign up is February 29.

The schedule of educational meetings relative to sign-up is as follows: Monday, Feb. 19, Star and Reiner, Kompen school; Tuesday, February 20, Norden and Numedal, City View school; Goodridge and Cloverleaf, Mavie school; Rocksbury, Valhall hall.

Wednesday, February 21, Highlanding, Schiefer school; Black River and River Falls, Jackson's hall, St. Hilaire.

Saturday, February 24, Bray and Polk Centre, Luttmer school; Kratka, Hanson school; Mayfield and Wyandotte, Jasperson school.

Tuesday, February 27, North and Sanders, place will be announced next week; Silverton, Silverton Hall.

All meetings will start at 1:30 o'clock p. m.

Sixty Legionnaires and Auxiliary Women Attend Joint Meeting Monday

Sixty American Legion and auxiliary members attended an enjoyable joint meeting of the two groups Monday evening in the Veterans memorial rooms. Dallas Kast, commander of the Crookston Legion post, outlined preliminary plans for the reunion of the International War Veterans alliance in that city late next summer. Art Hohn of Mentor, past district commander, presented the local post with a citation in recognition of its achievement in respect to membership. Movies depicting various local events, the most recent of which was the Barzen plant fire, were shown by Alf Borry. The evening closed with the serving of lunch and an informal dance.

Big-Scale Phosphate Tests Planned Here

An intensive demonstration test will be made this year on ten farms in Pennington county, of phosphate fertilizer and its results on pasture and hay land, and its relation to bone chewing of cattle. This test is made thru a coop[illegible] arrangement with TVA and the extension service.

Pennington county is one of the sixteen counties in the state in which these tests will be conducted. The plan calls for the application of phosphate on 80 per cent of the rotation pasture and hay land and 20 per cent of the permanent pasture this year. No fertilizer will be applied on feed producing soil depleting crops with very few exceptions. TVA will furnish all the phosphate necessary to carry out the program for a five-year period, with the farmer contributing by paying the freight and some other small charge. The farmer also will keep a complete record of his farm, follow a definite crop rotation, and keep records of yields on such parts of fields where phosphate has been applied.

A committee in the county selected the ten townships in which each of the ten farms will be located. Educational meetings were held in these townships this week by Howard E. Grow, county extension agent, who will supervise the demonstration in the county.

Township committees were elected in each township to receive the applications from the farmers and to recommend three farms from their township to the county committee. The county committee is composed of the chairman of each township committee.

Any farmer wishing to make application to have his farm used as the demonstration farm for the township must present his application to his township committee before February 21. The selection of the ten farms for the county will be made on February 22.

The ten townships and the committees for each are:

Bray: August Schalin, chairman, Geo G Swanson, Carl Munbeck. Black River: John Steiger, chairman, J. A. Almquist, Emil Erickson. Rocksbury: Anton Johnson, chairman, N. L. Beebe, Willie Randorf. North: Edwin I. Swanson, chairman, Alfred Longren, T. H. Boeke.

Silverton: Joe Knutson, chairman; Orvin Peterson, Syvert Hanson. Kratka: Anton M. H. Jensen, chairman, Albert Hanson, Bert Johnson. Goodridge: O. S. Urdahl, chairman; J. P. Kulseth, Ted Kuznak. Star: Alvin Hornig, chairman, Hans Solberg, G. A. Kompen. Deer Park: Martin Johnson, chairman, Gill Oak, Ole Nesland.

Wyandotte: Oscar Houske, chairman; Fred Bruggeman and Alvin Petersen.

Hockey Loop Playoff Opens Here Tuesday

With two games of its league schedule remaining, to be played this week-end, the Thief River Falls entry in the States-Dominion league will enter the semi-finals of the playoff next week, the first game being scheduled in the local arena Tuesday evening.

Preceding the semi-final round, the Thieves will attempt to dispose of the Winnipeg Lombards here Saturday evening at 8 o'clock, to be followed Sunday afternoon at 3 o'clock in the arena by a battle with Hallock. The Elks lodge is sponsoring an advance ticket sale for the Winnipeg game.

Crookston, with one game remaining on its schedule, is leading Thief River Falls in league standings 25 points to 24, with Grafton in third place and Hallock fourth. The pairings in the semi-final round, which will be decided on the basis of winning three games out of five, call for Team No. 1 to meet Team No. 4, while Teams 2 and 3 meet in the other bracket.

Following Tuesday night's contest here, the second game will be played in the other town Thursday evening, returning to this city Sunday, February 25. The best two games out of three will decide the final round between the winners of the two brackets.

LOCAL MEN ATTEND HEARING ON RIVER WORK LAST FRIDAY

Morris Bye Discusses Red Lake River Project at Moorhead

Good progress is being made in the extensive surveys now being made of the waters in the Red river drainage basin, including its principal tributaries, the tri-state waters commission was told at Moorhead Friday by Captain J. W. Moreland, who has charge of the survey.

Preliminary surveys have been completed on the Pembina, Forest and Goose rivers in North Dakota, he said, and the Roseau river project in Minnesota is nearly complete. Survey of the Red Lake river, which supplies Thief River Falls, Red Lake Falls, Crookston and East Grand Forks and most of Grand Forks water requirements is complete and the report in process of formation.

The program, aims and achievements in the Red lake and river development project were outlined by Morris Bye, superintendent of schools at Thief River Falls and chairman of the Red Lake River Development association. He said that it was the aim of the association to build a control program that will insure a greatly reduced flood danger in the area east of Thief River Falls.

Present at the meeting from Thief River Falls, in addition to Mr. Bye, were F. A. Rinkel, president of the Civic and Commerce association; Dr. O. F. Melby and W. E. Dahlquist.

C. C. TO ARRANGE FOR DISCUSSION OF STEAM POWER

Henry J. Scherer Gives Tentative Figures at Session Last Thursday

At a luncheon meeting of the Civic and Commerce association last Thursday noon, Henry J. Scherer, local PWA engineer-inspector, submitted tentative figures on the cost of changing over from Diesel to steam power for generating current in the municipal electric plant.

Following a brief discussion the program committee was instructed to invite authorities to discuss the proposal at a later meeting of the association.

E. B. Benson, chairman of the merchants committee, reported on action taken on several projects by that group early last week, and Morris Bye, chairman of the Red Lake River Development association, announced that the association would be represented at a meeting of the Tri-state Waters commission in Moorhead the following day.

Today Last Day to Avoid Penalty on Car Licenses

Motor vehicle operators are reminded by Alex Campbell, deputy registrar here, that today is the last day to obtain license plates to avoid the imposition of a small penalty. Up to yesterday approximately 1,500 sets of plates had been issued from the local office, well above the total of a year ago.

COUNCIL PLANS BOND ISSUE FOR BIG POWER UNIT

Matter Slated to Come up for Definite Action Next Tuesday Night

VOTES $400 TOWARD H. S. BAND UNIFORMS

Asks for Recommendations on Additional Fire Fighting Unit

At the February session of the city council Tuesday evening, that body voted to meet next Tuesday evening to consider taking action in the direction of calling a special city election to vote on the matter of issuing bonds to provide a new Diesel unit for the municipal power plant as well as an addition to the power plant building to house the unit.

Ole Legvold, superintendent of the plant, submitted estimates in which he placed the cost of a 2000 horsepower unit and the necessary addition to the building at approximately $168,000, while he estimated the total cost of a 1600 horsepower unit at $130,945 installed.

Robert J. Lund appeared before the council in behalf of a committee seeking to provide funds for the purchase of uniforms for the Lincoln high school band. With $1,500 needed, he said, the school board has agreed to provide $500, and be added that other local groups were to be solicited for contributions. After some deliberation the council agreed to supply $400 as the city's share of the cost of the project, which has been sponsored by the Parent-Teacher association.

Fire Chief Leonard Hanson was present to point out the need of an added fire-fighting unit in the event the department's present single unit should suffer a breakdown. The council acted favorably on Mr. Hanson's suggestion that the fire underwriters' organization be asked to offer recommendations as to the type of unit to be added to the department's equipment.

Action was taken to approve the appointment by Mayor W. W. Prichard of Dr. A. R. Hulbert to the city park board as successor to Stanton H. Dahlen, who declined his recent appointment because of the pressure of other affairs.

At the request of local barbers the council gave a first reading to an ordinance repealing the barber ordinance which has been in effect the past three years. It was pointed out that the ordinance is no longer necessary since the enactment of the state barbers code.

Following a consideration of bids, the Thief River Falls Times was designated as the official city paper, and the Union State bank and Northern State bank were designated as official city depositories.

City Engineer I. E. Quist presented plans prepared by the state highway department for the improvement of Highway 32 from a short distance south of Ninth st. north to Steiner. The department asked the city to establish the proper grade on Main av. N. before the street is oiled, and indicated that it plans a slightly lower crown in the street. The council adopted the necessary resolution.

After discussing the matter of bringing city employes under the provisions of the state employes' retirement act, the council voted to defer definite action until the sentiment of the employes affected has been obtained.

Declamation Contest Next Wednesday Night

Thirteen contestants, all girls, will compete with humorous and dramatic selections in the local declamation contest next Wednesday evening, February 21, at 7:45 in the Lincoln high school auditorium. From the contestants two will be selected to go to the district speech festival at Crookston Saturday, March 2.

One Hundred Entries Exhibited at Quilt Fair Held Wednesday

Approximately one hundred quilts of masterly workmanship in both traditional patterns and unique designs, some of them family heirlooms, were displayed at the Quilt Fair held in the Civic and Commerce association rooms Wednesday afternoon and evening. The Community church ladies aid sponsored the event, and all entries were made by local women.

Prize-winning entries included those of Mrs. Wright, Mrs. L. B. Hartz, and Mrs. Basil Westacott, first prizes for quilts; Mrs. G. L. Bublick, Mrs. H. C. Eckland, and Mrs. Frank Hardisty, second prizes for quilts; and Mrs. H. E. Hunt, Mrs. O. E. Taveraas, and Mrs. L. G. Larsen, prizes for coverlets. Honorable mention went to Mrs. R. E. Looker, and Mrs. H. C. Eckland. Mrs. H. C. Eckland

Of special interest were the three coverlets entered in the fair. Mrs. Hunt's was handmade by members of her family in Greensburg, La., in 1850. The one displayed by Mrs. Taveraas, black with multi-colored woven stripe, was made on the Taveraas farm in Norway and is 50 years old. Woven basically from the natural black and white wool from sheep on the farm, dye for the colored portions was extracted from trees and berries found on the farm. Mrs. Larsen's coverlet, over 117 years old, was made in Canada by her great-grandmother, who carded, spun and dyed the wool, wove the yarn and designed the pattern.

Mrs. Westacott's prize-winning quilt was made in 186- by Margaret Templeton, niece of Jefferson Davis, and Mrs. Westacott's grandmother, while driving an oxen-drawn covered wagon from Richmond, Va., to Pacific City, Iowa.

A program of music was presented during the afternoon by a trio composed of Mrs. A. E. Berg, Mrs. G. E. Ahre, and Mrs. Richard Dablow, with Mrs. Warren Hanson as accompanist. Refreshments were served by Group 8 of the Community church.

Mrs. T. M. McCall and Miss Retta Bede of the Northwest School of Agriculture served as judges.

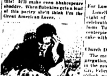
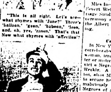
Valentine's Day

How Not to Write a Valentine or the Plight of a youthful swain who has decided to eulogize the light of his life in immortal verse.

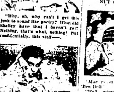
"Hoy, am I hot! Will Toots love this! It'll make even Shakespeare shudder. When Babykins gets a load of this poetry she'll think I'm the Great American Lover.



"This is all right. Let's see—what rhymes with 'June?' There's 'balloon,' 'goon,' 'baboon,' 'loon, and, oh, yes, 'moon.' That's that. Now what rhymes with 'affection'?



"Why, oh, why can't I get this junk to sound like poetry? What did Shelley have that I haven't got? Nothing, that's what, nothing! But confidentially, this stuff—.



"Baa, baa black sheep, have you any wool? Goosey, goosey gander. Hi diddle diddle. I'm going crazy. Valentine's Day, bah! It's a racket

"O grave! where is thy victory? O death! where is thy sting? I'm through — washed up — done! Let someone else write poetry. I'll stay single."

IT IS RATHER FOR US TO BE HERE DEDICATED TO THE GREAT TASK REMAINING BEFORE US . . . THAT GOVERNMENT OF THE PEOPLE, BY THE PEOPLE, FOR THE PEOPLE, SHALL NOT PERISH FROM THE EARTH.

For Lowell Nesse

Lowell Nesse was honored by eight of his friends at a party in celebration of his birthday at his home Tuesday evening. The table centerpiece was a large birthday cake with candles.

Court Testimony

In New York city in 1741, the uncorroborated testimony of any white woman, irrespective of her character or motive, was sufficient to convict a Negro, according to Collier's Weekly. A thief named Mary Burton, alias Margaret Kelly, in order to secure her release from prison, maliciously accused 105 innocent Negroes of an imaginary criminal plot. The result was that 71 were transported, 20 were hanged and 14 were burned at the stake.

Entrance to Island Harbor

The Banda islands form a small group situated near the western coast of New Guinea. A scenic treat is furnished as the ship enters the harbor, which is guarded by the towering native volcano, Gunong Api or Fire mountain, on the right, and verdure-covered Cape Lautaka, rising sheer from the translucent water, on the left. Gliding between these two sentinels the ship suddenly enters a large lagoon, the sides of which are precipitous, the mighty volcano rising abruptly opposite the landing place.

Tons of Fois Gras

More than 1,000 tons of fois gras or fattened goose liver come out of Alsace each year. The delicacy is also produced in Perigord and Gascony. "Pate de fois gras," its most popular form, was first made about 150 years ago, but goose livers themselves have been popular since ancient times. Formerly the geese were given a diet of figs, but today they are force fed and kept in confinement so that their livers will grow especially large.

Sabo of Mavie will officiate at the services which will be held at one o'clock from the Larson Funeral home in this city and at two o'clock from the Telemarken church. Interment will be in the Telemarken cemetery.

Mr. Hemmestvedt was born September 8, 1867, in Telemarken, Norway. When he was a year old, he came with his parents to America, living for a short time at Ada. He moved to Red Wing in 1898 and later returned to Ada. In 1906 he moved to Kratka township, where he has since resided.

He was married in May, [illegible] Minneapolis to Annie Haugen, who survives his death, together with a son Truman, and three daughters, Helen, Valborg, and Joyce, all residing at home. Also surviving are his stepmother, four brothers, Sidney, Elmer, and Gilman, all of Goodridge, and Bjorgo of Thief River Falls, and two sisters, Mrs. Elmer Strand of Ada and Mrs. Lloyd Thompson of Duluth. His parents and two sisters preceded him in death.

Gary Cooper Stars in "The Real Glory" at Falls Theatre Sunday

Gary Cooper, Andrea Leeds and David Niven head the cast of "The Real Glory", which will be presented at the Falls theatre Sunday, Monday and Tuesday, with a midnight prevue Saturday evening at 11 p. m. The film deals with the activities of the soldiers who were left to police the Philippine Islands after the Spanish-American War. Others in the cast are Reginald Owen and Kay Johnson.

"Allegheny Uprising", starring Claire Trevor and John Wayne, will be the offering at the Avalon theatre Sunday and Monday. The picture tells how a valiant young American frontiersman escapes from captivity with Indians and leads a daring rebellion against the British Crown.

TO GIVE ADVICE ON FARM WINDBREAKS FRIDAY AFTERNOON

State Extension Forester Will Speak at Meeting in Court House

Considerable publicity has been given to the tree planting practice in connection with the agricultural conservation program for 1940. In spite of all the information available on this subject, Howard E. Grow, county agent, says that there still is a great deal of misunderstanding pertaining to the program.

To clear up these points, Mr. Grow has arranged to hold a meeting in the courtroom of the courthouse, Friday, February 16, at 1:30 p. m. with Parker O. Anderson, extension forester from University Farm, as the speaker.

Mr. Anderson will discuss the type of windbreak to plant, varieties of trees that can be recommended, and cultural practices, along with the provisions of the special tree planting program for which farmers can earn $30.00 in the 1940 Agricultural Conservation Program.

Roy H. Brown Is Selected As the New President of Olds Salesmakers Club

Announcement was made by officials of the Olds factory this week that Roy H. Brown, salesman for the Northern Chevrolet Co. of this city, has been named president of the Oldsmobile Salesmakers club in this district. Brown's appointment comes as a result of his excellent sales record in 1939.

The Oldsmobile Salesmakers Club is a national society conducted by the Oldsmobile factory in honor of outstanding salesmen. As the sales volume of a member increases, his ranking in the club also increases. The highest ranking is that of Salesleader.

At the same time Brown was appointed president, the title of Salesleader for 1939 was also conferred upon him. In recognition of his achievements, Oldsmobile will present him with a special plaque as an award from D. E. Ralston, Oldsmobile General Salesmanager, and a Salesleader merit emblem bearing diamonds equal to the number of years he has achieved this goal.

These presentations will take place at the Fifth Annual Salesmakers Jamboree at the Leamington Hotel, Minneapolis, February 19. Approximately 85 Oldsmobile salesmen in this section of the country will attend.

Paul Engelstad, Supt. of Livestock at Winter Shows, Lists Trophies

Herd and flock trophy awards for livestock exhibited at the Red River Valley Winter Shows were announced Wednesday by Paul Engelstad, general livestock superintendent. Gordon Clow, Lancaster, receives the championship trophy provided by the Red River Valley Livestock association for the champion sheep flock of the show. Mr. Clow exhibited purebred Hampshires.

The champion dairy herd of the Shows was exhibited by A. A. Hedlank, Ada, who showed Jerseys. The Red River Valley Dairymen's Association provides a trophy which will be awarded to Hedlank. N. E. Mussy & Son of the Thief River Falls community won numerous prizes with their Holstein entries.

Winner of the Swine Herd trophy is P. M. Finkenbinder & Sons of Crookston. They will receive the swine trophy award of the Red River Valley Livestock Association.

N. W. Bell Telephone Co. Handles More Calls Past Year Than in '38

Much attention was given to making the service as pleasing as possible to telephone users, according to the annual report for the year 1939 of the Northwestern Bell Telephone company and its subsidiaries, The Tri-State Telephone and Telegraph company and the Dakota Central Telephone company.

Figures in the report show that the telephone was used more than ever during the year. The public is becoming more talkative. In the five states of Iowa, Minnesota, Nebraska, South Dakota and North Dakota served by the companies there was an average of 5,115,000 local calls daily as compared with 4,901,000 in 1938.

Taxes took one-eighth of total revenues and amounted to more than the dividends paid. For the three companies, taxes assignable to operations amounted to $5,269,330, which is equivalent to $6.30 per telephone or $430.78 per employee.

826 Patients Received at Mercy Hospital Last Year, Report Indicates

Reports were submitted at the annual meeting of the Mercy Hospital association Monday evening showing that the institution has been filled to its full capacity the greater part of the past year, the 826 patients accommodated in 1939 representing a substantial increase over the preceding year. A total of 198 babies were born at the hospital during the past year, including 105 boys and 97 girls. C. D. Gustafson was reelected president; Alfred Bredeson vice president; and C. W. Vorachek secretary-treasurer.

'WHEN IN ROME'

There is a certain home whose owner's principal delight is keeping it spick and span. After dinner he and a guest were smoking on the lawn. The guest, after lighting his cigar, threw the burned match on the ground.

"Oh, I wouldn't do that, George," said the host.

"Why not?"

"It spoils the appearance of everything," was the answer. "It's just those little things that make a place look bad."

The guest smoked his cigar in silence for a few minutes; then, without a word, he got up, walked down the road, and disappeared. He returned in a short time.

His host asked, "Where have you been, George?"

"Oh, I just went down to the river to spit," replied George.

GOT ONE NOW AND THEN

"What possible kick can that dog of yours get out of biting at your heels as he does?"

"Oh, he gets one now and then."

Muzzle Muddle

Dolcini—I'd like to buy a muzzle.

Clerk—How's this one?

Dolcini—Oh, that wouldn't do; it would hold the mouth too tightly shut.

Clerk—But I just sold one of this pattern to a woman.

Dolcini—Well, it might do for a woman, but I want a muzzle for my dog.

Good Old Days

Ascum—I see there's some talk of having the people vote at the next election upon the question of abolishing capital punishment. Would you vote to abolish it?

Fogle—No, sir; capital punishment was good enough for my ancestors, and it's good enough for me.

Careful Driver

"What's happened, George," the wife inquired as her husband got out of the car to investigate.

"Puncture," he replied briefly.

"You should have been more careful," she said. "The guide book warned us there was a fork in the road at this point."

LINKED UP

He—There are many ties that bind me to the game of golf.

She—Do you refer to the links?

Reliable Ghosts

Rastus—Marcellus, does yo' belieb in ghosts?

Marcellus—Nah, sah! I woke up one night an' saw one in mah room. Ah axed him what he wanted an' he said "nothin'." But de next mornin' Ah found he'd stole mah Sunday pants. Since den Ah don't belieb in ghosts: Dey ain't reliable.

Horse on Grandfather

"My grandfather was offered the site of St. Louis for a horse," a certain man used to say rather proudly.

"Why didn't he take it?" he was once asked.

"He didn't have the horse."

Not for Long

Gungi—The person who tells of our faults is our best friend.

Tyte—You're right. But he won't be long.

Spirit of '76?

Professor—Mr. Drudl, do you know what happened in 1776?

Frosh—1776? Gosh! I can't even remember what happened last night.

It begins to look as if Hitler, like the Admiral Graf Spee, couldn't take it.—Chicago Daily News.

Interesting Conflict

Mrs. Wimpus—The people in our part of town are watching the results of a very interesting conflict.

Mrs. Duff—What is it?

Mrs. Wimpus — An irresistible blonde has just met an immovable bachelor.

Courage of Women

"Have women more courage than men?"

"Certainly! Have you ever seen a man try on three or four suits with only thirty cents in his pocket?"

CROSSWORD LOVES

He—Seems as though I'd loved you for eons. Why won't you marry me?

She — Because your language shows that you're a cross-word addict.

Time Out for Prayers

A Scotch grocer who was a deacon in his church was heard to call to his clerk:

"Sandy, have you watered the rum?"

"Yes, sir."

"And dusted the pepper?"

"Yes, sir."

"And sanded the sugar?"

"Yes, sir."

"Then come up to prayers."

Modern Pilgrims

The teacher had just finished telling the story of the Pilgrims to a group of small children.

"Now, Gertrude," began the teacher, "when the Pilgrims had been here a year and had gathered in their good crops, what did they do?"

"Bought a car," replied Gertrude.

Scratch Elsewhere

The peddler knocked at the door and started his sales talk with the statement that "I'm out scratching for a living."

"Sorry, but I don't itch," vowed the woman of the house as she slammed the door.

Friendly Son

Father—When I was a little boy, I always ate the crusts.

Willie—Did you like them?

Father—Of course I did!

Willie—Then you can have mine.

ONLY HALVES

"How can Jack make love to both the Smith girls at once?"

"They're only half-sisters, May."

Threatening Letters

Rigby—I've been getting threatening letters through the post lately. What can I do about it?

Brown—Oh, you should tell the police. It's against the law—a very serious offense. Do you know at all who they're from?

Rigby—Yes—the tax collector.

Love Triangle

Teacher—Tell me what it is when I say "I love, you love, he loves."

Modern Pupil—Must be one of those love triangles.

The 'Agony' Column

"Agony" column is a term often applied in the column in newspapers devoted to personal advertisements, such as announcements or losses or bequests. As early as 1800 the agony column was also a medium for matrimonial advertisements. It is sometimes known as the personal column.

Bathing in the Baltic

Tourists to the Baltic republics of Esthonia, Lithuania, and Latvia sometimes think that the sea in which they bathe at some of the fashionable coast resorts is fresh water. Its salinity is only 8 per cent, as compared with the Atlantic's 35 per cent and the Mediterranean's 39 per cent.

FACTS TO BE CONSIDERED

A few years ago improved machinery resulted in greatly reduced production costs in the floor covering industry. At the time there was some complaint because the men who operated these new machines received little increase in compensation in spite of the fact that in an hour of work they were able to produce a great deal more than they had previously been able to. The inference was that the owners of the machines were deriving all the benefit and that something ought to be done about it. It probably is true that the owners of the machines did derive most of the benefit to start with but that didn't last long. Competition made the adjustment that is usual in such cases and in a short time the market price of linoleum products was greatly reduced. The result was that more people could afford to buy these products. The workers employed in the floor covering factories may have benefited but little but every other wage earner in the country received an indirect wage increase because the wage dollars they received would actually buy more.

What happened in the floor covering industry has happened in nearly every other industry and that is primarily the reason why our country enjoys such a high standard of living. The wage we receive for an hour of work in this country buys more goods than an hour of labor will buy in any other country of the world.

When, not many years back, the radio first came on the market, the cost of these gadgets was high and a few companies made enormous profits. Competition soon changed that situation however. Government regulation was not needed to reduce the cost of this commodity which now sells so cheap that it is within the means of all to enjoy. The public benefited by the improved production methods. Those who labored in the radio plants may not have received higher dollar wages but every wage earner in the country enjoyed a raise in buying power when the price of radios dropped.

For each wage earner employed in industry there is invested $7,600 in tools for him to work with. That is why American labor is able to produce more than the labor of any other country and also enjoys a correspondingly greater purchasing power.

Such facts should not be lost sight of when the merits and demerits of our "system" are being considered. The system no doubt has defects. No one contends that it is perfect. But before we decide to junk it, let's find a system that offers a better record of performance.

We are in a state of depression and are confronted by an unemployment problem but there are more people per capita gainfully employed at the present time than there were a hundred years ago. And this is in spite of the fact that during that period there has been a big reduction in the number of children employed. A hundred years ago the average home was quite a factory and there was plenty of work for girls to do at home. The large number of women now gainfully employed probably accounts for the per capita increase in employment. This year's census figures will provide much interesting information on the problem of providing work. They probably will reveal that most of the unemployment is among that group that classifies as unskilled labor, including many who have received a fair education but who have never learned a trade or craft. A study of the problem may lead to a few changes in our educational system.

Congratulations to Mr. and Mrs. Hans Solberg of Goodridge, and Mr. and Mrs. F. S. Erdmann of Red Lake Falls, winners of the Winter Show family awards for their respective counties. These were awards in which the activities of all members of the family were considered by the committees making the selections. The score cards took into consideration such things as community service, contributions to crop and livestock improvement and also improvements to their own farmsteads. The recognition they received was earned, not by a single achievement, or by the turn of a wheel, but by years of wholesome, constructive living. There probably are other farm families equally deserving of such awards but the fact that they have been selected for the honor this year certainly indicates ~~that the Solbergs and the Erdmanns rank~~ high in the estimates of their neighbors and friends and for the respect and good will which they undoubtedly have earned they are to be felicitated.

MR. HOOVER GROWS
(Northfield News)

The resurgence of former President Hoover from the eclipse into which a political defeat plunged him has been one of the interesting and significant developments in the last few years. The former president stands before the American people today a bigger man in the public mind than at any time since the early years of his term of office in the White House.

There are several reasons for this, of course. Time and the good sense of the American people have a way of softening the acerbities of public life and of finally developing a more correct perspective. But more important is the fact that Mr. Hoover, who never seemed comfortable or at his best in the Presidency, has gained in poise, in the ability to speak clearly his ideas, and in the sense of leadership in espousal of needed principles. Nobody ever doubted his sincerity, however they may have differed with his point of view and his method.

But it is important, also, to remember that Mr. Hoover does represent an American viewpoint which ought to be expressed, if not, as some think, accepted as the typical policy of our government. If it were spoken with less vitality than Mr. Hoover has given it, this country would be the poorer for that fact.

Herbert Hoover may not be acceptable to the politically-minded as the real leader of the Republican party, but that he is a respected and not uninspired leader of a very large segment of the American people is as encouraging as it is apparent.

SIMPLIFICATION OF LAWS
(St. Peter Herald)

Almost 1,000 laws or sections of laws will be removed from the statute books as a result of action taken at the last session of the state legislature.

The position of state statute revisor was created by the legislature in order to obtain some order out of the state's lawbook chaos.

William R. Henderson, who holds this new position as state statute revisor, announced that these 1,000 laws or sections of laws are being cut out because they have been declared unconstitutional, or because they are private or local acts, are obsolete or are duplications.

Laymen who have attempted to wade through some of the acts passed by our legislature will herald this action on the part of the state statute revisor. We believe that he can eliminate the excess verbiage of many laws, and, at the same time, make them more understandable to the reader. After all, the general public can't be expected to obey all the laws if they can't find the time to wade through them all and can't understand them if they do have the time to read them.

A FINE INDUSTRY
(Baudette Region)

Baudette is beginning to sit up and take notice of the Burbot Liver Products Co., started a few years ago by the Howells, father and son, Joe and Ted.

The products are being sold in every state of the union and in several foreign countries, and the growing sales indicate that it is to be a big industry some day.

In addition to this excellent state of affairs, the company is ridding Lake of the Woods of thousands of burbot, a fish that preys on scale fish.

All in all, the company is a grand asset for this section.

WHAT'S AHEAD FOR THE RENTER?
(Morris Tribune)

In the readiness with which the lands belonging to the Rural Credit Department are being liquidated and passing into private ownership, there is a hint for the renter who is letting the opportunity pass by to acquire a farm of his own either from the state, or from the Federal Land Bank, or from any of the various insurance companies which have come into land ownership.

All these various agencies are finding buyers for their lands at a rapidly increasing rate. It is true that the sales at the present time are often to former owners, or their sons, or to neighboring farmers or tenants, and that for the most part, the sale of a farm and its withdrawal from the status of a tenant farm also means the withdrawal of a tenant from the farm demand, and yet, from year to year, it is noticeable that there are more tenants than there are farms. In the general shuffling of farms and tenants induced by a sale which changes a farm from a rented farm to an owned farm, some tenant invariably failed to connect with a farm.

Now Conservator June, in his report, stated that after he had exhausted the local possibilities of sales to local farmers, he would attempt to sell the state farms to farmers from the southern part of the state. Every other land-selling agency will do the same thing, and the result is certain to be that tenants will find it increasingly difficult to find farms, as more and more farms pass to owner-operators.

This is not a "land boom," nor is there any prospect of a land boom unless and until and when the prices of farm products became enough higher to attract the attention of the speculator, and money becomes so easy, abundant and cheap, and the fear of inflation so imminent that people rush to convert their money into lands and goods. A land boom is marked by the retirement of farmers to town, and the throwing of more farms onto the rental market, making it easier for the tenant to find a farm rather than otherwise.

Quite different are the changes of land ownership that are taking place now. Rented land is being sold to actual farmers, and the high percentage of tenancy is being gradually corrected, and that is generally regarded as a thing most to be desired both from an individual and a community standpoint.

In this county about [illegible] per cent of the farms are owner operated. In some nearby counties only a third are owner operated, and from a half to a third is the prevailing style in this section of the state. In various counties of the southern part of the state, from two-thirds to three-fourths of the farms are owner operated. There is no basis in geography, climate, soil, crops or methods of culture to explain that difference, and eventually that difference will be wiped out. The disproportionate growth of tenancy in this part of the state dates back to the land boom, inflated prices, top-heavy mortgages, the unusual drouth, and several other factors of a passing nature, none of which permanently differentiates this part of the state from any other good farming community.

Therefore, at [illegible] prices, this land is certain to pass in large measure into the hands of owner-operators, as it has been doing of late. When the local demand is satisfied, buyers from other sections will be attracted here, and this will mean that rental farms will be more and more difficult to find [illegible].

All this spells out [illegible] that the time for the renter to [illegible] from the uncertainties of a rented farm, and the greater [illegible] of the future is to plan to get a farm of his own, and to do it now.

I think life would be easier if more of us [illegible] people. All kinds of people, under all kinds of conditions and handicaps. I think our heaviest burdens would be lighter [illegible] [illegible] [illegible] [illegible] class, or steerage.—Channing Pollock.

SO. ST. PAUL LIVESTOCK

(By U. S. Department of Agricultural Economics and Minnesota Department of Agriculture)

South St. Paul, Minn., Feb. 13, 1940: The fat lamb trade came to life with a full 50c advance on the first two days of the week, according to the Federal-State Market News Service. The upturn was made possible by a 50c-$1.00 advance on dressed lamb at eastern wholesale markets. Feeding lambs shared part of the fat lamb advance and slaughter ewes ruled firm. Good and choice slaughter lambs earned $9.00-9.25, good and choice ewes $4.50-4.90, native feeding lambs $7.50-8.25, and western feeders $8.50-8.75.

Smaller receipts, lighter average weights, and the generally low yielding character of the slaughter cattle supply this week counteracted a persistently weak undertone so that prices held fairly firm during the first two market days. Sluggish trading persisted, however, although there was some improvement in demand for thin cattle suitable for grazing later in the year. Good fed steers sold at $8.00-9.00 according to weight, few good yearlings going under $8.50, while medium short fed lots ranged down to $7.00 frequently. Most butcher heifers got $6.00-7.50, good lots $8.00-8.50. Beef cows bulked at $5.00-6.00, good fed cows getting up to $6.50 occasionally. Canner and cutter cows realized $4.00-4.75 mainly. Medium and good bulls turned at $6.00-6.50, best heavies at $6.75. Common to medium stock steers sold largely at $6.00-7.00, calf weight yearlings up to $7.50. Vealers were firm. Choice vealers sold freely at $10.00, sparingly at $10.50. Medium to good lots got $7.50-9.50.

Snowfall restricted arrivals of trucked-in livestock on Monday, and as a result prices of most species turned upward. Hogs were not an exception, but the gain on this class was short-lived, as Tuesday's downturn of 10-20c placed current porcine values 5-15c lower than last Friday. Weighty hogs were under most pressure and shippers, while possessing moderate orders, were little interested except at terms scraping on the bottom of current levels. Tuesday's top stood at $5.25, being paid by all interests on strictly good to choice 170-200 lb. averages. The bulk of good to choice 180-240 lb. weights sold from $4.90-5.25. Good packing sows turned at $4.00 to largely $4.10.

JUNIOR HOCKEY LOOP TEAM WINS 4 TILTS IN WEEK

Local Sextet Runs up Winning Streak to Six Straight

The Thief River Falls entry in the junior hockey league ran up its winning streak to six straight games with victories during the past week over Hallock, Crookston Cathedral, East Grand Forks and the Crookston agricultural school team.

Playing at Hallock Wednesday evening of last week, the locals won by a decisive 8-1 margin, followed at Crookston Friday by a 4-2 win over the Cathedral sextet. In the latter contest LaRue Anderson scored in the first period on an assist from Froseth. In the third period Froseth scored on an assist from Anderson, while Hovie and Anderson made the final counters.

East Grand Forks went down to defeat in the arena Saturday evening by the one-sided count of 6-1. The locals Monday shut out the Crookston A. C. team 5-0, all tallies being made by Froseth on assists from Bredeson, Hovie and Anderson.

The local juniors will participate in the league play offs in Crookston, Friday and Saturday.

Women Bowlers Win Over Crookston Team by Eight Point Margin

With their pilot, brunette Ines Meyers, bowling a 541 total, averaging 180 pins a game, the Log Cabin team of the local Women's Nitehawk league defeated the Halbstadt team of Crookston by the narrow margin of 8 pins, 2145 to 2137, at Crookston last Sunday.

To Play Principal Roles in Junior Class Play Friday Evening

The group of six young Thespians shown above will play principal roles in the junior class play, "Remember the Day," which will be presented Friday evening, February 16, in the new Lincoln high school auditorium with its ample facilities for dramatic productions. The play will be given by a large cast under the direction of Miss Helen Margaret Olson. Shown in the picture, left to right, are Charles Gustafson, Jean Vielguth, Joyce Meyers, Willis Wright, George Werstlein and Ardith Thompson.

Local Six Wins Pair, Tries for First Place

With Jimmy Bronson putting on one hour and 57 minutes of shutout goal-tending, and with the Thieves' offense riddling Winnipeg's and Grafton's defenses for 21 goals, the locals won two games during the week, defeating Winnipeg on Sunday, 13 to 0, and trouncing Grafton Tuesday night, 8 to 2, to climb within one point of the league-leading Crookston Pirates.

The Thieves, by winning their two remaining games, with Winnipeg and Hallock, to be played here Saturday night and Sunday afternoon, can win the league championship; for the Pirates have only one game remaining on their schedule, with Hallock, and a win would give them 27 points, while Thieves can get 28 points by winning the two games that are coming up.

Sunday's game, played on slow ice, saw the Thieves' goal-getting offense at its best, with Mark McCaffery, the center-ice man, being the spear-head of the attack, getting 5 goals and 2 assists. Paul Kornek, the center on the 'pony' line, followed with 3 goals and 2 assists. Paul Kornek, the center on the pony line, followed with 3 goals and 2 assists; and George Beverly and Len Russell collected 2 goals each, and a single for Joe Novak.

Tuesday night's game was a repetition of the fast game that these two well-conditioned teams played here last month. After a scoreless first period, Beverly, with a minute gone in the second period, whipped a high hard shot into the net past Summers; and ten minutes later, Bev sent a similar shot past the Grafton goalie. Joe Novak and Alex Tickle registered solo scores to bring the Thieves' total to 4 at the period's end.

After seven minutes of play in the last period, Paul Kornek broke around the Grafton defense, and as he was coming in on the goalie he was hooked by LaMoine and sent sprawling. Referee Pete Ullman sent LaMoine to the 'cooler' for two minutes, and gave the Thieves a penalty shot, with Beverly making the try. Bev took the puck at center ice, skating slowly up to the red line, and rifled the puck into the right hand corner of the net, with goalie Summers hardly seeing the puck.

Bronson, who had shut out Winnipeg on Sunday, had another shut out until the 17:00 mark of the last period, when Sid Foy, during a mix-up in front of the Thieves' net, slapped home the first Grafton score. Foy got another Grafton goal 51 seconds later, when he bounced Charles' rebound into the net. Scoring for the Thieves in this last period, in addition to Bev's penalty shot, were Snooks Julien, McCaffary, and Clayton Taylor.

The summary of Sunday's game:
Thief River Falls (13) vs. Winnipeg (0)
Bronson ......goal...... Gilson
Tickle ......defense...... Johnson
Kubash ......defense...... E. Gould
Taylor ......wing...... Reid
Russell ......wing...... Fraser
McCaffery ......center...... Mackenzie

Adult Night School to See Movies This Evening

Harold F. Harrison stated today that talking motion pictures to be shown this evening at 8:30 at the regular session of the adult night school will include "The Cattleman", dealing with beef production, and another film dealing with the development of transportation facilities. The meeting will be held in the agriculture room in Lincoln high school.

Annual Meeting of Golf Club Deferred to Feb. 26

The annual meeting of the Thief River Falls Golf club, scheduled Monday, February 12, has been postponed to Monday evening, February 26, owing to the absence from the city of many club members, it was announced by Milton Larson, secretary.

Soft Water Service Is Established Locally

Establishment of the Northwest Soft Water Service in Thief River Falls is announced this week by Alvin Naplin. The agency will supply soft water service on a monthly equipment rental basis, and will service the equipment once a month while in operation in local homes and business places.

HOT PANTS FOR BARBER DOWN AT ORTONVILLE

Ortonville.—A. D. Stiles, Big Stone City barber, found things pretty hot a few days ago in his shop—in fact so hot his pants burned him. It seems the floor of his shop suddenly burst into flames—presumably from an overturned oil heater. After making an attempt to put out the fire he decided to run across the street and call the fire department. When he got into the street he found he had been too near the blaze and his pants were on fire. Before it could be put out he received burns on both legs. The fire department extinguished the flames before too much damage occurred to the shop and quick treatment to the burns prevented serious results.

The name Lombards, in conjunction with the Winnipeg entry in the States-Dominion hockey league refers to a service and storage garage in downtown Winnipeg. This garage, the Lombard, sponsors the team in the Winnipeg Senior league, and the name carries over into our league.

The battery for last Saturday night's Junior hockey game between East Grand Forks and the Thief River Hornets was K. O. Kennedy of East Grand Forks, pitching, and Andy Anderson of the Hornets, catching. There were a few minutes during the melee that Andy thought that he had gotten mixed up in the Mannerheim line. In the lulls between fights the two teams played hockey, with the Hornet scoring a 6 to 1 victory.

Has Bob DuChamp told you of the 8 points that he scored in the preliminary game last Friday night? Well, he will—and embellished with gestures.

Bones Stadum's "Daisies", the independent basketball team, played at Warroad last Sunday, and when the final tabulations of the high-scoring game were completed the score read: Daisies, 46; Warroad, 44. Individually the locals scored like this: Bones, 16 points; Lenny Helquist, 15; Roy Lee, 14; and Jewel Stadum, 1 point.

John 'Snort' Langseth, it appears, will be the Mr. Bowling of this season's bowling in the City League. Last week he rolled a 617 total, to break the record held by his team-mate Harold Olson at 611, and to bring his season's average up to 183, Harold Olson with a 176 average, is in second place. Other 170-average, or better, bowlers in the City League are Lynn Booren, 174; Emil Dostal, 172; Walt Ekeren, 172, and Jack Brackett, 171.

"Jiggs" Sinclair, the Grafton goalie that has been out of action for the past month because of a jaw fracture, will be ready to go in the nets this week. But now Grafton has lost their ace defenseman, Jack McVicar, from a broken lower jaw. Playing at Emerson last Thursday, a hard-driven puck hit McVicar on the chin, bashing in four teeth, and crushing the lower jaw bone. In fact, five of the Grafton players are keeping appointments with a dentist, having "hockey" teeth repaired.

Don't forget the Grain Belts vs Harts Bakery bowling match tomorrow night. Shorty Johnson has been giving pep talks to the other Grain Belts all week.

PROWLERS DOWN EAST GRAND FORKS BY SCORE OF 34-20

Score Easy Victory Altho Lacking Services of Three Regulars

Paced by their veteran forwards, Wayne Bredeson and Ed. Flasch, the Prowlers, with a revamped lineup that had Bill Claffy at center, Si Kompelien and Babe Peterson at the guards, completely outplayed East Grand Forks here last Friday night, to run up an easy 34 to 20 victory.

Bob Kielty, Len Furuseth, and Loren Jung were not permitted to suit up for the game; but the Prowlers appeared not to miss their services for they coasted through the zone defense set up against them by the East Siders to build up a 23 to 10 lead at the half, and a 34 to 15 score at the end of the third period. During the Prowlers first-half scoring streak, Bill Claffy counted four field goals, all on one-handed shots; Wayne Bredeson, whose free throw opened the game's scoring, pushed in three field goals; Ed. Flasch two field goals and a free throw; and Babe Peterson a field goal and a free throw; to give the Prowlers the 23 points they had at the half. The Prowlers completed their scoring in the third period, with Allen Connor dropping in two field goals; Bredeson a field goal and a free throw; and field goals by Flasch and Carlisle; bringing the Prowlers game score to 34.

Coach Lindenmeyer sent in a team of Prowler reserves to play the last period, with Denny Althoff, Orrin Peterson, and John Campbell getting their first experience as varsity players, and while these reserves were outscored, 5 to 0, they showed promise of becoming first team material in a year or two.

Bredeson with 10 points, Flasch with 7, and Claffy with 8 points, were the high scorers for the Prowlers; but the entire team played well, being aggressive on the rebounds, and sure and smooth in their team-play.

Sundin and Baker were the most effective scorers for East Grand Forks, with Sundin getting 8 points, on a field goal and six free throws; while Baker was credited with two field goals and two free throws, for 6 points.

In a rough and tumble preliminary game, the 1939 Senior Cowboys defeated Bob Kielty's F. F. A. team, 21 to 12.

Man Fined for Letting Stock Starve to Death

Twenty-seven head of livestock that starved to death on his farm resulted in a sentence of $100 fine or 90 days in jail for John F. Fox of Felton. Fox was tried after 21 sheep, three horses and three cows were found dead on his farm. Fox told the court he had no funds to purchase feed and that his farm and livestock were under mortgage.

Pairings Will be Made Today in Junior Hockey Tourney in Crookston

Possibility of a 10 team Red River Valley junior hockey tournament in Crookston loomed yesterday as the 40 et 8 committee, sponsor of the affair, met to make the pairings. Eight teams had been entered up to Tuesday but that night a Roseau entry was assured and information was requested by Breckenridge.

A tentative program was made up at the meeting but will not be released until Thursday, when it is determined how many teams will appear. Play will start on Friday afternoon and will continue through Saturday evening.

Teams now entered are Cathedral high school, Central high school and Northwest School, all of Crookston; Bemidji, East Grand Forks, Thief River Falls, McIntosh, Roseau and Hallock.

TOWN ELECTION RULES CHANGED UNDER NEW LAW

Township Voters Will Go to Polls This Year on March 12

Changes in the new election laws as governing township elections are pointed out to township officers in Minnesota. The date of the township election is the second Tuesday of March each year, which this year falls on March 12.

The clerk of the township shall give ten days notice of election by publishing such notice in a newspaper having circulation within the township or by posting such notices within the township or by both, at the direction of the voters. The polls will open sometime between the hours of 9:00 a. m. and 10:00 a. m. and must remain so open until 5:00 p. m.

All candidates for offices must file affidavits of candidacy with the clerk of the township at least two weeks prior to election. Five voters may file an application for a person whose name they wish to place on the ballot as a candidate, but in such case a copy of the application must be served upon the person whose name they wish to place upon the ballot and proof of the serving of such notice must be endorsed upon such application before filing may be made.

In all cases the filing fee for township officers is $1.00 for each candidate, to be paid to the town clerk. No candidate may be nominated by caucus.

All ballots must be printed on yellow tint paper and only the names of such candidates who have filed their affidavit of candidacy or who have been filed by application two weeks prior to the election may be placed on such printed ballot. It is, however, legal for any voter to write the name of any person other than the one whose name is printed on the ballot.

The clerk of the township shall post a sample of the printed ballot as provided by law at least ten days prior to the day of the election.

Dairymen's Group Votes Awards for 4-H Booths

[illegible] to the extent of $100 was voted for 4-H Club county fair booths in valley counties next fall by directors of the Red River Valley Dairymen's Association at a luncheon meeting held in connection with the Red River Valley Winter Shows at Crookston, Wednesday noon according to C. M. Peck, Secretary.

The group will sponsor the appearance of a prominent speaker for the creamery operators for the summer meetings. The dates selected for the annual butter contest is October 22-24, and it will be held this year in Bemidji. The committee system of judging butter entries will again be used. The Association voted to pay the expenses of dairy judging and demonstration teams competing in the 1941 Winter Shows contests. They will also provide money and plaques for winners of the Northwest School of Agriculture dairy herd improvement project.

Land Bank Commissioner Loans Will be Continued

Importance to farmers of this state of the bill recently passed by congress and signed by the President, extending the period for making land bank commissioner loans to June 1, 1942, may be seen from some figures supplied by John D. Jones, Jr., general agent of the Farm Credit Administration of St. Paul. The authority to make commissioner loans would have ended February 1, 1940 if the law had not been enacted extending this authority. Minnesota farmers borrowed over $570,000 of commissioner funds during 1939, about one-fourth of the total loans made to Minnesota farmers through the land bank.

SCHOOL BOARD MEN HOLD CONVENTION IN MINNEAPOLIS

Demand All State Income Tax Proceeds be Assigned to Schools

All state income tax revenues were demanded for educational purposes in a resolution adopted by the Minnesota School Board association at the final session of its nineteenth annual convention in the Nicollet hotel last Friday.

"Adequate appropriations to meet needs of the state education program" were insisted upon without reduction of other aids and with non-resident high school transportation aid to be paid in full "as authorized by law."

In other resolutions the association urged that:

Expenditures of school funds be confined to education of pupils of school age, to the end that local taxation be not increased, and state funds applied where they will be most beneficial to boys and girls of the state.

The burden of local taxation be not increased by an expanded policy of education.

Careful study of all legislation be continued in order to keep schools free from political influence.

John E. Casey, Jordan, Minn., publisher, was elected president of the association. Casey succeeds Dr. H. B. Clark of St. Cloud who becomes an ex-officio member of the board of directors.

Thomas O'Brien, Brainerd, was elected vice president. Directors of the nine state districts include: Ira Lambert, Chatfield, first district; J. S. Sievert, Windom, second; Axel A. Johnson, Center City, third; Mrs. F. N. Christofferson, White Bear Lake, fourth; Dr. Charles R. Drake, Minneapolis, fifth; Thomas O'Brien, Brainerd, sixth; Mrs. Maurine Allen, Canby, seventh; Arthur Swanson, Chisholm, eighth; and L. S. Miller, Crookston, ninth.

Crookston Man Heads Valley Poultry Group

At the annual meeting of the Northern Minnesota Poultry Association held Thursday afternoon, February 8, in connection with the Red River Valley Winter Shows at Crookston, the following officers were elected for 1940: President, J. P. Normann, Crookston; vice president, Wm. Chalmers, East Grand Forks; secretary-treasurer, Harold Thomforde, Crookston; superintendents, Darrell Morlan and Alfred Malmberg, Crookston. Directors: Adolph Wagand, Crookston; Alfred Malmberg, Crookston; Darrell Morlan, Crookston; J. J. Quam, Beltrami, A. M. Pitkey, Crookston; Ward Chaney, Stephen; Mrs. Eric Norrie, Crookston.

1941 R.R.V. WINTER SHOWS TO BE HELD FEBRUARY 3D TO 7

Dates Selected at Meeting of Board of Managers in Crookston

The 1941 Red River Valley Winter Shows will be held February 3 to 7, announced T. M. McCall, president of the board of managers. The annual dinner meeting of the Board, at which time these dates were decided upon, was held Friday noon in the Hotel Crookston.

Representatives of the various cooperating agencies and organizations gave reports on the week's activities. E. W. Spring, treasurer and general superintendent of admissions, reported that February 8 was the largest day attendance since 1929.

A. A. Habedank, treasurer of the Red River Valley Livestock association, reported that 519 head of livestock were entered in open classes of the livestock show, with an additional 82 head in the 4-H club classes.

R. S. Dunham, general superintendent of the crops show, reported a large increase in the numbers of exhibits of legumes and an increase in the total number of exhibitors to 222.

Harold Thomforde, secretary of the Red River Valley Poultry Association, reported the largest show of turkeys in the history of the organization. Open and 4-H club classes in chickens were slightly below last year in total entries.

Increase in Drivers License Suspensions Marks Start of 1940

Revocations and suspensions of driver's licenses, as a means to preventing repetition of those traffic law violations which cause death and injury, showed a sharp spurt upward for January of 1940. Two hundred and ninety-eight driver's licenses were revoked during the month as compared to 120 revocations in January of 1939. Only one was a woman.

An even more pronounced increase was recorded in the number of suspensions, 205 motorists being deprived of their driving rights for varying periods of time as compared to 76 for January of the previous year. Both the revocation and suspension totals each exceeded the number recorded in any other one month in the history of the driver's license law.

Hennepin County had 92 revocations and 114 suspensions; Ramsey County 50 revocations and 36 suspensions; and St. Louis County 22 revocations and six suspensions.

Of the revocations, 240 were for driving while intoxicated and 20 for driving while the drivers' license was under suspension. Seventy of the drivers who were prohibited from driving for one year did not have valid driver's licenses.

Among the suspensions, 92 were for speeding, 45 for reckless driving, 15 for having a poor driving record, and 13 for repeated disregard of signs and signals.

List Awards for Legume and Corn Exhibits at the Winter Shows Last Week

The best sample of small grain at the Red River Valley Winter Shows was a peck of wheat exhibited by G. O. Gerlach, Red Lake Falls, who receives the Red River Valley Development association cup as his reward. Paul S. Jasmer, Roosevelt, won Reserve honors with this sample.

Marshall county legumes: 1, Ole Hjelle, Newfolden, 2, Ole E. Hjelle, Newfolden. Pennington county legumes: 1, Horace Dalager, St. Hilaire; 2, Ida F. Dalager, St. Hilaire. Red Lake County legumes: 1, G. O. Gerlach, Red Lake Falls.

County corn awards: Pennington county, 1 and 2, Horace Dalager, St. Hilaire. Red Lake county, 1, Geo. Hess, R. L. Falls; 2, Ray Sorvig, R. L. F.

Livestock Sale Held at Crookston Was Success

"We had an excellent sale and the largest crowd ever to attend a livestock sale at Crookston", said A. J. Dexter, Agricultural Development Agent of the Northern Pacific Railway Co., and manager of the sale. Total gross receipts from the sale of 60 head of sheep, swine, and cattle Thursday in connection with the Red River Valley Winter Shows at Crookston was $2,550.50. Consignors expressed themselves as pleased with the prices received. High sales included that a 2 year old Hampshire ewe, consigned by A. Johnstad & Son, Beltrami, which was purchased by Vernon Magnuson of Roseau for $35, yearling Shropshire ewe consigned by the University of Minnesota was sold for $31 to A. [illegible] of Goodridge. A Hereford bull consigned by L. R. Sheldahl of Fertile sold for $152.50 to Fred Doyen of Dorothy, and a Holstein bull consigned by E. E. Carmen of Ada sold for $125 to Manuel Egeland of Fisher. In hogs, a Duroc Jersey gilt consigned by A. Mareshen & Son, Beltrami sold for $36 to George A. Page, Beltrami, and a Poland China gilt consigned by J. M. Sargent, Crookston, sold to Earl Wardell, Crookston for $33.

Financed through an endowment gift to the University by William J. Murphy, the late publisher of the Minneapolis Tribune, this new building opened last week cost $275,000, 45 per cent of which was granted by PWA. Function of the building and department it houses is to give the state better-educated newspaper workers. It is the best journalism training building in the world.

GRYGLA

Buffalo Barbeque

Have you ever tasted Buffalo meat? It's delicious and if you'd like a taste then don't fail to attend the annual meeting of the Sportsmen club which will be held next Thursday, February 22, at the R. N. W. Hall.

The meeting held last Monday evening was a reorganization meeting, however the election of officers was left until the coming annual meeting. On Monday evening the following committees were appointed to take care of the Sensation of the Day, "A Buffalo Barbeque Feed". On the entertainment committee are, Clarence Dorsen, Sofus Bjertness and Ferdie Brown. They are already at work and are planning for a full evenings entertainment.

On the "feed" committee are Elmer Hylland, Ludvig Dalos, Harold Bush, Carl Holbrook and Ole Peterson. There are so many on this committee because they are not so very experienced in the line of Buffalo hunting and rumors have it that they will try the "salt on tail" method of running down their prey.

On the advertising committee are Orvis Fladeland and Cliff Lunde. Very likely their Indian runners will be out your way to invite you, at any rate come one, come all as this is planned to be one of the biggest affairs that this local club has ever had.

Farm and Home Week Visitors

Mr. and Mrs. Dale Smith, assistant county agent of Beltrami county were accompanied by Mrs. Schroeder of Bemidji, Mrs. Stenke of Bemidji and Mrs. W. Holthusen of Grygla on their visit to the Farm and Home week in St. Paul.

The Ladies attended the Home Economics meeting. There were from 12 to 16 subjects discussed and spoken on by experts every day. The first speaker on Home Economics was Miss Wylle B. McNeal. Her subjects was "The Family Looks Into the Future". Things stressed by Miss McNeal were better housing conditions, lights, especially good lights for the school children doing home work, more sanitation and good nutrition both of which lead to better health, and safer homes. She pointed out that more fatal accidents occur in the home than in cars or on farms. A bad place in many homes are the unsteady stairs with no handrails leading to a dark cellar. This condition could be remedied in most any home with very little effort. Poisons left on low shelves is also very unnecessary. She suggested taking an inventory of all unsafe places. Miss McNeal said that recreation for the children should center in the home. With a little thinking, planning and doing by the family plenty of inexpensive recreation can be provided in the home.

Mr. C. D. Schultz spoke on "Selecting Shoes". He illustrated his lecture with charts which showed the position of the foot and toe in various types of well fitting and ill fitting shoes. He said that 100 per cent of the foot troubles can be avoided when taken in time. A person should always throw away old spike heeled shoes as they are not fit to wear for every day. Over 90 per cent of the people buy their shoes too small. A good fitting shoe should have room for the breadth of a finger between actual toes and toe of shoe. All children should be 16 years old before wearing spike heel.

Miss Charlotte Kirchner talked on "The Outdoor Living Rom". What do you see in your outdoor living room, that is, when you look out of your window? Miss Kirchner had moving pictures in technicolor that showed tidy and beautiful as well as untidy and ugly outdoor living rooms. She stressed the point that most of the time, a day or two of work will fix up a yard to look really nice.

Miss Gladys Gilpin talked on The use of Fruits and Vegetables. She had a display of fruits and vegetables, among them were, limes, avocadoes, quince, kumquats tangarines, Chinese celery, oyster plant, brocolli, egg plant, brussels sprouts, French endive and artichokes.

There were many other equally good speakers. Several interesting items taken from Miss Bess Rowe's talk include, a display of stockings and gloves made from 100 per cent Nylon yarns (remember reading about the new Nylon yarn stockings on display at the Red Lake Fuel company, mentioned in last week's paper?) A fine rayon neophil sewing thread made of Nylon fine glass yarn and a pot holder made of fiberglass. It is anything but fragile, you can bend it, squeeze it, crush it in your hand. Fiberglass is an insulator against both cold and heat. To clean this pot holder simply rinse in hot soapy water. Ah—what a holder! Casein fiber is another new by-product of milk. A lanital and wool cloth was shown in samples of green, black, yellow, plaids and also plain colors.

One more last comment, Dr. Clyde Bailey who spoke on "Types of Flour on the Market" also mentioned that in the larger cities, grades of beef are stamped on the meat when sold. Different grades are, U. S. prime, choice good, commercial, utility, cutter and canner.

All in all to attend a Farm and Home Week conference is exceptionally interesting as well as educational.

Children Treated

Misses Mae Upton and Ida Mae Winger took their pupils that wanted to go from their schools to Bemidji last Thursday to see the Paul Bunyan Carnival. Last Thursday was children's Day there. All the children received a free lunch at the Sports Arena at noon Thursday. They also saw some good exhibition skating. Then some Bemidji busses took the visiting children to see the city. They visited the high school and State Teachers College, power plant, box factory, Pioneer printing office and the David Park creamery.

HAVE YOU ANY LEFT-OVER MINCEMEAT?

IF YOUR family begins showing a very lukewarm attitude toward mincemeat pie while you still have a good stock of mincemeat on hand, try some Mincemeat Cookies. They're the kind of delicious, spicy, fruity drop cookies that everybody enjoys.

Mincemeat Cookies

- 1 cup shortening
- 2 cups brown sugar
- 2 eggs
- ½ cup liquid (cold coffee and juice drained from the mincemeat)
- 3½ cups all-purpose flour
- 1 tsp. soda
- 1 tsp. salt
- 2 cups well-drained mincemeat
- 1¼ cups chopped nuts

Cream shortening, add sugar gradually, and cream well. Blend in well beaten eggs and liquid. Sift flour once before measuring. Sift flour, soda and salt together, and add to first mixture. Blend in mincemeat and nuts. Drop by teaspoonfuls about 2½ inches apart on greased heavy cooky sheet. Bake 15 to 18 minutes in a moderately hot oven, 400° F. This makes 7 to 8 dozen cookies.

And here's a recipe for an interesting mincemeat dessert you can make quickly and easily. It's the same principle as an Apple Roll. Only we call it Mincemeat Whirls:

Mincemeat Whirls

- 1 cup well drained mincemeat
- 1½ cups brown sugar
- 2 cups water
- Biscuit or Shortcake Dough

Drain mincemeat well. Put juice into an 8-inch square pan (2 inches deep). Add brown sugar and water, and cook 5 minutes over low heat. Roll out Biscuit or Shortcake Dough ½ inch thick, in oblong shape. Spread with well drained mincemeat. Roll up like a jelly roll. Cut into 1½-inch slices. Place slices cut side down in pan of hot syrup. Bake immediately for 25 minutes in a hot oven, 450° F. Serve hot with the hot syrup . . . and with cream, too, if desired. This makes 8 or 9 servings.

Or, perhaps, you need a cake for some occasion. Then try a moist fruity mincemeat cake. You bake it in a square loaf cake pan and serve "as is". However, if a cake isn't complete for you unless it has an icing, you'll find this Mincemeat Cake is quite elegant with either a satiny white icing or a creamy flavorful mocha topping.

Mincemeat Cake

- ½ cup shortening
- 1 cup sugar
- 2 eggs
- 1½ cups cake flour
- or
- 1⅜ cups all-purpose flour
- ½ tsp. salt
- 2 tsp. baking powder
- ½ cup milk
- 1 cup well drained mincemeat

Cream shortening, add sugar gradually, and cream until fluffy. Blend in well beaten egg yolks. Sift flour once before measuring. Sift flour, salt and baking powder together 3 times, and add to creamed mixture alternately with the milk. Carefully stir in well drained mincemeat. Fold in egg whites beaten until stiff but not dry. Pour into a well greased and floured 8-inch square pan (2 inches deep). Bake 50 to 60 minutes in a moderate oven, 350° F.

Reiner Ladies aid meets at John Miller the 23rd of February. Every lady welcome.

SMILEY

The benefit dance for Finland given by the Smiley Community club at the hall Saturday was a huge success. Forty-one dollars was derived from the dance. The music was grand, supplied by Ben Zymanski of Kratka and another new six-piece orchestra recently organized, including two local lads, Ove and Arnold Nordahl. These boys will stage another dance at the hall this coming Saturday evening, Feb. 17. Through this column does the Smiley Community Club wish to express their most sincere appreciation to those good folks who were more than glad and willing to help make the benefit dance a success. Their "sheckels" will be properly turned over to proper authorities immediately, with the knowledge that it will contribute a lot to the welfare of those gallant Finns!

Mr. and Mrs. Johnny Nelson were visitors at the George Ege home in Thief River Falls Thursday. Mr. Ege is an old friend of the Nelson's having known them when he lived in Thief River Falls many years ago.

Mr. and Mrs. Art Udstrand and children Gloria and Rolland of Holt called at the home of their cousins, Mr. and Mrs. Ted Markus.

Mr. and Mrs. Freeman Allen attended the Winter Shows in Crookston Thursday.

Stork Shower

Mrs. William Grundhaus (Marcelene Ranum) was honored at a parcel shower at her home Wednesday afternoon, when a large group of women gathered there to tender her gifts for her future "wee" one. Those helping to make the affair a pleasant one were the Mesdames John Johnson, Frank Orr, Carl E. Olson, Howard Christie, O. N. Olson, Mark Olson, John Ranum, Jim McCrum, Lou Cheney, Knute Austad, Edward Grundhaus, Carl Lindholm, Henry Bolstad, Ray Chester, Herman Rude, Otto Myhrer, Jake O'Hara, Joe LaCrosse, Ada Jonle, Gilfred Sannes, Armand Corriveau, Alvin Anseby, Wilbert Jablinski, Roy Rude, Ted Markus, Obert Morbin, the following ladies came from Viking and Rosewood: Mesdames Alfred Ranum, the honored guest's mother, John Halvorson, Lewis Halvorson, Arthur Olson, Otto Erickson, Morris Halvorson, Emil Shern, George Schulke, John Olson, and Raymond Halvorson. The Misses Clara Olson, Geneva Overum, Arlene Ranum, and Elfa Chester.

Margit Lokken of Hazel spent from Friday to Monday with her sister Mrs. Herman Rude, taking charge of the household while Mrs. Rude and her daughter Betty Ann were ill with the flu.

Among those who made the journey to Terrebonne Sunday to view the Ski Jumping tourney were, Lewis, Arthur, Lynn, Melvin, Maurice and Ann Steuseth, Delores Lendobeja, Herman Belawenger, Elling Kjornes, Lawrence Lane and Norton Nelson. It was a very interesting affair with men from Grand Forks, Thief River Falls, Terrebonne, Crookston, Minneapolis and Red Lake Falls taking part. A man from Grand Forks won the honors by jumping over a hundred feet. Those from Thief River who took part in the tourney were Harry and Roy Oen and Chester Anderson.

Sunday dinner guests at the Walter Lendobeja home were Mr. and Mrs. Richard Lund of San Gabriel, Calif., Mr. and Mrs. Charles Svensgaard and sons Dale and Billy of Mavie, Mr. and Mrs. Jim McCrum and children, Bruce and Marilyn, Leon Lendobeja, Will McCrum, and Alfred Olson of Mavie.

Helperettes Club

The first meeting of the current Helperettes club year was held at the Jim McCrum home Wednesday afternoon with Mrs. McCrum as hostess. The afternoon was spent in crocheting and other needlework before a lunch was served. Mrs. McCrum centered her lunch around a bowl of "Chili con carne". The members decided to make friendship quilt blocks for each other this year besides their own fancy work. At the next meeting at the home of Mrs. Carl Lindholm, Wednesday, March 13, the members will each bring any bright colored piece of woolen goods and yarn enough to work on your name written on the piece of woolen goods. These pieces of embroidered names will be turned over to each hostess who may select any material she wishes the members to bring. Mrs. Lindholm wants a woolen quilt. Any size and shape of woolen material may be brought together with your yarn, needle and scissor.

Birthday Parties

Members of the Burtness family honored their dad, Nels Burtness, on his birthday last week by celebrating with a big "feed" at his home. Those present were Mr. and Mrs. Harold Matzke and children, Mrs. Gertrude Sundberg and sons, Mr. and Mrs. John Burtness and children, the John Grans of Thief River Falls, Mrs. O. J. Olson and sons and Olaf Larson.

Mrs. Leonard Helgeland entertained some folks at her place Saturday afternoon to honor her daughter Jean's fifth birthday. A beautiful green and white decorated birthday cake and Valentine box of candy were the main idea of the afternoon's feast. Those contributing to the celebration were Mr. and Mrs. Clifford Helgeland, Mrs. A. B. Newton, Mrs. Ida Bjorge, Mrs. Ole Newton, Mrs. Willis Roese and daughter Delores.

Mr. and Mrs. Knute Yatesund and son Thomas of Rocksbury and Henry Johnson were visitors at the Oscar Anderson home Sunday.

Ed Engen, Bill Vicarious and Johnny Ristau were among the throng that attended the Winter Carnival at Bemidji Saturday.

Mr. and Mrs. Emil Thune were Sunday visitors at the Herman Stroberg home in Rocksbury.

Among the numerous relatives who attended the funeral rites on Thursday at Holt for Markus Udstrand who died at Warren a week ago Sunday at the age of eighty-one years, were Mr. and Mrs. Ted Markus. Mrs. Markus was his niece.

Mrs. Norton Nelson was genuinely surprised Sunday when a group of her brothers and sisters pounced upon her household with gifts and eats to honor her birthday. They were Mr. and Mrs. Henry Hegrenes of Fosston, Mr. and Mrs. Knute Knutson of Kratka, Mr. and Mrs. Casper Hegrenes and Mr. and Mrs. Edward Leiran of Silverton and Mr. and Mrs. Einar Barstad of Thief River Falls. They all brought their youngsters along too. Mrs. Barstad had baked the lovely birthday cake.

Mr. and Mrs. Owen Weckwerth accompanied by their son and daughter-in-law, Mr. and Mrs. Clarence Weckwerth and daughter "Lorie Lou" returned Friday from a trip to Waseca where they attended the funeral of Mr. Weckwerth's aunt, Mrs. Emil Weckwerth. The party made the trip home in eight hours, traveling over four hundred miles by way of the Cities. During the absence of the elder Weckwerth's, Miss Evelyn Nelson stayed at their home to take charge of the house and family.

Mr. and Mrs. Adam Lendobeja and daughter Dianna were Sunday dinner guests at the Bert Johnson home.

Joint 4-H Meeting

Announcement is being made herewith of a joint Smiley and Silverton 4-H club meeting to be held at the Leonard Helgeland home on Wednesday evening, Feb. 28. All young folks of club age, ten to twenty are urged to be present. Mrs. Willis Roese and Mrs. Leonard Helgeland, the adult leaders for Smiley, wish to have the club members who have already received enrollment cards to be sure to bring them to this meeting, that is, if they have not already been turned in to the County Agent's office. It is not too late to enroll so be sure and come that evening, whether you enroll or not.

Chester Rude and his mother, Mrs. John Rude and the LaVoy Rude's of Karlstad were Friday visitors at the Herman Rude home.

Henry Bolstad and Joe Knutson motored to Crookston Thursday where they atended the Winter Shows. Other Smileyites noticeable down there that day were Waldie Christenson, Christ Larson, Gaje and Erland Anderson.

Ed Grundhaus took a load of cattle to St. Paul last week and is spending an indefinite time with relatives around Wabash.

Mr. and Mrs. Ted Markus were hosts to the following relatives at dinner Sunday at their home, Mrs. Elsie Udstrand and sons Bernard and Jim and daughter Mabel of Holt, Mr. and Mrs. Art Zacharias of Warren, Mrs. Ted Enge and daughter Marinette of Yakima, Washington, and Mrs. H. Lampland of Grand Forks.

A. B. Waller left Monday for his home in Brinsmade, N. D., after having spent the past week at the home of his daughter, Mrs. Mark Olson and at the Carlie Johnson home in Thief River Falls. Another daughter, Miss Florence accompanied him home for an indefinite stay.

Selmer and John Erickson, Geo. Vraa and Pete Refness, of Goodridge spent Thursday evening at the Ted Markus home.

An unfortunate accident occurred a couple weeks ago when Mr. and Mrs. Earl Moore and children were returning to their home in Cheyenne, Wyoming after having been called here by the serious illness of Mr. Moore's mother, Grandma Moore at the Hilmer Carlson home. As the party neared Red Lake Falls their car collided and all were thrown out of the car and all escaped with minor bruises except a five year old daughter, Wanda, who was rushed by ambulance to a hospital in Thief River Falls with her leg broken in two places. She was in quite a serious condition for a time, but is improving nicely now. Her parents are staying at the Hilmer Carlson home.

SCHOOL NOTES

The local declamation contest will be held at Plummer on Tuesday evening, Feb. 20. Due to the fact that there has been a change in the type of work in speech for this year not as many pupils will compete as in former years. There will be no one participating in the extemporaneous speech division. This program will be held in connection with the regular P. T. A. meeting.

A schedule for the use of the kitchen by the Campfire groups has been worked out. The group under the guardianship of Miss Enderle will meet Monday evening in the schoolhouse, the group under Miss Aaker on Tuesday evenings, and the group under Miss Schoenaur, Thursday evening.

The music directors of the different schools representing this district met with the Agassiz Club at the Lyden Hotel Wednesday evening, February 14, for the purpose of discussing plans for the music festival to be held in Thief River Falls sometime this spring. Miss Gjesdal represented the Plummer school.

Members of the Biology class were surprised by the unusual, for this time of the year, specimen brought in by Ludger Langtin. He surprised the class by exhibiting a real live frog that he had picked up over the weekend. This real live and kicking frog picked up on the 11th of February seems to disprove the oft quoted statement that winters are severe in Northern Minnesota.

NORDEN

Mrs. Herman Amundson and sister-in-law, Mrs. Hegness and daughter from Fordville were callers at the Gerhard Hanson home of Thursday afternoon.

Mr. and Mrs. William Pederson of Drayton were dinner guests at the Marvin Johnson home Sunday.

Wallace Olson of Thief River Falls was a supper guest at the Carl Berg home Saturday evening.

HAVE YOU ANY LEFT-OVER MINCEMEAT?

IF YOUR family begins showing a very lukewarm attitude toward mincemeat pie while you still have a good stock of mincemeat on hand, try some *Mincemeat Cookies*. They're the kind of delicious, spicy, fruity drop cookies that everybody enjoys.

Mincemeat Cookies

- 1 cup shortening
- 2 cups brown sugar
- 2 eggs
- ½ cup liquid (cold coffee and juice drained from the mincemeat)
- 3½ cups all-purpose flour
- 1 tsp. soda
- 1 tsp. salt
- 2 cups well drained mincemeat
- 1¼ cups chopped nuts

Cream shortening, add sugar gradually, and cream well. Blend in well beaten eggs and liquid. Sift flour once before measuring. Sift flour, soda and salt together, and add to first mixture. Blend in mincemeat and nuts. Drop by teaspoonfuls about 2½ inches apart on greased heavy cooky sheet. Bake 15 to 18 minutes in a moderately hot oven, 400° F. This makes 7 to 8 dozen cookies.

And here's a recipe for an interesting mincemeat dessert you can make quickly and easily. It's the same principle as an Apple Roll. Only we call it Mincemeat Whirls:

Mincemeat Whirls

- 1 cup well drained mincemeat
- 1½ cups brown sugar
- 2 cups water
- Biscuit or Shortcake Dough

Drain mincemeat well. Put juice into an 8-inch square pan (2 inches deep). Add brown sugar and water, and cook 5 minutes over low heat. Roll out Biscuit or Shortcake Dough ½ inch thick, in oblong shape. Spread with well drained mincemeat. Roll up like a jelly roll. Cut into 1½-inch slices. Place slices cut side down in pan of hot syrup. Bake immediately for 25 minutes in a hot oven, 450° F. Serve hot with the hot syrup . . . and with cream, too, if desired. This makes 8 or 9 servings.

Or, perhaps, you need a cake for some occasion. Then try a moist fruity mincemeat cake. You bake it in a square loaf cake pan and serve "as is". However, if a cake isn't complete for you unless it has an icing, you'll find this Mincemeat Cake is quite elegant with either a satiny white icing or a creamy flavorful mocha topping.

Mincemeat Cake

- ⅓ cup shortening
- 1 cup sugar
- 2 eggs
- 1⅔ cups cake flour
- or
- 1½ cups all-purpose flour
- ½ tsp. salt
- 2 tsp. baking powder
- ⅔ cup milk
- 1 cup well drained mincemeat

Cream shortening, add sugar gradually, and cream until fluffy. Blend in well beaten egg yolks. Sift flour once before measuring. Sift flour, salt and baking powder together 3 times, and add to creamed mixture alternately with the milk. Carefully stir in well drained mincemeat. Fold in egg whites beaten until stiff but not dry. Pour into a well greased and floured 8-inch square pan (2 inches deep). Bake 50 to 60 minutes in a moderate oven, 350° F.

SMILEY

The benefit dance for Finland given by the Smiley Community club at the hall Saturday was a huge success. Forty-one dollars was derived from the dance. The music was grand, supplied by Ben Zymanski of Kratka and another new six-piece orcestra recently organized, including two local lads, Ove and Arnold Nordahl. These boys will stage another dance at the hall this coming Saturday evening, Feb. 17. Through this column does the Smiley Community Club wish to express their most sincere appreciation to those good folks who were more than glad and willing to help make the benefit dance a success. Their "sheckels" will be properly turned over to proper authorities immediately, with the knowledge that it will contribute a lot to the welfare of those gallant Finns!

Mr. and Mrs. Johnny Nelson were visitors at the George Ege home in Thief River Falls Thursday. Mr. Ege is an old friend of the Nelson's having known them when he lived in Thief River Falls many years ago.

Helperettes Club

The first meeting of the current Helperettes club year was held at the Jim McCrum home Wednesday afternoon with Mrs. McCrum as hostess. The afternoon was spent in crocheting and other needlework before a lunch was served. Mrs. McCrum centered her lunch around a bowl of "Club con carne". The members decided to make friendship quilt blocks for each other this year besides their own fancy work. At the next meeting at the home of Mrs. Carl Lindholm, Wednesday, March 13, the members will each bring any bright colored piece of woolen goods and yarn enough to work on your name written on the piece of woolen goods. These pieces of embroidered names will be turned over to each hostess who may select any material she wishes the members to bring. Mrs. Lindholm wants a woolen quilt. Any size and shape of woolen material may be brought together with your yarn, needle and scissor.

Birthday Parties

Members of the Burtness family honored their dad, Nels Burtness, on his birthday last week by celebrating with a big "feed" at his home. Those present were Mr. and Mrs. Harold Matske and children, Mrs. Gertrude Sundberg and sons, Mr. and Mrs. John Burtness and children, the John Grans of Thief River Falls, Mrs. O. J. Olson and sons and Olaf Larson.

Mrs. Leonard Helgeland entertained some folks at her place Saturday afternoon to honor her daughter Jean's fifth birthday. A beautiful green and white decorated birthday cake and Valentine box of candy were the main idea of the afternoon's feast. Those contributing to the celebration were Mr. and Mrs. Clifford Helgeland, Mrs. A. B. Newton, Mrs. Ida Bjorge, Mrs. Ole Newton, Mrs. Willis Roese and daughter Delores.

Mr. and Mrs. Knute Yatesund and son Thomas of Rocksbury and Henry Johnson were visitors at the Oscar Anderson home Sunday.

Ed Engen, Bill Vicarious and Johnny Ristau were among the throng that attended the Winter Carnival at Bemidji Saturday.

Mr. and Mrs. Emil Thune were Sunday visitors at the Herman Stroberg home in Rocksbury.

Among the numerous relatives who attended the funeral rites on Thursday at Holt for Markus Ulstrand who died at Warren a week ago Sunday at the age of eighty-one years, were Mr. and Mrs. Ted Markus. Mrs. Markus was his niece.

Mrs. Norton Nelson was genuinely surprised Sunday when a group of her brothers and sisters pounced upon her household with gifts and eats to honor her birthday. They were Mr. and Mrs. Henry Hegrenes of Fosston, Mr. and Mrs. Knute Knutson of Kratka, Mr. and Mrs. Casper Hegrenes and Mr. and Mrs. Edward Leiran of Silverton and Mr. and Mrs. Einar Barstad of Thief River Falls. They all brought their youngsters along too. Mrs. Barstad had baked the lovely birthday cake.

Mr. and Mrs. Owen Weckwerth, accompanied by their son and daughter-in-law, Mr. and Mrs. Clarence Weckwerth and daughter "Lorie Lou" returned Friday from a trip to Waseca where they attended the funeral of Mr. Weckwerth's aunt, Mrs. Emil Weckwerth. The party made the trip home in eight hours, traveling over four hundred miles by way of the Cities. During the absence of the elder Weckwerth's, Miss Evelyn Nelson stayed at their home to take charge of the house and family.

Mr. and Mrs. Adam Lendobeja and daughter Dianna were Sunday dinner guests at the Bert Johnson home.

Joint 4-H Meeting

Announcement is being made herewith of a joint Smiley and Silverton 4-H club meeting to be held at the Leonard Helgeland home on Wednesday evening, Feb. 28. All young folks of club age, ten to twenty are urged to be present. Mrs. Willis Roese and Mrs. Leonard Helgeland, the adult leaders for Smiley, wish to have the club members who have already received enrollment cards to be sure to bring them to this meeting, that is, if they have not already been turned in to the County Agent's office. It is not too late to enroll so be sure and come that evening, whether you enroll or not.

Chester Rude and his mother, Mrs. John Rude and the LaVoy Rude's of Karlstad were Friday visitors at the Herman Rude home.

Henry Holstad and Joe Knutson motored to Crookston Thursday where they atended the Winter Shows. Other Smileyites noticeable down there that day were Waldie Christenson, Christ Larson, Gole and Erland Anderson.

Ed Grundhaus took a load of cattle to St. Paul last week and is spending an indefinite time with relatives around Wabash.

Mr. and Mrs. Ted Markus were hosts to the following relatives at dinner Sunday at their home, Mrs. Elsie Ulstrand and sons Bernard and Jim and daughter Mabel of Holt, Mr. and Mrs. Art Zacharias of Warren, Mrs. Ted Enge and daughter Marinette of Yakima, Washington, and Mrs. H. Lamplund of Grand Forks.

A. B. Waller left Monday for his home in Brinsmade, N. D., after having spent the past week at the home of his daughter, Mrs. Mark Olson and at the Carlie Johnson home in Thief River Falls. Another daughter, Miss Florence accompanied him home for an indefinite stay.

Selmer and John Erickson, Geo. Vraa and Pete Refsness, of Goodridge spent Thursday evening at the Ted Markus home.

An unfortunate accident occurred a couple weeks ago when Mr. and Mrs. Earl Moore and children were returning to their home in Cheyenne, Wyoming after having been called here by the serious illness of Mr. Moore's mother, Grandma Moore at the Hilmer Carlson home. As the party neared Red Lake Falls their car collided and all were thrown out of the car and all escaped with minor bruises except a five year old daughter, Wanda, who was rushed by ambulance to a hospital in Thief River Falls with her leg broken in two places. She was in quite a serious condition for a time, but is improving nicely now. Her parents are staying at the Hilmer Carlson home.

Meaning in Birds' Songs

As a rule the singing of birds denotes some happy emotion, and thereby hangs a weather sign. When birds cease to sing bad weather is likely to come, for the birds' silence is due to depression at the atmospheric change. Birds depend more on the weather than we do, and are easily elated or saddened by it.

BEVERLY DURBAHN OF POLK CO. 1ST IN R. R. V. SPELLDOWN

Ruth Meyer of Marshall Co. Wins Second Place In Crookston Event

Picture if you will, fond parents watching and hoping, hopeful teachers breathing quickly in suspense, and 10 bright eyed county champions, alert and eager to catch the next word and win—they you have a minds-eye view of what went on at the 26th annual Red River Valley championship spelling contest today, held Friday in connection with the Red River Valley Winter Shows at Crookston.

Twelve year old Beverly Durbahn, Angus, Polk county, won the contest, and the cup and banner provided by the Red River Valley Development Association for the event. Her teacher is Selma Ingvalson. Beverly likes to ride a Shetland pony, and is in the eighth grade. Second was Ruth Meyer, of the Steiner community in Marshall county, and third was Doris Davis, Clearwater county.

The contest started in the morning, and continued on into the afternoon under the direction of a special superintendents' committee. A spell down and written tests were used as a basis for selecting winners. Free trips to the event were provided county winners by the Development Association.

Other counties entered were: Wilkin, Norman, Mahnomen, Becker, Ottertail, Kittson, Red Lake and Pennington.

Keep Livestock Growing Steadily, Dean Coffey Advises at Crookston

"Grow your livestock quickly, keep them healthy and growing constantly from birth to the time that they are ready for market, if you wish to secure top prices today", said Dean Walter C. Coffey, dean of the department of agriculture, University of Minnesota, before a large crowd of livestock breeders at the Red River Valley Winter Shows, Wednesday afternoon.

"There is a good demand for properly grown, properly fed, and properly fattened livestock but the consumers have now come to expect and demand meat from well bred, and properly conditioned animals. We know that qualities of toughness may be transmitted through inheritance of offspring Coffey said "and therefore some form of progeny testing or record keeping is needed by the modern livestock producer."

He cited the development of super-markets and large scale retail organizations that are now demanding top quality meat for their customers and advised Red River Valley livestock producers to plan their livestock production schedules so that these modern demands may be met.

Glacier Priest Heard by Big Crowd at Crookston

The capacity of the Crookston Armory was not sufficient to hold all those who wished to hear the address of the Rev. Bernhard R. Hubbard, S. J., the Glacier priest, in the closing address of the Winter Shows program Friday evening. The large audience left the Armory with a far more accurate and more complete picture of Alaska, its peoples, its resources, and its topographical characteristics, than could have been gained elsewhere in much more time than the illustrated lecture of the Glacier Priest required.

Announce Lecturer for 1940 Session of Luther League Bible Campers

Announcement is made this week by the program committee of the Lake of the Woods Luther League Bible Camp that the Rev. Andrew Burgess, Minneapolis, will be lecturer on Foreign Missions and show pictures of Mission fields at the 1940 session of the camp to be conducted at the beautiful camp grounds on Rainy River near Baudette, Minn. June 17-23 next. Rev. Burgess has been missionary both in China and Madagascar and is well known as world traveller, author, and lecturer.

Other members secured for the 1940 faculty of the camp are the Rev. A. L. Abrahamson, Morris, Illinois, a former pastor at Badger, who will give the evening inspirational address; the Rev. H. O. Anson, local pastor at Baudette and energetic camp worker, who will conduct the morning Bible studies; and Miss Crystal Gjesdal, Minneapolis, as counsellor and speaker on Youth Problems. Miss Gjesdal is connected with the officers of the International Young People's Luther League.

Other details of the summer camp are being outlined by the program committee. The Reverends R. M. Fjelstad, Thief River Falls, T. C. L. Hanson, Holt, and L. M. Larsen, Stephen are members of this committee.

RRV Livestock Breeders Group Elects Directors

The Red River Valley Livestock Breeder's association last Wednesday at Crookston re-elected all officers for 1940. Directors named for three years are, E. E. Carmen, Ada; J. H. Sargent, Crookston; Paul Engelstad, Thief River Falls. Members of the advisory board elected for a two year period are: E. R. Sheldahl, Perley; H. M. Dale, Moorhead; C. O. Gunhus, Fosston; Gordon Clow, Lancaster; L. Jensen, Clearbrook, and Theo Sanden, Mahnomen.

Association members held their meeting in connection with the Red River Valley Winter Shows at Crookston. Discussion of livestock exhibit classes and judging arrangements for the 1940 Winter Shows was the chief item of business.

ROAD CHIEF CITES DECLINE IN STATE HIGHWAY REVENUE

Compares Present Situation With That Prevailing in 1927-32

The people of Minnesota have actually provided nearly $25,000,000 less of state revenues for the support of their 11,400 mile trunk highway system during the 1932-1938 six-year period than they provided during the preceeding six-year period for support of a 7,000 mile trunk highway system, Highway Commissioner M. J. Hoffman disclosed at the Minnesota Association of County Commissioners' state convention in Minneapolis late last week.

Discussing prevalent erroneous public impressions in matters of highway financing, Mr. Hoffmann pointed out that from 1927 to 1932 inclusive, before the 1933 legislature increased trunk highway mileage by some 4,400 miles, the state highway department's receipts from all sources, state and federal, totalled $156,635,000. During this period the department received only 2 cents a gallon from gas taxes but was collecting more than $10,000,000 annually from motor vehicle license fees, and had available $29,253,140 in proceeds from bond issues.

Then the same legislature which added all of the additional routes to the trunk system simultaneously reduced motor vehicle license fee revenues by about $4,000,000 a year. During the succeeding six years, from 1933 to 1938 inclusive, with a 65 per cent larger system, the state highway department revenues totalled $157,663,000. Increased gas tax revenues were offset by reduced motor vehicle license fees and the fact that only $11,201,686 in bond proceeds were available during this period.

Receipts for the latter period included $41,728,000 in direct federal grants. In all, revenues for the latter six-year period included $25,840,000 more federal money than had been allotted to Minnesota during the previous six years. This meant, he explained, that the people of Minnesota, during the latter period, provided $21,814,000 less of state revenues for the support of 11,400 miles of trunk highways than they had provided during the previous six years for 7,000 miles.

Mr. Hoffman told the county commissioners that by utilizing all possible state money to take advantage of a maximum amount of federal aid, including $1,228,000 in grade crossing funds which do not require matching, revenues in prospect from all sources indicate a potential construction program of approximately $11,000,000 this year.

We suppose that if this war lasts seven or eight years we can't get used to the name of Goebbels.

Haff (Himself)

Somehow it reminds us of that fellow who was called to a witness stand in a copyright case. The grim old judge asked his name.

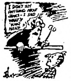
"Tudor Jenks," he said.

"What?" boomed the judge.

"Tudor Jenks. Tudor Jenks!" replied the witness.

The judge stiffened and said in cool dignity:

"Will the witness stop making that funny noise and tell the court his name?"



I DIDN'T SAY ANYTHING ABOUT JENKS—I SAID WHAT'S YOUR NAME?

A diseased hypothalamus put an eastern neurologist's patient in the highly embarrassing situation of suddenly going to sleep with loud snores or kissing a girl in a taxicab.

Don't be too quick to blame the patient's hypothalamus, Doctor. Ourselves, we'd eye that girl suspiciously; she may be horribly deficient in oomph.

T.R.F. CREAMER[illegible] STOCKHOLDERS VOTE FOR L.O'L.

Directors to Sign Butter Marketing Contract with Co-op.

RECORD ATTENDANCE AT MEETING MONDAY

Creamery Produced Total of 952,043 Pounds Butter in Past Year

At the annual meeting Monday afternoon featured by the largest attendance in recent years, far exceeding the capacity of the Sons of Norway hall, members of the Thief River Falls co-operative creamery heard a report by Manager G. S. Bergland on the largest volume of business in the history of the institution, and after a brief discussion, the shareholders voted by the decisive margin of 76 to 17 to resume the creamery's affiliation with Land O'Lakes Creameries after a lapse of two years.

John Funnesdahl was reelected to serve as a director for a three year term, and was retained as president at the board's organization meeting held later in the afternoon other officers being Hans Anton, vice president; and Christ Nelson, secretary. It was indicated that the board would take early action to enter into a butter marketing contract with the Land O'Lakes.

At the shareholders' meeting Stuart McLeod, a director of Land O'Lakes Creameries, explained the co-operative's butter marketing setup, stating that it is serving 700 Minnesota creameries. He stated that only a few major private butter marketing concerns still remain in the field, and he told of the price-stabilizing work being done by the national Dairy Products Marketing organization headed by John Brandt.

L. O. Stenseth, perennial opponent of Land O'Lakes, spoke in criticism of the organization, referring to conditions five or six years ago.

Appearing at the request of the board, Attorney Paul Lundgren stated that a vote by the shareholders on the question of rejoining Land O'Lakes would be entirely legal in that it would be merely a straw vote for the guidance of the board of directors. The vote was then taken, resulting in 76 in favor of rejoining Land O'Lakes and 17 opposed.

Manager Berglund's report showed that the creamery in 1939 produced a total of 952,043 pounds of butter, compared to 882,490 pounds the previous year. The average price paid for all butterfat was 26.68 cents, while the total manufacturing and general expense per pound of butter was shown to be 2.128 cents.

The creamery in 1939 enjoyed net earnings from all operations of $4,205.24 and at the end of the year had net worth of $46,774.31. Mr. Bergland thanked the patrons for their loyal support during the past year, and Hans Anton expressed gratification that the shareholders had voted to resume the affiliation with Land O'Lakes Creameries.

At the close of the meeting an excellent lunch was served by a group of members of the Civic and Commerce association.

AG CONSERVATION MEETINGS SET FOR NEXT TWO WEEKS

Urge Attendance at Local Meetings to Qualify for Payments

Community committeemen of the agricultural conservation program will be holding sign-up meetings during the next two weeks for the 1940 program. Meetings will be held in each township, and every farmer will be notified when and where the meeting will be held.

It is important that every farmer go to his local meeting as the forms must be completed before he will be in line for any payment. Committeemen will be at the meeting place from 9 a. m. to 5 p. m. each day. The final date for signing up for the 1940 program does not come until the last of April, but every farmer should avail himself of the information at this time, so that he can make plans for planting.

Sign-up meetings that have been scheduled at this time are: Numedal, February 24, City View school; Norden, February 26, City View school; Star, February 26 and 28, Kompen school; Reiner, February 27, Miller school; Cloverleaf, February 27, Mavie school; Goodridge, February 29, Payne hall, Goodridge; Rocksbury, February 29, March 1 and 2, County Office, Thief River Falls.

[illegible] Vote on Power Plant Bonds Mar. 12

Joins Local Motor Firm

F. S. FORD

Formerly of Plentywood, Montana, who recently became associated with F. E. Tunberg in the management of Thief River Motors, Inc., local Ford dealers.

By action of the city council at an adjourned session Tuesday evening, Tuesday, March 12, was set as the date of a special city election to vote on a bond issue to provide funds for a large additional power unit in the municipal light plant.

In the election the council will seek authority to issue not more than $130,000 in serial bonds with maturities ranging from three to thirteen years from date of issue. The resolution provides that the interest rate shall not be in excess of four per cent.

In addition to financing the purchase of the new power unit, the bond issue will provide funds for the construction of an addition to the power plant building to house the added equipment. The present plant was constructed in 1930 when the McIntosh & Seymour unit was installed, while the latest unit was purchased about five years ago.

A steadily increasing local demand for power in recent years, now again taxing the facilities of the plant, is given as the reason for the proposed expansion. At the beginning of the current year the city had outstanding bonds aggregating $234,000.

At its meeting Tuesday the council also approved an application by the Argyle Implement company for a permit to erect a machinery warehouse and office on the west side of the Soo Line right-of-way between Fourth and Fifth sts.

CIVIC GROUP WILL BE HOST TO L.O'L. OFFICIALS FEB. 29

Weekly Meeting Scheduled Thursday Night in Palm Garden Cafe

The Civic and Commerce association's luncheon Feb. 29 was canceled owing to the Land O'Lakes district convention in progress in the Auditorium, and instead the association will meet Thursday night at 6:30 in the lower dining room in the Palm Garden cafe, Secretary L. W. Rulien announced. Guests at the dinner will include state and district Land O'Lakes officers as well as the board of directors of the local cooperative creamery.

At last Thursday's session a committee was appointed to join with the local sportsmen's club in extending to Dr. W. L. Strunk, state conservation commissioner, and George Tonkin, regional director with the U. S. bureau of biological survey, to address a joint meeting in this city. Named on the committee were E. M. Bennes, chairman; Morris Bye and Dr. O. F. Mellby.

Mr. Bye, president of the Red Lake River Development association, gave a detailed report on the recent meeting at Moorhead of the Tri-State Waters commission. Referred to the industrial committee was a suggestion that an effort be made to secure the establishment in this city of a small plant for handling preliminary processing of sugar beets.

JUNIOR CHAMBER WILL HOLD MEETING TONIGHT

The Junior Chamber of Commerce will meet this evening at 6:30 in the Palm Garden cafe, Don Mattson, secretary, announced today.

FLAX AND BARLEY SCHOOL TO BE HELD IN CITY ON FRIDAY

THIEF RIVER FALLS JUNIORS WIN RRV HOCKEY TOURNEY

Awarded Trophy after Winning from Cathedral in Finals

Thief River Falls captured the second annual Red River Valley Junior hockey championship in Crookston Saturday night, defeating Crookston Cathedral in the final game by a score of 4 to 3 after an interesting exhibition. Third place went to East Grand Forks, victors over a pick-up team from Crookston operating under the name of the "Rink Rats" who accepted Hallock's place in the consolation event after Hallock had lost in the afternoon semi-finals to Cathedral, 7 to 5.

Thief River Falls worked its way into the championship round by eliminating East Grand Forks in the semis, 2 to 0, while Cathedral downed Hallock in the same round, 9 to 3. Thief River Falls eliminated the Crookston Aggies in the first round by a score of 9 to 3.

The work of Tripp, Thief River Falls' goalie, in the championship game was largely responsible for Cathedral's downfall. This net minder performed like a veteran and warded off one after another of Cathedral's hard skating drives.

The second annual tourney, sponsored by the 40 et 8, with I. S. Miller chairman of the committee in charge, was a decided success and attracted good sized crowds to the arena for each session. Three trophies were awarded, first place cup to Thief River Falls and second to Crookston Cathedral.

In the championship game Medwick opened the scoring for Cathedral in the opening minutes, shortly after which Anderson tied the count on an assist from Hovie and then put the locals in the lead on an assist from Froseth. Cathedral scored two quick goals at the start of the second period to go into the lead, when a tally by Froseth tied the count 3-3. With a few minutes to go in the final period Anderson took a pass from Froseth in front of the Cathedral net to score the winning goal.

The Thief River Falls team, coached by George Beverly and Len Russell, went thru a highly successful season without having sustained a single defeat.

PTA DONATES $200 TOWARD PURCHASE OF BAND UNIFORMS

Joseph E. Kise of Moorhead Discusses Foundations of Democracy

Following a report by Robert J. Lund, committee chairman, in which he revealed that a total of $900 had been pledged toward the sum of approximately $1,500 needed to finance the purchase of new uniforms for members of the Lincoln high school band, the Parent-Teacher association at its February meeting Monday evening in the high school auditorium voted to contribute $200 to the fund.

Mrs. Jeanette Wright, president was in charge of the meeting, which was in the form of a patriotic program, with officers of the Legion post and auxiliary as guests of honor. The speaker of the evening was Joseph E. Kise, member of the faculty of Moorhead state teachers college and Ninth district Legion commander, who selected for his topic, "The Foundation of American Democracy."

He presented a historical background going back to the days of the Stuart dynasty in England, and said the Pilgrims came to this continent because they objected to the principle of the divine right of kings. Going to the other extreme, he pointed out, the early colonists carried the principle of personal liberty to a status verging on anarchy. In closing Mr. Kise discussed the subversive elements at work in the country today, and told of the work being done by the Dies committee appointed at the instigation of the American Legion.

Mrs. G. L. Biddick gave an interesting demonstration of the correct treatment of the American flag, being assisted by several Legionnaires. Jewel Warner presented an effective tap dance, while musical selections were presented by the Woman's club chorus and by a vocal trio including Mrs. Richard Dablow, Mrs. Glendon Ahre and Mrs. A. E. Berg.

Scout Leaders Hold Honor Court at Holt

Local Boy Scout leaders participated Tuesday night in an impressive court of honor conducted at Holt under the supervision of Glenn Prather, area Scout executive of Grand Forks. Morris Bye, head of the district organization, was in charge of the exercises.

Leonard Ness, Ronnie Sorum and Herbert Schenkey were inducted into Scouting in an investiture service directed by Mr. Prather, while Don Mattson raised Dale Lorentson, Myron Kyser and Gerald Sanders to second class rating, and G. H. Mayer-Oakes raised Glenn Olson and Duane Green to first class rank.

A Star rating was conferred on Wayne Larson by Hartley Peterson, and Larson, together with Roy Johnson and Jerome Sorum, were given Life ratings by Dr. W. E. Anderson. The high Bronze Palm ranking was conferred by K. M. Halvorson on Russell Sanoden, Reuben Ness, Milton Hanson and Howard Lorentson.

H. O. Hanson presented merit badges to Russell Sanoden, Wayne Larson, Roy Johnson, Jerome Sorum, Reuben Ness, Milton Hanson and Howard Lorentson.

An enjoyable feature of the evening was the serving of dinner preceding the exercises and of lunch afterwards by the mothers of the four boys receiving the Bronze Palm award.

Must Obtain Permits to Move Conifers in State

It is a violation of state law to transport from one part of the state to another growing evergreens without a tag attached showing that they have been properly inspected by the division of entomology, University of Minnesota, or the forestry division of the state department of conservation.

[illegible] information sent to [illegible] by Ray Clement, forester in charge of nurseries [illegible] planting. Nurseries are exempt from this provision of the state forestry acts but are regulated by another law, he points out.

Another thing the act requires in this connection is that the person transporting the evergreens must be able to show written consent for removal by the owner of the land from which the trees, saplings or shrubs have been removed. All this applies to such growing evergreens with the roots intact.

BLACK BIRDS, ROBINS SEEN NEAR STAPLES

Staples: We are just wondering how far away spring really is? A flock of about forty blackbirds were seen flying south of Staples along the Long Prairie road. A. C. Herring saw two robins near his home. There have been reports of robins wintering in Minnesota this year, but blackbirds are seldom seen at this time.

BIG CROWD SEES 1ST SKI TOURNEY NEAR CITY SUNDAY

Terrebonne, Crookston and Red Lake Falls Skiers Participate

Several hundred persons assembled Sunday afternoon on the Oen farm south of the city for an informal ski meet, the first to be sponsored by the Thief River Falls Ski club organized last week. Fourteen skiers from this community, Crookston, Red Lake Falls, Terrebonne and Grand Forks participated.

Art Baaken of Crookston, who also made the day's longest jump of 77½ feet, won first place in the meet with a total of 185 points. Following in order were Lloyd Peterson of Grand Forks, second, 171½ points; George Christie, Red Lake Falls, third, 171 points; Harry Oen, Thief River Falls, fourth, 160 points; and Gust Gunderson, Thief River Falls, fifth, 156 points.

Barney St. Marie of Terrebonne won first place in the boys' class with 138½ points, followed by Clare Parenteau, also of Terrebonne, with 117½. Featuring the program were twin jumps by Raymond and Harry Oen.

Named officers of the local club last Thursday were Roy Oen, president; Paul Melby, vice president; Harry Oen, secretary; and Gust Gunderson, treasurer. The group will be represented next Sunday in a tourney at Red Lake Falls.

● No Equipment to Buy

Our business is Soft Water Service. We install water softeners in the basements of homes. We own the equipment and we take care of it. It provides 100% soft water at the turn of the faucet without an investment or any attention from anyone in the household.

● Here Is Our Plan

We service the unit at regular intervals. Our service man removes the unit which has been in use and replaces it with a fresh one. This requires only a few seconds since an ingenious connection permits an immediate interchange.

● How It Works

No chemicals used. The softening material adds nothing to water. IT DOES NOT DISSOLVE! It acts much like a magnet or sponge and absorbs and holds the minerals which give hardness to water, leaving the water entirely free from these injurious properties—100% SOFT and PURE for drinking!

How You Benefit from Soft Water Service

1—You Save Time
2—You Save Money
3—You Save Effort
4—You Avoid Plumbing Repairs
5—You Reduce Water-Heating Bills
6—You Protect Your Complexion
7—Laundering Becomes a Pleasure
8—You Lengthen the Life of Clothes

Lacquer From Orient

The original "lacquer" was an oriental product of Chinese and Japanese artists from the sap of the rhus vernicifera, known to the Japanese as Urushi-No-Ki and to the Chinese as Tsichon (varnish tree). The term is at present usually restricted in America and Europe to coatings of which the predominant ingredient is a solution of nitrocellulose.

Official Paper of Pennington County and City of Thief River Falls

In this issue we present the first of a series of short personal sketches by Mrs. E. E. Zeh. We say they are personal sketches, and so they are, for they deal in a very personal way with the lives of some of Mrs. Zeh's best friends, her trees. In this community no introduction of the author is necessary certainly, but to those who have not seen Mrs. Zeh for a number of years we are glad to report that she is still a charming young lady and probably the most cheerful person with whom we enjoy an occasional visit.

Two years ago the stockholders of the Thief River Falls creamery decided to break with the Land O'Lakes organization and sell their product on the open market. After two years of experience in independent marketing, the stockholders, at their meeting Monday, voted in favor of returning to Land O' Lakes. While the creamery is an organization of great importance in the community, it is nevertheless a private business and the manner in which its affairs are conducted is the concern only of its stockholders. It is not for us, therefore, to commend or condemn any decision made by the members of the organization in a matter of company business. A round of cheers for the stockholders and management is in order however for the manner in which this marketing question has been handled. We have followed the controversy with much interest and have been greatly impressed by the calmness with which the members have considered the problem. There were many who thought a mistake had been made two years ago, but there was no revolt, and the creamery continued to make progress. And there will be no revolt now by those who are not satisfied with the decision reached this year. The majority has spoken. If a mistake has been made the future will provide opportunity to correct it. Many a good organization has been disrupted by the unwillingness of a minority to abide by the decision of a majority but in this creamery argument differences of opinion have not meant discord. That is why we say a round of cheers to the members of this organization for a fine demonstration of the cooperative spirit at its best.

Norway is not going to be drawn into the war because of the Altmark affair. The letters of indignation that are being passed back and forth among the nations involved in this incident are issued for purposes of face saving. All three of the nations did things they weren't supposed to do or failed to do things they should have done and the claims and counter claims that followed were made largely for home consumption. The Altmark affair may lead to other acts that will be of more serious consequence but in itself it is merely a highly dramatic detail of the war. As for England's right to seize the German prison ship in neutral waters, we know what our country would do under similar circumstances. If, for instance, we were at war with Japan and we knew that a Japanese ship with several hundred American prisoners on board was sneaking along the Mexican coast, we would go after that ship if we had to chase it up the longest river in Mexico. Maybe that would be a violation of international law but as nearly as we can figure it out those countries that are yelping the loudest about international law at the present time have quite a law breaking record of their own to explain.

How much have our fuel costs been reduced this year because of the mild weather? A coal salesman who covers this territory told us he expected his sales to be off from 25 to 40%, depending on what the weather is from here on in. The saving to the consumers probably is not that great however. Much less coal has been used, as the record of this salesman indicated, but some of this decrease is offset by the increased use of wood. Many families use coal only in extremely cold weather and this year have burned wood almost exclusively. It will be interesting at the end of the season however to compare this year's fuel bills with the heating costs of some of the cold years. A comparison of the costs of heating public buildings will serve the purpose of such estimates.

Our reward of merit goes to the unknown who has suggested that "it would be great if our federal government would work as hard to prevent the inheritance of debt as it does to prevent the inheritance of wealth."

Counties will receive less revenue from the gas tax this year because of the reduction in the tax that takes effect in September. In anticipation of reduced funds, right now is the time to reduce the spending.

There is only one more month of winter, according to the calendar, but if the law of averages works out that last month will be a tough one. Maybe the season will continue to be unusual. Let us hope so.

OUR MONROE DOCTRINE

(Rock County Herald)

The Japanese people frequently have referred to our Monroe doctrine as establishing a precedent for what they purpose to do in Asia. Some Japanese leaders have gone so far as to say their effort to establish a new order in the far east is grounded in a desire to do there what we have done in the western hemisphere in insisting that America must be for Americans only. Japanese have said their policy in China was a sort of Monroe doctrine, with a purpose identical with that laid down by President James Monroe generations ago.

In commenting on this situation the Sioux City Journal observes that "Americans may be, and some of them often are, misled by this comparison which is not a true one in all circumstances. Asia for Asiatics and America for Americans might seem to be well balanced against each other, possessing like values and holding identical meanings. Japan's eagerness to make the comparison has been observed for many years, in fact since 1931 when the conquest of Manchuria occurred.

"The United States Monroe doctrine and the Japanese new order in China, however, are not built upon parallel lines. Our Monroe doctrine had to do only with prevention of the political exploitation by foreign powers of any American republic. It has absolutely nothing to do with the raising of a barrier between foreign countries and legitimate trade in the western hemisphere. Our naval and military power would be called into service instantly to bar the approach of an aggressor nation that sought a territorial conquest in the new world. If a foreign nation undertook a military campaign of aggression in North America, or Central America, or South America, the United States in enforcing the Monroe doctrine would go to war to prevent it.

"As far as trade between nations of the western hemisphere and those of the old world is concerned, the United States makes no protest whatever. Our Monroe doctrine is political, not economic. We believe in all nations sharing trade opportunities. That has been our policy since the founding of the republic.

"Japan would bar western nations from China both economically and politically. Her so-called Monroe doctrine is a thing designed to deny the United States and other world powers the right to engage in trade in the Asiatic sphere of influence established by the Tokyo government. And that is where a clash between Washington and Tokyo occurs. We have no political designs on China or any other country in Asia, but we do have an interest in trade rights anywhere in the world. Japan's desire and intention is to shut us out, to close the door in China which America insists must remain open."

LEADERS ENTERTAIN OPPOSITE VIEWS

(Detroit Lakes Record)

Perhaps one reason why the so-called Agricultural problem is found difficult of solution is due to the fact that farm groups and leaders are themselves incapable of reaching a status of accord on fundamentals involved.

This is best exemplified by interviews given out over the week-end by two distinguished farm leaders, each representing a good many thousand organization members scattered all over the nation.

Edward A. O'Neil, president of the American Farm Bureau Federation, told the House Ways and Means Committee anent the proposed extension of the reciprocal trade treaty powers now vested in the president and secretary of state:

Careful analysis fails to disclose any measurable injury to American agriculture . . . The government is attempting to regain foreign markets so that farmers can produce more at profitable prices.

L. J. Tabor, master of the National Grange, takes an exactly opposite view and declares:

It does not make sense to pay hundreds of millions of dollars annually to American farmers to reduce acreage and production and then enter into trade agreements with other nations making it easier for them to swamp and glut our markets with competitive commodities.

O'Neal also opposed the suggestion that the treaties should require Senate ratification that to the present exclusive authority vested in the president and secretary of state.

And with diametrically opposite views the nation is confronted with a situation very similar to that existing in organized labor and as between the CIO and AFL.

VANDENBURG POINTS THE WAY

(Morris Tribune)

In a speech ringing with specific declarations, Senator Arthur H. Vandenburg made his bid for the presidency at the Lincoln Day dinner at the Lincoln Club of St. Paul last Saturday evening.

It was a speech which reflected the considered judgment of an experienced legislator, and the political craftsmanship of a statesman skilled in interpreting the ambitions of the American people.

Mr. Vandenburg scored the New Deal, but stated frankly that it could not be scrapped lock, stock and barrel, because "there is no way to retrieve the eggs after you have made an omelette." Further:

"The answer is that we must scrap the bad, improve the good; live by the spirit of the constitution; quit reckless innovation, make government solvent; give legitimate American free enterprise a sustained chance; restore a maximum of home rule to states and local communities; say what we mean, mean what we say; and go forward in one consistent and dependable direction all the time.

"What to do? Do everything to legitimately encourage free enterprise and the honest profit motive in private business. Undo everything which needlessly discourages business and aggravates the uncertainties and the timidities which hamper success and prosperity. Do everything that puts government itself on dependable foundations. Undo everything that makes government wobble and needlessly puts it in the way of recovery and reemployment.

"Here are a few specifications. Stop the hymns of hate which dynamite us into devastating factions. Quit government competition with private business and reduce regulation to whatever real necessity requires in the obvious public interest. Demobilize the bureaucrats; scrape off the pay-roll barnacles. Repeal the floating presidential money powers so that our currency is tied to something more substantial than the presidential whim. Stop buying all the gold and silver in the world at swollen prices when we already have twice as much as we can use.

"Yes; stop buying gold from Russia at $35 an ounce which Russia produces at $11 an ounce—and puts the profit into execrable war upon Scandinavia. Put our tariffs on a dependable cost of production basis so industry and labor and agriculture may know what to expect. Remove all tax deterrents—as identified by the present treasury itself—and substitute tax incentive to the profits system. Amend the Securities and Exchange Act to remove needless obstacles to new financing while retaining all protections against piracy. Amend the Wagner Act to remove needless and costly discouraging frictions in labor relationships and separate the functions of the National Labor Relations Board so that judge and prosecutor are not in one tyrant; yet zealously protect every essential element of free collective bargaining. Quit all new social schemes and all new subsidies—no matter how worthy or persuasive—until we have found a way to pay for those already in existence. Eliminate costly overlapping duplications in federal, state and local service—and give home rule the preference whenever possible."

Banking Commissioner Has Cash for Depositors

F. A. Amundson, state commissioner of banks, has $66,000 in money which he wants to get rid of and can't. Maybe some of it is yours. The $66,000 consists of dividends for persons who had deposits in closed banks and filed claims in due course, but subsequently moved, and the department cannot locate them now to turn over the checks.

Unless owners of the dividends can be found, the money will have to be turned over to the state treasurer to be held for a period of years, after which it will become the property of the state. Mr. Amundson would prefer to locate the lost depositors, however, and will appreciate a little help in finding their addresses.

World's Laziest

The sloth lives upside down. Hooklike claws on his feet keep him suspended in a tree, where he eats leaves and fruit. Often he never gets out of the tree on which he is born, writes a correspondent to the Washington Post. If something forces him to quit his home, he merely slides to the end of a limb, stretches out a foot and waits for the wind to blow him near enough another tree to hook it. Sloths are the despair of those who try to domesticate them. One owner, tired of his almost motionless pet, held it under a tree to liberate it. It was more than an hour before the creature shifted its feet enough to grip the limb they leaned against.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and municipal building on Tuesday, February 13, 1940; the meeting was called to order at eight o'clock P. M. with all members present.

Minutes of the meetings of January 9, 17 and 26th were read and on motion duly made and carried the same were adopted and approved as read.

Mayor Pickard presented the appointment of Dr. A. R. Hulbert as a member of the Park Board of the city, succeeding Stanton R. Dobbins, for the term expiring in January, 1943. Alderman Myhrum introduced a motion that said appointment be confirmed, which motion was seconded by Alderman Baker and adopted by unanimous vote.

C. D. Bradley presented to the Council a notice of action by Fred L. Hagen vs C. H. and Mrs. C. H. Bradley for surrender of rented property by reason of nonpayment of rent, the defendants stating that they were without funds with which to pay such rent. The matter was on motion referred to the Poor Committee and Superintendent of Relief.

H. J. Lund, representing the Parent-Teachers Association of the local school district appeared before the Council with a request for an appropriation by the Council to assist in defraying the cost of uniforms for the local high school band. The matter was laid over for further discussion to later in the meeting.

In the matter of request for a reduction in assessed valuation in his business property presented by A. J. Berry at a previous meeting, the Tax Committee reported on the same and recommended that such request be refused. Motion was made by Alderman Sande that such recommendation be accepted and approved, which motion was seconded by Alderman Baker and adopted by unanimous vote of the council.

Applications for various license renewals were presented by the following: [illegible]

Leonard Hanson, Chief of the Fire Department, appeared before the Council and suggested the need for additional fire fighting equipment and the Clerk was instructed to communicate with the Fire Underwriters Inspection Bureau with the idea of securing their recommendation as to size of such additional equipment.

[illegible]

Alderman Myhrum introduced a resolution appropriating the sum of $[illegible] to defray a portion of the cost of securing uniforms for the local High School Band, the same to be paid out of the Current Expense Fund of the City, and moved adoption of the resolution. The motion was seconded by Alderman Sande and on roll call the resolution was unanimously adopted.

SCHOOL TEACHERS HOMELY?

Philip B. Sharp, South Portland, Maine, stirred up a hornet's nest when he declared a couple of weeks ago that school teachers and beauty are strangers to each other. In Life Magazine's two-page pictorial rebuttal of Sharp's last week, Miss Florence Dyste, Minneapolis kindergarten teacher, was included as Minnesota's contribution to the argument.

Foresee Heavy Influx of Tourists to State

On his return from attending the Sportsmen's Show in St. Louis and the National Boat Show in Chicago, Victor A. Johnston, director of the state tourist bureau, expressed the conviction that Minnesota has the biggest tourist business in its history in prospect for this season.

"From the standpoint of tourist lure, these shows proved unqualified successes as far as Minnesota is concerned," Johnston said. "The large crowds which attended both shows were intensely interested in the Minnesota exhibits and we are kept busy from the opening hours until the close answering questions and handing out literature to prospective tourists who wanted to know more about Minnesota."

HICKORY

The Nazareth Ladies aid held its annual business meeting at the H. T. Hanson home Thursday afternoon. The following officers were reelected: president, Mrs. Olaf Nelson, vice president, Mrs. Erick Johnson, secretary, Mrs. Thore Skomedal and treasurer, Mrs. H. T. Hanson. Lunch was served by Mrs. H. T. They spent last week visiting at the home of Mrs. Hendrum's daughter, Mrs. Edward Bakke, their sister, Mrs. Hans Eide and other relatives. Miss Laura Josephson, who left with them, is now employed in Minneapolis.

Mrs. Signe Thompson and Tjernund Kvasager of Wanke visited at the Thore Skomedal home Sunday.

The Color Buff

The name buff as applied to a color was derived from the word buffalo—the common ox of the old world which differs from our American buffalo or bison. The original application of the word buff meant a soft light leather of the chamois type—commonly used for soldiers' uniforms in olden days. Likewise the word tan is an ancient term referring to the color of the ox hides tanned with an oak solution.

TRUCK SKIDS SIDEWISE THROUGH VIADUCT AT 60

Hawley—This happened while Walter Dahl, proprietor of Service Ice, was trying to get from one side of a viaduct to the other side. He got there all right, but not in the usual way. He was driving about sixty, and when his truck hit a slippery spot it went out of control, skidded through the viaduct sidewise, and came out on the other side facing in one direction and traveling in the other. Coming out, the truck hit bare ground and headed for a ditch. Mr. Dahl took the ditch before he finally managed to bring the truck back to the highway. Mr. Dahl and the truck rested there for some moments before they proceeded onward. Oh, yes—the damage to the "iron horse" was only slight.

Thieves Now One up in the Semi-Final Series

Playing the injury-ridden and luckless Grafton Millionaires here Tuesday night, the Thieves won a hard-fought 3 to 1 victory in the first game of the semi-final playoffs for the States-Dominion hockey league championship.

The two teams, checking closely and playing cautious hockey, played a scoreless first period, with few goal threats; and it was not until the 6:48 mark in the second period that George Beverly, taking a pass from Clayton Taylor, whipped a long shot, from near the blue line, past Jimmy Summers the Grafton goalie. Grafton, a few minutes later, had the misfortune of losing Summers, when Paul Kornek, on a rush, circled the defense and came in on the goalie, and Summers in attempting to make the save, dove to meet the shot, being hit on the right-side of the jaw by the hard-driven puck and received a jaw fracture. Grafton's regular goalie, Jiggs Sinclair, who has been out of action for the past month with a compound jaw fracture, was sent into the Grafton goal.

Eddie Beaulieu brought the game up to a tie score, when, on a scramble in front of the Thieves' net, he sent the puck past the sprawling Bronson for the first Grafton score. The game was 1 to 1 going into the final period, but at the 2:43 mark, McCaffery, on a face-off, sent a pass to Taylor, and Clayton lifted a shot from the red-line and beat Sinclair. The locals final score was registered eight minutes later, when McCaffery, taking a pass from Taylor at the blue-line, stick-handled through the defense, skated in on Sinclair, feinted him out of position, and flipped the rubber into the net.

Just before the game's end Grafton received their second stroke of bad luck, when, during a furious mix-up around the Grafton goal, Sinclair, their injured goalie, was hit re-breaking his hardly-healed jaw, and forcing him from the game. Grafton played the last two minutes of the game with Denny Robinson, a wing-man, in the nets.

The two teams, the Thieves and the Millionaires, continue the semi-finals with a game at Grafton tonight, and a game here Sunday afternoon.

The Thieves concluded their regular schedule of hockey league games by dividing the two games played here during the week-end, losing to Fred Dodds' Winnipeg Lombards on Saturday night, 5 to 2, and defeating Hallock on Sunday afternoon, 4 to 3. The loss to Winnipeg prevented the Thieves from going into the league lead, for the win over Hallock brought the locals points to 26, one shy of the league-leading Crookston Pirates' 27 total.

The erratic Lombards had one of their 'on' nights when they played here last Saturday night, and skating well and checking closely, they outplayed the Thieves by the margin indicated by the 5 to 2 score. Harold Johnson, Winnipeg's big defense man, and Jimmy Reid, their slight right-wing, were the spearheads of the Lombard attack, with Johnson scoring one goal and assisting on another, and Jimmy scoring twice. The Thieves goals were scored by Joe Popiel and George Beverly, and with Bev being credited with an assist on Popiel's goal. The game was enlivened by a fight between Len Russell of the Thieves, and Rod Gould of the Lombards; and both players receiving major penalties for the mix-up.

Sunday's game saw Hallock holding a 3 to 1 lead midway into the third period; but then quick goals by Joe Popiel, Paul Kornek, and George Beverly, erased this lead and gave the locals a narrow win, 4 to 3.

BOUND OVER TO DISTRICT COURT UNDER $500 BONDS

Walter I. Johnson and Fred Johnson, the latter living east of this city, who were taken into custody last week on charges of carnal knowledge, were bound over to district court under $500 bonds each. Fred Johnson waived a preliminary hearing in municipal court, while Walter I. Johnson was given a hearing February 16.

Thieves Now Engaged in States-Dominion League Playoffs

Members of the Thief River Falls hockey team, following completion of the States-Dominion league playing schedule, have the wholehearted support of local fans in the playoff, currently under way, in which the Thieves made an auspicious start by defeating Grafton Tuesday night in the first contest of the series. The battle will be resumed here Sunday afternoon when the third game will be played in the arena after a game tonight at Grafton. In the picture above, left to right, are Jim Bronson, Joe Popiel, Snooks Julien, Paul Kornek, Coach Alex Tickle, Clayton Taylor, Stanley Ewbank, Joe Novak, Len Russell, Mark McCaffrey, Ken Manahan, George Beverly and James Mitchell.

Salaries and Wages in State Rise 40 Million

Calling attention to the improvement in conditions in Minnesota during 1939, Governor Harold E. Stassen with a note of optimism points out that the wages and salaries paid out by Minnesota industries in 1939 were $10,000,000 higher than in 1938, with 20,000 more persons employed. The state now has opportunity to get a fairly definite picture of employment. The contributions required of industries covered by the unemployment compensation act show what payrolls are in these industries. Wages in these industries for 1939 were $32,565,223 higher than for 1938, making an increase of 7 per cent, and careful estimates of payrolls in other industries made by accountants in the unemployment compensation division indicate that the increase in these groups would add another $8,000,000 to the total, making a $40,000,000 boost in wages altogether.

SHEEP-KILLER CAUGHT

Claremont.—It wasn't the work of human beings, but rather of dogs that took the lives of sheep on the Auwater farm recently. One of the dogs was shot instantly by Johnny Auwater after it had made a return appearance to the farm. This is the third visit of sheep killing dogs to the Auwater flock, several head having been killed a short time ago.

Tid-Bits
By Huck Olson

Jack Brackett, of the Oens team, had a 171 bowling average until he bumped up against Abby Jaranson, the pink-cheeked anchor man of the Thief River Grocery, last week, and when Abby had finished with him, Jack's average had dropped to 169.

The Prowlers play the Warren Ponies here tomorrow night, and on the scoring strength shown in the informal scrimmage they had with Roseau high school here last Monday afternoon, the Prowlers should be able to run up a 39 to 24 score on Warren. Warren's coach, Lysaker, said that his team would beat the Prowlers here—but that's all nonsense, too.

According to Walt DePaul, than whom there is no one better qualified to talk on hockey, we have, on our junior team, the northwest's most promising goalie. And he was referring to Earl Tripp, the goalie of our Red River Valley junior hockey champions, the Hornets. DePaul said that Earl was the outstanding player in the junior hockey tournament held last week in Crookston, and that next year he would be ready for States Dominion hockey.

Wish Robson, the Crookston Pirates' goalie, handled the Hornets in their final game at the tournament, and it tickled Robson when the locals defeated Crookston Cathedral for the junior championship, because the Cathedrals were coached by Walt Gerain, the defense man of the Pirates, and Robson's team-mate.

Gib Mickelson, playing at forward on the Ohio State team, scored 16 points against Northwestern in a Big Ten basketball game last Saturday night. Gib had 8 field goals.

If I were to select a squad of all-league hockey players, it would be something like this:

Goal—Jimmy Bronson, Thief River Falls.
Defense—Harold Johnson, Winnipeg; George Beverly, Thief River Falls; Ben Howard, Crookston.
Wing—Joe Popiel, Thief River Falls; Eddie Beaulieu, Grafton; Allen Cotton, Hallock; Jack McMasters, Hallock.
Center—Andy McKenzie, Winnipeg; Chet LaDoux, Crookston.

Republican National Convention Is Set for Philadelphia June 24

By the overwhelming vote of 61 to 32, the Republican national committee Friday chose Philadelphia for the party's 1940 convention city. The date was fixed for June 24.

The thing that won for Philadelphia was obviously, an offer of $200,000 and the use of a convention hall. The offer was made by Mayor Robert Lamberton, who reminded the committee members that the money, over and above the expenses of the convention, could be applied to the cost of the ensuing campaign.

The Democratic national convention will open in Chicago, July 15. This was announced at Coral Gables, Fla., by James A. Farley, postmaster general and chairman of the Democratic national committee.

Unusual Movies Dealing With Wild Life in Canada Will be Shown Saturday

Showing of the film, "That Boy of Mine", which won enthusiastic praise when presented before local Boy Scouts and the Rotary club early this week, will be repeated Saturday evening at 8 o'clock in the C. Gustafson & Son display room, C. D. Gustafson stated today. The lengthy colored motion picture gives an account of the companionship of a father and son on a canoe trip in the Quetico Provincial Forest of Canada, the scenes being expertly photographed by an officer of the Wisconsin Izaak Walton league. Included are camping and fishing scenes, as well as views of deer and moose in their native habitat.

Rotarians Enjoy Wild Life Film at Meeting

Members of the Rotary club at their luncheon meeting Tuesday noon in the Evelyn hotel enjoyed the showing by Supt. Morris Bye of the colored motion picture film, "That Boy of Mine," picturing a canoe trip taken by a father and son thru the Canadian lake country. The film was supplied by C. D. Gustafson.

CONSERVATOR OF RURAL CREDIT TO SPEAK IN WARREN

George C. Jones to Discuss Progress Being Made in Liquidation

Liquidation of the Minnesota Rural Credit department and the opportunities it affords to prospective farm owners in Northwestern Minnesota will be shown to residents of Marshall and Northern Polk counties at a meeting in Warren at the City Hall next Wednesday night at eight o'clock.

George C. Jones, conservator of the department now under liquidation, will speak at the public meeting and will describe the progress being made in the disposal of farm lands taken over by the state since the Minnesota loaning agency was started.

Anyone interested in the department, either borrower, tenant, contract purchaser, or prospective land purchaser, is urged to attend the meeting. Through the liquidation of the department, many good farms are being sold to the farmers of the state and terms of purchase are reasonable so as to permit the land to go back on the tax rolls of the state.

Sen. Robert Taft's Wife to Campaign in State

Mrs. Martha B. Taft, wife of Senator Robert A. Taft of Ohio, will be in Minnesota for five days beginning February 22nd in behalf of the senator's campaign for the Republican presidential nomination. Mrs. Taft will begin her Minnesota itinerary February 22 in Winona where she will address the Women's Republican club of that city. On the following day Mrs. Taft will be in Mankato, to address the Women's Republican club there. She will go the next day to St. Paul to address a luncheon meeting of the Ramsey County Women's Republican Club. On the night of February 26th Mrs. Taft will address an evening Republican rally in the main ballroom of the Nicollet Hotel at 8 p. m.

Mousetrap Cafeteria Suggested by Scientist

Exploding the popular theory that cheese is the best bait for trapping mice, Donald M. Hatfield, instructor in economic zoology, University Farm, St. Paul, says, the ordinary two-for-a-nickle snap traps are still the best home control method. Hatfield suggests buying a dozen traps and experimenting with various types of bait, such as dry bread, flour, bits of butter, dry rolled oats, peanut butter or raisins. Set the traps at intervals along the walls of the infested rooms and close to the baseboard. Observe which bait is taken most frequently and use it for all twelve traps. "Human scent" from handling traps will not be noticed by the mice.

POLIO VICTIM'S BABY IS BORN

Mpls. Star Journal Photo

Here are Mrs. Elmer Volkman and Mrs. Sam Clark, mother and grandmother of the first iron-lung baby known to medical science. The baby, a [illegible] ounce girl was born February 13 in University hospital, Minneapolis, by Caesarian operation. Mrs. Volkman, a Clinton housewife, is a victim of infantile paralysis which deprived her of the use of her breathing muscles, had to be removed from the iron lung to a mask type respirator during the operation. The baby, which apparently escaped infection, is doing nicely.

These Trees of Mine

By Mrs. E. E. Zeh

Would you like to hear about my trees? I say 'my trees' because in what I call my strong box I have a paper which says I own the land upon which they grow, but what I feel for them is not so much ownership as kinship. They are my beloved friends. The little ones that I myself have planted are to me as my children, and I feel for them the same protective tenderness I would feel for a human child.

Why not? That mysterious something we call life, which we both possess, differs only in degree and not in kind. In both it is from God and of God. When my trees suffer from drought I suffer with them and try to relieve them as much as lies within my power. When the storm comes and lashes their tortured, twisted branches, I feel as though my own body were being beaten and lashed by the bitter wind. When warm summer rains come I rejoice with them.

We have lived in close companionship for nearly forty years. Some of them I have seen grow from the first tiny shoot. Others have not changed much; just increased a few inches in girth; but I have loved each one and have mourned when it became necessary to cut one down in order to get sunlight for the flower garden. So it is with pride and love that I introduce to you my friends the trees.

First, meet my great oak, the oldest tree of them all and, I suppose, the parent of most of the 150 oaks that once grew on the place. There are not so many now, probably not a hundred, for half of the land has been sold and some very fine trees have died from prolonged drought. My father estimated this tree's age at about 400 years. In a good acorn year it bears so abundantly that if all its acorns became trees it would reforest the whole countryside.

Nature is prodigal and the individual counts for little. In every bare spot of earth the little acorns start to grow, eight or ten inches of root straight down, with two or three inches to stalk, both firmly attached to the still hard, blood red acorn from which it still draws its sustenance. I mentally ask forgiveness every time I have to destroy one of these cunning, sturdy little oak children. They want so much to live.

For years the great oak played an important part in our family life. Under its boughs was our outdoor living room and up among its easily climbed branches children found both recreation and refuge. To me it was sanctuary; I have called it the Peace Tree. So many people, sitting in its shade or even walking near it have said to me or to one another, "How peaceful it is here, don't you feel it?" Confidences have been given and words said under the oak that never would have been spoken within four walls.

It was a lovely place on moonlight summer nights, with waves of perfume coming from nicotina and petunia in the nearby garden and in the old days the voice of the whip-poor-will coming up from the woods below. We often stayed out much later than we should, but at last one of us would say, "It is so hard to leave this, but I suppose we must sleep," and so, reluctantly, we would go in.

The woods are gone, the whip-poor-will is gone, and most of those who used to sit in the moonlight are gone, never to return, but the old oak tree stands, serene and steadfast, its roots deep in mother earth, untroubled by winter storms or summer drought, bringing courage and comfort to me, and through me, perhaps, to others. I hope it may live and thrive long after your name and mine are not even memories.

Spring Opening
and
Entertainment
Open House—March 5th

We will celebrate again with our friends and customers, in the old fashioned way. Let's all get together for a good old time, Tuesday, March 5th.

Here's where friends meet friends and sure it's fun to meet them all. We are going to be very happy to have a full house.

We have a lot of new equipment for 1940 to show you. New lines are out and we will have them here. You will be interested, you will be surprised. Great changes have taken place. The 1940 McCormick-Deering line is really outstanding. The new Nash line of automobiles is really an automobile show alone.

An interesting program is being arranged. You will want to take it all in. A new program of moving pictures will be shown that will interest you from start to finish.

At 12 o'clock noon we will serve a lunch, so come early and stay late.

We are looking forward to this event and our hopes are that what we can do for you will mean a mutual, prosperous 1940.

Word has been received from Oliver Haugen and Peder Mondt who motored to Arizona last week. They have had a nice trip even tho they had trouble with bad roads. They stopped in Colorado Springs for several days and are now in New Mexico, at this writing. They have traveled about fifteen hundred miles.

Miss Donna Bergland of Thief River Falls visited Sunday at the [illegible] Johnson home.

DATE FOR STATE GOP CONVENTION IS SET MONDAY

Meeting Will be Conducted May 23 in the St. Paul Auditorium

Minnesota Republicans lit the fuse on the 1940 campaign Monday when their state executive committee set the state convention for May 23 in the St. Paul auditorium.

The convention, it was unofficially intimated, may develop into a serial affair, the second chapter to be written after the September 10 primary. Committee-room gossip was that the May convention might be urged to recess, after naming delegates to the national convention, until after the primaries, when it would re-convene to adopt a platform.

Precinct caucuses were called for May 1, county conventions May 1, and congressional district conventions May 14.

Governor Stassen forecast a big year for the party.

27 Traffic Deaths in Minnesota in January; Improvement Is Noted

Despite an increase in travel of approximately 20 per cent during the month of January, 1940, over that month of a year ago, the death rate due to automobile accidents decreased 13 per cent, according to figures compiled by W. F. Rosenwald, traffic engineer of the Minnesota highway department.

Although one more person was killed in traffic mishaps during the past month than a year ago, the death rate shows a marked decrease because of the greatly increased gasoline consumption over January of 1939. The month's toll was 27 dead, as compared to 26 a year ago.

On the basis of gasoline consumption, the rate for January is 7.4 deaths per 10 million gallons of gasoline consumed, as compared with 8.5 for January of 1939—during which month a ten year low record for the month of January was set.

"In comparison with average January records for the past three years," said Mr. Rosenwald, "the record for the first month of 1940 is heartening, despite the slight increase in the number of deaths. The decrease in rate is 35%—which, after all, is the only logical basis for determining the progress of the safety campaign in Minnesota.

"It clearly indicates that Minnesota motorists are driving more carefully and pedestrians are walking with more caution in traffic—all of which gives safety workers renewed hope that the year 1940 will set another low mark in traffic accidents and deaths."

LEAVES CAR; RETURNS TO FIND BICYCLE

Sleepy Eye.—Martin Herman of Luverne left his car on a Luverne street one night recently and when he returned to get it found the machine gone. However, the person who took the car did not leave Martin without means of transportation. There in the Ford's stead was a bicycle. County Sheriff Roberts located the car, and in the meantime has the bicycle in his possession and is awaiting arrival of the owner.

SMILEY

Mrs. S. S. Nelson accompanied Mr. and Mrs. Martin Rehm to Angus last Sunday where they spent a pleasant day at the home of Mrs. Nelson's mother, Mrs. S. McMahon.

Mrs. Thomas Jacobson and son Bernhadt of Steiner were Tuesday dinner guests at the home of their daughter and sister, Mrs. Adam Lendobeja.

Valentine Parties

Miss Clara Swanson, teacher in Dist. 31, the Hammer school gave a party at the school house Wednesday afternoon for her pupils. Games and contests were played with prizes being awarded. Valentines were distributed among the youngsters followed by a sumptuous repast brought by the following guests to the party, Mrs. Frank Hardisty, Mrs. Elias Angell, Mrs. Sivert Brekke and daughters Adeline and Eunice, Mrs. Christ Larson and daughter Violet, Mrs. H. R. Hammer and daughter Martha, Mrs. Bruno Beiswenger, Mrs. Rollie Haynes, Mrs. Walter Lendobeja, and Ann Stenseth.

The pupils and teacher, Miss Signe Valsvik in school Dist. 4, enjoyed a party also. Games and valentines formed the diversion. Ice cream, cake, cookies, and cocoa were relished with gusto. Guests were Mrs. Norton Nelson and Mrs. Jim McCrum.

The other schools in Smiley enjoyed the occasion of saying it with valentines.

Visitors at the Jim McCrum home Thursday evening were Mr. and Mrs. Richard Lund of San Gabriel, Calif., Mr. and Mrs. Walter Lendobeja, Mr. and Mrs. Adam Lendobeja and daughter, Alfred Olson and Palmer Thune.

Owen Weckwerth, Jr., spent the week-end at the home of his parents, the Owen Weckwerths, Sr. The young fellow attends the A. C. in Crookston.

Mrs. Fred Bjornson and son Loren of Thief River Falls, Mr. and Mrs. Perry Borgie and sons of Rocksbury visited at the home of Mrs. Bjornson's and Mrs. Borgie's parents, the Christ Larson's Friday. Mrs. Bjornson and son are leaving this week for their future home in Mankato where her husband has been transferred recently from the local branch of the International Harvester Company.

Mrs. Andrew Larson of Crookston, Mrs. Luther Johnson of Thief River Falls, Mrs. Carrie Brekke, and Lawrence Lane were Thursday dinner guests at the Sivert Brekke home.

Birthday Surprise

Miss Martha Hammer was delightfully surprised on her twentieth birthday Friday evening at the home of her parents, the H. R. Hammers. The hostesses were Clara Swanson and Violet Larson. The main feature of entertainment was a hearty scavenger hunt when the young guests all but tore down the house in a frantic search for listed items. A box of candy was the prize to the winning side. Refreshments were served, the guests shared in bringing the "eats". Those who helped Miss Martha in gay celebration were the hostesses, Lynn, Maurice, Melvin and Ann Stenseth, Adeline and Mavis Brekke, Julian and Delores Lendobeja, Helen Hardisty, Esther, Arnold and Marvin Hammer, Arthur Larson and Betty Lou Beaton.

Mr. and Mrs. Clarence Weckwerth accompanied by Harold Arne and Owen Weckwerth, Jr. motored to Fargo Sunday morning where they spent the day attending the "Jack Frost" Ice Carnival and visited a brother of the Weckwerths, James who is attending Interstate Business College. Enroute home, Owen Jr. stopped off at the A. C. in Crookston to resume studies.

Mrs. Adam Lendobeja and Mrs. Leonard Helgeland will be the hostesses to the Bethania Ladies Aid at her home Thursday afternoon, Feb. 29. She extends a cordial invitation to everyone to attend.

A very unusual organization is being made "South of the Border" the Smiley border. It is a co-operative idea. The first meeting was held at the Owen Weckwerth home Wednesday evening to organize. Twenty-two members were present to hear an excellent talk on "co-operation" given by H. Brown of Red Lake Falls. He also showed interesting slides on the Scandinavian countries. This club is really a study club also and will be titled the "Co-Op" Club. Matt Gerardy was named chairman, Elmer Erickson as secretary, and Mrs. Owen Weckwerth as chairman of the recreation committee. The meetings will be held monthly. Mrs. Weckwerth served a lovely lunch. More power and congratulations to the new-found "Co-Op" club!

Don't forget the 4-H [illegible] ing of the joint Silverton and Smiley clubs at the Leonard Helgeland home Wednesday evening, Feb. 28 [illegible] p. m. Be sure to bring your enrollment cards.

GOODRIDGE

Community Club Meeting

The Goodridge community was entertained on Saturday by the Rocksbury club and it was a very enjoyable entertainment indeed. Cal Toomey who is president of the Rocksbury club was Toastmaster and the first number was a musical skit by Ruby and Marie Engelstad. A playlet was then given by Edna Iverson, Shirley Johnson, Beverly Netteland, Goldie Finstad and Eddie Finstad.

Gus Gunderson and Harry Oen then gave a vocal duet and this number was a scream and they gave an encore.

A one act play followed "Quilting Exhibition" and the characters were:

Mrs. Perkins, the hostess—Mrs. Axel Engelstad.

Mrs. Toddels, very hard of hearing, but not to be left out of affairs—Mrs. Henry Oen.

Mrs. Schnitzer, a very willing German woman—Gina Gunderson.

Becky Doolittle, a widow still full of hope—Mrs. Edwin Hanson.

Mrs. Uppity, very fussy and particular—Mrs. J. R. Andre.

Mrs. Pryppenny, Mrs. Uppity's sister from Chicago—Mrs. Mons Engelstad.

Mrs. Bridget O'Hara, she gets what she goes after, Mrs. Cal Toomey.

Caroline, the hired girl, who works because she likes to—Mrs. Arnold Gunderson.

Mrs. Puffet, ministers wife, "the diplomatic president of the club—Mrs. Paul Engelstad.

Vocal solo "In An Old Fashioned Garden" Luella Batteleon accompanied by Vivian Engelstad.

"Rural Arguments" Gus Gunderson and Robert Toomey.

Norman Hveem was the star of Quartette "Sunshine" and "God Bless America" —Edna Iverson, Shirley Johnson, Beverly Netteland, Goldie Finstad.

Closing number "Rocksbury Song"

The committees that were appointed for the next meeting were as follows:

Program—Mrs. V. C. McLeod, Mrs. Floyd Olson, Miss Jean Liefloe.

Lunch—Ted Rostad, V. C. McLeod, Elmer Peterson, R. N. Olson, Vern Hagen, Chester Nightengale, Gust Ristau, Obed Sabo, Owen Olson.

With this lunch committee in charge of the eats for the next meeting we will be looking forward to a real feed.

Basket Ball Games

The Middle River team will play here on Friday night at eight o'clock. Remember the date Friday Feb. 23rd.

A nice crowd turned out last Friday evening to see the games with St. Hilaire and they were given their money's worth. The first game went to the visitors by the score of 13 to 8. The second game was won by Goodridge and the score was 5 to 20. St. Hilaire did not score during the last half. At the end of the half the score stood 5 to 10. [illegible] the game making 16 of the 20 points. He made eight points in each half, 6 baskets and 4 free throws.

Electric Line Again in Operation

After one day tie up the Electric train started operating again on Thursday morning. The band came down to the depot Tuesday afternoon to serenade the train crew and other employees and give them a final send off, thinking it was the last trip. But word was received to the effect that the road was to continue until March 15, and in the mean time another hearing would be held to determine whether or not the road will be discontinued for good.

Freight and express service are now in operation again as well as the passenger service. The train is running the same schedule.

The mail however is being hauled from Thief River Falls by truck and we only have one mail a day coming in, and that is in the morning.

"JUST MOVED THE BED DOWN HERE CLOSE TO THE TELEPHONE!"

Don't blame George. He was just trying to be comfortable—moved his bed down to the telephone where he could answer calls and talk conveniently. Of course, an extension telephone in the bedroom would save such confusion.

WE WANT YOU TO FEEL AT HOME *wherever good beer is sold*

The Brewing Industry realizes that decent, respectable people prefer to patronize decent, inviting places.

And we agree with them.

That is why we are taking action—in cooperation with law enforcement authorities—to "clean-up or close-up" beer retail establishments that disobey the law or permit anti-social conditions.

To do this we have instituted a new self-regulation plan now in operation in a few states and being extended as rapidly as possible.

We think you will be interested in knowing something about this program. May we tell you about it in an interesting free booklet?

WORLD TRAVELER GIVES INTERESTING LECTURE

Over 650 adults besides children streamed into the R. N. W. Hall to hear Mr. Vance who spoke on his travels. Mr. Vance began by explaining that his talk could not be entirely on Japan as he had but one reel of pictures from there. While there he had police that shadowed and questioned him continually, thinking he might be a spy. One day while lunching with a friend, he and his friend decided to play a trick on the two officers shadowing them so they began calling one another "Messieur" and "Colonel". Then they took a napkin and drew a worthless map upon it, tore it to bits and threw it on the floor. Very soon a waiter came and swept up the bits of the paper and carried them out. Mr. Vance and his friend laughed at all the bother the police would go to putting together this worthless map. However, the next morning an officer told Mr. Vance, "So sorry, but your ship sails tomorrow" (Besides which he only got one reel of his Japan pictures).

In Japan over a hundred staple commodities are rationed, as for example each taxicab driver only gets three gallons of gas for the day. Anyone riding in a taxicab has to have a good excuse for the police as to why they are riding around and using up good gasoline. Buses and others use a gas that is made or generated by the burning of charcoal.

The man best off is the one with a daughter or two just ready to hire out. They are hired out to work for three or four years which pays the father a bonus of about $200 and the daughter receives about 4 cents per day for herself.

The Japanese want China because of her many natural resources and could with those resources and their very cheap labor be a very unfair competitor with the rest of the world.

Mr. Vance also stated that the Japanese army is the most undisciplined army in the world. He knew of 17 people to have their skins removed while alive.

Most Japs have adopted the western dress modes. Education is universal in Japan. Japs are a friendly people.

Next Mr. Vance spoke on Shanghai. He had pictures of the river people who often are born, live and die on the boat. They live on salvaged garbage and fish and whatever they can buy with salvaged goods. Whenever a ship is sighted several boats race out to it and the winner gets the garbage from the ship. The river people hunt for old broken bottles, which are sold to the wood carver to be used in place of sandpaper, for old tin cans (the solder is melted off and the tin sold for a shingle for a house) and for other things we would term as absolutely worthless.

One thing in most all the pictures that caused some merriment was seeing the coolies running with their rickshaws. Mr. Vance hired one for a month while in Shanghai, he paid him $20 which in American money was about 7 cents. A familiar street sight would be a Chinese youngster begging. He would say, "Please mister, no mama, no papa, no whiskey, no chow". Altho. the Chinaman rarely knew what he said still he knew it would bring a smile and a coin.

Mr. Vance showed pictures of the wreckage of the war. He said that about one fourth of Japan was wrecked. The pictures showed the buildings partly or all wrecked, parts of good ones with windows out, doors locked, all of it was so haunted looking.

From the Orient he took us in imagination to Brazil. Just when crossing the equator, all passengers who were crossing for the first time were treated to a "round" by King Neptune and his band. Some were treated for bow legs, long noses, in fact most anything was cured.

Only about 10% of Brazil is agriculturally developed. When there was a surplus of coffee, lot of it was burned, then the ashes carefully preserved and put back on the land to raise more coffee. A large concern from Texas, with $3,000,000 capital moved into Brazil and began the raising of cotton. The Brazilian cotton however has not the quality of Texas cotton. Pictures were shown of the cattle, that were raised in the interior, they had a hump on their backs, were called the Brahma cattle and looked like skeletons. The native stock called longhorns and also were a sorry looking lot of beasts. This of course makes their beef very poor.

The Rio Platte Basin is full of hoof and mouth disease and as a result we have the Sanitary Embargo Act which allows none of this beef into America in the raw state. As a result of this any currier three years old in South America is from Britain or Germany. However the farmers should stick behind this embargo and not vote for having it lifted.

Many other interesting things were told about South America and then a trip down the Nile, across the Mediterranean Sea, into Italy and Palestine. The best part of Mr. Vance' talk was that he told the most with his pictures, which were all in technicolor. At any rate all of us that stood up throughout his lecture thought it well worth it. Thank you, Mr. Vance, and we hope to hear you again some time.

Mr. Vance said that he had never talked to a crowd as large as this one was in Grygla that was as well behaved. The officers of the Farmers Club who secured Mr. Vance for a speaker are also hereby thanked.

We wish to compliment Goodridge high school on their splendid band and glee club and cornet soloist, which made the evening complete with fine music.

"Reminiscence"

It was surely gratifying to see the splendid turnout for the last P. T. A. Proceeds of the evening amounted to nearly $10.

The program opened with a selection on the piano and the accordion by Misses Edna Hesse and Ruth Waale. Miss Dorothy Paulson sang, "I'll Take You Home Again Kathleen", accompanied by Mrs. Edith Engelbret. The play "Reminiscence" was portrayed by Mrs. P. Brown as "Mother" Andrews who was supposed to have been at the very first P. T. A. She gave an address on the beginning of the P. T. A. Then Miss Lillevold as "Emily Andrews" performed the Candle lighting tribute while Mrs E. Engelbret softly played, "My Tribute". Mrs. C. Doran was "Mrs. Jones", president of the P. T. A and Mrs. O J Peterson was "Mrs. Bright" chairman of the program committee. Misses Edna Hesse, Ruth Waale, and Mrs. Edith Engelbret made up the audience for this P. T. A. After the lighting of the large candles by "Emily Andrews" the small candles, 43 of them, were lit by "Mother Andrews" and "Mrs. Jones" while all the girls sang, "My Tribute".

John Gonnering then auctioned off the cake which brought $5.27. A hat trimming contest by six men was won by Cliff Lunde. Guessing the number of hearts in a jar was won by Arthur Hylland. Rest of the evening was spent socially and a delicious lunch served by Mrs H. Bush, Mrs. A. Hylland, and Mrs. G. P. Armstrong.

The executive board of the P. T. A., namely, Mrs. C. Doran, Mrs. H. Bush, Miss C. Lillevold, Mr. C. Doran and Mrs C. U. S. Red Cross Safety Chief Warns Motorists of Danger of Skidding

With one of the most temperamental winters in years likely to ice the nation's highways for some time to come, the American Red Cross warns motorists of the dangers of skidding from over-pedaling with either brake or throttle.

According to Harold E. Enlows, national director of Red Cross Highway First Aid, skidding mishaps usually are caused by carelessness and poor visibility.

"While the latter is a natural hazard of winter," he pointed out, "carelessness is not. If motorists must drive on slippery roads they should key speed to road conditions to give the other fellow a break.

"The element of safety rapidly diminishes as the automobile exceeds the 10-mile-per-hour rate," Mr. Enlows said. "Even while driving at a slow speed it may be impossible to stop quickly, and consequently the winter driver should not follow the car ahead too closely."

The driver should avoid the necessity for sudden stops at all times, Mr. Enlows warned, because when brakes are suddenly applied the wheels may lock, causing the car to go out of control if the road surface is slippery.

SCHOOL NOTES

A revenge seeking Fisher quintet, smarting under a 26-25 upset on the local floor two weeks ago, took the measure of Plummer on the Fisher floor with a 32-16 retaliation.

The Plummer lads ran into an impenetrable zone defense on the narrow Fisher floor that proved a Gibraltar. Maurice Page, who nearly single-handedly outpointed Fisher in the earlier encounter, was held to a paltry three points. Johnny Christenson played his best game of the year and garnered eight points for local high point honors. His two classy one hand pivot shots were the fruit of long [illegible] practice. Johnny also played a close defensive game—so close that he was ejected from the game on four personals. Lester Norby made four points on four free throws.

The B Team also went down in defeat to a reinforced Fisher B. [illegible] the smaller local boys did well to hold the winners to a 23-15 count. "Shorty" Boots Norby was [illegible] a little stick of dynamite played with an injured toe, but proved a thorn in the oppositions side. So dangerous a scorer was he, that a Fisher lad was ejected out of the game for flagrantly fouling Boots.

In spite of the A team's defeat they showed improved ball handling and passing. The free throw percentage, although still low jumped; the boys making 7 out of 17.

The boys shall take on St. Hilaire Friday night with a BA game at 7:15.

Plummer drew Climax as their opponents in the district tourney to be held at Thief River Falls. The date of the tourney is set for March 12, 13, 14, 15. The locals and Climax are scheduled for the last game of the evening.

RED CROSS SENDS MUCH CLOTHING TO REFUGEES OF WAR

National Organization Reports on Aid Extended to War Victims

In answer to appeals for war refugees in Europe for warm clothing and medical supplies, American women volunteers working in their Red Cross chapters throughout the nation have produced 229,446 garments and 371,489 surgical dressings, the American Red Cross announced.

These garments received in warehouse in New York up to January 31 have been shipped to Europe refugee centers as fast as cargo space was available.

Receipt and distribution of these goods in the war zones was the signal for cables and letters of thanks to Chairman Norman H. Davis from the various Red Cross societies in the belligerent nations Finland, France and Great Britain, and from the societies in nations harboring refugees, Lithuania, Latvia, Roumania, Hungary and Yugoslavia. The German Red Cross acknowledged with thanks the help given for the Poles.

More than two million hours were given by volunteers in making the garments and surgical dressings, the Red Cross estimated, and more than 250,000 women have given some part of their time to this work.

The garments came from women working in more than 1,500 chapters; the surgical dressings were made in 110 chapters, requested especially by Miss Mabel T. Boardman, chairman of volunteer service, to do this type of work. Part were made to specifications approved by American surgeons and Red Cross nurses for hospitals in Finland and for Polish refugees, and part to specifications furnished by the French and British Red Cross for hospitals in those countries.

A total of 147,000 of the garments have been shipped thus far, the majority going to Finnish and Polish refugees, while a quantity of children's clothing also has been shipped for war refugees in France and England.

PUMPKIN FAILS, BUT POISON GETS MUSKRAT

Warroad.—For some time Mrs. Floyd Smith suffered raids in her basement by some animal which ate her potatoes. One day recently while in her basement Mrs. Smith saw a monster rat coming across the floor directly towards her. She grabbed a handy pumpkin and threw it at the animal, but missed. However Mr. Smith set some poison for the rat, and the next morning found the thief, a full grown muskrat, dead. Such animals are more dangerous than ordinary rats.

HAD HAIR TONIC BUT DIDN'T USE HIS HEAD

Red Wing.—A transient, wanting to apply hair tonic to the roots of his hair, figured that the best way to get at the roots would be to apply the concoction internally. That's what he did, and as a result became intoxicated. The police picked him up, gave him a chance to sober up, and then provided a police escort out of town.

MARSHALL COUNTY ROAD COSTS TOTAL $228,671 IN 1939

H. T. Swanson, County Engineer, Submits Report for Past Year

Expenditures on Marshall county's public highway system reached a new high during 1939 when a total of $228,671.69 was paid out for construction, maintainance and engineering expenses, according to the annual report of H. T. Swanson, county highway engineer.

The huge expenditures during the past year were made possible largely through the federal government aid through the Public Works administration which agency will contribute $60,000, of which $46,820.00 has already been paid, while state gasoline taxes prorated to the county reached the staggering total of $92,188.50.

The construction program included six miles of graveling on the state aid system and 69 miles of graveling on the county aid system while 64.57 miles of county aid road were graded, the report shows.

Under maintainance, a total of 716.25 miles of highway were kept in shape during the year, 240.25 miles being on the state aid system while 476 miles were on the county aid system. The maintainance equipment included six diesel powered patrols and one privately owned tractor type patrol. Snow removal was handled by two four-wheel drive trucks and the six diesel patrols equipped and V-type plows and wings.

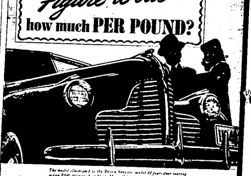
Figure it out—
how much PER POUND?



The model illustrated is the Buick Special model 41 four-door touring sedan $996 delivered at Flint, Mich. White sidewall tires additional.

AUTOMOBILE engineers talk a lot about car weight — and with good reason.

They know that riding qualities *begin* with enough road weight to hold you steady on your course—they know that weight is often another measure of *size*—above all, they know that weight means substance, strength, durability.

So it's interesting to note that this trim Buick SPECIAL gives you *more weight per dollar* than almost any other car you can buy.

With all its husky straight-eight power—power that's like velvet because engines are balanced *after* assembly — with all its room, and style, and comfort—this Buick still has one of the lowest costs-per-pound of any car on the market.

And *nowhere* else will you find valve-in-head power, all-coil springing, torque-tube steadiness and Buick's plussage in accessories at the figures that apply to the SPECIAL.

So if a little extra money is keeping you out of a Buick, take another look at those dollars.

They buy more car to begin with. More size and more substance.

They buy some six dozen new 1940 features, including many an "extra."

And you'll get most of them back in longer life and higher trade-in value —not to mention your fun and solid satisfaction!

Not a six but an EIGHT for $895 and up delivered at Flint, Mich.*

ENDORSEMENTS VOTED DOWN BY DISTRICT F.-L.

70 Voting Delegates Participate in Convention Here Saturday

GEORGE HAGEN NAMED DISTRICT CHAIRMAN

Berve Is Convention Chairman and Mrs. Naplin Secretary

George Hagen of Crookston was elected Ninth district chairman of the Farmer-Labor party at the biennial convention held in the Thief River Falls Auditorium Saturday afternoon. He succeeds Elmer G. Johnson of Underwood. In the balloting Hagen received 36 votes to 18 for Johnson and 15 for Louis Benson of Moorhead, who was then named vice chairman. Halvor Langslet of Detroit Lakes was elected district secretary.

H. O. Berve of this city presided as chairman of the convention, in which 70 voting delegates participated, representing all counties in the Ninth district except Wilkin. Mrs. Laura Naplin acted as convention secretary, while George Hagen was chairman of the resolutions committee and Armond Brattland of Bemidji headed the committee on constitution.

The only spirited debate of the lengthy session took place following the introduction of a resolution favoring an open primary for the nomination of all candidates on the state and congressional tickets without endorsements of candidates. Speaking in favor of endorsements were Mr. Prestemoen of Clearwater county and Armond Brattland of Bemidji, while George Hagen and Henry Nycklemoe of Fergus Falls spoke in opposition. The original resolution was finally adopted by a vote of 54 to 13.

Without debate the convention went on record as unalterably opposed to fusion with any other party in the coming campaign. Other resolutions favored the repeal of the old-age assistance lein law and of the small-loan law; criticized the township election law passed by the present state administration; condemned the failure of the state to impose higher taxes on iron ore; disapproved the state reorganization act; criticized the state administration for using the spoils system in the guise of civil service; advocated an adequate federal old-age pension law; and favored drastic reductions in maximum soil conservation payments to large operators and bigger payments to operators of family-size farms.

Dr. Ben Esser of Ottertail county was reelected to serve as a member of the state central committee from the Ninth district. Ninth district members of committees to serve at the state convention in Rochester also were selected, the number including J. O. Melby of Oklee on the nominating committee and Mrs. Naplin on the constitutional law committee.

ELECTION JUDGES, CLERKS NAMED FOR POLLS MARCH 12TH

N[illegible] Directory Lists 3624 Adults in City

Thief River Falls' largest city directory, reflecting growth and progress in different ways hereabouts, is now off the press and being delivered to subscribers by R. L. Polk & Co., of St. Paul.

The new directory grew 25 pages over its 1937 predecessor—199 to 224. It contains 352 more names than the champion edition of three years ago—3,272 to 3,624. Only adults' names are listed.

In the classified section of the new directory the diversity of activities in Thief River Falls appears to best advantage. The city has 157 different kinds or groups of enterprises, catalogued in the directory from "Abstracts" to "Women's Furnishing Goods."

Special features of the directory, all appearing nowhere else in print, are the designation of tenant-owned homes, one-line obituaries for adults deceased since 1937, and a record of removals from the city during the past three years. Other special features are rosters of government officials and a short story of Thief River Falls.

Grundy Aakhus and Mrs. Della H. Zeh are first and last on the new roll-call. The Johnsons are the largest "family", taking up three pages in the directory, followed by the Olsons, with two pages. Other popular "families" are the Andersons, Petersons, Nelsons, Hansons, and Larsons.

SERIES OF [illegible] "DOLLAR DAYS" START TODAY IN T. R. FALLS STORES

Starting today and continuing thru Friday and Saturday, Thief River Falls stores are joining forces in staging a series of three Dollar Days, in which they are offering outstanding values in a wide variety of merchandise in a late winter selling event. Arrangements for the Dollar Days were made by the merchants committee of the Civic and Commerce association.

30 DISTRICT RED CROSS OFFICIALS MEET ON FRIDAY

2 Representatives Discuss Relief Work Among the Finns and Poles

Thirty officers representing nine Red Cross chapters in Northwestern Minnesota assembled last Friday at a dinner meeting in the Rex Cafe to hear talks by Carl Myers, field representative of the national organization and Mrs. Helen Cobel, field worker in this district. Mrs. Mary Shaw, chairman of the Pennington county chapter, presided.

Mr. Meyers stated that 62 nations were united in the League of Red Cross, and that 45 nations are now represented in Geneva, Switzerland, to discuss the matter of funds and trained workers for war production.

Mrs. Cobel told of the urgent need for relief among Finnish-Polish refugees, particularly women and children, and said the national Red Cross is planning on approximately a half-million dollars for relief in the two countries to be used for clothing, hospital garments and medical supplies.

The quotas of work for local chapters, Mrs. Cobel said, is now doubled, including 16 men's, eight women's and 16 children's sweaters, and eight women's and 16 children's outing flannel dresses, mittens, stockings, children's suits and shawls. In addition, each chapter is asked to contribute $100 as an emergency measure. The Pennington county chapter has already sent a portion of its quota of garments.

Mrs. Cobel stated that the current production program is an emergency measure and should not interfere with the regular Red Cross functions.

NEW FIRM TAKES OVER JOHN DEERE LINE FROM OENS

Helmer Lunke and H. R. Lund to be in Active Charge of Business

Taking over the John Deere farm implement line from the Oen Mercantile company, the proprietors of the Argyle Implement company at Argyle Friday will open a Thief River Falls John Deere store, operating for the time being in a building moved on to the Soo Line right-of-way near Fifth st. It is planned to add to the facilities as soon as weather conditions permit.

Proprietors of the new firm are E. I. Amundgaard and his son Ben, while actively in charge of the business will be Helmer Lunke and H. R. Lund. Mr. Lunke has been employed by the Argyle company the past three years, previous to which he was engaged for nine years in the automobile and implement sales field in Thief River Falls. He plans to bring his family to this city at the close of the school term. Mr. Lund, well-known in the local business field, will devote his full time to the new enterprise, having severed his other connections.

The Argyle Implement company is the outgrowth of a business established in 1883, and also maintains a branch in Warren.

Cooperative Elevator and Seed House Is Now Being Organized Here

At a meeting in the court house Friday, attended by 45 farmers, preliminary plans were made for the organization in this community of a cooperative elevator and seed house, it was announced today by Fred Luhe, who was elected temporary president. Others named were Edwin Roy, secretary, and E. F. Erickson, treasurer; while directors include Orlie Hafdal, Anton Kotrba, Charles Sorenson and Joe Knutson. A representative of the Farmers Union was present at the meeting to outline details of the project, and the undertaking will be further explained at a meeting to be held Monday, March 11.

THIEVES MEET CROOKSTON IN FINALS TODAY

Two Teams to Meet in Arena Tonight in Second Game of Final Round

THIEVES WIN FIRST TILT TUESDAY 4 TO 2

League Championship to Go to Winner of Three out of Five Games

Fortified by a 4-2 victory in the first tilt of the best-three-out-of-five championship series with the league-leading Crookston team, the Thief River Falls entry in the States-Dominion league will meet the Pirates in the second contest in the local arena before a capacity crowd this evening at 8 o'clock.

The third meeting of the two teams will take place at Crookston Sunday afternoon, and, in the event more games are necessary to settle the championship, the fourth game will be played here Monday night and the fifth at Crookston Tuesday.

The first period of Tuesday night's game at Crookston was scoreless, with the teams playing careful and close-checking hockey; and it was not until the 6:20 mark in the second period that the first goal was registered, when George Beverly intercepted a Pirate pass at center ice and outskated the Crookston defense to come in on goalie Robson and to beat Wish with a high, hard shot. The Thieves were short-handed when Bev made his goal, Tickle being in the penalty box. A minute later Joe "Goosie" Novak and Paul "Killer" Kornek combined on a play, to maneuver a shot past Robson, for the Thieves' second score. Ray Gasperlin brought the Pirates back into the game when he sent their first score into the nets.

It was ten minutes into the third period that the fire-works began. Mark McCaffrey and Frank Prebarich, after a mix-up in a corner, began swinging fists, and in a moment the two teams were in a riot. After the officials has broken it up, McCaffrey and Prebarich were sent to the penalty box, with major penalties. But a minute later, Stan Ewbank, on a rush deep into Pirate territory, was jumped by Walt Gersin, with punches being given and taken, and again the two teams went into a gang fight. Ewbank and Gersin were given majors, and the teams continued play, with four men each.

It was when the teams were short-handed that the Thieves scored their last two goals, with Len Russell scoring on an assist from Tickle, and Clayton Taylor taking a pass from Beverly to score. In both cases the Thieves

JUNIOR SEXTET TO MEET BEMIDJI IN ARENA SATURDAY

Team to Receive Championship Trophies at Dinner Meeting Monday

After piling up their eleventh and twelfth straight victories during the past week, the Thief River Falls Hornets, junior hockey team, will meet the Bemidji junior Lumberjacks in the local arena Saturday evening, March 2, at 8 o'clock.

The Hornets last Friday defeated the Roseau junior Cloverleafs by the one-sided score of 8 to 1, and continued their winning streak Wednesday night at Crookston with a 4 to 1 victory over the Crookston Aggies.

The champion trophies won by the locals in the recent junior league playoffs, will be awarded by L. S. Miller of Crookston, president of the junior association, at a dinner to be served for the players and their coaches next Monday evening in the Palm Garden cafe, the hosts being members of the 40 & 8, team sponsors, and the Thief River Falls Athletic association.

Goodridge Cooperative Creamery Meets Mar. 9

Stockholders and patrons of the Goodridge cooperative creamery were reminded this week that the annual meeting of shareholders and patrons will be held in the Goodridge high school gymnasium Saturday afternoon, March 9, beginning at 2 o'clock. Add Penalty to Personal Property Taxes March 1

A steady stream of Pennington county taxpayers during the past week has been visiting the office of County Treasurer A. R. Johnsrud to pay personal property taxes, today being the last day on which the levy can be paid without penalty. In the case of amounts in excess of $10, payment of only the first half is required at this time, the second half being payable without penalty before July 1.

PETIT JURY CALL IS POSTPONED TO MONDAY, MAR. 11

Criminal Actions Presented by County Attorney are Disposed of

For the convenience of counsel involved in cases scheduled to come up in Pennington county district court, Judge M. A. Brattland early this week deferred the petit jury call from next Monday, March 4, to Monday, March 11.

Several criminal actions brought up by County Attorney Paul Lundgren were disposed of in court Monday and Tuesday. Clarence Head pleaded guilty to simple assault and was given a suspended ninety-day sentence. Richard H. Kelly pleaded guilty to grand larceny in the second degree, and was placed on probation after being given a two-year sentence.

Fred Leach, formerly of Black River township, was bound over to district court to answer a charge of selling mortgaged property brought by the Farm Security administration. The case of the State vs. Earl Marquis, appealed from municipal court, was dismissed on motion of the defendant. At the same time a fine and costs totaling $19.31 imposed in municipal court was paid, and Marquis was given until July 1 to pay a balance of $30.50 remaining from a fine imposed in a former term of district court.

45 BANKERS COME TO THIS CITY FOR DISTRICT MEETING

William Duncan, Secretary of State Association, Is Speaker

A group of 45 bankers from throut this section of the state Saturday attended the winter meeting of the Northwest Clearing House association in the Palm Garden cafe. Alfred Skarstad, formerly active in the banking field, was drafted to serve as toastmaster at the dinner which followed the business session in the afternoon.

The principal address was delivered by William Duncan, secretary of the Minnesota Bankers association, who discussed bank legislation and other topics, while L. P. Glavold, assistant cashier of the Northwestern National bank, Minneapolis, talked on wheat loans.

Vocal numbers were supplied by LeRoy Rupprecht and Kenny Mullen, and Jewel Warner appeared in a group of tap dance numbers, accompanied by Mrs. Walter Larson.

The executive meeting of the association voted to hold the summer meeting at Wheelers Point, the tentative date being the week-end of June 22. At that time the wives of members and women employes of the banks will be guests.

Heaviest Snowfall of Winter Comes This Week

This locality received its heaviest snowfall of the current winter when approximately eight inches arrived Monday and this morning. No wind accompanied the fall, and state, county and city snowplows had no difficulty in clearing highways and streets. The coldest weather of the past week was last Saturday when the mercury dropped to 17 below zero, followed by a low of eight below Wednesday morning.

Heavy Snow Ushers in Land O'Lakes Meeting

Large Number of Creamery Operators and Dairymen Present

JOHN BRANDT TO BE PRINCIPAL SPEAKER

John Lager, Field Man, Submits 1939 Report on Creameries

Creamery operators and dairymen from throut Northwestern Minnesota assembled in large numbers in the city this morning for the annual meeting of District 17, Land O'Lakes Creameries, now in progress in the municipal Auditorium. The highlight of this afternoon's session will be an address by John Brandt, president of the huge cooperative. Stuart McLeod, district president, is in charge of the meeting.

The number of visitors in the city for the convention this morning was held down by a snowfall of approximately four inches that served to discourage many living at a considerable distance from attending. However, as the Times went to press, there was no drifting of the snow to render automobile traffic hazardous, and it was believed likely that the Auditorium would be well filled for the session this afternoon.

At the business session this morning, annual reports were submitted by Elmer B. Lee of Fosston, district secretary, and Edward D. Hydeen of Clearbrook, treasurer, while John Lager, field man, gave his report on 1939 operations of Land O'Lakes creameries in the district, and Carl Brahs, manager, reported on the past year's activities of the local Land O'Lakes plant.

Following the serving of lunch during the noon hour, the afternoon program was to open with selections by the Lake Bronson high school band, after which welcome will be extended in behalf of the Civic and Commerce association. In addition to Mr. Brandt's address, the program will include selections by the Lincoln high school boys octet and songs and impersonations by Tony Helm of Fertile. At the close of the afternoon officers will be elected to serve during the ensuing year.

Buttermakers announced by Mr. Lager as having ranked highest in the district efficiency contest included Hugo Lundmark, Gatzke, 99.54 per cent; Ben L. Hurner, Gonvick, 99.53 per cent; and O. H. Stamnes, Halma, 99.47 per cent.

The three operators listed as having ranked highest in the cream grading contest included Norman F. Olson, Leonard, 97.32 per cent; Arne Berg, Olga, 97 per cent; and Wallace Strandlie, Roseau, 96.77 per cent. Each of the high ranking operators will be presented with prizes at this afternoon's session.

Mr. Lager's report revealed that a total of 5,870,015 pounds of butter was shipped by member creameries in District 17 in 1939, compared to 5,757,261 pounds the previous year. At the same time the percentage of Land O'Lakes grade shipped increased from 63.10 per cent in 1938 to 64.16 per cent in 1939.

EMERGENCY CROP AND FEED LOANS AVAILABLE HERE

O. T. Johnson Taking Applications at Office of County Agent

Emergency crop and feed loans for 1940 are now available to farmers in Pennington county and applications for these loans are now being received at the county agent's office by O. T. Johnson field supervisor of the emergency crop and feed loan section of the Farm Credit Administration.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private concerns or individuals.

As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing and cultivating his 1940 crops or in purchasing or producing feed for his livestock.

Borrowers who obtain loans for the production of cash crops are required to give as security a first lien on the crop financed or, in the case of loans for the purchase or production of feed for livestock, a first lien on the livestock to be fed.

GUSTAFSON & SON ANNOUNCE SPRING OPENING TUESDAY

Implement and Automobile Concern to Hold Open House March 5

C. Gustafson & Son will be hosts to patrons and friends on the occasion of their spring opening Tuesday, March 5, C. D. Gustafson, manager, announced today. The morning will be devoted to an inspection of new developments in tractors and other farm machinery, automobiles and trucks, followed at 12 o'clock by the serving of lunch.

The afternoon program will get under way with several short talks, following which talking motion pictures, including comedies, will be presented by a representative of the International Harvester company.

Adults are asked to register in the morning for free cash attendance prizes, which will be awarded at the close of the afternoon program.

Junior Chamber Plans Party Saturday Night

At a meeting of the Junior Chamber of Commerce last Thursday evening, arrangements were made for a social affair in the form of a dance and card party to be held in the basement dining room of the Palm Garden cafe Saturday evening, March 2, with members and their ladies as guests. The party will get under way shortly after 9 o'clock.

ALV VISTAUNET IS NAMED MUNICIPAL BAND PRESIDENT

Services of Organization are Available for Any Community Affair

In the election of officers conducted last Thursday evening at the annual meeting of members of the municipal band, Alv Vistaunet was named president of the organization and Vern Kiefenheim, director of the band. Other officers elected include K. T. Smith, vice president; Palque Jahr, secretary-treasurer; and Herman A. Kjos, business manager.

Reports submitted revealed that during the winter an average of 26 musicians have been attending rehearsals, which are conducted in the Auditorium each Thursday evening at 8 o'clock.

Mr. Kjos stated that the services of the band are available for any community affair, and those interested in arranging for an appearance of the organization are asked to communicate with him.

Some men grow under responsibility, others only swell.

NEOPHYTE AVIATOR SOLOS IN ONE DAY

Redwood Falls—Charles Doms, Slayton, packed into one day the flying instruction and experience that usually extends over many weeks. He began training at dawn, under the tutelage of Jack Robinson, Redwood Falls pilot, and soloed that evening. In the interim, he got in the eight hours of dual instruction required by the Civil Aeronautics Authority before a solo flight may be attempted.

BOY'S ARM CAUGHT IN POWER WRINGER

Montevideo— Arthur Maczewski, Jr., 3, satisfied his curiosity about his mother's wringer while she was out of sight the other day. He got caught and literally learned how to wring his hand, although in his case the arm was included. He managed to reverse the lever and unroll his hand and arm before his mother found out about it. The doctor reports no bones were broken, but the little boy has some painful bruises.

Population Center

The center of population of the United States has shifted steadily westward since the country's founding. In 1790, it was 23 miles east of Baltimore. In 1930 it was three miles northeast of Linton, Greene county, Ind.

MRS. JACOB BORRY, WHO LIVED IN CITY 44 YEARS, PASSES

Pioneer Resident Succumbs Sunday; Last Rites in Minneapolis

Mrs. Olafina Borry, pioneer resident of Thief River Falls, died Sunday at her home at 716 LaBree Ave., at the age of 73 years.

Mrs. Borry was born November 14, 1866, in Tromso, Norway. In 1885 she immigrated to the United States, arriving in New York City, and later lived in Minneapolis and Grand Forks before coming in 1895 to Thief River Falls, where she had made her home for the past 44 years. She was a member of Winslow chapter of the Order of the Eastern Star.

She was married in 1891 in Minneapolis to Jacob Borry, who preceded her in death. She is survived by two sons Alf and Vincent, both of this city, and two grandchildren.

The remains were taken to Minneapolis for final services.

DRIVERLESS TRUCK GOES TO CHURCH

Morton—If you've ever wondered where your iron steed would go if you gave it a choice, take a hint from what happened to a local truck driver. He was turning a corner near the Methodist Church when he accidentally fell out of his cab door. Undaunted by the lack of a driver, the truck proceeded across the sidewalk, bounced off the corner of the church, turned, and finally stopped bang-up against the Methodist parsonage. The driver recovered the wheel at this point.

DOG SEEKS DOCTOR TO TREAT SICKNESS

Stillwater—When Mickie, three-year-old Cocker and Irish spaniel belonging to Mr. and Mrs. Leo Degarlach, is sick he is willing to take matters into his own paws to see that something is done about it. When he was indisposed a few days ago, his master and mistress took him to the veterinarian's office twice, only to find the doctor out. When Mickie was turned outdoors for his afternoon airing, he made a bee-line for the veterinarian's office. Two hours later when Mickie's owners were frantically searching for him, the vet called to say that he had just found the dog waiting for him on his doorstep.

Her shiek had lofty ideas, he always bought gallery seats.

MOTHERS ARE ALL ALIKE!

Jilly, cocker spaniel belonging to C. D. Hutchinson of Fridley, believes in putting her family's best foot forward in case there are any dog shows anywhere in the offing. Son Tony, however, doesn't seem at all interested in setting an example of grooming for the canine world.

PUBLIC OPINION

Honorable Board of Equalization:

I would like to know what one has to pay in taxes on a piano?

One member of the board said that one is taxed about $100.00 on a piano. Now if that is the case I would think that 30 cents should be enough, when all that one has to pay is 30 cents on every $100.00 cash money, that is the tax I was told.

Now if I had that $100.00 in cash money, I could at least buy many things that would be more useful and give more comfort too, than a $100.00 piano. And then better still, I could pay up some of the little odds and ends of my half a dozen bills that I owe, and also the little pledge to my church.

Of course you cannot give your piano to your merchant for $100.00 in groceries. He would absolutely say, No! I don't want it, and the same answer the coal man would give me.

One cannot eat your piano, but one could use it for firewood and it surely would be good heat as long as it would last.

I have read where folks had to take of their furniture to burn to keep warm.

I think we have paid our share of the personal property tax. Back in the year of 1931 we paid $21.60 in personal property tax when we did not have any more than we have now.

Well you may say, you owned the blacksmith shop. Oh, no! That blacksmith shop we sold to pay the doctor and hospital bill in 1930 before the assessor was around to do the assessing.

So from year to year we have paid personal property tax and never kicked but once before and that was when Ole Ihle was sheriff of Pennington county, when he served papers on us. I have the notice as a keep sake. I have also paid my share of real estate taxes for over one-third of century. And before that my dad paid taxes, a pioneer since the early '80's, and we have never been on the delinquent tax list.

But in the later years the writer of this letter and a tax payer has been a few weeks in errors and had to pay some penalties. We have paid every cent, we have never asked to have our real estate taxes cut in half or two-third or offered so much after a period of four or five years like so many folks do.

No! We have paid them and never gone before the county commissioners or the Board of Equalization and asked for any cut in taxes. And our taxes have been plenty high. I have always thought that the men that seeks offices should be fair minded folks. But the saying is: "Every man for himself and the devil takes the rest, and all overboard."

We have never asked for any assistance, charity or relief, but if this Honorable Board of Equalization, Honorable county commissioners or the Honorable city fathers would give me a job, I can work. Give me a wheelbarrow, shovel and broom, I can so some sweeping. Give me work and I will pay my taxes. Now you have a lot of folks in the same boat as we are.

Every one of you Honorable men and servants of the people, you can help lots to remedy this tax disturbance.

COW TAKES HER STAND ON SLIDE

Bagley—The season's fanciest tobogganing event took place at the Bagley slide at Lake Lomond recently. Three little girls, Jean Lewis, Margaret Ann Vik, and Ruth Rieke, had begun their slide when Ruth, in front, espied a cow standing squarely across the slide. She was badly frightened, but it was too late to stop. There was no collision however, and nobody was hurt. The toboggan whizzed under the cow, a sort of bovine Arc de Triumphe, without even touching her.

MACHINE INVENTED FOR CUTTING WOOD

Aitkin—One of man's most backbreaking chores may be on the way out. For Chester Fields of Aitken has invented and built a woodchopping machine, with which he cut twenty-five cords of stovewood for an order in a week. The machine consists of a wedge attached to a plunger, the plunger being power driven by a gasoline motor. The device is mounted on wheels so that it can be moved easily from place to place.

CITES FIGURES ON LUMBER OUTPUT IN STATE SINCE 1837

North Woods Yielded More than 75 Billion Feet of Pine Lumber

Between 1837 and 1927, Minnesota's north woods yielded more than 75 billion board feet of pine lumber. Despite this heavy output, there still remains in the state not less than 12 billion feet of standing pine.

These facts, and many more, are presented in a bulletin just put out by the division of forestry of the Minnesota department of conservation. Copies can be obtained by writing the Division of Forestry, State Office Building, St. Paul.

Declaring the purpose of the bulletin to be to "describe briefly Minnesota's timber resources as they once were; to trace the history of the early industry and its decline; to sketch conditions as they are now, and to outline a forest program for the future," it proceeds to do these things in a highly interesting and informative manner.

According to the bulletin, 31,500,000 acres, 62 per cent of the state's area, was covered with forests originally. "Today only two-thirds of that area is forest land and much of it has very little timber."

"The original forest of Minnesota," it continues, "was divided into two sections: the hardwood forest and the evergreen (pine) forest. The hardwood forests, or the big woods as they were known to the pioneers, extended from the mouth of the Crow Wing river south to the boundary of the state and west to the prairies where tree growth was scarce even in the early days.

"The North Woods, or evergreen forests, were larger. They extended from the Big Woods north to Canada and west to the prairies. Pines and spruce predominated; maple, birch, poplar, balsam, tamarack and cedar were scattered through the region and occasionally formed more or less pure stands over small areas. Mercantable timber was composed mostly of a mixture of Norway pine, white pine and spruce with the addition of jack pine on the poorer soils, the jack pine forming pure stands on very light sandy soil.

"The timber of the North Woods was cut mostly by lumbermen. A few settlers [illegible] the area before the timber was cut that they might sell their logs to the lumbermen."

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in session in the Council Chambers in the Auditorium and Municipal Building on February 20, 1940, the meeting was called to order by the President at eight o'clock P. M. with Aldermen Salveson, Baker, Griebstein, Kinghorn, Sande present and Alderman Myhrum absent.

Application for building permit was presented by Argyle Implement Company, [illegible], Pres. for the moving onto Lot 18, of Soo Line Right-of-way from out of town of a building [illegible] and the building of an addition to the same of [illegible], the said building is to be used as machinery warehouse and office; estimated cost being [illegible]. Motion was made by Alderman Baker that the same be approved and granted which motion was seconded by Alderman Sande and adopted.

Application for transfer of Beer and Refreshment License, 118 Main Avenue North, was presented, said license transfer requested from John Wiener to Orvis Oen. Motion was made by Alderman Baker that such transfer be approved. The motion was seconded by Alderman Kinghorn adopted by unanimous roll call vote.

Alderman Kinghorn moved that the proposed ordinance repealing Ordinance No. 192, licensing and regulating the business of Barbering, be given its second reading. The motion was seconded by Alderman Salveson, carried and the proposed ordinance was duly read and filed.

Alderman Kinghorn introduced a resolution calling a special election for the date of March 12th for the purpose of voting on the question of issuance of bonds in the aggregate of not to exceed $130,000.00 to provide funds for improving the Municipal Light and Power Plant of the City and moved the adoption of the resolution. The motion was seconded by Alderman Sande and being put to a vote, the resolution was unanimously passed and adopted.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council of the City of Thief River Falls, held February 20th, 1940, and all members of the Council and the City Clerk being present, excepting Alderman Myhrum.

Alderman Kinghorn, seconded by Alderman Sande, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that,

WHEREAS, The requirements for Power of the Electric Light and Power Plant are continually increasing and the amount of water available for power purposes is decreasing, and,

WHEREAS, the facilities of the Electric Light and Power generating [illegible] of the Water Power Plant are inadequate to supply the needs of the city and its inhabitants, and,

WHEREAS, the Council deems it [illegible] expedient to purchase a diesel generating unit (engine) and other equipment and improvements for said Electric Light and Power Plant, and, to construct an addition to the engine house for housing such diesel generating unit, and,

WHEREAS, there not being sufficient funds in the treasury of said city, available for such purpose, with which to purchase and pay for the cost of such diesel generating unit and other necessary equipment and improvements.

NOW THEREFORE, BE IT RESOLVED, That the City Council deem it expedient and necessary, and do hereby determine to issue and sell the negotiable interest bearing bonds of said City, in a sum not exceeding One Hundred and Thirty Thousand ($130,000.00) Dollars bearing interest at the rate of and not to exceed four (4) per centum per annum in order to provide for said purpose.

BE IT FURTHER RESOLVED, That the proposition of issuing said bonds shall be submitted to the qualified electors of said city at a special election to be held in said City on the 12th day of March, 1940.

BE IT FURTHER RESOLVED, That a notice of such election shall be given by the City Clerk as provided by law by posting a copy of said notice in three of the most public and conspicuous places in said City, and by publication thereof in the official newspaper of said City which notice shall be substantially the following form:

NOTICE OF SPECIAL ELECTION

Notice is hereby given that a special election will be held in the City of Thief River Falls, Pennington County, Minnesota, on Tuesday, the 12th day of March, 1940, for the purpose of voting upon the following proposition:

"Shall the City of Thief River Falls, Minnesota, issue its negotiable coupon Electric Light Plant Bonds in the aggregate principal sum of not to exceed One Hundred and Thirty Thousand ($130,000.00) Dollars maturing serially three to thirteen years from their date and bearing interest at the rate of not to exceed four (4%) per centum per annum, for the purpose of providing funds for improving the Municipal Light and Power Plant of said City?"

Said Election will be conducted in the regular polling places for each of the wards in the Municipal Auditorium in said City and the polls will be open from 7:00 o'clock A. M. to 8:00 o'clock P. M. of said day.

BY ORDER OF THE CITY COUNCIL,
P. G. Pederson,
City Clerk.

BE IT FURTHER RESOLVED, That the City Clerk is hereby authorized and directed to cause printed ballots to be prepared for the use of the voters at said election, which ballots shall be in substantially the following form:

SPECIAL ELECTION BALLOT

Instructions to Voters: The elector desiring to vote in favor of issuing bonds shall make a cross (X) in the place left opposite the word "Yes", and the elector desiring to vote against said issue shall make a cross (X) opposite the word "No."

R. L. RIVER FLOOD CONTROL GROUP IN SESSION AT OKLEE

Votes to Send Delegation to Rivers and Harbors Congress

A meeting of the Red Lake River Flood Control *Association* was held at Oklee Wednesday. Senator E. L. Tungseth reported on the status of the project to date and the order through which it has to proceed before it could reach Congress for a final appropriation. Report was also given from the Tri-State Waters Commission meeting held at Moorhead Feb. 9th.

The meeting was unanimous in authorizing the directors to send a delegation to the Rivers and Harbors Congress which meets at Washington, D. C., March 12-15. Funds to be asked from all townships throughout the affected area as well as from other communities, villages and cities.

The chairman, Senator Tungseth, was authorized to appoint a total of seven directors, the former number of directors being only five. These new appointments as yet have not been made. At present there are only four acting directors: Nels Fore, Hon. J. O. Melby, Eddie Arveson and Albert Anderson. Gunsten Skomedal, appointed for Marshall County having resigned. O. O. Mellby of Oklee is secretary-treasurer.

The meeting at Oklee was attended by about 100 persons, and a large number of new members was added to the association.

Measuring Royalty

A cat may look at a queen, and in Roskilde cathedral, near Copenhagen, Denmark, men may actually measure themselves against kings, for the height of royal visitors is marked there on a great red granite pillar. The pillar has stood since the days of King Canute, and on it are recorded the heights of such monarchs as Peter the Great, Christian VII, and Edward VII. The tallest king registered on the pillar is Peter the Great, who stood 6 feet 8 inches.

Official Paper of Pennington County and City of Thief River Falls

Hockey is now in the white-heat stage and our guess is that standing room will be at a premium at the Arena tonight when the second game of the finals will be played. Crookston and Thief River are natural rivals and the teams are so evenly matched that the breaks of the game will be a big factor in determining the winner. Incidentally we are rather sorry to see a delightful winter season, and hockey, draw to a close.

WELCOME LAND O'LAKES

Most of the creameries of this part of the state are represented here today at the annual district meeting of the Land O'Lakes organization, and the facilities of the municipal auditorium are taxed to capacity to handle the gathering. It is an important meeting, not so much because of the large number of people who attend but rather because it represents the industries that are the foundation of our agriculture and upon which the economic well being of all of us is largely dependent. The dairy and poultry products of our territory are our most dependable source of income, bringing in most of the millions of dollars that we use in the exchange of services among ourselves and which enable us to buy the products of other parts of the country.

The meeting has special significance for our city of course, because of the importance of the Land O'Lakes organization as a local business. The Land O'Lakes poultry plant is a big industry in Thief River Falls and has done much to establish our city as a good market for the poultry products of a large territory. It is not unreasonable to attribute much of our development during the last ten years to the organization that selected our city as the location for its poultry plant which was built in 1929.

It is such considerations that prompt us to extend an especially cordial welcome to those visitors to our city who are attending the meeting at the auditorium today.

WHAT ARE THE FACTS?

At a special election to be held Tuesday, March 12, Thief River Falls voters will be asked to authorize another bond issue, this time in an amount not to exceed $130,000, to be used "for the purpose of providing funds for the improving of the Municipal Light and Power Plant of said city."

In submitting this question to the voters the city officials are asking for authority to spend a lot of money without presenting reasons why such an amount should be spent, or how it will be spent if the spending is authorized. Bond issues have become such a commonplace thing in our community that perhaps it has not occurred to the city fathers that explanations of such things are still considered good form. It is no reflection on the integrity of the officials to suggest that before so large an expenditure is authorized, all of the facts should be made public.

Local citizens realize that our power facilities are inadequate and that something will have to be done in the near future to provide for the steadily increasing demand. There is no disagreement as to the need. There is a question in the minds of many however as to how this need should be met, and for this reason we are of the opinion that the bond issue will not be approved by the voters unless, between now and the day of the special election, the city officials satisfy the public as to their plans if the expenditure is authorized.

It is our opinion that before we add more equipment to our power plant we should have a survey of our production problem by competent, disinterested engineers. There are many citizens who would like to know what disinterested engineers would say about the possibilities of steam. There are others who, while they are satisfied with diesel power, would like to get a disinterested recommendation on the size of unit that should be installed. There are some who believe we might be able to solve our problem for the time being by buying power from the Rural Electrification organization that will run its high lines close to the city in the near future, and others are wondering if there is a possibility of getting a government grant if we buy now.

We believe the public would be better satisfied if a little more consideration is given to these various angles of the problem. Fortunately there is no emergency that makes quick action necessary. A delay of a few weeks is not going to add to the seriousness of our problem materially. Before we spend $130,000 let's satisfy ourselves that we are spending it to the best possible advantage and in a way that will best serve the needs of a reasonable future development. We have no doubt that the members of the council have carefully considered all of these things but in a project involving an expenditure of so much money the city officials should take the public into their confidence and explain the whys and the wherefores.

Newspaper editors have reason to grow old before their time. A Kansas widow is said to be suing a newspaper for saying in an obituary notice that her husband "had gone to a happier home."—South Dakota Press.

OPEN THE FRONTIERS!

(Dr. V. O. Watts, in Northfield News)

When our pioneering forefathers struck out across the seas, into the forests and over the plains and mountains, they asked and gave few guarantees. Instead they had to accept whatever fortune and their own efforts brought them.

They gave up the security and comforts of the stay-at-homes in the hope that someday they or their children might be more free, more secure and more prosperous.

They braved dangers, acquired new skills and lived on a scale far below that now considered minimum for health and decency.

What would have been the history of America had no one been permitted to subject himself to such risks, hardships and privations? Suppose parents, labor organizations and *paternalistic* governments had said, "No one shall go exploring or prospecting until he can be guaranteed 30, 40, 50 cents or more per hour. No homesteader shall plow new land and raise a crop until all producers are guaranteed a parity price."

Or suppose all explorers and prospectors had been forbidden to seek partners or backers until detailed maps and costly documents had been prepared and approved showing just where the expeditions were going and what they would find.

Would our frontier have been pushed westward along a 2,000-mile front at an average rate of ten miles per year for 250 or 300 years? Would we at the same time have been building the world's richest nation and caring for a population increasing by leaps and bounds?

It is not necessary to turn back the clock and subject ourselves to all the hardships and poverty endured by our ancestors.

But if we want to create new industries we must let investors take chances and profit from good judgment. If we expect to make self-reliant men and women we must let them make free contracts with one another and stand or fall by the results of their own bargains and their own efforts. If our millions of unemployed are to exchange degrading charity and leaf-raking relief jobs for honest self-supporting work they must be free and willing to accept what they can produce and earn.

It may be our fond wish that everyone should live in peace and plenty. But it won't be achieved by limiting investment, work and production.

Our coddling restrictions on private enterprise have not protected the poor but instead have deprived them of the jobs and opportunities which business frontiersmen could have created.

TRUTH TAKES A DISGUISE

(Bemidji Sentinel)

If the people of Russia are under some misconceptions about the Russo-Finnish conflict, here are a few reasons why. The following excerpts are from Pravda, official Communist party organ:

"Our people love the Red army and spare nothing for consolidation of its might."

"The Soviet people will read with love and admiration the names of its daring sons fighting under the victorious banners of the Red army for liberation of Finland's toilers from oppression of the Mannerheim gang and for the security of our northwestern frontiers.

"Every warrior fighting against the White Finns perfectly realizes his honorable international duty."

"The toilers of Finland regard the Red army as the liberators from the monstrous oppression of Finnish capitalists, landlords, and their inspirers, British and French imperialists."

That's Joe Stalin's idea of the truth. It's the only kind of "news" the Russian people are permitted to read.

BOOSTING FOR BUTTER

(St. Cloud Times)

Minnesota should and will enter enthusiastically into the campaign to increase the consumption of butter. There is one thing that we can talk about with confidence. It is particularly a subject that is dear to the hearts of people here in central Minnesota. If this campaign is a success, and it is to start soon, its benefits should be felt here during the year. Minnesota is not only the greatest dairy producing state in the union but right here in central Minnesota we have Stearns county which is the banner butter producing county of the banner butter producing state. And what is more we make the best butter in the world which we proved when we went over to Berlin and won the last international dairy contest and a few state banners here in the United States. Now it is not only important that the manufacturers of dairy products should spend a lot of money in advertising the best butter in the world, but it is equally important that we should back up this campaign at home. And the best way to back up this program is to eat more butter ourselves. If everybody at every meal asked for a second pat of butter we would without doubt remain in the happy situation that we are in now of having no butter surplus.

TAX PAINS

Duluth Weekly Herald

About this time of year the income tax becomes a national pain. It is worst when a person realizes that his income is so small that he does not figure in the picture at all. It is no fun for those hoping to get by without paying as much as they owe. Cheating the government is a risky business and bad for the nerves. Paying one's full tax is unpleasant, too.

For a price one can buy excellent books on the income tax. These show how you can save here and save there by taking full advantage of the exemptions which are in the tax for those who trouble to find out about them and avail themselves of them. There are also experts who get excellent pay for helping people to make out tax returns so as to pay no more tax than necessary. Evidently these experts can make real savings because some very intelligent people employ them and pay their salaries in the expectation that the savings will more than compensate for the salaries paid to the experts.

But for a lot of people there is no reason to believe that a book on the income tax would pay for itself. Certainly these people are in no position to call in an expensive expert. They just worry along, giving the government the benefit of every doubt, and pay quite a little more than they ought to. Both the state and federal governments have courteous and well-informed employes who try to help but they haven't time to do much. The result is that the small taxpayer is usually overtaxed.

If you want to rear goats or design a farmhouse the government will supply you with handsomely printed pamphlets filled with tested instructions, clear illustrations and definite recommendations and warnings. But if you are just paying your income tax you are given a scant sheet of instructions, better than they used to be but still not easily understood by persons who are not accustomed to this sort of thing.

Some modern sales expert or advertising psychologist could do a lot to make paying the income tax less painful for the mass of the taxpayers. Some of these gentlemen might be transferred from other departments where they are less needed. Thus we could avoid creating new jobs and also have an income tax that would be no more exasperating than necessary.

A contributor sends in these 12 rules for longevity as suggested by a certain prominent doctor: 1—Eat less, chew more. 2—Smoke less, breathe more. 3—Ride less, walk more. 4—Bundle less, bathe more. 5—Worry less, work more. 6—Hurry less, read more. 7—Idle less, play more. 8—Talk less, think more. 9—Go less, sleep more. 10—Waste less, give more. 11—Scold less, laugh more. 12—Preach less, practice more. Sounds sensible, eh what?—C. W. M. in Detroit Lakes Tribune.

MUSKIE NETS WALKER MAN FAME AND FINE

Walker.—Jack Sarff's luck cost him $10 in fines, but he doesn't care because the fish he caught is bigger than the "one that got away." It was a muskie weighing 51 pounds, with a head 12 inches long, a tail spread of 13 inches, and a 28-inch girth. It tangled with his spear while he was fishing near Squaw Point on Leech Lake, pulled him through the hole in the ice, and wrecked his fish house into the bargain. Though it was *caught out of season*, the State Game and Fish department is allowing the Walker community to use the fish for advertising purposes.

TWO CONTEST ECK OLDEST CAR TITLE

Since Herman Eck of Wykoff, Minn., bought a 1940 license for his 1917 model car, two other Minnesotans have contested his claim to owning the state's oldest car. John Kempers, Preston farmer, owns a 1916 Reo which he has been driving since 1915, and H. L. McCullough of Island Park drives the same "Green Jewel" that he bought in 1915. Kemper does all the repair work on his Reo himself. McCullough has held license number 152 for many years.

EXPLANATION

The city newspaper man felt run down and looked worse. It was the result of too much night life. Worried about his condition, he tottered along to his doctor.

"Doctor," he complained, "I don't feel well. There's something radically wrong with me. I tire easily, I feel listless, I—"

"Let me feel your pulse," interrupted the doctor.

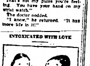
He placed his hand over the other's wrist. Seconds passed. Suddenly the journalist sat erect.

"Just a minute," he protested. "That's not my pulse you're feeling. You have your hand on my wrist watch."

The doctor nodded.

"I know," he returned. "It has more life in it!"

INTOXICATED WITH LOVE



"Was he arrested for driving under the influence of liquor?"

"No—a pretty girl."

NOTICE OF MORTGAGE FORECLOSURE SALE

Default having occurred in the conditions of a certain mortgage bearing date the 17th day of September, 1927, executed by John Cook, a single man, as mortgagor, to The Minnesota Mutual Life Insurance Company, a corporation under the laws of the State of Minnesota, as mortgagee, which mortgage was filed for record in the office of the Register of Deeds of Pennington County, Minnesota, on the 19th day of September, 1927, at 1:30 o'clock P. M., and was duly recorded in Book 50 of Mortgages, on page 349, which mortgage contains a power of sale; and which mortgage was thereafter duly extended by instrument in writing dated September 30, 1932, and recorded in the office of said Register of Deeds on October 25, 1932, at 2 o'clock P. M., in Book 51 of Mortgages, on page 233; and the said The Minnesota Mutual Life Insurance Company having paid a portion of the taxes assessed against the premises described in said mortgage for the year 1935 in the sum of Fifty-three and 29-100 Dollars ($53.29) and all of the taxes assessed against said premises for the years 1936 and 1937 in the sum of Two Hundred Eighty-one and 31-100 Dollars ($281.31), the whole amount secured by which mortgage has become and is hereby declared by the mortgagee to be immediately due and payable, and upon which mortgage there is now due, including said taxes, the sum of Two Thousand and Seventy-four and 40-100 Dollars ($2,074.40), and no action or proceeding at law having been instituted to recover the debt secured by the said mortgage or any part thereof;

NOW, THEREFORE, NOTICE IS HEREBY GIVEN that by virtue of the power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale at public auction of the premises therein described, to be made by the Sheriff of Pennington County, Minnesota, at the sheriff's main office in the courthouse in Thief River Falls, Minnesota, on Saturday, March 9, 1940, at ten o'clock in the forenoon of that day, to satisfy the amount which will then be due on said mortgage, including taxes on said premises paid by the mortgagee, the costs and disbursements of foreclosure and sale, and the attorneys fees of Twenty-five Dollars ($25) stipulated in said mortgage to be paid in case of foreclosure thereof.

The premises described in said mortgage and so to be sold are all that certain real estate lying and being in the County of Pennington and State of Minnesota, and described as follows, to-wit:

Lots One (1), Two (2), Five (5) and Six (6), and the South one-half of the Northwest Quarter (S½ of NW¼) of Section Thirty (30), Lots Three (3), Four (4), Six (6) and Seven (7), of Section Nineteen (19), in Township One Hundred Fifty-three (153), North of Range Forty (40) West, and Lot Two (2), of Section Twenty-four (24), in Township One Hundred Fifty-three (153), North of Range Forty-one (41), West of the Fifth Principal Meridian, containing Three Hundred Forty-one (341) [illegible]

What's the Use?

A mother walked into the nursery one day and found her young son tying a bandage round his finger.

"My poor child," said the mother, "what have you done to your finger?"

"I hit it with the hammer," was the child's reply.

Mother looked surprised. "But I didn't hear you crying," she remarked.

"No," came the bland reply, "I thought you were out."

ALBERT SWANSON IS NAMED RIFLE CLUB PRESIDENT

Annual Meeting of Group Is Conducted Monday Evening

The Thief River Rifle Club held its annual meeting Monday evening at the Palm Garden cafe. Business of the club was discussed which was followed by the election of officers for the coming year. The following were elected: President, Albert Swanson; vice president, O. M. Bishop; secretary, Wilbert Maves; treasurer, John Lind; executive officer, C. H. Jung.

After the business meeting an excellent motion picture of Canadian wild life was shown by Werner Rasmussen. Following the showing of the picture lunch was served.

If possible the rifle club from Roseau will be down Monday evening for a shoulder to shoulder match. The local club has fired two postal matches with the Juneau Rifle & Pistol Club of Juneau, Alaska, winning one and losing one. The members of the local club to make the teams were Walter Gibson, Wilbert Maves, John Lind, C. H. Jung, Carl Hovle and Leonard Hanson.

Stephen Foster Songs Offered in Picture at Falls Theatre Sunday

The best-loved songs of Stephen C. Foster, famous American composer, are heard in "Swanee River", Technicolor production which will appear at the Falls theatre next Sunday, Monday and Tuesday, with a midnight prevue Saturday evening at 11:15. Don Ameche plays the role of the composer, while others in the cast include Al Jolson, Andrea Leeds and the famous Hall Johnson choir.

"Golden Boy", famous stage hit, comes to the Avalon screen Sunday and Monday, starring Barbara Stanwyck, Adolphe Menjou and William Holden. The production tells the story of a youth with the sensitive soul of a musician and the mauling fists of a champion prizefighter.

Roy F. Bridgeman Dies in Grand Forks Hospital

Roy F. Bridgeman, widely known in northwest business circles and for 22 years prominent in Grand Forks business and civic affairs, died in a hospital in that city Wednesday from a heart ailment. He was 49 years old. Head of Bridgeman Creameries, Inc., he had resided in Grand Forks until the summer of 1938, when he moved with his family to Minneapolis to enable him to take direct charge of his company's extensive operations there.

Wild Life Restoration Week Will be Observed from March 17th to 23

Wildlife Restoration week will run this year from March 17 to 23. The purpose of the week is to remind the public of the needs of wildlife and to encourage some thinking along that line, said Frederick S. Winston of Minneapolis. Mr. Winston for the third successive year is Minnesota director of Wildlife Restoration week.

Another purpose of the program is to unite the efforts of organizations interested in conserving America's outdoors. Nine statewide organizations, already united as members of the Minnesota Wildlife Federation, are represented on the wildlife week committee.

The committee is headed by Governor Harold E. Stassen as honary chairman and newly-appointed state Conservation Commissioner Dr. William L. Strunk as honorary vice-chairman. J. Donald Fruen of Minneapolis is assistant director for Minnesota.

Before and during wildlife week sheets of stamps will be sold throughout the state by members of the Minnesota Wildlife Federation. Proceeds from the sale go to the Minnesota Wildlife Federation and the National Wildlife Federation. Inquiries should be addressed to Frederick S. Winston, 1218 Flour Exchange, Minneapolis.

Membership in Group Hospital Plan Gains

Because of widespread growth in the state of the Minnesota Hospital Service Association, the sixth increase in benefits to subscribers and their dependents during the association's seven years of operation is announced from St. Paul headquarters of the organization. New benefits, approved at a meeting of the hospital service association board of directors, become effective March 1 to more than 310,000 persons affiliated with the association in the Twin Cities, Duluth, St. Cloud, Fergus Falls, Stillwater, Wadena, Bemidji and Crookston.

Red Lake Falls opened its new ski jump Sunday with a tournament attended by 800 persons assembled to watch some 33 jumpers from Grand Forks, East Grand Forks, Mayville, N. D., Oslo, Thief River Falls, Terrebonne and Red Lake Falls. Al Lawann of the Grand Forks Ski club made the longest standing jump in class A, 122 feet.

Tungseth Gets Bid to Washington Meeting

Senator E. L. Tungseth received an invitation last week from the secretary of the National Rivers and Harbors Congress to attend their thirty-fifth annual convention to be held at Washington D. C. March 14 and 15 and to present there any problems or projects which may be vital to this section of the state. The National Rivers and Harbors Congress was organized in 1901 and is the only national organization dedicated entirely to the improvement of inland waterways and harbors for the purposes of navigation, commerce, flood control and conservation of water resources. It represents the whole country and coordinates the action-by-all interests concerned with the various phases of water development.

CROOKSTON TO MEET THIEVES IN HOCKEY THRILLER TONIGHT

(Continued from Page 1)

outskated the Pirates defense and rode in on top of Robson, who had not a chance to make the save. While the Pirates threatened during the final minutes of the game, and Dave Markivich scored an unassisted goal for them, the Thieves, with Beverly, Russell, Taylor, and Kornek, playing fine defensive hockey, and with Jim Bronson kicking out the shots that were on the net, were able to hold their lead.

Last Thursday night, by a score of 3 to 0, and last Sunday afternoon, by a score of 6 to 4, the Thieves defeated the Grafton Millionaires, to make a sweep of their semi-final playoff matches, and to win a place in the finals.

The summary of Tuesday night's game:

FLASCH SCORES 17 POINTS AS WARREN BOWS TO TRF QUINT

Moorhead High School Will Meet Prowlers in Gym Here Saturday

The Lincoln high school Prowlers play the Crookston Pirates at Crookston tomorrow night, and then return here to meet the Moorhead high school Spuds on Saturday night.

With their tousle-haired forward, Ed Flasch, dropping in 7 field goals and 3 free throws, for 17 points, and playing their usual quick-breaking offense, the Prowlers defeated the Warren high school Ponies, 42 to 25, in a game played here last Friday night.

Only during the cautious first period were the Ponies able to keep pace with the fast-moving Prowlers, holding the locals to an 8 to 6 score; but in the second quarter Flasch began to connect with his short-in shots, getting 4 baskets, and with baskets by Bob Kielty, Loren Jung, Wayne Bredeson, and Len Furuseth, the Prowlers pulled away to a 22 to 15 lead at the half.

The ten minute half-time intermission had not cooled Ed, because in the second half Flasch sifted through the Warren defense to add 3 more field goals to his total, and with a pair by Bredeson and a couple by Si Kompelien, the Prowlers continued to peg points to their lead, and at the game's end the score read: Prowlers, 42; Ponies, 25. And if Bob Kielty and Wayne Bredeson had been scoring their usual percentage of shots the total would have gone into the fifties, for Bob and Wayne missed baskets that are usually cinches for them.

Warren's offense was led by their floor-man, Johnny Gilbertson, with the high point totals going to Warren Strandquist, with 10, and Dana Allen, with 7.

In a preliminary game, the Prowler reserves, with slender dark-haired Johnny Campbell outscoring the entire Warren B team, easily defeated a team of Warren reserves, 43 to 18.

Sound Movies for Adult Evening School Tonight

The adult night school conducted in the Lincoln high school agriculture room by Harold F. Harrison, instructor, will meet again this evening at 8:30. The program will include the showing of a talking motion picture dealing with the control of worms in hogs.

Rites Tuesday for Halvor Hanson, 79

Funeral rites will be held next Tuesday, March 5, for Halvor Hanson, aged 79 years, who died in a local hospital Wednesday. Brief services at the Larson Funeral home at 1 p. m. will be followed by final rites at Oak Ridge church. Rev. M. L. Dahle of St. Hilaire will officiate, and interment will be in Lanstad cemetery. A complete obituary will be published next week.

Mohammedan Worship

Music plays no part in the typical religious service of orthodox Mohammedans. Every man professing Mohammedanism, or Islam as it is known to its adherents, is required under ordinary circumstances to perform divine worship five times every day. Only on the Sabbath is it required that the daily religious ceremonies be performed in a mosque. The mosque service, like private prayers, is not performed under the direction of a priest. It consists of various recitals, ejaculations, ablutions and physical exercises on the part of the worshiper. Women take no part in the formal religious services in Islam.

SPORTS

Tid-Bits

By Huck Olson

Don't miss the hockey game tonight! And watch Crookston's Ben Howard, No. 13, their big, blond defense man, when he makes a rush. He isn't very graceful, nor has he much style; but he does have power when he makes his charge. And watch Chet LaDoux, No. 6, the Pirates center-ice man. He's a smaller edition of George Beverly.

Walt McLarson, the manager of the Land O' Lakes diamondball team, wants to learn what progress is being made in securing a playing field for this season. Walt has already signed up what he calls a 'pennant-winning' team, and now he wants a playing field and a league.

The Prowlers play a basketball 'double-header' this week-end, playing the Crookston Pirates at Crookston tomorrow night, and the Moorhead Spuds, here, on Saturday night. I think the Prowlers will meet trouble beyond their reckoning at Crookston tomorrow night, and I'll be satisfied if they come back with a 35 to 28 win. But on Saturday night they should run up a 10 point win over the Spuds, with the score at about 37 to 27.

According to Crookston's Walt Grinols, Earl Tripp, our junior hockey star, is one of the sweetest goalies he has ever seen. He probably is all that; but it makes Earl blush when you call him 'sweet stuff'.

Here are some odds and ends: Mark McCaffrey is only 21 years old. He's been playing rough-house pro hockey since he was 16, when he left junior hockey. His home is in Ottawa, Canada. George Beverly our defense man, is considered one of the finest softball (diamondball) pitchers in Winnipeg. And Joe Popiel is a fine baseball player. But in Joe's case it is an instance of 'good field, no hit'. Did you know that the Thieves hockey team had paid $196.00 into the city treasury during the month of January, as rink rent?

[illegible] the Kiewel's diamondball team, has been around button-holing the other managers, and asking waivers on Heinie Waag, his left-fielder. According to Ole, the other managers get deaf when he brings up the subject, and as for a trade, they walk away from him when he tries that line of strategy.

Johnny Arnold, Mahnomen's premier druggist (adv.), was in town last week, and, from conversation I had with him, I should judge that he was press-agent for the Twin Valley high school basketball team. Johnny went out on a limb by saying that Twin Valley would be tough competition for Bemidji, in the regional, and that it wouldn't surprise him if they dumped the Lumberjacks. And the other side to the story is that Dick Seebach, Fosston's coach, says that Twin Valley is quite ordinary. They are big and rangy, but they haven't the class, poise, or the basketball sense that make champions.

Two Persons Sentenced on Statutory Charges

Forrest Ralston, arrested Tuesday on a statutory charge, pleaded guilty Wednesday in municipal court and was sentenced to pay a fine of $35 or serve 25 days in jail, being given until today to pay the fine. Also involved in the case was Irene Anderson of Fertile, who on a similar charge was given a thirty-day sentence which was suspended on condition that she leave town.

Highlanding Creamery Output Increases 5,000 Pounds During Past Year

The Highlanding creamery in 1939 produced a total of 167,220 pounds of butter, a gain of 5000 pounds over the preceding year, it was announced this week by Gunuf Gunstenson, manager, who added that an average net price of 26.3 cents was paid for all butterfat received. The cost of manufacturing per pound of butter was reported at 2.53 cents. Officers of the creamery include Anton Johnson, president; Anton Horachek, vice president; William Vaughan, secretary; and E. W. Hedeen, treasurer, succeeding E. Jenson. Knute Hegland is buttermaker.

Several Rotarians Talk at Club Meeting Tuesday

Several speakers addressed the Rotary club at its luncheon meeting Tuesday noon in the Evelyn hotel. Rev. E. L. Tungseth reported on a district Rotary meeting which he attended recently in Minneapolis, while E. M. Bennes gave details of a trip by club members to Winnipeg last week-end to attend an international Good Will meeting. Others who spoke briefly were Andrew Anderson, Anton Hall and Tom Mehegan.

MRS. A. B. STENBERG'S MOTHER DIES IN OREGON

Mrs. A. B. Stenberg was called to Klamath Falls, Oregon, Friday by the death of her mother, Mrs. Mary Wyman, who passed away on Thursday. Mrs. Wyman is known to many residents of Thief River Falls, having on several occasions visited at the Stenberg home.

MINNESOTA HISTORICAL SOCIETY

34 PCT. OF STATE CITIZENS OBTAIN GOVERNMENT AID

Minneapolis Tax Consultant Reports on Findings in Minnesota

Startling disclosure that 920,348 persons in Minnesota—or 34.7 per cent of the state population—are dependent, either directly or indirectly, on the government, is made in a summary of the public welfare survey of Harry Fiterman, Minneapolis tax consultant and finance analyst.

The figure is based on a public welfare case load of 211,086 and a total of 126,000 federal, state and local employes. The study is calculated on a population of 2,652,000 as of July 1, 1938.

The case load, which includes the various welfare program in the state, represents a population of 508,348, or 19.1 per cent of the total population, while the number of government employes reflects a population of 412,000, or 15.6 per cent, that depend on government for sustenance.

Of the 126,000 employes who receive their pay checks from government, 15,000 are on the federal payroll, 19,000 work for the state and 92,000 depend on local government. Comprising the 92,000 local governmental employes are 52,000 elected officials and 40,000 appointed.

Adjustment was made in the survey for the percentage of elected officials who are serving local government without pay, and consequently they are not included in the tabulation as dependents of government.

Schoolmen's Week Will Draw Educators from Whole State Mar. 19-21

The annual Schoolmen's Week, second only in size and importance among yearly teacher gatherings in Minnesota to the convention of the state education association, will be held unusually early this year, March 19, 20 and 21 on the campus of the University of Minnesota. An early Easter has advanced the date of public school vacations, in which period Schoolmen's Week is held.

"A state program of education" is the general topic selected for the meetings by Dean Wesley E. Peik of the College of Education and his cooperators. Superintendents, principals and other administrators, high school, elementary and primary school teachers will attend. The subjects will be in line with the studies now being made by the Minnesota Legislature's interim committee on the school problem, and members of the committee have been asked to attend the sessions.

State aid, the unit of school financing and the problem of the young man or woman who has finished high school but is not going on to college will be among the more important topics under consideration.

Head of Tri-State Waters Commission Is Selected for National Committee

Henry Holt of Grand Forks, chairman of the Tri-State Water commission and vice chairman of the North Dakota state water commission, has been made a member of the projects committee of the National Rivers and Harbors congress.

He succeeds former Congressman James H. Sinclair of North Dakota as a member of the committee, which is composed of an outstanding waterway leader from each of the 11 engineering divisions of the United States.

Formal announcement of his appointment was received Thursday by Holt, who will attend the meeting of the projects committee in Washington, March 12 and 13, prior to the annual convention of the rivers and harbors congress, March 14 and 15.

Water development enthusiasts hailed Holt's appointment as recognition of his leadership in this phase of activity.

Gov. and Mrs. Stassen Leave on Short Cruise

Gov. Harold E. Stassen left Sunday with Mrs. Stassen for New Orleans where they will board a freighter for a week's vacation cruise to Panama and back. They will be home after about 10 days.

"This trip will give the complete relaxation and physical reconditioning that I know I need", the governor said. "The coming summer and fall of campaigning will be hard and will offer no opportunity for a vacation."

19.4 PER CENT OF DEATH CAR DRIVERS HAD BEEN DRINKING

Safety Division of Highway Department Reports on Accidents

A drinking driver is a killing driver. This statement is borne out by accident statistics for the year 1939 compiled by the safety division of the state highway department.

Another important point brought out by a study of the safety division's figures is that in all traffic mishaps—both fatal and non-fatal—48 per cent, or virtually half of the drivers, were violating one or more traffic laws at the time of the accident in which they were involved.

Accidents involving drinking drivers reached a total of 1,026 for the year, or 11.4 per cent of all motor vehicle accidents reported. But 19.4 per cent of all fatal accidents involved drivers who had been drinking—although not all were necessarily drunken drivers. One out of every 11 accidents was fatal where Demon Rum was a party to the mishap. The ratio for non-drinking drivers was one out of 25. From this it can be seen that one's chances of meeting death in an automobile accident are more than twice as great if either of the drivers involved has been drinking, W. F. Rosenwald, Highway traffic and safety engineer, pointed out.

Of the 14,554 drivers reporting accidents last year, 73 per cent, or 10,663 were urban residents—living in cities and villages of 2,500 population and over. Rural drivers, totalling 3,694 in number, accounted for 25.4 per cent of the traffic mishaps, and 785 out-of-state motorists were involved in 5.4 per cent of the total accidents.

But although urban drivers had more accidents, their ratio of traffic killings was not as high as that of the rural drivers. One out of every 30 urban motorists having an accident figured in a death, whereas the proportion for the rural drivers was one out of every 16. One of every 20 non-residents involved in motor vehicle accidents was in a fatal mishap.

Minnesota Has 875,000 Motor Vehicles in 1940, One for Every 3 People

Minnesota has one motor vehicle for every three of its citizens with more than 875,000 motor vehicles registered for 2,627,000 people. Its entire population could ride comfortably, at one time, in the passenger cars they own, and have enough trucks and busses to carry all of their necessities of life. That is, of course, in case of a general exodus—if people of Minnesota could find any better place in the world to go!

And all of the people in Minnesota, in all of the motor vehicles in Minnesota, could travel at the same time on the 11,000 miles of state trunk highways and still have less than 77 vehicles to the mile—a safe driving interval at moderate speeds.

Only six other states had higher motor vehicle-population ratios in 1938, and Minnesota has gained rapidly in motor vehicle registrations since, so it can expect to rate close to the nation's top this year. This means the world's top, because no other country in the world even approaches the motor-vehicle owner ratio of the United States.

These Trees of Mine

—By Mrs. E. E. Zeh—

One morning as I was weeding the border just inside the front fence I spied two little leaves that had just broken through the ground. They were still folded together, fan shaped, sharply notched across the top and about the size of a dime. They were bright green and glossy, with a really distinctive air. I knew at once that this was not a weed, this was someone of importance.

So I carefully stirred the earth about the new little plant, stuck small twigs about it so that no careless foot would tread upon it and left it to do whatever it had to do. It was rather late in the summer when it appeared and it did not sufficiently develop so that we could be sure of its identity before the frost came and blackened its leaves. All of the family and our friends and neighbors were interested and even a passer by was often called in for consultation, but it was not until the next summer that we could be sure it was a baby basswood, or, more poetically, a Linden.

We did not know of a parent tree within a mile so the birds or squirrels must have carried the seed some distance. The little tree was much admired and carefully tended, and was regarded as a very special gift, a brave little volunteer.

It was of slower growth than I had supposed a basswood to be, not one-third as fast as an elm, almost as slow as the oak. It is now about thirty years old and is still what one would call a small tree. It is just fairly well shaped, blossoms, and perfumes the yard with its sweetness, but it has not as yet matured seed.

The Basswood does grow to be very large, is often hollow when old, and makes a fine home for the hives of vagrant bees. It is thus a treasure trove for the pioneer honey hunter or the black bear who, as everyone knows, is a notorious honey lover. Basswood honey is of very fine quality.

I hope the little Linden may be allowed to live out its natural life span.

Clippers Born in 1843

The era of the clipper ships began about 1843, when demands of the China tea trade called for faster ships. In 1849 the rush for California gold further stimulated clipper-ship design and construction. The era continued until the opening of the Suez canal in 1869 and the rise of steam in ocean transportation. It was about 1851 that the American clipper reached its zenith.

SILVERTON

We have begun preparations for our Declamatory contest which will take place in April. There are ten pupils taking part, so we expect to have to work hard.

Many of us are enjoying hot lunches at noon. We find them to be very appetizing.

Group II is working on letter writing. Our plan now is to construct three interesting letters which are to be sent to a rural school in New Mexico. Donna Brudy, Dorothy Lutz and Duane Von Wald are the leaders of the committees appointed. One letter is about the school, another on the community and the third on the state. We are also going to send some pictures and school work. We are already looking forward to the time when we may receive an answer.

Mrs. John Burtness was among the ladies who attended the Ladies aid of Circle No. 1 which met at the John Gran home in Thief River Falls. New officers were elected as follows: Mrs. O. Hedalen, president; Mrs. Oscar Gilbertson, vice president; Mrs. Clayton Steenerson, secretary-treasurer. Mrs. John Gran and Mrs. Roy Rude were retained as Good Cheer leaders. Among visitors there were: Mrs. Nels Burtness, Mrs. Olaf Olson, Mr. and Mrs. John Kvall, Mr. and Mrs. L. A Llan, Mrs Kjos, Mrs. Olsen, and Miss Agnes Wartine.

In honor of Joyce Brating's birthday which was Feb. 23, and Mr Boese' birthday which was the 24th, we had a joint celebration at the Ted Boese home Friday. Those present were: Mr. and Mrs. John Brating, Joyce, Beverly and Shirley Ann; Mr. and Mrs. John Burtness, Patsy and Richard and Miss Iva Howe. The center of attraction at lunch time was a beautiful birthday cake decorated in yellow and accompanied by generous dishes of ice cream.

Miss Gylia Fosholm left Saturday for a few days visit at the home of her father, Hans Fosholm at Holt.

Mr. and Mrs. A. M. Barstad accompanied Mr. and Mrs. Elmer Barstad of Thief River Falls to Fargo, N. D., Saturday where they will visit at the Lars Sandfor home. Enroute they will visit at the Dosland home at Perley with Mr. A. M. Barstad's cousin. They returned to their home in Smiley Sunday evening.

Mr. and Mrs. John Burtness and children attended the meeting at the Sam Groven home Sunday. Present also was M. Meremick and son James of Thief River Falls.

W. E. Chapman and Harry Woolson attended the Educational meeting at the Silverton Town Hall on Tuesday afternoon. Patrick Culkins was the speaker and the attendance was good.

Among those attending the interesting flax and malting barley meeting at the Sons of Norway hall in Thief River Falls Friday were Joe and Art Knutson, J. C. Brating and John Burtness.

Clarence Chapman was quite seriously injured Sunday while riding on skis behind the auto, striking rough ice he was thrown on his face, cutting his lip which necessitated a visit to the doctor and two stitches. He also sprained his left arm and received many other cuts and bruises about the face.

Our sympathy is extended to Mrs. Odin Hanson in the loss of her mother who passed away February 2 at the age of 78 years. Mr. Hanson attended the services held at McIntosh, Feb. 7th.

Chester Bornholdt visited Tuesday evening at his home. His father, Mr. Bornholdt had the misfortune of burning his hand very badly on Sunday evening when his mitten on which he had spilled gasoline caught fire, also doing some damage to the truck around which they were working.

Harmless Monster

Remains of the iguanadon were first discovered in the sandstones of the Weald in Sussex, England. Although 60 feet in length and able to stand on its hind legs, it was a vegetable eater, and comparatively harmless.

RIVER FALLS

Mr. and Mrs. Alfred Swedeberg and family of Thief River Falls were Sunday dinner guests at the home of Mr. and Mrs. Ernest Ulrich.

Earl Bothman motored to Thief River Falls Friday where he received dental treatment.

Mr. and Mrs. E. Evans of Angus motored here Sunday where they visited at the home of Mr. and Mrs. Gerald Stephens.

Mrs. August Swenson and Elgo and Mrs. Benne Johnson of River Falls, and Mr. and Mrs. Leo Carpenter of St. Hilaire motored Saturday to Crookston, where they helped Mrs. Anna Ness celebrate her birthday anniversary.

GRYGLA

Thorson-Hanson Wed

Last Thursday, Feb. 22, at 7:30 Miss Edith Thorson, youngest daughter of Mr. and Mrs. Hans Thorson became the bride of George Hanson, youngest son of Mr. and Mrs. H. W. Hanson. The ceremony was read by Reverend Anderson at the parsonage. Mrs. Anderson played the wedding march.

Witnesses were Miss Dagny Tollefson and Wilfred Thorson.

The bride was attired in a gown of light blue wool with dark blue accessories. The bridesmaid wore a gown of wine silk with black accessories.

After the ceremony a reception supper was given for the wedding party, John Haugen, Miss Ella Haugen, Mr. and Mrs. Hans Hanson, Floran Gorder, Mr. and Mrs. Robert Thorson and Helen Thorson.

The community joins in wishing Mr. and Mrs. George Hanson best wishes for the future. The Hansons are at home at the H. W. Hanson farm.

Mr. and Mrs. Hanson gave a wedding dance for their many friends last Saturday evening. Out of town guests at the dance were Mr. and Mrs. Earl Giltvedt of Hendrum and John and Emil Hanson of Neilsville.

Co-op Meeting

Last Saturday the farmers hereabouts met at the R. N. W. Hall and heard Mr. Aamodt, farm Security Supervisor speak on the methods of financing for Cooperative companies. Mr. P. J. McLaughlin, field man for Farmers Union Central Exchange and E. Reitmeir, secretary of Farmers Union Station at Crookston spoke on Farmer's Union Organization.

The directors of the Cooperative oil company met at the Creamery office last Saturday evening for a general discussion.

Sandberg to Show Movie

R. P. Sandberg, the Minneapolis-Moline dealer, is showing "The Headliners", a farm movie production, March 8, beginning at 1 p. m. "The Headliners" is in full natural color and all sound, and features a demonstration of television. The story of the picture is centered on a young farm couple who attend the State Fair. They have a grand time visiting all the sights, including the auto races and Midway, where they come upon a television studio. At this studio, they see before them on the television screen, Minneapolis-Moline tractors and farm machinery working in different fields in all parts of the country. They return home, knowing their farm problem is solved.

Mrs. H. Hope Hostess

Friendly neighbors met last Thursday night at the Henry Hope home. Mrs. C. Doran, president, opened the meeting for the last time, as this was the annual meeting and the vice president, Mrs. J. Stewart, [illegible] became president for the coming year. The former secretary, Mrs. H. Hope became the vice president, Mrs. G. P. Armstrong, former treasurer became secretary and Mrs. A. J. Miller was elected as the new treasurer. Mrs. Herbert Moore and Mrs. Henry Hope were elected to serve on the new buying committee.

Mrs. Clara Lillevold and Mrs. O. J. Peterson were on the entertainment committee. They arranged a "[illegible] Peanut" game which was won by Mrs. C. Doran. Next was a "[illegible]" which was won by Mrs. A. J. Miller. Booby prize went to Mrs. G. P. Armstrong. The remainder of the evening was spent playing cards. A lovely lunch featuring a George Washington birthday cake was served by the hostess. Mrs. Elmer Hylland was a guest for the evening.

Delegation To Crookston

A delegation of six members of the local Parent-Teachers organization went to Crookston last Wednesday to attend a school of instruction. Those that attended were, Mmes. E. Hylland, C. Doran, E. Brown, C. Lunde and Mr. and Mrs. G. P. Armstrong.

Mrs. [illegible] E. Lasley, president of the Minnesota Congress of Parents and Teachers gave the lectures. Because of questions asked, she spent a great deal of time on the type of program that is appropriate for a P. T. A. She said that each program should send the [illegible] home with a feeling of having learned something. Suggestions for programs were, readings from the National Parents and Teachers Magazine; talks by the local teachers telling of progress made in school or what is trying to be done, lessons or demonstrations showing the vast difference in teaching methods of a few years ago and now; also many others which will be discussed at the next P. T. A. meeting.

There were suggested methods of increasing attendance at the meetings. One "don't" given was never to exploit one child, such as a tap dancer etc.; a whole class may be used any time.

Summed up P. T. A's should in the main be for Parents Education.

P. T. A. stands for Pulling Together Always". Many pamphlets and books were on display and all there took home some for their P. T. A. shelves.

The dinner for the P. T. A. delegates was at the Alex Cafe and the supper was served by the Methodist Ladies Aid in the church basement. The aid supper carried out appointments in keeping with George Washington's birthday. During the supper Dr. Blanche Sharp was presented with a P. T. A. Pin in appreciation of her work as a former P. T. A. President in Crookston. After the supper the delegation coming from farthest (Grygla) was given an ovation and Mrs. C. Doran, president of this P. T. A. was presented with a gift of appreciation.

Mrs. S. E. Linsley has a personality full of friendliness and we all enjoyed the school of instruction very much. The school was also invited to attend a Lyceum performance given to the High school by the "King and His Three Ambassadors". This was an unusual and unexpected treat.

Co-Op. Store News

The annual audit of the Grygla Cooperative company has been completed and the 1939 financial statements mailed out to their 308 stockholders. A stock dividend of 4% has been paid out and purchase dividend of 4% has been paid to stockholders in cash; also 4% credit on stock to non shareholder patrons. The annual meeting will be held on Wednesday March 27 with the usual free lunch. This is better known as Store Day. $1,788.00 was the amount of money distributed for 1939. The total net worth of the store is $30,236.96.

Members Totaled Near 100

The Sportsmen Buffalo Barbeque last Thursday evening was very well attended in spite of the cold weather. Many members were signed up for this coming year and the total now is nearly 100. Plans for the annual spring hunt were made with Leonard Haack and Carl Holbrook chosen to be this years captains.

Two officers Cliff Lunde, president and Sofus Bjertness, vice-president were re-elected and C. Doran was elected as Secretary-treasurer.

The program for the evening was a number on the accordion by Carl Sundberg, a talk on sports news by Hans Hanson from Holt, a chalk talk by Carl Holthusen, a guitar duet by Lawrence Sandland and Clifford Rude and a talk by William Borchert, game warden from Thief River Falls. The balance of the evening was spent playing cards.

Interesting Aid Program

Mrs. Alma Lind from Badger, Circuit president of the Women's Missionary Federation, will speak at the next Ladies aid here March 7. Delegates from Aids around Grygla are expected to be present. Everyone welcome. Plan to attend.

Audrey Austad Feted

Mrs. Gust Austad arranged a birthday party for her daughter Audrey for her third birthday last Saturday. Audrey's cake was decorated in pink and green. Present were Sharlene Holbrook, Beverly Moran, Patricia Doran, Mr. and Mrs. Pete Bakken, Mrs. Ernest Selle, Lois, Phyllis and Carrol Selle, LeRoy Austad and the honor guest, Audrey Austad. Audrey received many lovely gifts.

Baby Notes

Curtis Ordean, son of Mr. and Mrs. Melvin Rude was baptized last Sunday in the Liner church. Rev. Anderson officiated and sponsors were Mr. and Mrs. Lawrence Rude.

Born to Mr. and Mrs. Jergen Jelle Wednesday, Feb. 21, a girl. She will be known as Virginia Lynne.

Friends will be interested in knowing that a daughter was born to Mr. and Mrs. Roy Brown of Thief River Falls. She will be named Bonita Rae.

A girl was born on Friday, February 23 to Mr. and Mrs. Walter Dalton.

Hans Huseth and son Eric and grandson Harlan of Thief River Falls visited Saturday evening at the Hans Thorson home.

John Rostvold, Miss Irene Rafteseth, Russell Thieling, Mr. and Mrs. Earl Giltvedt of Hendrum and John and Emil Hanson of Neilsville spent Sunday at the H. W. Hanson home.

Bud Holoroos accompanied Bob Thorson back to Delamar, N. D. Monday to bale flax straw. R. Thorson was home to attend the wedding of his sister Edith.

Paul Steen of Warren was around Grygla last Tuesday on business.

Rube Sandberg and Sofus Bjertness came back from Minneapolis last Tuesday. They attended a Minneapolis-Moline convention.

The Ernie Davidson family of Thief River Falls visited at the George Holbrook home last Wednesday.

M. L. Windaness and son Orton visited at the William Neuschwander home last Sunday.

Word has been received from Miss Ada Todnem that she can attend, Wednesday, March 20, with the 4-H boys and girls that are interested in demonstration work. The regular club meeting will also be held that evening so that Miss Todnem may attend if convenient.

Little Helen Thorson spent her first night away from home last Saturday night. She was visiting at her grandparents home, Hans Thorsons.

Elmer Hendrickson from the Cities left last Sunday after visiting at Malcolm with his parents for a few days.

Walfred Ahola who had his back treated at Rochester some time ago is getting along very well now.

George Armstrong left last Sunday for Fergus Falls where he will spend a day on business.

Reverend and Mrs. Sabo from Mavie visited at the G. O. Sandland home last Sunday.

Mr. and Mrs. Pete Bakken made a business trip to Warren last Saturday.

A girl was born to Mr. and Mrs. Archie Prosser (Katherine Sulland) of Middle River last Wednesday February 21.

Annual Creamery Meeting

The Creamery meeting was held last Monday afternoon at the R. N. W. Hall. Severt Askeland, chairman, opened the meeting by calling on Ilius Magneson, local operator, for a talk. He gave definite figures, as follows, showing the gain of the creamery in the last four years; notes payable four years ago amounted to $4,500 against $1,500 now, machinery and equipment purchased during this time amounted to $4,100 (he mentioned that some extra expenses was incurred on account of nearly every pipe line in the establishment had to be changed on account of freezing); four years ago patrons overdrafts amounted to $204 as against less than $300 now; accounts receivable were $635 against less than $10 now or a total of $1,539 then against a total of less than $300 now.

Patronage and volume have shown a gain every year, quality has been maintained and further it is safe to say that costs and volume are easily the best of any year in the past. Sideline profits have helped cut operating costs very materially, and good volume was done in most lines. Quality first considered, our price has made a satisfactory saving to our patrons. Generally speaking the cooperation given by the patrons has resulted in one of the best years of operation in the history of the creamery.

Due to good feed crops the farmers hereabouts are feeding and keeping more heifers and cows in production than four or five years ago.

Mr. Stuart McLeod of Thief River Falls, vice president of Land O' Lakes and chairman of this district No. 17, spoke next. He recalled the year of 1919 when he was farming near Goodridge when times and conditions were much the same as at present. He mentioned that a true farmer, "Lives in Hopes", if a year turns out bad the farmer looks forward to the next spring when he can start all over again. He also mentioned that milking cows and hauling cream is the harder way of farming but is by far the surest.

He told how the Land O' Lakes is a concern that is especially interested in being fair to all farmers; no matter where you live and sold cream, if you sold to a Land O'Lakes creamery you received the same price as your neighbor farmers in the next state. This uniformity in price means a great deal to farmers more isolated as here.

He spoke a great deal on the good done by John Brandt of Minneapolis, who was appointed to serve on the Dairy Products Marketing Corporation. He, too, was a farmer boy at one time and so much of his background farm knowledge is first hand. He now is one of the greatest leaders in dairy history. He told how Mr. Brandt bought and sold huge amounts of butter and thus kept butter prices at a much more even keel.

John Lager, field man from this district spoke next and told about how the efficiency average of this creamery rated high. He explained that this was arrived at by taking samples out of every shipment of butter that went to Duluth and placing these samples in an incubator. They are kept at a seventy degree temperature for 10 days. This tends to bring out all the bad in the butter if there is any.

He extended an invitation to every man interested to attend the district convention to be held in Thief River Falls on the 29th of February. He mentioned that the Salisbury exhibit will be on display at Thief River Falls. This exhibit is a glass hen, so constructed as to show the working organs and by light arrangements also shows diseases in various organs.

Severt Askeland was elected to serve as the delegate to the Thief River Falls Convention. Sam Sandland was elected as delegate to the meeting in Minneapolis on March 13-14-15 with T. J. Lillevold as alternate. Martin Sandamark and Arthur Nordby are again on board of directors. Mrs. A. Erickson was elected secretary, Sam Anderson was elected vice-president and S. White Aboriginal Americans

From data recently accumulated, archeologists believe that, ages ago, the Americas were at least partly populated by a race of Caucasian stock that came from Polynesia and parts of southeast Asia.

SMILEY

Hockey Games

Interesting hockey games have been played the last two Sundays between the River Valley hockey team and the Smiley hockey team. The first game was played on the local ice near Newton's a week ago when the River Valley gang came up for a fast and furious game ending in a score of eight to two in favor of the local lads. Last Sunday the Smiley gang motored to River Valley for a return game, which was a dandy game ending with Smiley in a lead of 5 to 0. Hospitality reigned supreme in River Valley after the game, those good folks dished out a delicious lunch to the hungry gang. Thank you, River Valleyites!

Mrs. Carl Johnson of Thief River Falls was an overnight guest at the home of her niece, Mrs. Mark Olson Monday. Mrs. Johnson entertained Mrs. Olson, Clara Olson and Mrs. O. N. Olson at luncheon at her home in town Saturday afternoon.

The Adam Lendobeja's were hosts to Mr. and Mrs. Richard Lund of San Gabriel, Calif and Julian Lendobeja of Kratka to evening dinner at their home Wednesday. After the dinner the following folks came to the Lendobeja home for a whist party. High prizes went to Mr. Lund and Mrs. Jim McCrum with the "booby" prize going to Walter Lendobeja. Mrs. Adam served a delicious lunch at midnight. Those who were there were Mr. and Mrs. Lund, Julian Lendobeja, Mr. and Mrs. Walter Lendobeja, Mr. and Mrs. Jim McCrum, Mr. and Mrs. Ted Lendobeja Alfred Olson of Mavie and Herman Beiswenger.

Welcome to our community, Mr. and Mrs. Al Kraemer! We're happy to have you among us. The Kraemer's are newlyweds and have recently moved into their new home which was the former J. D. Turnwall farm near the old Beerlower farm. The Carl Lindholm's now occupy the latter place. Mrs. Kraemer is the former Violet Ramsey of Thief River Falls. Last Sunday a large group of friends gathered at their home and tendered them a lovely and useful kitchen shower.

Peter Engelstad and Perry Borgie of Rocksbury attended business matters with the Olson brothers Saturday.

Clara Olson spent Friday and Saturday with her friends Mr. and Mrs. George Ege in Thief River Falls. She also attended the basketball game Friday evening.

Tunnels, bridges, signals and many other costly structures must be provided and maintained by a railroad as a part of its "roadway". The picture shows one of several train signals in the Great Northern's 8-mile tunnel which pierces the Cascade Range in western Washington.

The Anti-"Barrier" Campaign

Some states have seen fit to impose special sales taxes and rigid inspection on certain out-of-state products for the purpose of protecting their own producers against out-of-state competition.

Within the last few months these special sales taxes and inspection laws have been widely condemned as "barriers" to the free flow of commerce.

Conspicuously active in the campaign against trade barriers are the highway competitors of the railroads and other interests closely allied with them.

Their purpose is to turn this agitation to their own benefit, by *wiping out* (1) the payments, or taxes, which various states have imposed on out-of-state commercial vehicles for the use of their highways; (2) the methods which various states have found necessary to adopt in order to enforce such payments; and (3) various restrictions, such as size and weight limitations, which various legislatures have deemed in the best interests of their states.

If the charging of such payments, or taxes, is a "barrier" to the free flow of commerce, then certainly the taxes paid by the Great Northern and other railroads in every state where they run trains, are an even greater barrier, because the visiting truck gets a costly public highway to operate over in exchange for the nominal fee it pays, while the railroad has to provide and maintain its own expensive roadways over and above the taxes it pays.

It is far-fetched to compare these heavy transport vehicles with private automobiles which are privileged to be operated anywhere upon the payment of a license fee in only one state.

For the private automobile is not engaged in a *public* transportation business for the profit of its owner, using costly public facilities to compete with another kind of transportation which provides and maintains its own.

Further, there is a wide difference in the cost to the taxpayers of furnishing highway facilities for ordinary traffic—and for the heavy loads of commercial vehicles.

The free flow of commerce depends first of all upon absolute equality in the taxation and regulation of all forms of transportation, with each paying all of its own costs. Anything short of this interferes with the free flow of commerce and constitutes the real "barriers".

F. C. Larson of Warren, was elected president of the Minnesota Retail Hardware association at the close of the organization's 44th annual convention Friday. Retiring president A. J. Bynda of New Prague, was named to the advisory board. The association recommended that the legislature set up a fund for research into fish life and propagation in the state, the money to be obtained by a five per cent levy on all fishing licenses.

Bing Crosby must be getting his race horses from Russia as they are unable to get across the finish line.

COKATO SCOUTS HONORED

Nine Cokato boy scouts attained Eagle Scout standing at the court of honor held at Litchfield recently, surpassing all records in the Twin Cities area for number of scouts to receive this honor at one time. The troop is sponsored by Cokato Post 209 of the American Legion, and M. B. Krueger, Cokato teacher, is scoutmaster. Left to right, the boys are: James Hendricks, Donald Redmond, Gordon Redmond, Chester Anderson (back), Gordon Nelson (front), Carl Tideman, Jack Easton, James Dokken, and Ralph Freel.

Production Credit Units to Meet in Detroit Lakes

Over 2,000 farmers in northwestern Minnesota will be represented at Detroit Lakes on March 4 and 5 when production credit officials from 6 local associations gather at the Graystone hotel for a group credit conference, it was learned this week as plans are being made by the Production Credit Corporation of St. Paul. Directors and officers of the cooperative credit organizations located at Detroit Lakes, Bemidji, Moorhead, Thief River Falls, Crookston and Fergus Falls are taking this opportunity to consider the principles on which sound credit is extended. In the field of short-term credit for agriculture, these 6 associations have loaned more than $1,300,000 in the past year to finance farming operations in 20 northwestern Minnesota counties.

Unusual Planet Display May be Seen This Week

Those who are interested in the beauties of the heavens, and in planetary displays, should watch the skies closely during the next two weeks because the number of planets to be seen close together will be the greatest not only in the lifetime of most people now on earth, but for hundreds of years, according to Professor Willem Luyten, University of Minnesota astronomer. The evening conjunction of Jupiter and Venus will be especially striking during the week of February 26. Pluto, Mars and Saturn will be among the other planets joining in the show. At the most, nine planets will be visible at the same time, though not easily, for one will be on the extreme eastern horizon when another is setting in the west, leaving seven to be seen if the weather is clear.

Tough Luck: He's Unable to Tell About Operation

Jacob Everett, son of Mr. and Mrs. Munro Brown of Graceton, near Baudette, had his appendix removed last week, but he isn't able to tell his friends about his operation. As a matter of fact, he will have to wait quite a few years before he can boast about it, because he is only 10 months old.

Local Boy Gets Audition for National Orchestra

State-wide auditions for youth who have made application for the All-American Youth Orchestra were held at the University of Minnesota music building, Saturday, it was announced today by C. B. Lund, State Youth Administrator of the National Youth Administration. Youths participating in the auditions represented communities in the northwestern, central and southern parts of the state.

Over fifty-five youths were heard by the state auditions committee Saturday, including James Skarstad of this city, who plays the French horn. Youths selected in these auditions will be heard by the state committee in a final audition to be held at the University on March ninth.

The All-American Youth Orchestra, sponsored by the National Youth Administration in cooperation with Leopold Stokowski, former director of the Philadelphia symphony orchestra, will be composed of the 109 most talented youth in the United States between the ages of sixteen and twenty-five. After a good will tour of the Latin American countries, the orchestra will return to the United States, where it will go on tour.

State Fur Sale Nets Large Sum for Pelts

The largest sale of confiscated and trapped furs so far held by the division of game and fish in the state department of conservation, last week brought a total of $23,573.46 for 19,026 pelts.

In the lot were 18,740 muskrat pelts which sold for $22,259.56; 23 beaver for $386.75; 66 mink, $537; 56 raccoon, $178; 21 badger, $42.40; 45 skunk, $80; 2 otter, $26; 57 weasel, $22; 5 red fox, $2?; 8 grey fox, $14.50; 1 bobcat, $2; 2 deer hides, $1.25.

The unusually large number of muskrat pelts on sale at this time resulted from the necessity of trapping them because of low water conditions in the southern part of the state where many of the muskrat marshes either had dried up or frozen solid, according to game and fish officials.

75 FARMERS TOLD OF BARLEY, FLAX PRACTICES HERE

Speakers Say Much Barley of Malting Grade Is Improperly Threshed

Seventy-five farmers were told that their income from barley could be increased by using more careful methods during threshing, by W. W. Brookins, extension agronomist, at the barley and flax school in Thief River Falls last Friday. Mr. Brookins and C. A. Wallin, federal grain inspector from Duluth, showed that a large amount of barley had sold at feed barley prices, although it was of malting grade. The reason for not selling on the terminal market as malting barley was due to the fact that it contained too high a percentage of skinned and broken kernels.

The presence of a high percentage of skinned and broken seeds is due to too close threshing. Many carloads would have sold at a premium of from ten to fifteen cents per bushel if the percentage of skinned and broken kernels had been low enough to meet the malting grade requirement which is five per cent.

Flax yield can be increased in many instances if recommended procedures are followed was also Mr. Brookin's opinion. Mr. Brookins makes the following recommendations for flax culture after studying the results of a survey of flax producers on their culture practices.

Flax should be seeded early, (about the same time as wheat) on clean land, which produced a cultivated crop or alfalfa the previous year. The soil should be packed before seeding to prevent seeding too deep, and give a firm seedbed which flax needs. Use only recommended varieties, of which Bison is best, and use clean seed. Clean seed is very important as flax cannot compete with weeds and return a profit.

Says Reed Canary Grass May Require Fertilizer

Why is it that many farmers believe there is no hay crop in the world that is as good as Reed Canary Grass for low, poorly drained soil, while others say, after trying it, that yields are low and quality poor? "Lack of proper plant nutrients in some marsh soils", is the explanation given in the newly revised Extension Bulletin 137, "Reed Canary Grass for Meadows and Pasture."

A. C. Arny, division of agronomy and plant genetics, University Farm, author of the bulletin, says that soil which produces good crops of timothy and clover, or small grains, without the addition of fertilizer, will also produce good quality Reed Canary Grass pasture or hay. However, when fertilizer is needed the yield will probably be very low and whatever pasture or hay is recured will be of poor quality.

The bulletin points out that Reed Canary is a native crop in Minnesota. It is particularly well adapted to poorly drained mineral soils. Once established, it forms a very firm tough sod, is excellent pasture, and often produces three heavy crops of hay or from 40 to 100 pounds of seed per acre.

Bemidji Liquor Store Nets $33,475 in 1939

J. P. Lahr, operator of the Bemidji city liquor dispensary, submitted to the Bemidji city council last week a report for the month of January as well as a report on the past fiscal year's operations. A net profit of $1,028.01 was shown for January for a total net profit of $33,475.08 for the year ended January 31. In nearly six years of operation, the business has netted the city $187,506.71, Mr. Lahr reported.

State Gets 88 Sewage Plants in Past Decade

Substantial progress in the fight on pollution of public waters in Minnesota was made during the 1930-39 decade, according to figures compiled from public records, by the Portland Cement Association. Eighty-eight cities and villages built new sewage treatment plants during the *ten year period*. That may seem a small number in a state which has 727 incorporated municipalities. But it happens that these 88 towns have 1,051,070 people, or two-thirds of the state's municipal population.

HAZEL

Mr. and Mrs. Harry Winter of St. Hilaire were visitors at Adrian Anderson's on Tuesday.

Mr. and Mrs. M. K. Ellingson and family spent Sunday visiting with the Hans Presthy family west of St. Hilaire. The Presthys are former Hazelites.

Miss Keughn of Greenbush who is a *member of the* Teachers Training department at Thief River Falls started practice teaching Monday at the Hazel school. She is staying at the Martin Ellingson home while here, as is also the regular teacher, Miss Alice Ann Severson of Thief River Falls.

Mesdames Frank and Oscar Peterson were hostesses at a party at the home of the latter Friday evening. Those present participated in various contests and games were played. At midnight a smorgasbord was served to the thirty guests present.

Visitors at the Wm. Rinkenberger home Tuesday evening were: Ida Mae Iverson of St. Hilaire, Mr. and Mrs. Henry Hegrenes of McIntosh, Edgar, Maurice and Cyrus Peterson, Alfreda Walters and Doris Wassil.

Mr. and Mrs. Charles Julien, Reuben, Bonnie and Beverly Julin all of Fort Francis, Ontario, Canada came Sunday morning to spend the day at the Henry Sandbergs, Clarence Roese, Anton Peterson and Erick Krats homes.

Mr. and Mrs. Harry Ranum of Rosewood came Monday to spend a few days at the home of Mrs. Ranum's parents, Mr. and Mrs Carl E. A. Alberg, where Mr. Ranum will lay a new kitchen floor. Henry Nelson and Stanley Alberg are taking Mr. Ranum's place during the latter's absence.

Gladys Nelson was able to return to her studies at the St. Hilaire high school Monday after being ill with the flu.

Perhaps the best way to lose democracy over here is to fight for it over there.

OUR PROGRAM for Tuesday, March 5th

It's a Special Invitation to Our Friends and Customers to Spend the Day With Us

It will be hard to arrange for special demonstrations in winter weather. But, our new machines, tractors, trucks, cars and equipment will be on display and you will appreciate the fine improvements for 1940 that we have to offer you. So spend the forenoon looking us over.

Our service shop will have to be closed for the day.

At 12 o'clock noon, we will serve lunch.

At 1 o'clock, we will start the program.

There will be one or two short talks.

Then some very interesting pictures. Fun and interesting from start to finish.

There will be five cash attendance prizes to be given away at the close of our program

Registration cards will be available in the forenoon before the program and we want all to register

WE WILL BE LOOKING FOR YOU

GOODRIDGE

Annual Creamery Meeting

The annual creamery meeting of the Goodridge Co-operative Creamery Association will be held Saturday afternoon, March 9, at the Gymnasium at two o'clock. All stockholders and patrons are urged to attend. A fine program with speeches and musical numbers will be given and lunch will be served as usual.

Baptism

Mr. and Mrs. Irvin Iverson had their infant son Leon Arvin baptised on Monday evening at the parsonage of the Goodridge Lutheran church by Rev O. O. Bjorgan and sponsors were, Mr. and Mrs. Orris Olson and Miss Evelyn Iverson.

Stephenson-Westbury

A marriage of interest to a number of people here was that of Miss Adeline Stephenson daughter of Mrs. Gena Stephenson to Wilson Westbury at Miami, Florida on February 10th. The ceremony was performed at the Silver Bluff Methodist church at eight o'clock.

Adeline has grown to womanhood here and she has a host of friends who join in wishing her every happiness. She was employed at the telephone office here for some time before she left for Florida three years ago.

Stag Party

The following guests were entertained at a stag party by Eugene and Ernest Swanson Saturday night. Whist was played and lunch was served at midnight. Those present were: Alvin and Svarre Sanders, Dave Diehl, Jake Erickson, Edward and Herb Eliason, Joe Krbechek, Percy and Lester Halverson, Johnny Swenson and Charles Josephson.

Lyceum Number

Another of the school Lyceum numbers will be given on Friday morning March 1st at the Gymnasium at nine o'clock. Malcolm Rosholt who is an Associated Press foreign correspondent and Current Events photographer. A blow-by-blow account from the ringside of the great oriental war will be brought to you by one who has studied the strategy of the contestants, weighed the possible outcome, the length of the war, the victor. His travel and adventure talk, "Mongol Horizon", also with motion pictures, is a stirring account of a five hundred mile camel caravan expedition undertaken alone into the heart of the Gobi to study life among the Mongols, to taste of the desert winds, to watch the camels chew their cuds. Don't miss this interesting number, Friday morning at nine o'clock.

Basket Ball

The basket ball game on Friday night was rather one sided but an interesting game never the less. Middle River won by a score of 48 to 21. The boys go to Plummer this Friday evening to play the Plummer team.

Benefit Dance

The Goodridge high school band are sponsoring a benefit dance on Saturday night, March 9, at the Gymnasium. Let's all go.

TUNA FOR CHICKEN

Tuna fish is our Lenten substitute for chicken. It's universally enjoyed, and it can pinch-hit in any number of casserole or creamed dishes—such as chicken a la king for example, or chicken patties.

Then there's chicken salad. We all know the delicious results when we've used tuna fish in place of chicken in this salad. And, of course, there are lots of other truly delightful combinations where tuna stands on its own merits instead of being a mere substitute for chicken.

The following two recipes are this kind. You'll want to keep them in your repertoire of meatless dishes that are especially delicious. I'm also including some menus built around these tuna fish combinations.

LUNCHEON MENU

Chow Mein Loaf Caper Sauce
Shredded Lettuce, Celery and Pineapple Salad with French Dressing
Hot Muffins
Fresh Rhubarb Shortcake
Coffee

CHOW MEIN LOAF

Medium White Sauce
2 eggs
1 can tuna fish (7 oz.)
½ cup almonds (blanched, split and toasted)
2 tbsp. capers (or crisp pickles) chopped
1 pkg. Chow Mein noodles (4 oz.)

Take out 1¼ cups of the Medium White Sauce and blend into it the flaked tuna fish, the almonds and the chow mein noodles and the well beaten egg yolks. Fold in the stiffly beaten egg whites. Pour into a well-greased and floured 4x8 inch bread pan that's 2¼ inches deep. Bake 30 minutes in a moderate oven, 350°. When baked, turn onto a platter and serve with the remaining Medium White Sauce to which the capers—or pickles—have been added.

MEDIUM WHITE SAUCE

Melt 6 tbsp. butter in saucepan over low heat. Blend in 6 tbsp. all-purpose flour, 1 tsp. salt. Remove from heat. Add 3 cups milk slowly, stirring constantly. Return to heat and cook until thickened, stirring constantly to prevent lumping. (Cook about 10 minutes over direct heat or 20 minutes over hot water, to eliminate raw taste.)

QUICK LENTEN SUPPER

Norwegian Scalloped Tuna Fish Buttered Beets or Peas
Lettuce and Celery Salad
Bread and Butter
Orange Cottage Pudding Coffee or Tea

NORWEGIAN SCALLOPED TUNA FISH

2 cup tuna fish (1 13-oz. can)
2 tsp. chopped onion
¼ cup lemon juice
1 tsp. Worchestershire Sauce
1 cup Anchovy Sauce
½ cup soft bread crumbs (packed in cup)

Flake tuna fish and mix with the onion, lemon juice and Worchestershire Sauce. Make Anchovy Sauce by melting 2 tbsp. butter in saucepan. Blend in 2 tbsp. all-purpose flour and ½ tsp. salt. Remove from heat. Add 1 cup milk slowly, stirring constantly. Return to heat, and cook until thickened, stirring constantly to prevent lumping. (Cook about 10 minutes over direct heat or 20 minutes over hot water, to eliminate raw taste.) Blend in 1 tsp. Anchovy paste. Place a layer of soft bread crumbs in bottom of a well greased baking dish. Cover with some of the tuna fish mixture and pour a little of the Anchovy Sauce over it. Continue using alternate layers of crumbs, tuna fish and Anchovy Sauce, reserving a few crumbs to sprinkle over top. Dot with butter and bake 30 minutes in a moderate oven, 350° F. This will make 8 servings.

Earth and Moon

The length of the earth's axis is about 7,900 miles, while the diameter of the moon's about 2,160 miles. The earth's surface is about 13½ times as great as the moon's; its volume or bulk is nearly 50 times larger and, owing to its greater density, the mass or actual amount of matter contained in the earth is about 81 times greater than that of the moon.

Now...25% More Dreft for Your Money!

Wash Your Dishes with this Grand New Patented Suds! It's Faster . . . Easier . . . and Now Costs Less Than Ever!

WOMEN everywhere hail Dreft as the most miraculous, time-saving dishwashing suds they've ever used! This amazing new suds creation . . . patented and protected by United States Patents . . . is utterly different from any soap you ever used. It offers 2 dishwashing advantages not even the finest soap can promise:

1. EASIER DISHWASHING because—in hardest "suds-killing" water—you get five times more suds than any soap you ever used! 2. FASTER DISHWASHING because no clinging hard-water scum is left to be polished off!

And think of Dreft's economy! By actual weight, you need only one-third as much Dreft as bar laundry soap! Less than two-thirds as much Dreft as package soap! And now that you get 25% MORE DREFT FOR THE SAME PRICE, this new suds is so much more economical, you simply can't afford to deprive yourself of Dreft's remarkable advantages for dishwashing any longer!

Today—at your dealer's—get 25% more Dreft at no increase in price! Start cutting your dishwashing work in half with this new patented suds!

Gretna Green

Modern Gretna Greens get their name from a small village in southern Scotland which became a favorite place for eloping couples from England after the English Marriage law was revised in the Eighteenth century. Many of these runaway marriages were performed over the anvil of the village smithy in Gretna Green, by a Scottish law which held a man and woman legally married if they exchanged vows before a witness.

School Notes

The district declamation contest for the district No. 31 will be held in Crookston Saturday, March 2. Plummer has contestants in two groups: Marion Korvela and Lawrence Page will be represented in the oratorical declamation division and Clarence Hall and Marcella Doran will be represented in the interperatative reading division. Contests will be held throughout the day with representatives from the various schools acting as judges. Miss Cornelia Gjesdal will act as judge from the Plummer school.

The final contest will begin at 7:30 p. m. in the high school auditorium.

In order to avoid conflicts as much as possible with meetings held in the hall in the afternoons, the basketball practice for the balance of the season will be from 3:45 to 5:45 every afternoon with the exception of days on which games are scheduled.

Final arrangements for the completion of the floor refinishing project was made last Friday when N. Y. A. director, Russell Mulldrem, called at the Plummer school. He gave assurance that the boys assigned to this work could begin on Friday afternoon, March 15.

The losing streak of the locals was given another addition as St. Hilaire counted a 25-23 victory. The locals, after overcoming a 2-0 St. Hilaire lead in the early stages, had a 11-5 lead. This, however, was cut in a few moments due to a passing relapse. Three poor passes resulted in as many field goals. From then on the game was a nip and tuck affair, the lead changing hands a number of times.

Plummer was minus its ailing regular forward, Christenson, who had to be relieved after a few minutes of play. His absence proved to be the deciding factor in the game.

The two Page boys and Clarence LaVoie did the heavy scoring for the losers. Stevens of St. Hilaire was high-point man for the winners.

It is too late to read the handwriting on the wall when your back is up against it.

BRAY

For Mrs. Melvin Anderson

A large group of relatives and friends honored Mrs. Melvin Anderson at a shower at the home of Mrs. J. A. Anderson, Friday afternoon. Mrs. Anderson received many beautiful and practical gifts. The guest list included the following: Melvin Anderson, honor guest, Arthur Peterson, J. E. Johnson, George Biskey, Fred Biskey, Z. Picard, Christ Person, Alex Swanson, Christ Kruse, Wm. Kruse, Carl Anderson, Emil Person, Andrew Ortloff, Henry Ortloff, Glenn Lindquist, C. A. Lindquist, and the Misses Hattie Dahlstrom, Edith Lindquist, Gladys Person and Mary Biskey.

A very small crowd attended the Black River Luther League, at the church Friday evening, due to the cold weather and illness. A fine program was presented including readings by Lucille Lindbloom and Vernon Scholin, duets by Misses Pearl Anderson and Ivanette Thyeen, and by Donald and Ivanett Thyeen, scripture reading and prayer by Miss Ethel Wick. Miss Wick also gave a short talk on Russia and conditions there.

Mrs. N. P. Schalz and daughter Virginia visited with Mrs. Paul Ortloff at St. Hilaire Saturday.

Mr. and Mrs. Alex Swanson visited at the Fred Lorentson home at Thief River Falls Sunday evening. Miss Jean Vellguth who spent the weekend at the home of her parents returned with them.

Eleanor Olson of St. Hilaire spent the week end visiting at the S. N. Olson home.

Henry Carpenter attended to business matters at Crookston on Saturday.

Knew Habits of Animals

Primitive peoples of the temperate zones were more familiar with the habits of hibernating animals than with the calendar, and the premature return of these animals became with them a forecast of bad weather to come.

GOOD ROADS GROUP ASKS REENACTING OF 4-CENT GAS TAX

Local Men Attend Meeting Conducted Monday in Minneapolis

Renewed effort to bring about re-enactment of the four-cent gas tax legislation by the 1941 legislature will be undertaken by the Minnesota section of the Northwest Good Roads association.

This was decided at the annual meeting of the board of governors at Nicollet hotel in Minneapolis Monday. A determined effort was launched to prevent a slackening in the state-wide good roads program "until such time as every community in the state is served with modern standard roads".

E. W. Moeller, secretary, pointed out this action was necessitated by reason of the 1939 legislature's provision for lapse of the supplemental one-cent tax—Sept. 1. Automatic reversion of the gas tax to three cents will cause a loss of nearly $6,000,000 per year in county and state highway construction projects in addition to the federal monies which it sponsors, he said.

H. A. Baumann and W. L. Carlisle represented the Thief River Falls Civic and Commerce association at the meeting.

Anxiety Is Frequent Cause of Indigestion, Medical Group States

One common form of indigestion never yields to ordinary medical treatment and, in many cases, the patient himself has to be his own doctor.

Functional indigestion is the doctors' name for this type of indigestion, according to the bulletin. There is nothing organically wrong with the victim in this case and no diet or pill will give him more than the most fleeting relief. The trouble is not with his "innards", the doctor say, but with the stress and strain of daily living.

Most people who suffer from functional indigestion are between the ages of 25 and 58 when life is likely to be hardest and responsibilities press most heavily. Recent studies have shown that the proportion of women among them is higher than the proportion of men; but all of them are abnormally nervous and apprehensive and nothing much can be done to relieve their digestive troubles until they themselves have learned to worry less and laugh oftener and generally take life easier.

Commercial Bullhead Fishing in State Ends

St. Paul—The three orders issued by Dr. William L. Strunk after he assumed the office of state commissioner of conservation provided for: banning of all commercial bullhead fishing and limited the daily catch of that fish to 50 in Lake Traverse; and no trapping of beaver in Minnesota in 1940, but authorizing the director of game and fish to take necessary corrective action in places where the beaver developed into a public menace.

Stamps and Autographs

In the early days, the personal signature of those to whom the postal franking privilege was granted, were required on the faces of their letters as evidence of their frank. With signers of the Declaration of Independence the stamp collector is in competition with the autograph hunter, and the outlook is hopeless, but of the Presidents, there are several collections approaching completeness.

Growing With Your Child

Institute of Child Welfare, University of Minnesota

A Day's Schedule

"I have three daughters aged six, four, and nineteen months. Of course, I want them to be good children and to mind. Right now I am wondering if I expect too much of them and consequently they don't mind and have to be told many times to do a thing. They fuss and argue about doing what they are told, especially the six year old. Will you please give me a day's schedule for the six year old. She goes to school about 8:30 and gets home in the afternoon about 3:30. She eats lunch at home also. May she be required to do any particular duties about the home?".

"I wonder if one of the sources of the difficulties you describe doesn't lie in the fact that you are probably considering the oldest child to be more mature than she really is. Sometimes when we have several children quite close together, it is hard not to expect too much of the older ones. I see that you realize this, but of course you want her to develop a helpful attitude.

"If your child is a healthy child, there is absolutely no reason why she should not perform some little duties around the house. However, these should be chosen with the idea in mind of their interest for the child, if you want to encourage her to enjoy helping. For example, many mothers set the task of dish washing and wiping, though they would realize, if they'd stopped to think, that this is considered a boring duty by many adults, and that its novelty wears off quickly, for a child. If tasks are varied enough so as to offer some interest they are usually performed much more willingly. That is, for a week or two, let her set the table. The next period, let her iron handkerchiefs as her contribution. Variety is all, you know the spice of life.

"Why not let the child pick out her own duties? Also the time of day when she wants to do them regularly. She should do them every day, with variation in the kind of work, perhaps every two or three weeks depending on her interest.

"Of course under this system the four year old should have her own little tasks graded to her age. The tasks of the six year old should probably not take over half an hour. School is the child's work and lasts a good many hours a day. Of course if the home duties are interesting enough many a child may willingly work longer.

"As to the day's schedule. 7:15, Rise, wash and dress. 7:45, Breakfast and attention to toilet. 8:15, Home duties. 8:30, Go to school. 3:30, Come home from school and play. 5:30 to 5:45 Home duties. 5:45 to 6:00 Play with the younger children. 6:00 Dinner, pleasant talk and games. 8:00 Bedtime. This means in bed, with lights out, by eight. The four year old, who probably still takes a nap, should go to bed at least half an hour earlier."

CLASS PLAY TO BE GIVEN AT N. W. SCHOOL MARCH 11, 12

"June Mad", a comedy in three acts by Florence Ryerson and Colin Clemets, has been selected as the Senior Class play for the class of 1940. The play will be presented in the Northwest School auditorium at Crookston on Monday and Tuesday evenings, March 11 and 12. Rehearsals are being held daily in the Northwest School auditorium under the direction of Miss Martha Manning, dramatics coach at the school.

The itching sensation that some people mistake for ambition, is merely inflammation of the wish bone.

STEINER

Miss Margaret Skomedal, daughter of Mrs. John Skomedal of Steiner, became the bride of Ingvard Pederson of the same community at a simple ring ceremony at the Skomedal home Friday evening, Feb. 23. Rev. Ostby of Grygla read the marriage service and also rendered several beautiful musical selections. The bride wore a floor-length gown of dusky rose taffeta. She was attended by her sister Agnes, who wore a pale blue floor length gown of satin. Gunstein Skomedal, a brother of the bride was best man. A dinner was served at six o'clock to the bridal party. Guests included the newlyweds, the immediate family of the bride, Mr. and Mrs. Melvin Torgerson and children, Sybil Jarvis and Grace, Rev. and Mrs. Ostby, Miss Ragnild Bergland and Mr. and Mrs. Oscar Joppru. The bride and groom will reside on a farm northeast of Viking.

Mrs. LeRoy Groven was a caller at the R. H. Paulson home in Thief River Falls Saturday afternoon.

Women Better Linguists

Because they were better linguists, women entrants in a Monte Carlo motor race were able to follow the route much easier than the men drivers. Almost without exception the feminine drivers in the Monaco event spoke French and most of the men could not.

MINNESOTA HISTORICAL SOCIETY

1,200 ATTENDED L. O' L. MEETING LAST THURSDAY

Large Attendance Recorded in Spite of Heavy Snowfall in Morning

J. BRANDT DISCUSSES NATIONAL PROBLEMS

Stuart McLeod and Other District Officers are Reelected

Despite a heavy snowfall in the morning, the annual meeting of District 17, Land O'Lakes Creameries, in the Thief River Falls Auditorium last Thursday was a highly successful affair, more than 1200 persons from thruout this section of the state being in attendance.

In the annual election of officers, Stuart McLeod was retained as chairman of the district organization, other officers reelected including F. B. Erdmann of Red Lake Falls, first vice chairman; Elis Grahn of Roseau, second vice chairman; Elmer B. Lee of Fosston, secretary; and E. D. Rydeen of Clearbrook, treasurer.

John Brandt, president of Land O'Lakes Creameries, gave the principal address at the afternoon session, discussing some of the things the American people are thinking about in this election year. Among the topics he mentioned were the European war, national finances, the federal labor relations act and the agricultural problem.

Mr. Brandt stated that a solution of the financial problem lies in an increase of the national income thru restoring agricultural prosperity. He strongly advocated the protection of the American market for American farmers, and declared that farm surpluses should be segregated.

The program opened with music by the Lake Bronson high school band, followed by a welcome extended by W. E. Dahlquist in behalf of the Civic and Commerce association. Several selections were presented by the Lincoln high school boys octet directed by Miss Ruth E. Nelson, while Tony Helm of Fertile gave a series of effective impersonations, including President Roosevelt, Boake Carter, Fred Allen and others.

John Lager, Land O'Lakes field man, presented the first prize award in the district efficiency contest to Hugo Lundmark of Gatzke, while second prize went to Ben L. Hurner of Gonvick, and third to O. B. Stamnes of Halma. Winners in the cream grading contest were Norman E. Olson of Leonard, first; Arne Berg of the Olga creamery, second; and Wallace Strandlie of Roseau, third.

M. B. Mauritsen of Shelly, chairman of District 14, brought greetings to the meeting from his district, and congratulated District 17 on the return to Land O'Lakes membership of the Thief River Falls creamery.

At the close of the afternoon, fifteen attendance prizes supplied by local merchants were awarded by L. W. Bullen, secretary of the Civic and Commerce association, assisted by L. Jensen of Clearbrook.

CO-OP. ELEVATOR GROUP WILL HEAR THATCHER MAR. 14

President of Farmers Union to Discuss New Local Enterprise

Present and prospective members of the Thief River Falls Cooperative Grain and Seed association will assemble in the Auditorium next Thursday afternoon, March 14, at 2 o'clock following the serving of a free lunch at noon to hear several speakers discuss various features of the new enterprise.

Edgar L. Nordstrom of Detroit Lakes, cooperative loan supervisor will preside. The principal address will be delivered by M. W. Thatcher, president of the Farmers Union and chairman of the legislative committee.

Others who will appear on the program are A. W. Aamodt of Bemidji, loan supervisor for the Farm Security administration, and J. C. Pratt of Crookston, field man for the terminal association.

Money has been defined as the universal passport to anywhere but Heaven, and provides for everything but health and happiness.

Top-Ranking Creamery Operators Honored

The two gentlemen shown above were presented with trophies at the Land O'Lakes district convention here last week, signifying that each had won first place in an important contest, in which they competed with other operators of Land O'Lakes creameries in District 17. Norman Olson of Leonard, at left, won the cream grading contest, while Hugo Lundmark of Gatzke ranked highest in efficiency.

Mayor Comments on City Bond Election

Mayor W. W. Prichard, with the authorization of the city council, today issued the following statement relative to the city power plant bond issue scheduled to be conducted next Tuesday, March 12:

At a special election called for March 12, our citizens are asked to determine by their votes this question:

"Shall the City of Thief River Falls issue its electric light plant bonds in a sum not to exceed $130,000 for the improving of the municipal light and power plant."

The questions most naturally prompted by any mention of bond issues are, do we need these improvements now and are we not becoming top heavy with bond issues and taxes. The voters have every right to a clear cut answer on both.

The present equipment in our light plants is:

Two Busch-Sulzer diesels, 150 KW each, installed 1911, which operate thru a motor generator

Gustafson & Son Host to Big Crowd Tuesday at Their Spring Party

A record attendance was recorded Tuesday at the spring opening of C. Gustafson & Son, approximately 2000 lunches being served during the noon hour. A large variety of motion pictures were shown in the shop in the afternoon, two performances being necessary because of the large crowd. New models of tractors and other farm machinery were on display, and brief explanatory talks were given by Warren Ferber, International block man here, and by D. R. Hall, assistant manager of the Grand Forks branch of the harvester company, and J. W. Geist, sales promotion manager, from Grand Forks.

PENNINGTON TERM OF COURT TO OPEN MONDAY MORNING

Jury Ordered to Report for Duty; Judge Brattland to Preside

The late winter term of Pennington county district court will open in the court house next Monday morning, the petit jury having been summoned to assemble for duty at that time. Judge M. A. Brattland will preside. The first case scheduled to be heard is that of Maude Hoppe as special administratrix of the estate of James R. Hoppe, deceased, vs. Standard Oil company and Gust Riatau. Next on the calendar is the action of Oscar Schankey vs. Union State bank, to be followed by the case of Gladys Evenson vs. Town of North. A dozen or more other cases also are set for trial.

JAMES BORRESON AND KIRKCONNELL WIN IN DISTRICT

Two Boys Will Compete in the Regional Declamation Contest Here

James Borreson of Lincoln high school will represent District 31 in the regional declamation contest to be held in Thief River Falls Saturday, April 2, by virtue of having won in the oratorical declamation division of the district tournament in Crookston Saturday.

At the same time Robert Kirkconnell, student in the St. Hilaire high school, won in the original oratory division with his reading, "Twenty Years of Peace," and also will represent this district in the regional event.

Others who won at Crookston and will participate in the regional contest are Astrid Anderson of Warren, extemporaneous speaking; Blossom Docken of Warren, interpretative reading; and Viona Johnson of Crookston, oratorical declamation.

Judges of the entrants at Crookston were Miss Ruth Brune, Dr. Philip Sauer and A. C. Clark, all of Bemidji state teachers college.

Candid Camera Fans to Have Big Night Tuesday at Palm Garden Cafe

Amateur photographers of this community will be interested in the announcement by Carl Kretzschmar that next Tuesday evening, March 12, between the hours of 9 and 11, will be Candid Camera Night at the Palm Garden Cafe and Log Cabin Tavern. He stated that additional lighting facilities will be provided so that camera fans can snap pictures of their friends during the evening. A $5 cash prize will be paid for the funniest picture taken on the occasion.

DISTRICT CAGE TOURNEY OPENS HERE TUESDAY

Thief River Falls Quintet Again Rated as the Favorite

REGIONAL TOURNEY ENTRY TO BE PICKED

District Event in H. S. Gym Will Continue Thru Friday, March 15

Having for their goal possible participation in the state tournament in St. Paul late this month, twelve basketball teams will assemble in Thief River Falls next Tuesday for the opening round of the District 31 tournament, which will be conducted in the new Lincoln high school gymnasium.

The Lincoln high school quintet, which has been without serious competition in the district during the winter schedule, is generally credited as being a strong favorite to capture the district trophy again this year and go on to the regional event in Bemidji March 21 and 22.

Schools in the A and B classifications will meet in the first round Tuesday afternoon and evening, and the winners of these games will meet the Class C teams Wednesday, while the semi-finals are set for Thursday evening and the championship contest Friday evening, March 15.

The schedule for Tuesday follows: Fisher vs. St. Hilaire, 4 o'clock; Oslo vs. Red Lake Falls, 7 o'clock; Goodridge vs. Alvarado, 8 o'clock; and Plummer vs. Climax, 9 o'clock.

Wednesday afternoon at 4 o'clock Warren will meet the winner of the St. Hilaire-Fisher game, and at 7 and 8 o'clock East Grand Forks and Crookston will play the winners of the Oslo-Red Lake Falls and Goodridge-Alvarado games, while at 9 o'clock Thief River Falls will meet the winner of the Plummer-Climax contest.

Two games each will be played Thursday and Friday evenings at 8 and 9 o'clock. Tournament officials will be H. E. Hanson of East Grand Forks and Earl Hoffman of Grand Forks.

Supt. Morris Bye said last night that with a game remaining to be played Friday evening of this week between Warren and Crookston, a possible triple tie looms for second place in district standings between these two schools and East Grand Forks, leaving doubt the schedule for all of Wednesday's games except the one in which Thief River Falls is slated to participate.

Lincoln high school's team has a record of six victories and no defeats, while Warren has lost three games and Crookston and East Grand Forks four each. In the event of a tie for second place, a drawing will be necessary, Mr. Bye said.

THIEVES SEXTET WILL MEET ROSEAU TONIGHT IN LAST GAME OF YEAR

Local hockey fans will have their last opportunity to see the Thieves, States-Dominion league champions, in action this evening when the speedy Roseau sextet invades the arena here in an effort to score victory over the local team, which has bowed to Roseau in two out of three exhibition games played during the current season. The Thief River Falls aggregation will disband following the game tonight, and the players will return to their homes, most of the athletes having come to this city from Winnipeg.

JUNIOR SEXTET IS HONORED MONDAY BY LOCAL GROUPS

40 & 8 Unit and Athletic Association Join in Tribute to Champs

A group of 35 members of the local voiture of the 40 & 8 and the athletic association joined Monday evening in the Palm Garden Cafe in paying tribute to the local junior hockey team, recent winners of the Red River Valley championship. Dr. A. R. Hulbert presided as toastmaster.

Ole Engelstad spoke in behalf of the athletic association, while Chef de Gare F. C. Meyer represented the 40 & 8 and Mayor W. W. Prichard complimented members of the team in behalf of the city.

Others who spoke briefly were Alex Tickle, senior hockey coach; Alex Campbell, junior hockey manager; Len Russell, coach; Earl Tripp, goalie; and Perry Frooseth, high scoring player. William LaFave presented each of the boys with an enlarged picture of the team.

The permanent trophy was conferred on the team by L. S. Miller of the Crookston 40 & 8, while Charles Munn, also of Crookston, presented the large rotating trophy to Captain Glenn Carlson, who responded briefly. It was announced that the local voiture would present a consolation trophy to the Cathedral high school team of Crookston, runnerup in the recent tournament.

Totenlaget Will Hold Annual Convention in This City June 21-22

The Totenlaget, composed of former residents of a section of Northern Norway near Bergen and their descendants, will hold its 1940 convention in the Thief River Falls Auditorium June 21 and 22, it was announced today by Paul A. Lundgren, chairman of the convention committee of the Civic and Commerce association. A. H. Holte of Baudette is secretary of the organization, which has members in Minnesota, North and South Dakota, Montana and Wisconsin.

THIEVES SWEEP SERIES TO WIN CHAMPIONSHIP

Take Playoffs by Defeating Crookston Three Games in Succession

CAPTURE FINAL TILT AT CROOKSTON 9 TO 3

Locals Shut Out Opponents 5-0 in Contest Last Thursday

Literally skating the well-publicized Crookston Pirates into the ice, the Thieves, in three games, by scores of 4 to 2, 5 to 0, and 9 to 3, won the championship of the States-Dominion hockey league, the 5 to 0 victory being scored in the game played here last Thursday night, and the 9 to 3 win being registered in the game played at Crookston on Sunday.

Playing superb hockey, and with goalie Jimmy Bronson turning in his third shut-out of the year, the Thieves won the second game of the play-off finals, played here last Thursday night, by a 5 to 0 score. George Beverly's three goals paced the locals' smooth-skating attack, with the other two goals being credited to Clayton Taylor and Joe Novak. McCaffrey at center-ice played a splendid game, setting up Taylor's goal and assisting on one of Beverly's.

The second of the locals' scores was a classic with Mark McCaffrey stick-handling the puck to the red-line, and then flipping a back-hand pass to Taylor, and Taylor sweeping in on the Pirate goalie, and whipping the puck into the net. And the last goal of the game was another for the memory, with Beverly and McCaffrey, combining to make the Pirate defense look foolish, the slick-passing play being from Beverly to McCraffrey to Beverly, at the goal-mouth, with Bev scoring the goal.

From the first of Mark McCaffrey's three goals, scored at the 1:54 mark in the opening period, Sunday's game, at Crookston, was the rout the 9 to 3 score would in-

Mercury Automobile to Demonstrate Economy in City Friday, Saturday

As part of an itinerary involving 110 cities in four states and necessitating more than 10,000 miles of test driving to prove the car's economy, a 1940 model Mercury arrived in Thief River Falls this morning shortly before noon. It was announced at the offices of the Thief River Motors, Inc., local Mercury dealers, that the car will again appear at the company's headquarters in this city Friday at 12:50 P. M. and Saturday afternoon at 1:46. In connection with the car's visit, a Mercury with a visible gasoline reservoir will be used to give local drivers an opportunity to compete for the best mileage record under test conditions.

To Speak Here March 14

M. W. THATCHER
General manager of the Farmers Union Grain Terminal association, who will address a meeting of the Thief River Falls Cooperative Grain and Seed association in the Auditorium Next Thursday afternoon, March 14.

LOCAL YOUTH DIES FROM ACCIDENTAL GUNSHOT MONDAY

Rites to be Conducted This Afternoon for Son of Arthur Hansons

The tragic victim of a revolver bullet accidentally fired by his brother Daniel, 16, at the family home Sunday evening shortly before 8 o'clock, David Hanson, 14, son of Mr. and Mrs. Arthur Hanson, died in a local hospital Monday evening at 7:30.

The single bullet in the chamber of the .22 revolver, which Daniel had been handling, discharged in such a manner as to strike David in the back, penetrating the left side of his chest and passing almost completely thru his body, the wound proving fatal. The two boys had been inseparable companions.

David Hanson was born in this city July 20, 1925, and spent his entire life here. Surviving are his parents; three sisters, Ruth, of Greenbush, Rachel, of Moorhead, and Esther, at home; and two brothers, Daniel, at home, and Robert of Chicago.

Funeral rites will be conducted from the Erickson & Lund Funeral Home this afternoon at 2 o'clock, with H. V. Hanson of Fergus Falls in charge of the services. Interment will be in Greenwood cemetery.

SIGN-UP MEETINGS NOW COMPLETED IN PENNINGTON CO.

Those Who Have Not Signed for 1940 Urged to Do So at Once

The township committees of the agricultural conservation program have held signup meetings in all townships, and many farmers have taken advantage of the opportunity to sign up early. In some townships the sign up has been very good with practically 100 per cent of the farmers already in line for the program in 1940.

Some farmers have not made use of the opportunity to sign up at meetings. All who have not signed for 1940 should see their committeeman at the earliest possible time. Spring is just around the corner and seeding time will be here. Now is the time to make plans for the year and to decide how it is possible to arrange fields for good crop management and still stay in the program.

CCC Camp Lecturer to Speak in City Mar. 15

The adult education program of the Works Projects Administration, sponsored by the state department of education has arranged for George H. Melbye, CCC Camp Co. 4700, Bochert, Minnesota, to give a lecture and demonstration of his tin can project and other activities Friday evening, March 15, at 7:30 P. M., in Room 101, Lincoln high school. Everyone is invited to attend.

CITY VOTERS TO GO TO POLLS NEXT TUESDAY

To Vote on Proposed Issue of $130,000 in Light Plant Bonds

INSTALLING OF LARGE NEW UNIT IS PLANNED

Year's Peak Load Exceeds Capacity of Two Present Diesel Units

To vote on the largest proposed municipal bond issue since paving bonds were approved twenty years ago, voters of Thief River Falls will go to the polls in the Auditorium next Tuesday, March 12. The question at issue is whether or not to issue up to $130,000 in bonds to finance the purchase of a large additional unit for the municipal power plant and the construction of an addition to the power plant building to house the new equipment. Polls will be open from 7 o'clock in the morning until 8 at night.

The question will appear on the ballot in the following form:

"Shall the City of Thief River Falls issue its negotiable coupon Electric Light Plant Bonds in the aggregate principal sum of not to exceed $130,000.00 maturing serially three to thirteen years from their date, and bearing interest at a rate of not to exceed four per cent per annum, for the purpose of providing funds for the improving of the Municipal Light and Power Plant of said City?"

With the two present larger Diesel units having a total output of 1200 kilowatts, Ole Legvold, superintendent of the light plant, pointed out that the demand for current in the city last December reached a peak load of 1215 kilowatts, making it necessary to rely on the water turbines to carry part of the load, and leaving no leeway in the event of a breakdown of one of the units.

As testimony to the steadily increasing load the plant is called on to handle, Mr. Legvold said that in December, 1938, the peak load was 1060 kilowatts, rising to 1215 kilowatts last December, since which time the completion of the new Lincoln high school building has placed an added burden on the facilities of the plant.

Of the two large Diesel units now in the plant, the 750-horsepower McIntosh & Seymour engine was installed in 1930, while the 1000-horsepower Busch-Sulzer unit was added five years ago. If the vote in the bond election is favorable, the unit presently to be installed will be considerably larger than either of the present ones.

CIVIC GROUP HOST TO LAND O'LAKES MEN ON THURSDAY

John Brandt Urges Youth be Educated to Become Farm-Minded

District and state Land O'Lakes officials were guests of honor last Thursday evening at a well-attended dinner meeting of the Civic and Commerce association in the Palm Garden Cafe's Pine Cave dining room. Paul Lundgren presided in the absence of President P. A. Rinkel.

John Brandt, president of Land O'Lakes Creameries, was the principal speaker, urging the encouragement by business and professional men of the education of the rising generation as to the background and needs of agriculture in an effort to secure a rightful place for the farm industry in the national economy. Mr. Brandt also gave details of the governors' conference in St. Paul last year, at which he was an invited guest.

Stuart McLeod, district Land O'Lakes chairman, introduced the district officials and expressed pleasure at the return of the Thief River Falls creamery to membership in the cooperative organization. P. L. Anderson of Crookston, field man in District 14, also spoke briefly.

Northwest 4-H Agent to Meet with Leaders Here

Miss Anne Thorbeck, northwest district 4-H club agent, will be in this city Saturday, March 9, to discuss club policies with the adult and junior leaders. The meeting will be held in the Civic and Commerce Room at the Auditorium, beginning at 10:00 a. m. Representatives are expected from the seventeen clubs in the county.

Salute the States-Dominion League Champions!

After sailing thru with three clean-cut victories in the States-Dominion hockey league playoffs during the past week, the Thief River Falls sextet is acclaimed to the world as league champions for 1940. Winning the decisive final contests by scores of 4-2, 5-0 and 9-3, the Thieves showed decisive superiority over their Crookston opponents. The local team, closing its highly successful season under the leadership of Coach Alex Tickle, won the admiration of local fans with its display of clean sportsmanship and its fighting qualities. Shown in the picture above are, left to right, Jim Mitchell, Joe Popiel, Stan Ewbank, Paul Kornek, Joe Novak, Len Russell, Jim Bronson, Ken Manahan, Ray Julien, George Beverly, Coach Alex Tickle, Mark McCaffrey and Clayton Taylor.

Portraits on Aluminum

By reason of its possible application to metallic murals for modern buildings, streamlined trains and all-aluminum transport planes, a new technique for portrait painting on aluminum, discovered by Miss Buell Mullen of Chicago, is engaging the attention of industrial designers. She first draws a sketch on paper, transfers an outline of the mass to the aluminum sheet, then etches and tools the outline. The painting itself is made within the outlined and prepared area. Pigmented parts are finally finished with a transparent coat.

Red Cross Leads in Work of Extending Relief to War Refugees in Poland

To speed up distribution of war relief supplies in German-occupied Poland, the American Red Cross has obtained the cooperation of six agencies which it plans to use for the distribution of relief essentials being shipped from this country, according to Ernest J. Swift, vice chairman in charge of foreign operations.

Distribution through these agencies impartially to the Polish population will be under the supervision of two American Red Cross delegates, James T. Nicholson and Wayne Chatfield-Taylor, now in Europe on war relief duty. They have established Cracow as the central distribution point for supplies which were shipped from the United States.

Agencies which the American Red Cross plans to use in its relief operations with the German Red Cross are the Polish Red Cross, Polish Self Help, Catholic Diocesan, Jewish Distribution Agency, Toz Society for Protection of Health of the Jewish Population and the Warsaw Jewish Hospital.

Louisiana Rivers

There are 4,794 miles of navigable streams in Louisiana, a distance farther than that from San Francisco to Tokyo.

A LONG TIME

A Negro clergyman, in one of his sermons, exclaimed to his congregation:

"Eternity! Why, don't you know the meaning of that word? It is for ever and ever, and five or six everlastings atop of that. You might place a row of figures from here to sunset, and add them all up, and it wouldn't begin to tell how many ages long eternity is. Why, my friends, after millions and trillions of years had rolled away in eternity, it would still be a hundred thousand years to breakfast time."

Variety Welcomed

Diner—I want to make a complaint about a waiter.

Proprietor—I'm glad to hear that.

Diner—Glad?

Proprietor—Yes, glad. You see it's a relief to hear a complaint that isn't about the food.

ANOTHER FRIENDSHIP SPOILED

He—So you've seen very little of our friend Smith since I've been away from town?

She—Very little indeed, Mr Brown.

He—How's that? You seemed such great friends.

She—Yes—but I married him, you know.

That "Average" Baby

Because so many parents wonder what progress their young children can be expected to make in the way of attaining bodily control, the following guide to motor development may be of interest.

Progress of Bodily Control

Progress of bodily control from birth to six years.

At Birth: Throws arms about, kicks vigorously, lying on stomach, lifts a wabbly head.

Second month: Lifts chest above surface when prone.

Third month: Raises self by arms, holds head erect.

Third or Fourth Month: Squirms from one place to another in bed or carriage; held on lap against adult's breast, sits fairly well; holds head erect when carried.

Sixth or Seventh Month: Reaches and obtains objects; likes to sit up with support; rolls from back to stomach (or stomach to back); uses hands to grasp, crumple, splash, etc.

Seventh to Eighth month: Sits alone.

Ninth Month: Can restore bottle to mouth; makes stepping movements when held with feet touching floor.

One Year: Walks with help; shows preference for one hand in reaching; holds cup to drink out of and may use spoon; cooperates when being dressed; uses spoon without much spilling.

One and Half Years: Walks upstairs with help.

Two Years Old: Climbs up steps, one foot at a time; walks downstairs alone; operates kiddie car; holds self in low swing; catches ball.

Three Years Old: Stands on one foot; jumps from low step or box; puts on coat; leggings, dress, sweater with little help; walks short distance on tiptoe; builds tower of more than 4 blocks; puts away toys.

Four Years Old: Runs, climbs, skips poorly, if at all; manipulates wagon, sled, sometimes velocipede; buttons clothes; walks downstairs, alternating forward foot; washes self and brushes teeth; hops short distance on one foot.

Roof Is Heat Factor

In summer about two-thirds of the heat entering a house comes in through the roof, but in winter only about one-third escapes through the roof. Another third of lost heat goes out through the side walls and the remainder through window glasses and doors and by leakage around these openings.

Man and Weather

Human beings and periods of weather are something alike. If good, they come and go without creating much comment. A beautiful, sweet day may pass unnoticed; if disagreeable, everybody talks about it. Man or weather, the bad is news.—Toledo Blade.

Hard to Please

Danny, age six, came in from school anxious to tell mother the events of the day.

"You know, Mother, I didn't care much for the girl my teacher gave me for a partner today. I mean, I just didn't like her face. Now it probably looked good to her, but it just didn't look good to me. You know, it just wasn't made the way I like faces to be made."—Indianapolis News.

Expert

"Now, son," said father, kindly "I never smoked when I was your age and I do hope you'll be able to say that to your son when you're grown up."

"I will, papa," said sonny. "Only not with such a straight face as you do."

Before the Battle

Catty Guest—Pardon me, but I noticed at the dinner that your husband smacks his lips quite loudly when he eats. Believe me, that's one thing my husband doesn't do.

Catty Hostess—No, I suppose not, dearie. I've tasted your cooking.

No Sale

"Before we married," she sighed, "you use to call me Long Distance just to hear my voice."

"Well," retorted the husband, "now you won't let me get far enough away to use Long Distance!"—Telephone Topics.

HORTICULTURISTS HEAR ADDRESS ON MORDEN STATION

County Agent Grow Tells of Trip to Manitoba Last Summer

At a meeting of the Northern Horticultural association last Thursday evening in the Civic and Commerce association, County Agent Howard Grow told of the work being done at the Morden, Manitoba, experiment station, which he visited last summer. He said the station demonstrated what could be accomplished in these northern regions in producing hardy berries, apples and pears. His talk was illustrated with slides.

Coming up for further discussion was the proposed establishment of a town market stand for the disposal at retail and wholesale of locally grown berries and vegetables.

Gilbert Brattland spoke briefly of the possibilities in this community of successfully operating intensively cultivated small farms, which he contended would do much to promote the progress of this locality. In charge of the meeting were Fred Lahe, president, and Alfred Hermanson, secretary.

ADMINISTRATORS OF SCHOOLS HOLD MEET IN ST. LOUIS

Supt. Bye One of Nearly 12,000 Educators Attending Sessions

Selecting for the theme of their programs, "What Is Right with the Schools?" nearly 12,000 educators assembled at St. Louis, February 24-29, to attend the Seventieth annual convention of the American Association of School Administrators. Supt. Morris Bye of this city was in attendance.

Among achievements recounted was a remarkable record in the teaching of safety which resulted in the saving between 1922 and 1938 of the lives of 62,000 school children. These figures are given in the Yearbook, "Safety Education," one of the principal reports of the convention, prepared by a commission at work for two years investigating methods of safety instruction now practiced in the schools of the nation.

Official Paper of Pennington County and City of Thief River Falls

Tuesday is election day again. In the rural areas the annual town meetings will be held. Here in the city voters will say whether or not bonds for power plant improvements shall be issued. These elections are not spectacular affairs but they are important nevertheless and all citizens should take time off to go to the polls and vote. Do not forget to remember that Tuesday is election day.

A successful hockey season draws to a close this week, the senior champions meeting Roseau in an exhibition game here tonight and the junior champions playing Emerson at the Arena Sunday. A hockey game with Roseau is always a thriller and tonight's show should not be an exception. The Sunday game brings two undefeated teams together which means that both sides will be keyed to their very best. Here are two shows that all hockey fans will want to see.

In a few weeks the population census will get under way and then we will have another opportunity to answer a few questions that ordinarily, we would say, concerned no one but ourselves. The census is important, however, and the information sought is necessary for statistical purposes. In the interests of accurate general information, useful for both private and public development, the questions should be answered as truthfully as possible — and as cheerfully.

And now comes the exciting part of the basketball season, tournament time. The district championship will be decided here next week, starting Tuesday and continuing through Friday. Local fans are wondering about the prospects of the Prowlers going to the "state" this year. They are not so good but still good enough to be considered a possibility. The season's record indicates that we will win in the district and lose in the regional. But in basketball it is not unusual for favorites to lose and underdogs to win and the Prowlers, when at their best, are good enough to make tough competition for any high school team.

THE OVERPOWERING ISSUE
(New York Herald Tribune)

"Do our 130,000,000 people run their government, or does $9,000,000,000 a year run our people?" So Mr. Dewey summed up the campaign issue of 1940 in his Boston speech and we do not see how it could be stated more accurately. Here is the crux of the coming debate, and the country is lucky to have a spokesman to state the issue so clearly.

It is not difficult to understand the enthusiasm with which Boston welcomed the address. Mr. Dewey was at his clear, specific best. Having hung runaway spending and defeatism with respect to it around the neck of the New Deal, he translated New Deal squandering into terms of every citizen's pocket. The man who earns $20 a week in New York pays $4 a week to the tax collectors, local, state and Federal; the man who earns $40 a week pays 29 cents out of every dollar. The total spending of all government in the United States is more than everybody earns in three months and one week out of each year. A little more than seven weeks have passed of the New Year; it won't be until April 8, seven weeks from now, that the people will have earned enough to cover all the costs of government, Mr. Dewey noted.—And half of this amount will be spent by the Federal government alone.

To the "slick" device of challenging others to teach the New Deal how to balance the budget, Mr. Dewey gave the correct answer. How can any one even discuss budget figures with a President who always exceeds his own budget by two to three billion dollars! And until the energies of free enterprise are released and "relief transformed into jobs," how can any budget be balanced? The New Deal has thrown up its hands. Bring in the "new broom" to clean up "the budgetary litter!"

Mr. Dewey had the courage to call his plan "the hard way." It is. But it is the only possible way to save the nation from bankruptcy, terrible beyond estimating in its effects upon the American people. Here is the one overpowering issue of the 1940 election. Beside it any conceivable aspect of foreign policy is immaterial and irrelevant. For whatever happens in the current war and afterward, if America is to be secure and powerful it must first of all become once more a going, self-sustaining concern. Mr. Dewey has found his target. May his aim continue as good as it was in Boston!

A WELL-ADMINISTERED SPANKING
(Northfield News)

Delegates to the American Youth Conference, meeting in Washington last week, received a verbal spanking at the hands of President Roosevelt, which led some observers to declare they had long thought it was high time someone took the trouble to set the conference straight on whether its loyalty was to the United States or Russia.

The cause of all the wrath was the resolution of the New York City Youth Council, which went on record opposing aid to Finland on the ground that such action was "an attempt to force America into an imperialistic war." The President characterized this resolution as "unadulterated twaddle" and when the startled delegates who had marched to the White House and stood in the rain listening to the President, gasped and made strange noises at being addressed in such a manner, the President repeated the statement. Mr. Roosevelt also left no doubt of his own personal feelings about the Russo-Finnish situation when he branded Russia as "a dictatorship as absolute as any in the world" and condemned its invasion of Finland.

In explaining why he had little respect for the New York Youth resolution, the President said that, however sincere it might be, the young people who drew it up and carried it thru did not know what they were talking about. Speaking kindly but with authority, Mr. Roosevelt admonished the students not to "expect Utopia overnight." While not objecting to their consideration, even approval, of communism, he warned them that no American has the right "by act or deed of any kind to subvert the government and the Constitution of this nation."

Not all of his listeners took kindly to what the President said, but he hit the nail squarely on the head when he implied that those who espouse the cause of foreign "isms" as preferable to the American way should be very sure they know what they are talking about. In other words, assuming that the thing desired is a betterment of the conditions by whatever name the process is called, such improvement cannot be based on the shifting sands of unfounded opinion and idle wishes. It must be built on the solid foundations of fact and logic.

DUCKS ON RELIEF—
(Milan Standard)

Thousands of ducks have insisted on spending the winter on Lac qui Parle lake while feeding in the corn fields in the neighborhood. Until the first snow came to cover the ground, the birds got along swimmingly, literally as well as figuratively.

By their own efforts they kept the water open in spite of freezing weather and food was abundant as long as they didn't have to scratch for it. But they were up against a hard proposition when snow prevented them from getting at the corn.

Local sportsmen, discovering the plight of the birds, raised money to buy corn and began to feed them.

By that time the ducks were so weak from hunger that they were unable to leave for milder and more suitable climes. But under the ministrations of charity, they soon regained their wonted vigor.

The weather became more salubrious, the snow disappeared and the birds were again able to take care of themselves. Having learned nothing from the experience of hard times, they continued to abide with us.

Last Sunday another snowfall covered their food supply and they are again on relief, local people furnishing them their means of subsistance.

In the meantime, S. O. S. signals were flashed to the state conservation department with the result that it woke up to its responsibilities. It has ordered its local game wardens to take charge of the relief work. The ducks will now be fed at public expense.

THE FRIENDS OF BOOKS
(Grand Rapids Herald Review)

We saw a man with an arm full of books the other day.

He was not a rich man as this world's goods go. He was shabby, though clean.

But under his arm he had wealth as great as any magnate or king may have.

A person may have no greater blessing than a love of reading. Reading develops the mind. But reading entertains the mind. It brings the wit and wisdom of the whole world to any individual who has gumption enough to walk over to the public library.

In each community there are a few people who are good readers. Some people think that they are too busy to read. That is not true. Theodore Roosevelt was busy but he had time to read a book a day. Some people are too nervous to read. But reading might cure that nervousness if it might be carried on long enough.

The public library is a symbol of civilization. We hope that the time may come when the library at Grand Rapids will cost the taxpayers many times as much as it now costs because the people of the community, young and old, wish more books. A community which will read and study more will become the kind of a community which can support great public and private enterprizes.

An arm full of books is a symbol of both personal and community happiness.

Books never fail their friends.

No other people on the face of the earth have ever prospered as much as have the American people. That is because no other people have had the advantages of individual enterprise freely administered. Nowhere else in the world have the human beings been placed so entirely on their own initiative. From earliest human history the trend has been for the heads of government to control the actions of the citizens. This has and always will stifle human initiative. It is the great threat of free America. It is the club being held today over our people. It is the thing we have to avoid. And yet, the history of this nation shows a continual tightening of government control. Every year some new encroachment goes into effect. The present administration has established more than any in the past. It is time the American people become alive to their peril.—Humbolt (Iowa) Republican.

Looking Backward

1930—TEN YEARS AGO

A. B. Dorn, salesman, returned to this city after having been snowbound for six days at Fairdale, N. D.—Harry L. Fowler filed to succeed himself as county auditor.—A $5,000 addition to the Brumund hotel is being constructed.—Mr. and Mrs. E. P. Jensen of this city observed their golden wedding.—F. E. Tunberg of Clearbrook joined the staff of Sandeens garage here.—Mr. and Mrs. D. C. McLeod left on a business trip to Portland, Oregon.—Mr. and Mrs. Roy Mots returned from a trip to Florida and Havana, Cuba.—Axel Crown, World War veteran, died March 3 at the age of 39.

1920—TWENTY YEARS AGO

The Times printing plant secured new quarters in the building on LaBree av. near Second st.—One local bank has scheduled nine farm auction sales to date for this month.—Mr. and Mrs. A. S. Sapero, returned from a buying trip in New York and other cities.—H. F. Umland assumed the post of Pennington county highway engineer.

CONSOLATION

The vicar asked one of his parishioners to help him in his visiting work.

"Oh, yes," said she, "I should be delighted."

"Well," said the vicar, "call and see poor old Macdonald; he's just lost his wife. Try to cheer him up a bit."

So the good woman called and found the old man sitting in his armchair with half a bottle of whisky on the table and a glass beside it.

"Is that the only consolation you've got?" she asked, pointing to the whisky.

"No, ma'am—I've got three more bottles on the shelf."

Subtle Method

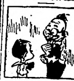
A man named Smith had drowned in the river, and a policeman was sent to his home to break the news to his wife. "Don't scare her to death," his superior officer warned. The officer wended his way to the door. When Mrs. Smith answered the summons, the visitor asked:

"Is this where Widow Smith lives?"

"I am Mrs. Smith," said the lady, "but I am not a widow."

"What will you bet?" the caller inquired.

KNEW SUE ONE OF THEM



Bobbie—I've got to tell teacher today who were the great women rulers of the world. Do you know any, daddy?

Dad—I've lived in the reign of but one, my son—she's coming now to get you ready for school.

Gone for Good

Recently an old southern Negro who claimed to be "having symptoms," went to see a doctor. The doctor plied him with questions. Among other rather personal questions, he asked: "And how are your kidneys, Uncle George?"

To which George replied: "Well, Doc, dey is all growed up now and some ob 'em is married."

Short on Luck

Andy—How's Lady Luck been treatin' yo'-all lately?

Sambo—Not a'tall well, Andy. Ise done wore out three foots from graveyard rabbits, an' Ise' almost come to der conclusion dat Ise'll hab ter go ter work.

Pawnshop Boogy

Boogy—As soon as cold weather comes I have to stop playing billiards.

Woogy—Why?

Boogy—Every time three balls get together they remind me of my overcoat.

Wrong Village

Tourist—What a quaint little village! Truly one-half the world is ignorant of how the other half lives.

Native—Not in this village Mister; not in this village.

Even in Death

Bjones—My dear, I have left instructions in my will that I am to be cremated.

Mrs. Bjones—Just like you to go and leave ashes all over the place.

ASKED A GOOD DEAL

Mrs. Gabb—and she has a perfectly lovely apartment, my dear. They must ask a good deal for it, I'm sure.

Mrs. Stabb—They do—they're asking for the rent all the time.

Needed a Harness

Boss—Why do you want to leave the works, Pat? Are your wages too small?

Pat—The wages are all right, sir, but I'm afraid I'm doin' a horse out of a job.

Velocity Defined

Science Teacher—What is velocity?

Janey—It's what a person puts a hot plate down with.

EXPLANATION

The city newspaper man felt run down and looked worse. It was the result of too much night life. Worried about his condition, he tottered along to his doctor.

"Doctor," he complained, "I don't feel well. There's something radically wrong with me. I tire easily, I feel listless, I—"

"Let me feel your pulse," interrupted the doctor.

He placed his hand over the other's wrist. Seconds passed. Suddenly the journalist sat erect.

"Just a minute," he protested. "That's not my pulse you're feeling. You have your hand on my wrist watch."

The doctor nodded.

"I know," he returned. "It has more life in it!"

INTOXICATED WITH LOVE

"Was he arrested for driving under the influence of liquor?"

"No—a pretty girl!"

[illegible] women have been honored by election to the New York University Hall of Fame for Great Americans. They are: Harriet Beecher Stowe (1811-1896), author of "Uncle Tom's Cabin"; Mary Lyon (1797-1849), educator, founder of Mt. Holyoke college; Charlotte Cushman (1816-1876), noted actress; Maria Mitchell (1818-1889), astronomer; Emma Hart Willard (1787-1870), educator and poet; Frances Elizabeth Willard (1839-1898), educator and founder of Women's Christian Temperance union; and Alice Freeman Palmer (1855-1902), educator.

Penalty for Bribery

Bribery under the United States law is punishable by a fine up to $2,000 and a term of not more than two years in prison.

It's a Good Example

If you want your neighbor to know the wonderful things your religion or philosophy will do for him, let him see what it has done for you. One life showing the way is better than ten tongues trying to tell it.

Assassinated President McKinley

Leon Czolgosz, the assassin of President McKinley, carried the gun beneath a handkerchief that was wrapped round his right hand. The President was holding a public reception at the Pan American exposition at Buffalo, shaking hands with those who passed in the line. The secret service men were standing about watching those in the line closely. As Czolgosz came along, they saw that his right hand was covered with a handkerchief, but they suspected nothing, thinking his hand was merely bandaged. When McKinley extended his hand to Czolgosz, the assassin fired two shots, one of which was fatal.

Why It Is 'Adam's Apple'

The protuberance in the forepart of the throat, the anterior extremity of the thyroid cartilage of the larynx, received its name from the superstition that a piece of the forbidden fruit, which is reputed to have been an apple, stuck in Adam's throat. The legend was apparently confirmed by the fact that the Adam's apple is much more prominent in men than [illegible]

Egg Slips Into Bottle

A hard boiled egg with the shell removed and a milk bottle are placed on the table and you ask your friends to put the egg in the bottle. The egg, of course, is much too large to pass through the mouth of the bottle and efforts will fail. You do it thus: Light a piece of paper and thrust it into the bottle and place the egg at the opening. The vacuum created will draw the egg into the bottle.

Traffic Suggestion

When driving in traffic do not apply the brakes suddenly unless it absolutely is necessary. The car behind may have less efficient stopping equipment and the result will be a collision. Keeping always in mind that the other man's brakes may be better or less efficient than one's own is a distinct factor in safe driving at all times.

Statistics Puzzling

"Statistics," said Hi Ho, the sage of Chinatown, "sound wise and everybody would rather take them for granted than to try to understand them."

Old Query

At a recent "hill-climbing" contest, amid the dust and heat and the roar of the motorcycle, a vendor called:

"Don't forget, we have pop on ice."

"Where's mom?" yelled some wag in the crowd.

Streamlined

"Say," said the woman customer over the phone, "the next time I order chicken don't send me any more airplane fowls."

"What do you mean—airplane fowls?" asked the butcher.

"You know what I mean; all wings and machinery and no body."

HOPED HE WOULD

"If I ever catch you with my girl again I'll knock your block off!"

"I hope you will."

Agreed!

"Get ready to die," said the footpad, presenting his revolver. "I'm going to shoot you."

"Why?" asked his victim.

"I've always said I'd shoot anyone who looked like me."

"Do I look like you?"

"Yes."

"Then shoot!"

New Fish Story

Game Warden—Hey, you! Don't you know that the bass season isn't open yet? What are you doing with that big one on your string?

Angler—Why, you see he's been taking my bait all morning and I just tied him up until I get ready to go home.

Settled for Life

"I'll never ask another woman to marry me as long as I live."

"What, refused again?"

"No—accepted!"

Only Drawback

Professor Lect—Young man, you can't sleep in my class.

Dolcini—Gee, Prof, I could—if you didn't talk so loud.

CONCERNING BUTTONS. As a matter of information to local housewives, certain facts about buttons should be considered. Pearl Buttons, made from mussel shell, have proved their superiority over every other type of button. No other button combines the durability, lustre and beauty of Pearls. It is important, therefore, that you examine carefully the buttons on wash garments you buy. If they are Pearl Buttons you can be certain of the service they will render, and you can be assured that their presence is a sign of quality in the garment itself. See that all wash garments you purchase have Pearl Buttons. [illegible]

TOWN ELECTIONS TO BE CONDUCTED TUESDAY, MAR. 12

New Law Calls for Use of the Australian Ballot System

New laws governing town hip elections will be in force next Tuesday, March 12, when voters in townships of Pennington county as well as elsewhere thruout the state go to the polls to elect officers and to approve the township levies for the ensuing year.

As a result of action by the 1939 legislature, the Australian ballot system, which has long been in general use in city, primary and general elections, has now been introduced into the township voting. This and other changes in the election laws are covered in Part II of Chapter 345, Laws of 1939, Chapter 2.

Section 3, relating to the form of balloting, reads in part, "All elections of town and village officers shall be held and conducted under the so-called "Australian ballot system" as provided by law for general elections in this state as far as practicable".

It was announced last week that the Rocksbury township election will be conducted next Tuesday in the Riverside school house.

PROWLERS EASILY DOWN CROOKSTON, MOORHEAD QUINTS

Will Play Bemidji Teachers College Reserves Here Friday Evening

Completely out-playing and out-speeding the Crookston Pirates and the Moorhead Spuds, the Prowlers easily won the two basketball games they played during the week-end, defeating the Pirates at Crookston on Friday night, 48 to 14, and then routing the Spuds in a game played here Saturday night, 49 to 24. The Bemidji Teachers College reserves come to the local gym Friday night for the last game of the season previous to the district tournament.

Never were the two games in doubt, for Coach Lindenmeyer's boys made hash of the Pirates and Spuds to build up huge first-half leads. On Friday night the Prowlers, with their fast-breaking offense clicking for the first time this year, built up a 21 to 3 lead at the first quarter, and a 29 to 8 lead at the half; and against the Spuds on Saturday night, the Prowlers repeated the process, scoring a 16 to 3 lead at the end of the first period, and a 26 to 8 lead at half-time. These leads gave Coach Lindenmeyer an opportunity to use his entire squad, and the Prowlers, even with a line-up of reserves, continued to pile up points.

Eddie Flasch with 26 points led the Prowler scoring in the two games, with Wayne Bredeson's 16 points and Bob Kielty's 16 being the other high scorers. But the entire squad played splendid basketball, covering their defensive assignments, breaking fast on offense, and passing surely and smoothly. The two games were by far the best and the fastest the locals have played all year, and if they hold their game at this level they should retain the district championship in the tournament to be played next week, and go into the regional with an even chance of entering the state tourney.

Oen Mercantile Company Office Moved Upstairs

Needed added space for the grocery department of the Oen Mercantile company has been provided by removing the company's office from the north portion of the main floor to a new location on the second floor in the northeast corner. A considerable amount of additional room for the grocery section is provided as a result of the change.

NAMES OF TWO RALSTONS CONFUSED IN COURT ITEM

It was reported in error in the Times last week that Forrest Ralston had been brought into municipal court to face a statutory charge. The name of Morris Ralston should have appeared instead and the Times deeply regrets the confusion of names.

Supt. Bye Returns from St. Louis Convention

Supt. Morris Bye returned last week end from St. Louis where he attended the annual convention of the National Association of School Administrators, at which Minnesota was represented by more than 100 schoolmen. Highlights of the convention were addresses by Paul V. McNutt, social security administrator; Dr. William Lyon Phelps, and Irvin S. Cobb. Approximately 13,000 persons participated in the sessions.

SPORTS
Tid-Bits
By Huck Olson

Crookston's Walt Grinols is surely indulging in hocus-pocus when he contends, as he did, that the Pirates are the champions of the States-Dominion hockey league, and that the Thieves are merely the 'playoff champions'. That's hocus-pocus, and not very high grade hocus-pocus, either. I was going to be dignified about the three game drubbing that the locals handed the Pirates in the championship finals, 18 goals to 5, but when he goes into contortions and comes up with such a white rabbit as a 'playoff title', well, then my dignity goes by the boards. I wonder what he would have claimed for Crookston had the Pirates won one of the championship games? The Stanley Cup, perhaps.

There can't be any quibbling, except from Crookston, about George Beverly, our defense man, being the most valuable player in the league. Bev was the second high-point man in the league; one of the best stick-handlers; strong enough on defense; none better as a team man; the 'cleanest' player in the league, having had only one penalty, and in fine physical condition.

Goalie Jimmy Bronson had four shut-outs during the season, easily the best goalie record in the league; Grafton, 2 to 0; Winnipeg, 13 to 0; Grafton, 3 to 0; and Crookston, 5 to 0.

Crookston is trying to get Walt DePaul into their school system. There is a vacancy down there for which Walt has made an application, and if his qualifications are sufficient, he will be given the position. The idea being of, course, to have DePaul handle junior hockey and high school hockey for Crookston.

Be on hand at the gym early tomorrow night, so that you can see the preliminary game between the 1939 Senior Cowboys and the Prowler reserves, and to watch the 'uel' between the Cowboys' Bob DuChamp and the reserves Johnny Campbell. The two having been tossing threats at each other all week, with 'The Duke' saying that he will outscore Johnny by 8 points, and Johnny's answer being that Bob is drooling when he talks like that.

The first game of their bowling series, night before last, the City League Grain Belts and the Kiewels rolled a tie game, with 854 pins each. To get a winner it was necessary to bowl and extra frame, and in this frame the Grain Belts racked up 106 pins to an even 100 for Kiewels. The Grain Belts won two of the three games from the league-leading Kiewels.

There is only one thing that a defense man can do when two such stick-handlers as Beverly and McCaffrey combine on a play. And that is to throw away his stick and crawl into the net with the goalie—it's foolishness to try to break up the play.

And when bouquets are being given our hockey champions, don't forget to give the extra large one to coach Alex Tickle. He deserves it, for his coaching and for his fine playing. Tickle gave us the finest team we have ever had, and he gave us a team that played entertaining and goal-getting hockey. Yes, Alex has done a swell job.

CO-OP. CREAMERY AT PLUMMER HAS BIG YEAR IN 1939

Creamery Produces 422,959 Pounds of Butter in 13 Months

Reports on a highly successful past year, in which a total of 422,959 pounds of butter were manufactured in the thirteen-months period ending December 31, were submitted Monday afternoon at the annual meeting of the Plummer cooperative creamery. The volume showed a gain of approximately 20,000 pounds over the preceding year, and the institution last year paid out a total of $100,400.

The average net price paid for all butterfat received during the year was 26.26 cents per pound, while the total expense per pound of butter was reported at 2.464 cents.

Clarence Sande gave a talk on creamery problems at the meeting, and thanked the members of the institution for their support of Land O'Lakes Creameries. Ernest Boughton of the University of Minnesota discussed the cooperative program, and County Agent Darst of Red Lake Falls also spoke briefly.

In the annual election of officers O. E. Wilson was retained in the capacity of president, while George Orr was elected vice president, succeeding Anton Lee, who had served the creamery faithfully over a period of thirty years. H. H. Fredrickson was renamed secretary-treasurer, and John Hagen was elected to the board of directors.

Owing to ill health, Albert Martin, operator, who had been in the employ of the creamery the past 20 years, tendered his resignation. Action has not yet been taken by the board on the appointment of a successor.

State GOP Convention Scheduled for May 23

Theodore Quale, chairman of the Pennington county Republican committee, this week received word from State Chairman R. C. Radabaugh that the state Republican convention will be held in the St. Paul Auditorium May 23. At the same time the district conventions were set for May 14 at places to be designated later, while the county conventions will be held May 7 and the precinct caucuses May 1.

TEACHER'S NOSE BROKEN

Ortonville.—Beth Cummens, local high school teacher, is nursing a broken nose, and in spite of the quips of her friends, she maintains that she got it from a swinging door. For the skeptics, she has a witness to corroborate her story. Mr. Brown, the school superintendent, and Miss Cummens both approached the same swinging door at the same time, from opposite sides. Mr. Brown got there first.

Four months ago the doctors abandoned hope for six-year-old Norman Dolinsky, St. Cloud, because he was a victim of lymphatic leukemia, a rare blood disease. But Norman's mother read that another leukemia victim had had blood transfusions from someone who was believed to have recovered from the disease, and sent out an appeal for a blood doner. Lorraine Olive, Minneapolis girl, responded, and gave two transfusions. Now, although the doctors are keeping close check on Norman's condition, they have given him permission to return to school.

STATE 4-H LEADER REPORTS 46,565 AS ENROLLED IN 1939

T. A. Erickson Tells of Activities of Workers Thruout State

For the 28th consecutive year 4-H club work has continued to grow and reach more young people in the state than ever before, T. A. Erickson, state club leader, announces after reviewing the annual reports of county extension agents and 4-H leaders.

For 1939, 46,566 boys and girls were enrolled in 73,289 projects. This represents an increase of 1,170 members and nearly two thousand projects over last year's record figures, Erickson says. There were 65 counties that showed an increased enrollment. Ten reached or exceeded a total membership of 800. These counties were: St. Louis with over 2,000 members, Itasca, Ramsey, Goodhue, Beltrami, Becker, Olmsted, Todd, East Ottertail and Aitkin.

A total of 7,695 local leaders, of which 3,946 were adults and 3,749 were junior leaders, may be given the major credit for maintaining this record-breaking 4-H program, says the state leader. They have supervised project work, assisted members with a total of more than 10,000 individual and team demonstrations, and have voluntarily donated countless hours of time and attention in order that there might be a well-balanced 4-H program.

Patrol's Campaign on Dangerous Car Drivers Nets Over 700 Arrests

Continuing the policy of more rigid enforcement against those traffic offenses which caused a majority of last year's traffic accidents and deaths, the Minnesota highway patrol made 720 arrests during the first month of 1940 as compared to 293 during January of 1939. The January results of the continued campaign to make Minnesota's highways safe for the careful and law-abiding driver were disclosed this week in the report of Patrol Chief Elden Rowe to State Highway Commissioner M. J. Hoffmann.

Little or no increase was shown in those law violations which are classed as minor in their importance to public safety, but large increases were shown all down the line in arrests and penalties imposed by the courts of those violations which patrol reports and traffic accident analysis studies have shown were the major causes of highway tragedies.

Forty motorists were jailed for driving while drunk, meaning the mandatory revocations of their licenses, as against 18 arrested for the same offense in the first month of 1939. Concentrated activity was directed against excessive speed, careless driving, passing in "no-passing" zones, running through stop signs, and driving on the highways with dangerously improper equipment, such as faulty brakes, or improper lights.

NEW 4-H PROJECT NOW OPEN TO FSA BOYS AND GIRLS

Farm Security Administration Announces Livestock Lending Plan

A number of Pennington county boys and girls whose parents are Farm Security Administration borrowers will be able to participate in 4-H club livestock projects this spring under new loan provisions announced by Charley Ommodt, county FSA supervisor.

Mr. Ommodt explained that boys and girls enrolled in these junior organizations, and who are unable to finance the purchase of their lambs, calves, pigs, poultry, etc., can, with the approval of their county agent, secure an FSA loan not exceeding $75.00 to cover the cost of their project animals.

By making loans available to young people with no other source of credit, the program will make it possible for them to take advantage of the educational opportunities offered by 4-H Club work and similar activity. There are 107 FSA borrowers in Pennington county.

Loan applications for the purchase of livestock under the plan must be made to the county FSA Supervisor and approved by the county agent, Howard Grow, or other club leaders. The loans will be secured by a mortgage and a note signed jointly by club members and the parents. The rate of interest is five per cent.

Basketball

The Plummer Cardinals won two games from Goodridge, Friday, March 1. The reserves turned in a 23-9 win which was followed by a 30-20 triumph for the regulars. The Card's handled the ball well and with accurate shooting hit the hoop for 12 field goals and 6 free throws.

Lester Norby, playing a good all around game, led the scoring with ten points. Lawrence Page at guard turned in a good performance, collecting three nice field goals and a free throw, John Christenson and Roy Jacobson also turned in a good game for the winners.

Norman Hvum led the scoring for Goodridge with 9 points.

A total of 29 fouls were called on both teams. The Cards lost a close 28-29 decision to Goodridge earlier this season.

Red Thyren, Don Page, Leonard Brekke, Gerald Gerardy, Boots Norby and Jim Norby worked very nicely together to swamp an inferior Goodridge B squad by 14 points. Don Page, Leonard Brekke and Leroy Norby scored six points apiece to lead the scoring for the reserves. Buchals was high man for the Goodridge reserves with four points.

Virtue, Vice and Vice Versa
Aluminum, steel reinforced, has the highest ratio of strength to weight of any available transmission cable. But its diameter is greater than that of other cables, increasing the problem of ice loading and wind resistance. On the other hand the larger diameter is an advantage because "corona losses" (the bluish halo visible on transmission lines in severe conditions) decrease with increase in cable diameter.

GARDEN VALLEY CO. BUYS TWO NEARBY PHONE EXCHANGES

Takes Over Exchanges at Red Lake Falls and St. Hilaire

A business deal of interest to Red Lake Falls, St. Hilaire and surrounding territories was completed Tuesday of last week when the Garden Valley Telephone company purchased the Red Lake Falls and St. Hilaire Exchanges which have been operated by Mrs. Pearl E. Kundert, says the Red Lake Falls Gazette.

Announcement of the sale was made by Mrs. Kundert and Thomas Vollum of Erskine. Mr. Vollum has served as the business manager of the Garden Valley lines for a number of years and is well known to many throughout this section of the state. The new concern took over the business of the Red Lake Falls and St. Hilaire exchanges as of February 27.

The Garden Valley company is not a new concern in this territory for it has operated the Plummer and Oklee exchanges for a number of years. Other exchanges operated by the Garden Valley company in this section are located at Erskine, Bagley, McIntosh, Fosston, Clearbrook, Gonvick, Mentor, Gully, Fertile, Beltrami, Goodridge, Grygla, Winger and Leonard. The addition of the Red Lake Falls and St. Hilaire exchanges give them eighteen exchanges.

Exclusive of the Red Lake Falls and St. Hilaire lines they operate over 300 miles of toll lines; have about 5,500 miles of wire and approximately 5,000 subscribers who are served by their lines.

Mr. Vollum informed the Gazette Tuesday afternoon that the Red Lake Falls exchange and the St. Hilaire concern will be operated in the future under the name of the Garden Valley Telephone Company. He also stated that John Hanson of McIntosh had been named as manager and lineman at the Red Lake Falls plant.

Surplus Apples

The 211-million apple crop of 1937 was the largest on record to that date, and threatened farmers with ruinous prices. But a surplus drive conducted by chain and independent stores disposed of the tremendous tonnage, added a minimum of five cents a bushel to the seasonal average price and put $10,500,000 into the pockets of growers, according to the American Fruit Grower.

ATTEND WILD LIFE PARTY

Not the kind you may think. Sportsmen from all over the state gathered at Hutchinson last week for the annual Gopher Campfire club, a group interested in the conservation of game, fish, birds and animals. The group pictured here is the delegation from Faribault.

A Little Bit Humorous

EVEN EXCHANGE

Wishing to dispose of his dog for a while, as be was going into the country, a man went to the local S. P. C. A. center.

"Could you sell this dog for $20,000?" he asked.

"But, man, no dog's worth that much," was the reply of the amazed agent.

But the other insisted. Some weeks later he returned and, asking about his dog, was told it had already been bought.

"Do you really mean you got cash?" he inquired.

"Well, not exactly," said the agent. "You see, I exchanged it for two $10,000 cats."—Stray Stories.

Isolation

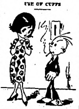
Teacher (questioning class after lesson on preservation of food)—Mary, tell me one way of preserving meat.

Mary—Putting it in ice, teacher.

Teacher—What do we call that?

Mary—Isolation, teacher.

USE OF CUFFS



He—Cuffs on men's trousers are going out of style.

She—Cuffs on the ears are still in style with the fresh ones.

Don't Mind Her

The professor's secretary saw a magnificent blonde carrying some papers enter the office smiling sweetly.

"Listen, you," snarled the jealous secretary, "If you try to muscle in on my territory I'll plant you among the potatoes."

"Oh, don't mind me," answered the other. "I'm only the professor's wife."

Visibility Limited

Father—I'm surprised that you should become infatuated with that girl. Why, you should have been able to read her like a book.

Son—Well, you see, Dad, the light was rather low.

Real Realism

Artist Scram—This is my latest picture, "Builders at Work." It is very realistic.

Visitor—But they aren't at work.

Artist Scram—I know. That's the realism.

Co-operative

Mrs. — It's scandalous for that farmer to charge us $10 for towing the car only three or four miles.

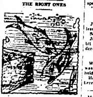
Mr.—Never mind, dear. He's earning it; I've got the brakes on.

Fresh Air Needed

"Hello, John," said the genial vicar, "out for a stroll?"

"Aye. Ye can do with a mouthful of fresh air after bein' cooped up in a 50-acre field all day long."

THE RIGHT ONES



First Fish—How we goin' to get this treasure chest open?

Second Fish—Send for the saw-fish and hammer-head shark!

Polite Youth

"And what," she asked, "should a little boy say to the lady who has given him a penny for carrying her bundles?"

"I'd hate to tell you," he replied.

Correct Answer

Teacher—Tommy, can you tell me one of the uses of cowhide?

Tommy—Yessir. It keeps the cow together.

Definition

"Father, what is a convalescent?"

"A patient who is still alive, son."

Salary Meant 'Salt Money'

Salary originally meant salt money, denoting the pay given to soldiers to buy salt.

LONGEST WAY ROUND

Stopping his car, the motorist asked the cottager working in his garden the way to Puddleton.

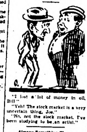
"Go down this road here," was the reply, "an' take the first turning to the left. When you come to the signpost, turn off there an' go on till you come to a pond wi' four ducks on it. That be Puddleton, sir."

Off went the motorist. He carefully followed the directions—and found himself once more outside the same cottage with the same man working in the garden.

"Look here!" he said angrily. "I thought you said that when I came to the duck-pond I'd be in Puddleton!"

"Yes, sir; this be Puddleton."

OIL GAMBLE



"I lost a lot of money in oil, Bill."

"Yeh! The stock market is a very uncertain thing, Joe."

"No, not the stock market. I've been studying to be an artist."

Always Something Worse

A hillbilly was visiting a Nebraska farmer. The farmer said: "Dog-gone it all, Bill, I sure have the toughest luck. A week ago I had a carload of prime hogs ready for market, and they got cholera and died. It's the craziest ailment ever."

"You is all wrong there," retorted the mountaineer. "Down where I come from it's wuss. The mud balls up on the pigs' tails so bad that it pulls their eyelids back so they can't wink, and they die from lack of sleep."

Proof Enough

Witness—Your Honor, I noticed that this man wobbled about as he walked, but I wasn't sure he was intoxicated until I saw him put a penny in the patrol box at Fourth street, look up at the clock on the Presbyterian church, and say, "Gosh, I've lost 14 pounds."

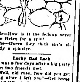
Good Reason

Jones—Tim knows all the best people in this town.

Brown—Then why doesn't he associate with them?

Jones—They know him.

SPINSTER HELEN



He—How is it the fellows never take Helen for a spin?

She—Guess they think she's already a spinster.

Lucky Bad Luck

It was a few days after a big party when two friends met.

"Well, old man, how did you get along after I left you?—Get home all right?" asked one.

"No; a confounded policeman took me to the station, where I had to spend the night."

"You were lucky. I got home."

Painless Patient

Junior—That man wasn't a painless dentist like he advertised.

Senior—Why? Did he hurt you?

Junior—No, but he yelled when I bit his thumb just like any other dentist.

Proof of the Pudding

Wife—Anybody would think that I was nothing but a cook in this household.

Husband—Not after eating a meal here.

Another Real Story

McTavish sent the doctor's bill to his father-in-law when the doctor told him his wife's tonsils should have been removed when she was a little girl.

Wrong Girl

First Old-Timer—Your son says he doesn't want to get married.

Second Ditto—Yeah? Just wait till the wrong girl comes along!

What's in a Name?

College Boy—Charles is an enigma.

Southern Boy—Is zat so? And I thought he was white all the time.

Cheek to Cheek

He—How would you like to have my cheek next to yours?

She—Shaved?

Economical Speed Determined

Above is the BUICK SPECIAL 4-door touring sedan $996*

THERE are a lot of things about this stunning 1940 Buick to claim your attention, if you want to know what's what in motorcars.

For instance, you've got to admit that it has done a lot to beautify the boulevards.

And, from the way folks are swinging over to Buick, it must have something value-wise that's pretty important.

What you hear about its quick-off-the-mark engine and the silkiness it gets from balancing after assembly certainly calls for inquiry.

So do the rave notices BuiCoil Springing gets and the talk you hear about five-foot front seat room in the SUPER and its Foamtex cushions soft as a down puff.

But skipping this, even skipping the fact that Buick's prices are lower than some sixes, one thing alone is enough to send you hot-footing to your Buick dealer.

That's the obvious fact that as Buick goes these days so goes the industry.

So do the obvious thing. Go try out this superb traveler. We think you'll decide you'll never be really happy till you have one.

Prices Begin at $895 for Business Coupe —Sedan prices start at $935—

*delivered at Flint, Mich. Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

These Trees of Mine

By Mrs. E. E. Zeh

MY HONEY LOCUST

My Honey Locust is not yet a very large tree, but it promises to be a very lovely one. Its leaves resemble green lace, fernlike, and beautifully arranged on the branches, the bark a smooth, shining silver.

It came to me very young, just a little slender switch not more than a foot tall, and when winter came it froze down to the ground. The same thing happened for three or four years, but each year the shoot that sprang up from the root was a little more sturdy and a little taller, and at last came a winter that it lived through. The little tree was growing tough and able to endure more severe cold than its ancestors had been accustomed to.

It is now about seven feet tall, and seems thoroughly at home, and I am hoping that it may blossom soon. I value it the more because of the giver, a funny old fellow who used to work for me, faithfully through summer and winter, cold and heat, storm and calm; and in spite of differences as wide as the ocean, we were friends.

He knew every nook and corner of the place and took a real interest in everything. He is dead now, so he won't mind what I say of him. He would never tell where he was born, but his name was Nils and he had been a sailor in his youth, and if he had not sailed the seven seas he had at least put in at many ports, acquiring at each, I think, the strongest and choicest profanity of that country. He also knew all the little four letter words in English language presumably in use only by vulgar people and naughty little boys. However, Nils used his profanity and his naughty words as unconsciously and clean-mindedly as you and I would have said "good morning", and I always tried to remember that a lady never takes offense where no offense is intended.

The word "lady" is a much misused and abused word, and I have never contended for the title, not being sure that I was eligible; but I am sure that Nils regarded me as a real lady and would have been very shocked if told that he had offered any disrespect to either God or me by his language.

So I never batted an eyelid no matter what he said and I hope God was as lenient. I was rather puzzled, though, when one day he grew confidential with a young boy helper and said "Just one thing I don't like about workin' with the missus, you've got to be so careful of your langwidge on account of her being a woman."

I wondered if Nils had been holding out on me and knew strange words that I had never heard.

This threatens to be the story of Nils rather than of my little honey locust, and truth to tell I know little of my tree except that Nils brought it to me as a choice gift from some place much farther south where he had spent the winter.

I am sure that I shall be obliged to take my leave long before my little tree has attained its full growth but I hope some one will love it a little and allow it to stand.

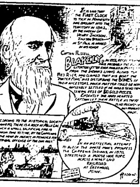
You Weigh Less on Hot Day

When a person weighs himself on a hot day on ordinary scales the weight is less than on a cold day. Warm air buoys up both the brass weights on the scale and possibly the person being weighed.

GOPHER TALES

by Blaise Hadden



It is said that the first clock to tick in Minnesota was brought into the territory in 1842, by the widow of Henry Jackson. Jackson Street in St. Paul is named in his honor.
Captain Russell Blakely, in [illegible] recalled [illegible] probably the first extortion letter ever mailed in Minn. from the Indians living along the Red River, who claimed that his boat the [illegible] was disturbing the bones of their ancestors, which matter could be very amicably settled if he would send them several kegs of $10 gold pieces. Evidently the hard hearted captain let them rattle as there is no record of any payment made.
According to the historical society at [illegible], there is a rock at Mille Lac on which a small sacrificial fire is built from time to time, by the Chippewas from the near by agency, in penance for some tribal offense of the dim past.
In an ineffectual attempt to block the white man's progress the Chippewa Indians, in 1870, stretched a moose hide rope across a newly laid railroad at Deerwood, Minn.

SILVERTON

Banner School News

Due to the Blizzard last Thursday quite a number of the pupils were absent.

Palye Olson has completed her sampler and it is now ready for framing. She made and drew her own design just as the pioneer girls did.

Group A has made a "Signs of Spring" chart. We will be on a look out for signs and write them on the chart. Beverly Brating is chairman. The first sign that can be placed on the chart can well be the appearance about three weeks ago of Red breasted grosbeak which joined a flock of sparrows and feasted on rose hips and seeds remaining on ash trees.

Patsy Burtness visited school last Thursday. We welcome visitors and especially wish that our parents would come.

Grades three through eight are working on the one hundred spelling lessons. So far no one has gotten a perfect score.

4-H Club Meeting

The reorganized Silverton Junior 4-H club held a very interesting meeting Wednesday evening, Feb. 28 at the Leonard Helgeland home in Smiley. Margaret Gunelson 4-H club leader was present. HOW MUCH DID YOU PAY?

- Even if you paid no Income Tax, don't think for a moment that you paid no tax at all.
- No one can escape paying taxes in one form or another . . . but excessive taxes can be avoided!
- One easy and practical way is through maintaining industries which pay huge taxes and thus help to keep down our individual taxes.
- The Brewing Industry of Minnesota, as a whole, pays about $2,000,000 annually to the State Treasury for taxes on beer alone. To counties and municipalities it pays additional taxes for licenses, real estate and property. Its Excise Tax on beer to the Federal Government averages $12,000,000 a year.
- This huge tax revenue pays a large share of the cost of Federal, State and County governments. It helps pay for schools, old-age pensions, relief.
- If this tax revenue were lost, our individual taxes would surely be much higher!
- In addition to this, the Brewing Industry of Minnesota eases our tax burden by keeping over 25,000 in gainful jobs . . . buys over $3,000,000 of Minnesota farm products annually, and makes a mild, healthful beverage that promotes True Temperance by encouraging Moderation.

STREAM-LINED COFFEE CAKE FOR SUNDAY BREAKFAST

HERE'S a delicious, rich, sugar-and-nut-crusted coffee cake you can serve warm from the oven for Sunday breakfast. Do not misunderstand me—this is no re-heated coffee cake. It's one that, starting from scratch, you can mix and bake in less than an hour—and have it sending its mouth-watering, cinnamony fragrance through the house to make the family simply ravenous. It sounds incredulous, I know, especially when one remembers how grandmother used to spend all day making her bread and rolls and coffee cakes. But it is no more remarkable than many other stream-lined wonders of our age.

BETTER THAN GRANDMOTHER'S

You have doubtless guessed that this coffee cake is made with baking powder instead of yeast. However, it has the same delicious crusty, crunchy butter-sugar-cinnamon and chopped nut topping grandmother used to put on her coffee cakes. What's more it goes grandmother's coffee cakes one better—it has a filling too, like a layer cake.

There's no reason, of course, why this delicious coffee cake should be limited to breakfast. Make it for lunch or supper some day when you are using up the raggle-taggle odds and ends of the day-before's dinner. You won't need any dessert. Just the fresh, warm fragrant cake with coffee or cocoa will be enough. And you'll find that the family will think they have had a grand meal.

STREUSEL-FILLED COFFEE CAKE

Streusel for Filling and Topping

- ½ cup brown sugar
- 2 tbsp. all-purpose flour
- 2 tsp. cinnamon
- 2 tbsp. melted butter
- ½ cup chopped lightly, toasted nuts

Mix brown sugar, flour and cinnamon together. Blend in the melted butter. Stir in the chopped nuts. Mix well. Use as filling and over the top of the coffee cake. Use any nuts you prefer—walnuts, almonds, pecans, etc.

COFFEE CAKE

- 1½ cups sifted all-purpose flour
- 3 tsp. baking powder
- ½ tsp. salt
- ¾ cup sugar
- ¼ cup shortening
- 1 egg
- ½ cup milk
- 1 tsp. vanilla

Sift the sifted flour, baking powder, salt and sugar into a mixing bowl. Cut in the shortening with a pastry blender or 2 knives or rub it in with the fingers—until the mixture is like a fine cornmeal.

Blend in the well-beaten egg which has been mixed with the milk. Then blend in the vanilla and beat just enough to mix well.

Spread half of this batter into a well-greased and floured baking pan. Use either a 6x10 inch pan or an 8 inch square pan. Sprinkle half the Streusel mixture over the top. Spread the remaining batter over this filling, and sprinkle the remaining Streusel mixture over the top. Bake for 25 to 30 minutes in a quick moderate oven (375° F.).

If you have any specific cooking problems, send a letter requesting information to Betty Crocker in care of this newspaper. You will receive a prompt, personal reply. Please enclose 3 cent stamp to cover postage.

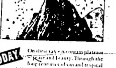
DRUMS SPOKE Death!

Centuries ago, the slumbering volcanoes of Central and South America began to smoke and rumble. The hollow pulse of temple drums echoed across the plateaus and through the forests, sounding the dreaded warning.

TOO LATE the drums sent their warning. The volcanoes blasted fire and death into the skies before any could escape, while hot lava rushed from the core of the earth, wiping out villages and tribes, destroying every living thing. For days all was in darkness, volcanic ash, falling through the air, obscured the sun.



On these same mountain plateaus [illegible] peace and beauty. Through the long centuries of sun and tropical rainfall, the volcanic ash has blended with the good earth, creating a soil so rich and luxuriant that coffees grown in it possess a richness of flavor, a pungency of aroma found in coffees grown nowhere else.

Nash's Toasted Coffee, expertly blended from these tropical coffees grown at the "Flavor Line" of volcanic valleys, brings you all the richness, all the sunshine, all the luxuriance of flavor that nature has placed in them. For rich, full bodied coffee, always say, "Nash's Toasted Coffee, please."

'Sky Dance' Is Tops

The "sky dance" of the woodcock is probably without parallel in all nature. A peculiar burred note announces proximity of a courting male bird. The calls are repeated at regular intervals. Presently they will give way to a musical twittering sound. The bird will then circle to 100 or 150 feet, twittering. The twittering will grow louder. The bird is plummeting to earth and will patch at almost the identical spot he took off. Then the entire performance will be repeated.

Pros Return to School

Professional football, far from interfering with the players' acquisition of an education, rapidly is assuming major importance as a means of enabling them to complete their studies. Forty-five of the 300 athletes who participated in the 1935 season's national football league games have returned to college and a great many of the others are using their earnings to satisfy obligations contracted during their undergraduate days.

Fish Canning Old

Fish canning predates canning it self. In Holland they were putting fish up in cans before Nicholas Appert, "father of canning," got around to discovering the process which made him famous and started on its way the present great industry of food preservation in hermetically sealed containers.

[illegible] Cause of Pellagra

[illegible] comes from [illegible] begins [illegible] which becomes [illegible] and appears on both [illegible] at the same time. Soreness of the mouth, indigestion, and disturbance of the nervous system follow, and insanity and death often result. Pellagra is common in parts of the South where the food supply is limited, with little milk, meat, fresh fruits, and vegetables. But it is by no means confined to the South; it may occur wherever the diet is deficient in these protective foods.

LAWS BROKEN IN 70 PCT. OF ROAD MISHAPS IN 1939

W. F. Rosenwald Reports on Causes of Highway Accidents

The average Minnesota motorist has an unusually good chance of going through 1940 without being involved in a motor vehicle accident—if he obeys the law! This conclusion is arrived at by the safety division of the state highway department from the 9,045 accidents reported in 1939.

"A study of our figures," said W. F. Rosenwald, highway traffic and safety engineer, "shows that in the past year 6,301, or 70 per cent of the reported accidents, indicated law violations at the time of the mishap, either on the part of the motorists or pedestrians involved.

"And, 57 per cent of all the fatalities occurring on our highways were caused, either totally or in part, by one or both of the parties involved violating a rule of the road. On the basis of these figures, it can be seen that the disregard for traffic laws results in accidents; therefore, compliance with these rules is a motorist's best assurance for a safe and accident free year of motoring."

Driving at speeds which were excessive for road and weather conditions at the time of the accident accounted for 2,278 or 28 per cent of the reported accidents.

Mishaps occurring when one of the drivers did not have the right of way, usually at intersections, resulted in 1,401 or 17.6 per cent of the accidents.

One or both of the cars on the wrong side of the road figured in 1,170 or 15 per cent of the reported accidents. This latter item does not include accidents resulting from overtaking or passing others, but only those instances where a motorist was in the wrong lane of traffic when avoiding parked vehicles or other motoring irregularities. Practically all of this type of accident were charged to inattention on the part of the driver having the accident, according to Mr. Rosenwald.

"Proving the contention that speed is a very important factor in the traffic death toll," concluded Mr. Rosenwald, "we find that excessive speed figured in 42 per cent of all the reported fatal accidents. Being on the wrong side of the road was a factor in 24 per cent of all fatal road mishaps."

In the long run it's cheaper to say it with flowers than in writing.

Prof. Vedo D. Odo, spurred into action by Sen. Taft's proposals to balance the budget came out of his seclusion yesterday with a plan of his own.

Vedo D. Odo

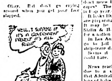
"I call it the Odo Three Point Plan," he told reporters.

When pressed for an explanation he disclosed that he planned (1) to have a taffy pull in the Treasury department, (2) to have a rummage sale at the Capitol where all the discarded talks by Senators and Congressmen about economy could be displayed for sale and (3) slap on a new gas tax.

"There's really no excuse for having a deficit when there's gas to tax," he said.

Now the WPA is doing a lot of research to find out where a lady's waist is.

Okay. But don't go crying around when you get your face slapped.



WELL, I SUPPOSE IF IT'S A GOVERNMENT PROJECT IT'S ALL RIGHT

We blow upon our fingertips
To warm them when it's cold,
Yet blow to cool the blisters
"When the pan's too hot to hold!"
We speak hot words of anger,
Or our words are rather chilly. . . .
Yet our temperature remains the same.
The whole thing's awfully silly!

Telephone Maintenance Clinic to be Conducted at N. W. School Mar. 18

A free telephone maintenance clinic for service men from rural telephone companies of the Red River Valley will be conducted at the Northwest School of Agriculture at Crookston, Monday, March 18. The clinic will be conducted by representatives of the Bell Telephone Co. and members of the staff at the department of agricultural engineering of the Northwest School.

C. F. Ott, manager of the Bell telephone exchange at Crookston, one of the co-sponsors of the clinic, states that one item of vital interest to telephone maintenance men will be discussed at the conference. Scott McDermott, wire chief of the Crookston exchange, will have a full line of telephone equipment for his talks and demonstrations on wiring.

The telephone clinic will be held in the Hall building at the Northwest School beginning promptly at 10:00 a.m. Monday, March 18. The morning program will deal with the telephone instrument, station wiring and protection.

Subjects for the afternoon program which starts at 1:30 include pole line and aerial wire construction and maintenance; grounded circuits versus metallic circuits, organization and administration.

Highest Church in Italy

Highest house of worship in Italy is the St. Edoardo church, located between the two silo-like hotels at Sestriere, winter sports resort in the Italian Alps. It was built by Sen. Giovanni Agnelli, the "Henry Ford" of Italy and builder of Sestriere, in memory of his son Edoardo.

1,000 Open Hearth Furnaces in U. S.

"Open hearth furnaces are preponderantly the most important source of steel today," says "Steel Facts." They total 995, with an annual productive capacity of 65,151,152 tons. This represents 84 per cent of the total number of steel producing units in the United States, and 89 per cent of the nation's annual steel producing capacity. A half century ago there were only 103 open hearth furnaces, which represented but 40 per cent of the total number of steel producing units. Such furnaces then generally ranged up to 35 tons in size. The present average is more than one hundred tons and some run as high as 300 to 350 tons.

CO. FAIR PLANS MADE BY BOARD MONDAY NIGHT

Dates of 1940 Event are Set at July 31, August 1, 2 and 3

BARNES & CARRUTHERS TO SUPPLY BIG REVUE

Board Making Plans for Sale of Stock to Finance Improvements

Plans for the 1940 Pennington county fair are rapidly taking final shape, it was revealed at a meeting of the fair board Monday evening in the farm bureau office, the major program features already having been selected. The dates of this year's event have been fixed at July 31, August 1, 2 and 3, starting Wednesday and continuing thru Saturday.

As at recent past fairs here, an Ernie Young revue, always a popular feature, has been booked thru the Barnes & Carruthers agency. This year's spectacle, "Continental Vanities", comprises a cast of forty dancers, singers, comedians and other entertainers.

The revue will be given the last three nights of the fair, while arrangements are being made to secure a WCCO Artists Bureau presentation, "Crossroads Party", for the evening of entry day. Free acts in front of the grandstand each day also will include Micher's Dobermann Pinschers, a dog act, Large & Morgner, a stunt act by a pair of one-legged men; the Mills Trio; and two more comedy acts, yet to be selected.

For the first time in many years there will be no horse racing at the 1940 fair, this feature being supplanted by Hoaglen's Hippodrome, including a wide variety of thrilling stunts by a troupe of twenty educated horses and mules. The show will be presented each afternoon in front of the grandstand.

Oscar Bloom's highly rated Gold Medal Shows, including twelve shows and twelve rides, will provide the midway attractions.

As at past fairs a 1940 model automobile will be given away at the coming event, with prize tickets to be distributed by local business places.

At Monday night's meeting the directors made arrangements for starting a campaign to sell additional shares of stock in the Pennington County Agricultural society, sponsor of the fair, as a means of obtaining a more representative membership and to supply funds for the sponsor's share of an extensive WPA program of improvements to the fair buildings and grounds, expected to continue over a period of several years. Laum & Burdick, Grand Forks architects and engineers, are drawing plans for the project, the execution of which hinges on success of the coming sale of stock.

$1[illegible]0,000 BOND ISSUE AP[illegible]OVED BY VOTERS

Renamed Head of Schools

MORRIS BYE

Who Monday evening was reelected by the board of education to serve his fifteenth year as superintendent of schools. During his period of service here Mr. Bye has established an outstanding record as a successful school administrator.

At a special election Tuesday featured by a marked lack of interest on the part of the electorate, Thief River Falls voters authorized the city council to proceed with its plans to sell up to $130,000 in bonds to finance improvements to the municipal power plant made necessary by the constantly mounting demand for current.

The bond issue was approved by a margin of 303 in favor to 168 against, a margin of better than five to three. The small total of 471 ballots was cast out of a total voting strength in the city of more than 2000.

The vote by wards follows:

	1st	2d	3d	4th	Total
Yes	61	91	62	89	303
No	44	30	35	59	168
Total	105	121	97	148	471

The council will hold its next meeting Tuesday evening, March 26, at which time it is expected it will take first steps in the direction of arranging to secure the new equipment.

Anderson Brothers of Thief River Falls, the lowest of nine bidders, Tuesday were awarded by the Pennington county board contracts for four grading jobs aggregating twelve and one-half miles on their total bid of $8,050.66. Other bids ranged as high as $13,340.92.

Roads to be constructed under the contracts include two miles on County Aid Road 46 in Star township; three miles on CAR 42 in Norden township; two miles on CAR 25 in Goodridge and Highlanding townships; and five and one-half miles on CAR 18 in Smiley and Kratka townships. start on the projects this spring start on the projects this spring as early as conditions permit.

Hornets, Junior Hockey Six, Makes It Fourteen in Row Against Emerson

The Thief River Falls Hornets, junior hockey team, Sunday afternoon, in the arena registered their fourteenth successive victory of the season by defeating a fast skating Emerson team 5-3. Froseth, Hovie and Anderson starred for the Hornets and Lesperance for Emerson. Hovie scored three goals for the locals and Anderson and Carlson one each, with Froseth getting credit for three assists. Jim Bronson officiated as referee. Team Manager Alex Campbell said today there is a possibility that the speedy Baudette high school team may play here Saturday night.

BERNIE BIERMAN TO SPEAK IN CITY MONDAY, MAR. 25

Noted Coach Will Appear Here Under the Auspices of Local Groups

Bernie Bierman, noted University of Minnesota football coach, will make his first public appearance in Thief River Falls Monday evening, March 25, when he will speak at a dinner meeting of the Civic and Commerce association, following which he will present motion pictures of the 1939 Gopher football campaign.

Arrangements for Mr. Bierman's visit were made by a committee headed by Roy Oen, former captain of the Gopher eleven. Serving on the group with Mr. Oen are Supt. Morris Bye, W. E. Dahlquist, L. W. Rullen and John Ehdenmeyer, Lincoln high school athletic coach. The high school athletic department is joining in sponsoring Bierman's appearance.

Chairman Oen indicated that an invitation would be extended to students in nearby high schools to come to Thief River Falls and hear Coach Bierman.

ALL TEACHERS REELECTED BY BOARD MONDAY

Majority of Faculty Members Get $45 a Year Salary Increase

SUPT. MORRIS BYE IS RENAMED 15TH YEAR

Final Details Completed on Lincoln Junior-Senior High School

At the March meeting of the board of education Monday evening, all members of the public school faculty were re-elected in accordance with the provisions of the continuing contract law enacted in the 1937 session of the state legislature. At the same time teachers were given a salary increase of $45 a year except in the case of those receiving the maximum salary according to the schedule adopted in 1938.

The board also unanimously re-elected Supt. Morris Bye to serve his fifteenth consecutive year as head of the local school system.

Mr. Bye stated that final details in connection with the construction of the Junior-senior high school had been completed on February 23, and that the following day Ralph I. Olson, auditor for the Federal Works Agency, had completed his final audit of the construction account and all other documents connected with the project. Aplication is now being filed by the school district for the final ten per cent grant settlement from the federal government.

The board voted to call for bids to be opened Monday evening, April 8, on the landscaping of the Lincoln school grounds. An appropriation of $75 was voted to the Association of Supplemental Aid Schools, which is initiating a campaign to secure payment in full of supplemental and non-resident high school transportation aids. The organization will employ a field man on a full-time basis, it was announced.

In reelecting members of the teaching staff, the board passed a motion that teachers be automatically retired on reaching the age of seventy, effective at the end of the 1940-41 school year. A resolution also was adopted commending Henry J. Scherer for his efficient service as PWA engineer inspector during the course of construction of the junior-senior high school.

Mr. Bye submitted to the board a report on the 1940 convention of the American Association of School Administrators which he attended in St. Louis February 24-29.

CCC Camp Lecturer to Speak in City Friday

As a feature of the local adult education program, George H. Melbye of the Rochert, Minnesota, CCC camp, will give a lecture and demonstration Friday evening, March 15, at 7:30 in Room 101 of the old Lincoln high school building, it was announced today.

Electric Line to Make Last Run Friday, March 15 after Long Service

After a quarter-century of service to residents of Eastern Pennington county, the Electric Line train will make its last run to Goodridge Friday, March 15, it was announced this week at the local offices of the Soo Line, of which the county railroad is a subsidiary. The Interstate Commerce commission had originally given authority to abandon the line February 13, but an order was later delivered postponing the last run to March 15. W. R. Patterson has served as engineer on the line since it was established, while Joe Zavoral has been conductor for a long period of years.

RIVERS, HARBORS CONGRESS FAVORS R. L. RIVER WORK

Project Is Given Favorable Consideration at Washington Meeting

The National Rivers and Harbors congress now in session in Washington, D. C., Wednesday recommended to Congress for inclusion in its 1941 budget the flood control and water conservation project embracing Red Lake river and its tributaries, the Times was informed in a message from Paul A. Lundgren, who is attending the congress as a representative of the Red Lake River Development association.

Mr. Lundgren stated that the project was first submitted Tuesday by E. V. Willard of the Minnesota conservation department, and was re-submitted yesterday by Captain Moreland, district engineer with the corps of U. S. army engineers at St. Paul.

There is no basis for congressional action in the way of an appropriation at this time, Mr. Lundgren reported, owing to the fact that the U. S. army survey of the area has not yet been completed. He added that Henry Holt of Grand Forks, chairman, and Dean Hales of St. Paul, executive secretary, of the Tri-State Waters commission, did much able work in promoting the project at the Washington meeting.

Senator E. L. Tungseth and Representative J. O. Melby, Oklee, are also attending the sessions of the congress.

Mr. Lundgren reported that excellent cooperation was given the Minnesota delegation in Washington by Congressman R. T. Buckler and his secretary, Harold Hagen, as well as by Senator Henrik Shipstead.

COUNCIL HANDLES ROUTINE BUSINESS AT MARCH SESSION

Grants First Building Permit of Year to Jahr for New Shop

In an uneventful March session Tuesday evening, the city council approved the first application of the year for a building permit, gave a second reading to the ordinance repealing the present ordinance regulating the barber trade, and approved an application for a WPA project to employ a crew of a half dozen workers to measure all buildings in the city for assessment purposes under the supervision of City Assessor T. M. Thronson.

The building permit approved was that of A. C. Jahr to build at an estimated cost of $1,000 a new structure to house his meat market on the site of his present shop.

Ernest Barzen of the Math Barzen company also was present to ask for permission to repair the company's tile warehouse recently damaged by fire. Action was deferred pending an inspection of the premises by a council committee.

Following a discussion of the matter, the council postponed action on the matter of acquiring an additional fire-fighting unit until after a scheduled inspection of the city has been made late in April by representatives of the fire underwriters, when it is expected more information will be made available as to a possible reduction in fire insurance rates.

According to government figures one-half the families owning automobiles in the United States have incomes of less than $30 a week.

'49 MORE BIRTHS IN PENNINGTON IN '39 THAN YEAR BEFORE

State Board of Health Lists 377 Births, 145 Deaths for Past Year

The stork in 1939 maintained a stronger advantage over the Grim Reaper in Pennington county than in former years, a total of 377 births and 145 deaths occurring during the period, it is revealed in the annual report of Dr. A. J. Chesley, secretary of the state board of health, filed with Adolf Eklund, clerk of court.

The figures compare with 328 births and 147 deaths in the county in 1938, revealing an increase of 49 in the number of babies born. As in former years, the city of Thief River Falls accounted for a large majority of both births and deaths last year, there being 315 of the former and 97 of the latter.

Figures as reported for the various subdivisions of the county follow:

M. W. Thatcher Unable to Appear Today at Co-op. Elevator Ass'n. Meeting

M. W. Thatcher, who represents the National Farmers Union legislative committee and the Farmers Union Grain Terminal Association, has been compelled to cancel his meeting at Thief River Falls today in order that he may appear before congressional committees who have under consideration the farm mortgage debt adjustment bill, which is of vital concern to agriculture. As soon as he returns from Washington a meeting will be arranged for Thief River Falls, where a full discussion will be had on pending farm legislation which includes the wheat certificate bill and farm mortgage debt adjustment legislation.

Personal Property Tax Payments This Year are About Same as in 1939

Payments of current taxes in Pennington during the period from January 1 to February 29, at which time the greater portion of personal property taxes are paid, were virtually identical this year with the corresponding period of 1939, County Treasurer A. R. Johnsrud announced this week. He stated that a total of $49,559.10 in current taxes was paid to March 1 this year, compared to $49,540.11 for the same period in 1939. At the same time delinquent taxes amounting to $10,891.29 were paid in 1940, slightly more than the total of $9,752.10 paid last year.

DISTRICT COURT JURY DISMISSED WEDNESDAY NOON

Most of Cases Slated for a Jury Trial Settled Out of Court

Coming to an unexpectedly early end due to settlement of many cases out of court, the session of Pennington county district court which opened Monday morning was concluded with the dismissal by Judge M. A. Brattland, of the petit jury before noon Wednesday.

The first case to be tried was that of Maud Hoppe vs. Standard Oil company et al., arising out of a fatal truck accident last year. However, the case was settled out of court after testimony for the plaintiff had been presented. In the action of the Massey-Harris company vs. A. D. Mandt, the plaintiff was given a directed verdict in the amount of $844.40.

Cases settled out of court include C. M. Youmans Lumber company vs. H. A. Distur; Oscar Schanckey vs. Union State bank; Gladys Evenson vs. Town of North; Elias Holland vs. Rita McFarland; and Verna Schmitz vs. Schuyler Schmitz.

Changed from jury to court cases were the actions of F. D. McCrone vs. Louis Borchert and Julius M. Borchert; Helen Sojka vs. John Jandayk; and Adeline Ruthe vs. H. M. Hicks et al. Two other cases were continued over the term.

Union State Bank Men at Minneapolis Meetings

Archie Henerud of the Union State bank returned Sunday from Minneapolis where he spent a week in the credit department of the Northwest Bancorporation. E. O. Prowlers, East Grand Forks, Crookston and Warren Remain in Race

LOCAL QUINT DEFEATS PLUMMER TEAM 64-9

Winners in Four Districts to Meet at Bemidji March 20-21

East Grand Forks, Warren, Crookston, and Thief River Falls will play in the semi-finals of the district basketball tournament being held this week in the high school gym. The pairings for this evening send the Warren Ponies against East Grand Forks at 8 o'clock, and the Thief River Falls Prowlers against the Crookston Pirates at 9 o'clock, with the finals being scheduled for Friday night.

The tournament ran true to form, with the 'big four' going into the semi-finals, East Grand Forks trouncing Red Lake Falls, 28 to 11; Warren nosing out Fisher, 22 to 10; Crookston defeating Alvarado, 28 to 17; and the Prowlers, with the reserves playing most of the game, overwhelming Plummer, 64 to 9, with Si Kompelien, lanky forward, tipping in 11 field goals for 22 points.

In the first round games Tuesday night, Fisher disposed of St. Hilaire 37-14, Alvarado defeated Goodridge 30-20, Red Lake Falls won from Oslo 24-21, and Plummer nosed out a victory over Climax in the day's last game 34-33.

In District 32 to the north Roseau and Lancaster, subdistrict winners, will fight it out for the honor of representing that district in the regional tournament at Bemidji next Wednesday and Thursday, March 20 and 21, in the teach-

FARM CENSUS TO START IN COUNTY IN A FEW WEEKS

Copies of Census Schedule Available at Office of County Agent

Within a few weeks the census taker will call on all farms in Pennington county for the purpose of securing information about crops, livestock, and farming conditions, says County Agent Howard E. Grow.

All information given the census enumerator is strictly confidential and no individual facts or statements are ever disclosed. Farm families will be doing themselves and the nation a distinct service by helping the enumerator secure the desired information, Mr. Grow says, but in order to do this, he suggests that advance copies of the census schedule be secured from his office before April 1, when the census will be started. Time will be saved for both the census taker and the individuals if as many as possible of the questions are answered ahead of time.

The first agricultural census of the U. S. was taken a hundred years ago in 1840, and according to a recent review of agriculture, 100 years ago and now, the U. S. Department of Agriculture says that the only statistics on agriculture in those days were related to international trade and the local market prices quoted in newspapers. Sometimes unreliable news brought by a ship captain regarding crop conditions in Europe created a panic in our eastern grain markets. The lack of current and reliable price information placed producers in a weak bargaining position.

The 1840 and 1940 census schedules relating to agriculture are about as unlike as a flea and an elephant.

'39 County Financial Statement is Published

The Pennington county treasury in 1939 received from all sources a total of $617,642.47, the major item being taxes and penalties aggregating $337,209.05, it is revealed in the annual financial report prepared in the office of County Auditor A. M. Senstad and published in this issue of the Times. Disbursements in 1939 amounted to $618,057.71.

The report lists county assets aggregating $1,[illegible], of which the major portion, $941,867.[illegible], is represented by roads and bridges and road machinery and equipment. Included on the liabilities side of the ledger are a net bonded indebtedness of $613,000; accounts payable of $14,805.66; and outstanding warrants of $[illegible].

The county's funded debt is made up of $72,000 road and bridge funding bonds; $[illegible] poor aid funding bonds; $222,000 state loan ditch refunding bonds; and $296,000 drainage bonds.

The report gives a detailed account of expenses in connection with the county highway system, welfare work, old-age assistance and all other departments of the county government.

Future Farmers Chapter Plans Fathers and Sons Banquet Tuesday, Mar. 19

The local chapter of the Future Farmers of America is sponsoring a Fathers and Sons banquet to be held Tuesday evening, March 19, at 6:30 o'clock in the Lincoln high school lunch room, with the home economics classes serving. Andy Wilson, president of the local chapter, will preside as toastmaster at the dinner, at which an attendance of eighty-five is anticipated. T. M. McCall, superintendent of Northwest School at Crookston, will give the principal address, while one of the fathers will speak and a response will be made for the sons by Duke Ayers. Supt. Morris Bye and Principal W. G. Chaffy also will be guests.

Taking part in the play, which is under the direction of Mrs. Harley Swenson, are Mrs. Andrew Bottelson, Mrs. Stanton Dahlen, Mrs. William Korstad, Mrs. Gunder Legvold, Mrs. Paul Lundgren, Mrs. W. R. Patterson, Mrs. John Lind, and Mrs. Roy Oen. The music group, under Miss Ruth Nelson, will sing two numbers.

Preceding the program there will be a short business meeting. Mrs. George Werstlein is in charge of refreshments.

Shower Given Honoring Mrs. Arthur Christianson

Mrs. Arthur Christianson was guest of honor at a surprise shower at her home Tuesday evening. Feting her were the Mmes. James Winjum, Harry Simons, Art Langseth, L. R. Hartz, Orrin Smith, Carl M. Larson, Louis May, Alfred Johnson, Clarence Gulseth; and the Misses Gretchen Chapman, Bernice Vigness, and Ellen Olson. Cards provided diversion, three tables of bridge and whist being in play. Prize winners were Miss Chapman, Mrs. Winjum, Mrs. Johnson, Miss Olson, Mrs. May, and Mrs. Christianson. The honor guest was presented with lovely shower gifts.

Elaine Hammergren Hostess

Elaine Hammergren was hostess at her home Tuesday evening to the seven junior high school girls who are members of her sub-deb club. It was a regular meeting of the club, with games and refreshments occupying the hours. An interesting feature of the club's program is the awarding of initialed birthday pins to each member on her birthday anniversary. Club members are Patsy Abbott, Verna Stoughton, Genevieve Hess, Ruth Fossum, Kathleen Scanlan, Bubbles Wangenstein, Phyllis Huerd, and Elaine Hammergren.

For Margaret Gunelson

On her birthday, March 8, Miss Margaret Gunelson, Pennington county 4-H club leader, was guest of honor at a small supper party given by a group of friends in the Nu-Way Sandwich shop Friday evening. She was presented with a gift. Feting her were the Misses Hazel Melin, Joyce Roese, Gudren Tveit, Marjorie Ose, Bernice Woolson, Echo Norman, Rosella Mandt, Olga Nelson and Myrtle Gulseth.

U. C. T. Auxiliary Elects Officers at A Meeting Saturday

Officers for the coming year were elected at a meeting of the local U. C. T. Auxiliary Saturday evening. New officers include Mrs. George Biddick, counselor; Mrs. Andy Magnuson, past counselor; Mrs. Lloyd Johnson, junior counselor; Mrs. Jack McKechnie, secretary-treasurer; Mrs. K. T. Smith, conductress; Mrs. Charles Warner, page; Mrs. Oscar Paulson, sentinel.

Serving on the executive board are Mrs. F. E. Tunberg, chairman; Mrs. Dave Fast, and Mrs. Harold Rasmussen. Mrs. Lloyd Bennes was named organist and Mrs. J. Provencher, chaplain.

Following the election, Mrs. H. R. Baum and Mrs. Vern Kelfenheim were initiated into the organization, and the remainder of the evening's program was turned into a social affair, to which members of the U. C. T. were invited. Cards were diversion, prizes going to Mr. and Mrs. Andy Anderson, Mrs. W. W. Prichard, Jr., and Lloyd Bennes. Lunch was served, the Auxiliary colors, blue, gold, and white, being carried out in table decorations.

Lovely Shower Given For Mrs. Karl Kollitz

Table decorations in pink and blue, centering around a stork in the two colors, made an unusually attractive setting at the lovely shower given Wednesday evening by Mrs. Sewell Gross and Miss Eva Robarge in compliment to Mrs. Karl Kollitz at the Gross home. Mrs. Frank Clinton and Mrs. Charles Kiewel won prizes in novel games, and Mrs. Kollitz was presented with a beautiful shower gift from the hostesses and guests. The guest list included the Mmes. Kollitz, H. R. Colvin, Dave Tollefson, Carl Kretzschmar, Charles Kiewel, Jerome Hillard, Frank Clinton, John Lynskey, and Tom Mehegan.

Mr. and Mrs. Gust Johnson Are Honored

Mr. and Mrs. Gust Johnson, both of whose birthdays occur this month, were honored by their children and grandchildren at a family dinner party at their home at 304 Crocker Ave. No. Sunday afternoon. A feature of the party was a decorated cake and Mr. and Mrs. Johnson were presented with a lovely gift. Honoring them were the Luther Johnson family, Mr. and Mrs. Douglas Johnson and daughter Sharon, the Albert Poppenhagen family, Miss Borghild Johnson, and Miss Ethel Johnson.

Entertain Bridge Club

Mrs. Orrin Smith and Mrs. Arthur Christianson were joint hostesses at the latter's home Saturday evening to their bridge club. Decorations were in an Easter theme, symbolized with colored bunnies and eggs, and a two-course luncheon was served. Prizes at bridge went to Louis May and Mrs. Irving Pearson. Present were Mr. and Mrs. Louis May, Mr. and Mrs. Carl Larson, Mr. and Mrs. Irving Pearson, Mr. and Mrs. Orrin Smith, Mr. and Mrs. Arthur Christianson, Miss Lee Ristau, and Al Wynemer.

Bridal Shower

A pre-nuptial shower, in the form of an informal supper party in the Log Cabin of the Palm Garden cafe, was given Monday evening for Miss Ella Holden, who became Lester Larson's bride Wednesday. She was presented with a bridal gift. Covers were laid for the Misses Holden, Ruth Harris, Gladys Stenseng, Olga Nelson, Gudren Tveit, Marjorie Ose, Hazel Melin, Margaret Gunelson, Myrtle Gulseth, Bernice Granum, Nona Nelson, Helen Adolphson, and Rosella Mandt and Mrs. Chester Ness.

Entertains at Bridge

Mrs. Frank Rinkel was hostess at a small bridge party at her home Saturday evening. Her guests were Mrs. H. H. Kelly, Mrs. C. A. Lidstrom, Mrs. B. J. Holum, Mrs. James Steen, Mrs. O. F. Halldin, Mrs. P. L. Vistaunet, and Miss Sarah Houglum.

Dinner Party

Mr. and Mrs. Alfred Haugen entertained at a turkey dinner last Friday evening. Their guests were Mr. and Mrs. William Parbst and son Raymond, Mr. and Mrs. Vance Newbury and Burelle, Mrs. John Dahl, Mr. and Mrs. Otto Parbst and son John, and Miss Thea Erickson.

Miss Alice Johnson, Daughter of the Fred A. Johnsons, Is Wed

Miss Alice Johnson of Duluth, daughter of Mr. and Mrs. Fred A. Johnson of Thief River Falls, was united in marriage Saturday, March 9, to Henry Gibson of Duluth.

Miss Gladys Johnson, sister of the bride, was her only attendant, and Ralph Gibson, brother of the bridegroom, was best man.

For the ceremony the bride chose a royal blue street frock with matching accessories, and her sister was attired in aqua blue.

The couple, who first motored to Minneapolis, are now visiting at the bride's parental home here. They will return Sunday to Duluth where they will reside.

Last Thursday evening, a surprise party was given for Mr. and Mrs. Vance Newbury at their home in honor of Mr. Newbury's birthday. The group of friends and relatives feting them served lunch and presented Mr. Newbury with a birthday gift.

Mock Wedding Feature of Shower for Naomi Gran

A mock wedding was an interesting feature of the lovely miscellaneous bridal shower given Wednesday afternoon at the home of Mr. and Mrs. John Gran in honor of their daughter Naomi, who will become a bride on Easter Sunday. Mrs. Gran and Mrs. Gotfrid Larson were hostesses and there were forty-three guests. Participating in the mock bridal were Mrs. Earl Long, Mrs. Gil Grindeland, Mrs. Oluf Christopherson, Miss Glory Berg, Miss Gloria Gran, and Mrs. Agnes Warring. The remaining hours were spent in needlework and conversation, and lunch was served. Decorations were carried out in a pink-and-white color scheme.

YOUNG REPUBLICAN COUNTY MEETING SET FOR TONIGHT

District Convention to be Conducted at Bemidji Saturday, Mar. 23

The Pennington county Young Republican convention will be held this evening at the court house, Alvin Christofferson, county chairman, announced. He stated that the business to come before the meeting will include the election of officers and delegates to the district and state conventions, as well as taking action on any resolutions that may be presented.

Plans for the annual convention of the Ninth district, to be held in Bemidji all day Saturday, March 23, were outlined Wednesday evening of last week at a meeting of the executive board in Bemidji with Leonard Dickinson, Beltrami county chairman who is in charge of convention arrangements. Lester Ihle of this city, district chairman, will preside.

Governor Harold E. Stassen is to address a public session at the Bemidji armory in the evening, following business sessions during the forenoon and afternoon and a banquet at the Masonic Temple in the early evening.

An estimated 175 delegates and alternates will be present for the district convention. In addition there will be a number of prominent Minnesota Republican leaders in attendance, including Lieutenant Governor C. Elmer Anderson and Roy Dunn. Young Republicans from throughout the entire northern half of the state are expected to attend in addition to the district delegates.

Sessions will be held at the Bemidji armory starting at 10 a. m. and continuing through the afternoon, with the program to include election of officers, consideration of resolutions, introduction of guests and musical entertainment.

The banquet will be held at 7 o'clock at the Masonic Temple with the Eastern Star serving the meal.

The evening program in addition to an address by Governor Stassen will include band music and other special features of entertainment. The evening meeting will be open to the general public and a capacity attendance is anticipated.

Roseau Shooters Lose to Rifle Club Monday

The Roseau Rifle club came down Monday evening for a return match with the local club, the home team having lost the first match by a decisive margin. However, they were out for revenge Monday evening and won over the Roseau club 1803 to 1782. The members of the clubs to make the teams were: Roseau: Leo Vilz, A. R. Sutten, Curtis Stennes, H. Erickson, C. Sander. Thief River Falls: Carl Hovle, Walter Gibson, Carl Wennberg, Leonard Hanson and Willbert Maves.

Made Lamp Out of Matches

Leslie Erickson of Middle River, a patient at the Oakland Park Sanatorium, is justly proud of the lamp he has made out of matches. The lamp is made in the form of a Dutch windmill, the inside of which is completely finished as a tavern. It is a beautiful piece of work, representing many hours of the most painstaking effort in which hundreds of minute pieces of material had to be pieced together accurately.

Frank Kobetsky Died at His Home March 8; Funeral Held Monday

Frank Kobetsky died at his home at 225 Tindolph Ave. No., Friday at the age of 73 years. Funeral services were conducted Monday morning from St. Bernard's Catholic church, Rev. A. I. Merth officiating, and interment was made in St. Bernard's cemetery.

Mr. Kobetsky was born September 4, 1867, in Two Creeks, Wisc. He came to Minnesota in 1886 and worked in Keystone township. In 1890 he married Josephine Srusky at East Grand Forks. They established themselves on a farm near Angus, and Mr. Kobetsky was engaged in farming for 35 years. He retired in 1920 and came with his wife to Thief River Falls, where they have since made their home.

Surviving relatives include his widow, one son Anton Kobetsky of Angus, and three daughters, Mrs. Mary Vallavik, Jr., of Two Rivers, Wisc., Mrs. Anna Sirek of Dorothy and Mrs. Mathilda Cota of Minneapolis; also two sisters, three brothers, and eleven grandchildren.

Paul W. Hahn Rites at Rhinelander, Wisc. Died Here on March 9

Paul W. Hahn, who since the first of the year had been employed here as a locomotive fireman on the Soo Line railway, died of a heart attack at the Soo Round House Wednesday, March 6.

Mr. Hahn, a war veteran, was born November 29, 1892, in Chicago. He moved from his birthplace to Superior, Wisc., and came here last January 3.

He enlisted in service in the World War at Chicago May 8, 1918. He served overseas from July 14, 1918, to June 28, 1919, and was honorably discharged on July 10, 1919.

The surviving family includes his widow, three daughters, Alice Loraine, Lois Elaine, and Nina Delores, and one son Richard, all of Superior, Wisc.

The remains were taken to Rhinelander, Wisc., for services and interment.

Word Is Received of Recent Death of a Former Local Man

Word was received last week by James Mulhall of the death of his brother, Michel Mulhall, former local resident, who passed away February 25 at his home in Rainier, Washington. Death was caused from a heart attack.

Michel Mulhall was 63 years of age at the time of his death. As a youth he came with his family from Warren to Thief River Falls, and he was employed here with the Thief River Falls Lumber Co. during the saw mill days, until 1907. In that year he married Lyda Wears and left for the West coast, where he had since resided.

He is survived by his widow and seven children, all of Rainier, Wash.; also his brothers John of Prince Albert, Sask., Tom of Port Arthur, Ontario; James of this city, Bill of Lass, Manitoba, and Pete at the Flin Flon mines in northern Manitoba; and two sisters, Mrs. Jack Gleason of Shellbrook, Sask. and Mrs. Frank Ryon of Exshaw, Alberta. His parents and one brother Pat preceded him in death.

Funeral rites and burial were at Rainier, Washington.

SMILEY

Mrs. Freeman Allen returned to her home Saturday from a two weeks visit with numerous relatives in Milwaukee. She was accompanied on the trip by one of her granddaughters, Irene Kurupp of Thief River Falls. This trip marked the first reunion of Mrs. Allen's four brothers and a sister and herself in forty-six years. This was quite thrilling. A round of parties were given in her honor during her stay with her mother, who, at ninety-four years old, is an exceptionally spry woman. Mrs. Allen was called home for petit jury duty of which she is one of the members.

A family reunion was gaily enjoyed at the Adam Lendobeja home Sunday when the following met there for the day: Thomas Jacobson, Mr. and Mrs. Steve Jeanette and children, Mrs. Ada Jorde and family, all of Steiner, and Mr. and Mrs. Lloyd Johnson and family, all of Steiner, and Mr. and Mrs. Lloyd Johnson and family of St. Hilaire.

Overnight guests at the Sivert Brekke home Thursday were Mr. and Mrs. Andrew Larson of Crookston and Mrs. Anne Lane of Thief River Falls. Mrs. Larson and Mrs. Lane are sisters to Mr. Brekke.

Spring Chatter

How many chicks are you going to have? How many turkey poults? Have you any lambs yet? Going to have a big garden?—and so on and on. These are the main items going from tongue to tongue in these rural parts now-a-days. There's a certain "zest" in the air. Women are making the sewing machines hum in their spring sewing! Some have started house cleaning. The men folks have bloomed into activity from a long winter's nap. Yes, indeed, spring is around the corner! A crow was seen by Delmont Hemmingson Saturday afternoon, March 9.

The Walter Lendobeja's were hosts to Mr. and Mrs. Richard Lund of San Gabriel, Calif., and Julian Lendobeja of Kratka at supper, Saturday evening. After the supper the following guests came for an evening of cards. Mr. and Mrs. Adam Lendobeja, Mr. and Mrs. Jim McCrum, and Alfred Olson of Mavie.

Honoring Mrs. John Ranum on Thursday evening at her home in compliment to her birthday anniversary were Mr. and Mrs. Gilfred Sannes, Mrs. Ada Jorde and children all of Steiner and Mr. and Mrs. William Grundhaus. She received gifts and a lovely birthday cake that graced the lunch table.

Delmont Hemmington motored to Roseau Saturday evening. From there he and his wife drove to Roseau to spend the week end with his folks, the H. Hemmingson's. Sunday the group celebrated Delmont's birthday anniversary.

Elling Gjernes of Middle River visited at the Sivert Brekke home a few days last week.

Emil Johnson of Middle River spent Sunday with his parents, the John Johnson's. Emil is employed as a book keeper at the Chevrolet garage at Middle River.

Mr. and Mrs. Richard Lund, Mabel and Gladys Brevik returned Wednesday from the Cities where they had been called to see Mrs. Louise Brevik, mother to the Misses Brevik and sister to Mr. Lund. Mrs. Brevik's condition remains about satisfactory. Another daughter, Inez, remained to visit her mother at the University hospital indefinitely.

Mrs. Freeman Allen, Smiley township chairman of the Women's extension project "Feeding the Family" wishes to announce that any woman in Smiley who is interested in this project for this year to please come to her home Sunday afternoon, March 17, to organize the groups and outline the work. Many useful and helpful ideas will be brought out in this project and no woman will regret having taken the course. There is never any charge. Come on, you women, and take advantage of this splendid project. If you are unable to be at Mrs. Allen's Sunday let her know that you intend to become a member. There will be only three meetings and they can be arranged so as not to interfere with the busy season.

Word has been received from the former Signe Stenseth, who is now Mrs. Ora F. Green. She writes that she is very contented in her new role as a bride and that she and her husband are nicely settled in their new home on 725 Nebraska Ave., Kansas City, Missouri.

Mrs. Adam Lendobeja and daughter Dianna, Mrs. Steve Jeanette and son Philip, Mrs. Ada Jorde and son Clifford, Mr. and Mrs. Tom Jacobson and son Bernhard were over to the Lloyd Johnson home near St. Hilaire where they were birthday dinner guests honoring the Johnson twins, Larry and Lee on their first birthday anniversary. The little fellows received lots of gifts and their all white birthday cake had one candle on each end for each of them.

Among the numerous guests that filled the Lund home in Thief River Falls Sunday afternoon to honor the Stenerson girls, Ida and Lillian, who are leaving quite soon for the Cities to make their home were Mr. and Mrs. Ted Markus, Mr. and Mrs. Oscar Gilbertson, Mrs. John Myhrer, Mrs. Thorwald Myhrer, Mrs. O. Hedalen, Agnes Longren, Mrs. O. N. Olson, Mrs. John Johnson, Mrs. Mark Olson, Mr. Jim McCrum, Clair Olson, Mr. and Mrs. Knud Trune, Mr. and Mrs. Lome Lian.

D. and his financee, Miss Doris Howell and her brother Robert of Crosby, N. D. and Fred Huwe of Thief River Falls. Floyd was formerly employed at the McCrum farm.

Bad Lights and Brakes Cause Many Accidents

Defective lights and brakes were contributing factors in 547 motor vehicle accidents reported last year, according to W. F. Rosenwald, traffic engineer of the state highway department. Some vehicular defect was reported in a total of 582 accidents.

"Support for the emphasis placed on proper and adequate lighting by our traffic law enforcement agencies," said Mr. Rosenwald, "is found in the accident figures which show that defective lights were reported in 301 accidents. Glaring headlights figures in 60 percent of these."

Cars whose brakes were inadequate or faulty were involved in 246 reported accidents in 1939.

GOOD PASTURES TO BE DISCUSSED AT MEETING MAR. 20

Extension Dairyman and Agronomist to Speak in C. & C. Room

Nothing is more important to the production of livestock than pastures, and yet they receive very little consideration, says Howard E. Grow, county agent. An acre of good pasture will keep a good cow producing one pound of butterfat per day for five months. This would be 150 pounds of butter fat at 30c per pound would amount to $45.00 for the period. That is a challenging statement, but it can be proven, Mr. Grow said.

This fact will be discussed with many other factors in connection with high income per acre for land in pasture at a meeting in the Civic and Commerce room, Wednesday, March 20, at 1:30 p. m. H. R. Searles, extension dairyman, and R. F. Crim, extension agronomist, will be the speakers.

With prices of livestock and butterfat quite favorable, every farmer will want to produce these products as rapidly and economically as possible. For these reasons he will want to get the information given out at this meeting. Everyone interested is invited to attend.

Strandlie of Roseau, Arne Berg of the Olga creamery, Norman Olson of Leonard, Hugo Lundmark of Gatske and Ben Hurner of Gonvick. Mr. Brandt is shown at the extreme right.

GRYGLA

Trade Agreement Talk

The main speaker of the evening was County Agent Taylor from Bemidji. He began by stating that it doesn't make sense to spend public money to test for Bang's Disease, condemn cattle and then not follow through with shipping. He told about a farmer near a state line that had Bang's disease in his herd. However when the testing came around he drove his cattle across the line. This was enough to start an outbreak later on. He next gave a few pointers for the Cooperative Oil Company to observe. They were, first to sell good quality merchandise, second, give good service, third, the directors are urged not to tie up too solidly with one company when buying, fourth, keep a good reserve, fifth, no director should work for the association, and sixth, keep the people informed as to what is happening.

Next Mr. Taylor spoke on the reciprocal Trade agreement. This is an agreement with a country to trade our surpluses for things that will compete as little as possible with what we have. "Two unbiased groups figured out within 1% that the reciprocal trade agreement was not detrimental to agriculture. They also found that exports of agriculture had actually increased three times with the countries with which we had signed a trade agreement, and that competitive agricultural imports from 1932 to 1939 were only a little over half as large as from 1922 to 1929. Therefore he concluded that the trade agreement was O. K.

The departments of Agriculture, labor and commerce formulate the agreements with the various countries.

Next he spoke on the tariff. Way back in Civil War days 80% of the people lived on the farms whereas now only about 25% live on the farms. Tariffs up to the Civil War times were raised to such an unbearable state as to cramp the southerners. He explained how this was the actual cause of the Civil War. The New Englanders were controlling the politics at that time and their high tariffs cut out the imports so much that the southerners could not export their cotton. This was actually an industrial war as well as all other wars. In 1929 and 1930 we had this same high tariff situation and it too nearly stopped all trade. We were demanding gold for our exports and didn't want to import anything so the other countries that couldn't trade our way had to become self-sufficient.

Records show that imports are a result of high prices. In 1931 and 1932 there were next to no imports; Why? Because our prices were too low. In 1936 and 1937 when butterfat ran over 40 cents per pound then imports began to pour in again. Drouth during these years caused a lot of grain and hay to be shipped in from Canada; the farmers themselves wanted them. These imports certainly didn't hurt the farmers any. When imports are heavy we have had good prices.

Mr. Taylor said that the farmers have been hoodwinked more often on tariff talk from politicians than on any other one thing. The trade agreements between Canada and the Argentine are the only agreements we ever hear about; Why? Because they are the two that are not as satisfactory as the rest. He said farmers should not be too narrow for more imports mean more exports and more of both means more activity all along the line which eventually boosts prices.

He ended by asking which is better to allow some imports of corn, cut our acres down by one seventh and sell corn for about 70 cents per bushel or have all our acres in and sell for 17 or 18 cents."

The program committee Misses Phyllis Bush and Ruth Walle provided a song fest, songs by Misses Ethel Olson and Gladys Gonnering, songs by eighth girls from the Big Grass school, who were: Misses Joyce and Herdis Gilthvedt, Joyce Rostvold, Donna and Shirley Bush, Angeline Anderson, Delilah Lee and Lila Hagen; songs by Mary and Ruby Raymond, Arlen and Phyllis Bush and ended with duets by Ruth Walle and Henry Grondahl on the piano and violin respectively. The Grondahls assisted some by Larry Sweitzer furnished the music for the dance.

Big Turnout

The crowd that turned out for the M-M Day last Friday was nearly as large as the crowd for the last Farmers Club when Mr. Vance spoke. Seventy five free prizes were given away and John Stewart won the $2 cash for telling the best joke. The Headliners showed the M-M machinery at work and there were also some comedians. Obert Grovum at the $5 prize for guessing the closest on the number of pieces in a power drill that was on display. 3,081 pieces are needed to make this drill and Obert's guess was 3,080. Wonder if he counted them? Harry Colvin M-M salesman at Thief River Falls and Orville Iselson, representative from the M-M branch at Fargo helped Mr. Sandberg with the show.

Teacher's Institute

A meeting for the rur ltaeuch

A meeting for the rural teachers around here was held last Saturday. In the forenoon Miss Seeling from the Bemidji Teachers College spoke mostly on "improving the schoolhouse from an artistic standpoint". She told how colored, full, drapes were much more homelike looking and more artistic than the short curtains so often seen. Walls should be softly tinted rather than a dead white because too much white is too glaring and hard on the eyes.

After dinner Miss Schow from the State department spoke. She stressed the advantages of having working centers as a Science center, shop center, kitchen unit and a play corner. Then she showed a block program which was passed out to every teacher in the state. This is a very flexible program with no time limit to classes, which gives the teacher the chance to finish units of work in some subjects one day and in another on other days. Some room work units are, correct usage, letter writing or story writing, study on birds, etc. Combinations of this sort tend to create a family atmosphere.

Miss Stapleton told how globes could be refaced for $6.50. She called on various teachers and had them tell about good things carried out in their schools. Mrs. Smith from Warren, ended everything in a happy manner by asking that the teachers be happy in their work.

There were about 40 teachers present. Miss Skomedal and Miss Stapleton met with teachers from their counties for a while after the Institute.

Practice Teacher Leaves

Duane Dagen left for Warren on Saturday after the Institute to continue in the training department. He began here by teaching 7th geography and all the Mathematic classes on Monday. On Tuesday English was added and from Thursday on he taught all classes. In Manual Training he introduced a snap album, door stop, wall shelf and a lawn or garden ornament.

Two Hurt

Vernon Gilthvedt was cranking his old motor when the crank slipped off and hit him in the mouth. It split his lip, cracked one tooth and broke a piece off another.

Last Friday Louis Jelle Jr. sprained his wrist when he fell or jumped from a swing in action. The wrist was extremely painful.

Lois Selle Honored

Mrs. Ernest Selle gave a party for her daughter Lois on her 8th birthday last Saturday. Guests were Marilyn and Donnie Fladeland, Donna Mae Stanley, Mrs. [illegible], Mr. and Mrs. [illegible], Gust Austad, LeRoy and Audrey Austad, Mr. and Mrs. Peter [illegible] and Miss Charlotte Lloyd. A lovely decorated birthday cake centered the birthday lunch. Lois received many pretty gifts.

Reunion

The Ole Holte home was the scene of a gay family reunion last Sunday. Present were Mr. and Mrs. Henry Bekkrus and daughter Doris, who have been visiting here from LaGlace, Alberta, Canada for some time, Ole Holte and family, Pete Holte and family, Nels Holte and family and Mr. and Mrs. Henry Holte.

Philip and Ivan Moe of Oslo were here Sunday and overnight visiting at E. Hyllands and other relatives.

Mr. and Mrs. Oscar Thompson and T. M. Thompson from Clifford, N. D. visited at the Roman home and at Mrs. Mabel Sletten's.

Miscellaneous Shower

Mr. and Mrs. George Hanson were feted last Sunday at the Hans Thorson home at a miscellaneous shower by their many friends. Hostesses were Mrs. Roy Paulson, Mrs. Kermit Paulson and Miss Ella Haugen. They served a delicious lunch brought by the guests. Friends from a distance were Mr. and Mrs. Ed Hagen from [illegible] near Badger. The honored guests received many lovely gifts for their home.

Aid Interesting

Mrs. Alma Lind, president of the Northern Circuit of the Women's Missionary Federation, from Badger spoke on the History of the W. M. F. She outlined the purposes and advantages of belonging to it. She also told how the money sent to them is spent. A certain percent is kept for foreign missions and the rest goes to orphanages, old folks homes, pension fund for aged ministers, etc.

Mrs. Wammer, president of the Nurture Department of the Womens Missionary Federation spoke on Christian Nurture. She outlined the duties of a Christian mother in a home and enumerated the advantages that a child could rightfully expect from his home.

Mrs. Alma Lind, Mrs. Wammer and Mr. Abel Anderson had dinner at Reverend Anderson's Thursday.

Mr. and Mrs. Gust Sandberg from Hill City brought Mrs. M. L. Windnes back as far as Thief River Falls where she is staying with her children to remain under doctors care for a while as she recently had an operation in the Cities. Mr. and Mrs. Sandberg came to Grygla to stop in at relatives for a short visit over the week-end.

Ernest Selle, Henry Hope and George Hook were called into Thief River Falls to appear as witnesses in a trial resulting from the death of Russell Hoppe in a truck accident.

Mr. and Mrs. Peter Bakken visited at the L. J. Tennold home at Goodridge last Sunday.

Mr. and Mrs. O. J. Peterson and Mr. and Mrs. Leo Svenpladsen, all went to Redby last Sunday.

Martin Sandemark and Anton Roman went to Crookston last Monday to attend to some Cooperative Oil Business.

Mr. and Mrs. Henry Bekkrus and daughter Doris from LaGlace, Alberta, Canada and Nels Holte and family visited at Bennie Vigens at Greenbush Monday.

Miss Alice Anderson began last Monday morning [illegible] at Claire's Beauty Salon.

Mrs. William Zavoral was taken to [illegible] Monday where she submitted to an operation.

Guests at the C. Doran home last Saturday included Mrs. Eddie Henning, Miss Fern Peterson and Mrs. Fred Peterson all from Holt. The latter two attended the Institute held here. Mrs. C. Doran and Patricia accompanied them back to Holt for a visit.

Last Friday the pupils in Mr. Doran's room gave Mr. Dagen a good send off by showering him with peanuts directly after Manual Training. The occasion was Mr. Dagen's birthday.

Orton Windnes and Sig Nygaard have completed a wood chopping machine which they have built upon a trailer so that they can take it from place to place.

Guests at the Wm. Holthusen home last Sunday included Miss Vergil Holthusen from Thief River Falls, Lloyd Korstad, Miss Ida Mae Winger and G. P. Armstrong and family.

Robert Thorson and Bud Holbrook returned last Saturday from Delamer, N. D., where they were employed.

Gordon Bush and Kenneth Knutson was home for a few days between terms from the Bemidji State Teachers College.

Mrs. Bertha Holbrook went to John Lampporters at Espelee last Monday to assist Mrs. Lampporter with [illegible] Ash Wednesday.

Ray Lura and Miss Emma Jordahl of Thief River Falls were here Sunday visiting relatives.

Harold Solfid and Carl Rue returned last Wednesday from International Falls where they were in the Pat Doyle Camp cutting pulp wood. This camp had electricity and shower baths, so did not [illegible] the old fashioned logging [illegible].

[illegible] Mr. and Mrs. Halvor Ar[illegible] boy last Monday, Mar. 11.

Misses Myrtle Newhouse, Margaret Lillevold and Oliver Johnson and Lawrence Lillevold were business callers at Thief River Falls Thursday.

Official Paper of Pennington County and City of Thief River Falls

Pennington county closed the books at the end of the year with the bonded indebtedness still well over the $600,000 mark, according to the financial statement published in this issue. The total has hovered around that same mark for many years. In 1930 it was $604,186 and in 1919 it was approximately the same as at present, $613,590. In that period of twenty years the county has probably paid nearly as much in interest as the total debt. Unless we start making some progress in reducing the total we can look forward to spending another half million dollars in interest during the next twenty years. Ditches put us in debt and now roads and relief are keeping us there. In managing the affairs of our county "we live within our means even if we have to borrow money to do it."

Starting September first, television stations in this country will start operating on a limited commercial basis, which is definite assurance that television has now been developed to a practical stage and that from now on it will steadily increase in usefulness. Because of the greater difficulties involved in broadcasting pictures, television is not expected to make progress as rapidly as did radio, which was popularized in just a few years, but apparently there now is no question but that we soon will dial in the scenes along with the sounds.

There will be little excitement in the community if the Prowlers take the district basketball championship this week. It is the expected thing. Different next week in the regional however when the Prowlers (if they win in the district) will enter the tournament as underdogs, having been beaten by Bemidji twice this season. It would be a funny thing though if Thief River couldn't beat Bemidji at least one out of three. They surely are not that much better.

We are glad the voters approved the bond issue at the special election Tuesday. Now we won't have to leave town next winter if there should happen to be an interruption in the service. We were kinda worried about it.

"We are beginning to think that the Democrats should nominate Roosevelt to run for a third term. It hadn't occurred to us that he is so far off balance that he actually would accept a third term. We had taken for granted that after eight years in office he would be glad to retire and turn the job over to some one else. We had overestimated his good sense, however. He evidently wants to run again so let him run. Why not? Roosevelt will control the convention and no one but a new dealer can be nominated. The new deal will be the big issue of the campaign and if we must have four more years of it then Roosevelt might as well be in the driver's seat as anyone else.

Most discouraging news of the week was the announcement of Finland's acceptance of Russia's peace terms. It came so unexpectedly. After weeks of such a valiant defense there seemed to be a glimmer of hope that in spite of overwhelming odds the Finns might be able to hold their own. It is not difficult to understand the despair that finally prompted them to submit, however. Without help they could not hope to win and there was slight chance of their being able to secure the kind of help they needed in time to be of value to them. Finland's defeat is recognized as an important victory for Russia and Germany and a setback for the allies. Russia paid dearly for her present gains, it is true, but the present gains probably are considered as merely a temporary arrangement. The real terms of settlement will be dictated when the big war is ended. If Hitler dictates those terms then Russia will be amply rewarded. Whatever may have been the cause of the war in Europe, the issues now at stake are becoming increasingly clear.

AFTER THE BRAWL

(Collier's)

It fell to the lot of ex-President Herbert Hoover to point out the true, the sensible, the constructive course, as we see it, for the United States to take with regard to the European war.

Here are Mr. Hoover's views, summarized from his utterances in connection with the magnificent Finland relief campaign which he started and has been carrying on with so much success:

Europe at war is a madhouse, with a lot of poor, blinded people running around looking for chances to kill one another.

We can't stop the proceedings, though from our lucky point of vantage 3,000 miles away we can see what foolish proceedings they are.

We'd be worse than foolish to get into the fight. That would mean another gigantic war effort on our part, with the probable loss of hundreds of thousands of our best men, and with our liberties locked at Mr. Mars' door for the duration. It might be the deathblow to our economic system.

The thing for us to do, as Mr. Hoover works it out, is to keep clear of the brawl at almost any cost, and meanwhile to get ready to do a big job of rehabilitation after the brawl is over.

He does not mean, as we understand him, that we ought to plan to muscle in on the peace conference and throw our weight around in favor of this or that rearrangement of boundaries, or somebody's reparation scheme or any insurance policy for minorities.

What he refers to is a less spectacular but more necessary kind of repair work . . . the kind his organization is already doing in Finland. That job includes getting food to the hungry, lumber and nails and cement and window glass to those whose homes have been shot to pieces, serum and antiseptics to the victims of disease.

We take it that Mr. Hoover, in line with his Quaker beliefs, feels that we should prepare to do all these things without chiding the survivors for having got into a crazy fight, without trying to convert them to any political or religious creed, without feeling any self-righteousness. Just help out where we can and don't worry too much about getting paid for it.

It all sounds like Grade A common sense and the essence of human decency to us. We can imagine no nobler, saner policy for the United States to pursue through these mad times. It may mean the difference between the end and the survival of modern civilization.

Senator Carter Glass, the veteran head of the senate appropriations committee, says there is very little chance of any substantial reduction in the government's budget for the coming fiscal year, and gives this reason, "People like to spend money too well, especially when they are spending other people's money." That sentence tells the story.—Waseca Herald.

"I suppose," opines a reader, "that you don't print everything that happens in a small town." The fact that we have edited the Region for 32 years without ever having been in a hospital or a jail, is proof that he is a good supposer.—Baudette Region.

Mannerheim's best general, Wallenius, was against the government only three years ago. In Russia, he would long since have been deceased, which helps to explain the Russian army.—Detroit News.

HOME PROJECT TO ENROLL MEMBERS UNTIL MARCH 22D

"Feeding the Family" to be Theme of Project Opening April 22

Believe it or not, in the average family over one-half of the income is spent for food. That statement was made to the township chairmen at the organization meeting of the home project, by Mildred Sailor, assistant state home demonstration leader, in Thief River Falls, last Thursday.

Pennington County's forthcoming project on "Feeding the Family" is designed to help the homemaker to make wise food selections. The leaner the purse, the harder it is to get a diet adequate for all human needs with some margin of safety besides. For the person with a limited income, any mistake in purchasing is more serious, for it means that some essential food must be omitted.

This project, "Feeding the Family," is available to every individual that joins a group, through the agricultural extension service and Howard E. Grow, county agent, beginning April twenty second. All group enrollments are due in the county office March 22.

If anyone is interested to enroll for in "Feeding the Family", notify your township chairman, or better yet, find 10 or 12 neighbors who are also interested, form a group, elect two leaders, and send their names with your enrollment to the township chairman or the county agent.

The active township chairmen and their townships are: Mr. A. [illegible], Numedal; Mrs. Sadie Ay[illegible], Norden; Mr. [illegible], Sanders; Mr. Vernon Malmberg, Rocksbury; Mrs. A. C. Matheson, Thief River Falls; Mrs. John Bur[illegible], Silverton; Mrs. A. W. [illegible], Clearbrook;

BANGS TEST WILL OPEN IN MARSHALL COUNTY MARCH 18

Eleven Veterinarians Will Work in Eastern Part of County

Testing of Marshall county cattle herds for Bangs Disease will get under way on Monday, March 18, when a group of 21 veterinarians will arrive to commence the county-wide test, R. A. Reierson, Marshall county agent, announced today.

The area test for Bang's disease is being made as a result of action taken by cattle owners of the county who signed petitions seeking to qualify under the terms of the law. A public hearing was held some time ago and when no objectors appeared, the test was ordered by the State Livestock Sanitary Board.

Testing laboratories will be established at Grygla, Middle River and Warren, with the veterinarians running the tests on samples taken from the various herds each day. There will be ten veterinarians stationed in Warren with headquarters at Hotel Warren. The laboratory will be set up in the sample rooms at the hotel. At Middle River, six veterinarians will be stationed and at Grygla five will be stationed.

BENNES GIVES PICTURE OF LINCOLN TO HIGH SCHOOL

$11,107 WPA Allotment Made to Complete Work on Middle River Park

An $11,107 allotment for further development work in the Middle River State Park, located 15 miles northeast of Warren, under the Works Progress Administration, was made last week, according to telegrams received by the Warren Sheaf from Senators Henrik Shipstead and Ernest Lundeen.

The allotment was made to the state department of conservation, division of state parks, to further develop the new Marshall county park which is now nearing completion. The order specifies construction of shelters, bridges, toilets, parking areas, diversion channels and dam and completing the construction of custodian's house, ordering old mill, installing water mains and pump, leveling and landscaping grounds, grading recreational field and performing appurtenant and incidental work.

Notice of Expiration of Redemption

Office of County Auditor,
County of Pennington—ss.
STATE OF MINNESOTA

To [illegible] H. Olson:

You are hereby notified that the following described piece or parcel of land, situated in the County of Pennington and State of Minnesota, and known and described as follows, to-wit:

Lot Twenty Nine (29), Fairfield Addition Town of North

is now assessed in your name.

That on the 14th day of May, A. D. 1934, at the sale of land pursuant to the real estate tax judgment, duly given and made in and by the District Court in and for said County of Pennington on the 15th day of March, A. D. 1934, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1932 for said County of Pennington, the above described piece or parcel of land was duly bid in for the State for the sum of $11.05, and the amount required to redeem said piece or parcel of land from said sale exclusive of the costs to accrue upon this notice, is the sum of $11.05, and interest upon the sum of $3.18 at the rate of 8 per cent per annum from said 14th day of May, A. D. 1934, to the day such redemption is made, and the further sum of $10.39 with interest upon the sum of $2.62 at the rate of 8 per cent per annum from the 1st day of March, 1935, to the day when redemption is made, and the further sum of $3.50 with interest upon the sum of $3.18 at the rate of 8 per cent per annum from the 1st day of March, 1936, to the day when redemption is made, and the further sum of $5.82 with interest upon the sum of $5.29 at the rate of 8 per cent per annum from the 1st day of March, 1937, to the day when redemption is made, and the further sum of $6.16 with interest upon the sum of $5.60 at the rate of 8 per cent per annum from the 1st day of March, 1938, to the day when redemption is made, and the further sum of $6.45 with interest upon the sum of $5.92 at the rate of 8 per cent per annum from the 1st day of March, 1939, to the day when redemption is made.

And the time for redemption of said piece or parcel of land from said sale will expire twelve months after the service of this notice and proof thereof has been filed in my office.

In calculating interest for any fractional part of a year on taxes levied in 1937 and subsequent years it shall be calculated on the basis of two-thirds of one per cent for any month or major fraction thereof.

Witness my hand and official seal this 21st day of August, A. D. 1939.

A. M. SENSTAD,
County Auditor of Pennington County, Minn.

BEMIDJI TEACHERS RESERVES LOSE TO PROWLERS 39-34

Local Quint Avenges Defeat Sustained Earlier in the Season

Continuing the strong play they have shown in the past few weeks, the Prowlers defeated a bulky and rangy team of Bemidji Teachers College reserves, 39 to 34, in a fast and well-played game here last Friday night. The Prowler victory avenged an early season defeat, one of the three losses the locals have suffered this year, by the reserves in a game played at Bemidji.

The Prowlers first nine points were scored by their quick-breaking forward, Ed Flasch, on four field goals and a free throw, sending the locals into a lead they held during the entire game; and when Eddie cooled off, Wayne Bredeson and Bob Kielty took up the field goal scoring, each getting four goals.

The game, which was in the nature of a "warm up" affair for this week's district tournament, served its purpose excellently, for it gave the Prowlers experience against a big, tall, and well-drilled team. And these reserves were out-played in every position, except perhaps on rebounds and tip-ins, for Ray Oliver, at forward for Bemidji, and Orvis Wik, at center, each counted points in under the basket shots, with Oliver getting 5 baskets, all tip-ins, and Wik with 2 goals, one a tip-in.

Bill Claffy and Len Furuseth, while not being in the Prowlers high-scoring bracket, played fine basketball, with Bill setting up plays, and Len driving into the bigger Bemidji reserves to recover many of the rebounds.

In a slam bang preliminary game, the 1939 Senior Cowboys, led by Red Eide and Bob DuChamp, defeated a team of Prowler reserves, 27 to 21.

THIEVES CAPTURE EXHIBITION GAME FROM ROSEAU 12-3

Joe Novak Scores Five of 9 Goals for Locals in Final Period

The Thieves, the States-Dominion hockey league champions, closed their most successful season with an overwhelming 12 to 3 victory over the Roseau Cloverleafs in an exhibition game played here last Thursday night.

The game, which was played on soft ice, was a tie affair going into the third period with each team having registered three goals, George Beverly counting twice and Paul Kornek once, for the locals; and Anderson, Alley, and Ole, tallying for the Cloverleafs.

But it was in the third period that the fans saw the Thieves go on the hottest scoring spree of the year, sifting through the Roseau defense to send nine goals into the net. And of these nine goals, five were credited to Joe 'Goosie' Novak, left-wing. Joe was scoring on back hand shots, on fore hand shots, on solos, and on assists, and in general putting on the finest goal-getting exhibition the fans have seen all year.

SPORTS Tid-Bits

By Huck Olson

If you like entertainment, excitement, noise, and color, the place for you is the district basketball tournament being held in the new gym. The semi-finals being played tonight, and the finals tomorrow night. Bones Stadum and I went into a huddle yesterday, with charts and gestures, and we agreed to agree on Bones predictions: that Thief River Falls would beat Crookston tonight, 32 to 23; and then beat the Warren Ponies in the finals, 37 to 26.

Gil Mickelson, local boy who is making good at Ohio State, was given honorable mention on the coaches All-Star Big Ten basketball team, at forward.

Coach Alex Tickle, on behalf of the hockey team, wants to thank all the fans for the fine treatment accorded the boys this year. And especially to thank those fans who contributed to the purchase of the hockey jackets. And if the war continues to piddle along as it has, Alex will bring the same team, or nearly the same team, down here next year.

There was a Walt Gersin playing with the Chisholm Maroons in the amateur hockey tournament held in Minneapolis last week. I wonder if that was the same Walt Gersin that played at defense for the Crookston Pirates this year.

In the 18 games played at the local arena this year, the Thieves drew 9539 paid admissions. That's not a good record, and it left the hockey team with a deficit of about three or four hundred dollars. There were only two games in which the paid attendance went above the 100 mark, the St. Paul game which had 1033, and the Crookston game, in the playoffs, which had 1014 paid admissions.

Bernie Oset, who refereed a number of the hockey games down here this year, is considered one of Winnipeg's finest arbiters, and, as evidence of that fact, he worked the junior playoff game at Winnipeg Monday night, between the Portage Terriers and the Winnipeg Monarchs.

That feud between Bobby DuChamp and Johnny Campbell was about a draw. Bobby scored nine points, while Johnny, who was guarded by Red Eide, managed to count six points. But the high point of the game, the preliminary game last Friday night, and I perhaps shouldn't mention this, was Bobby's pot shot at the wrong basket. The play, which I perhaps shouldn't mention as it brings tears to the eyes of all true lovers of basketball, occurred at the east basket, after a missed free throw by the Prowler reserves. Carlo Columbo, Stan Cockrell, and Judge Hellquist, who were in the DuChamp cheering section, nearly fell out of the stands when Bob took that shot. It was quite a game, and one that the boys will talk about during the hot summer months. That is, they will all talk about it except Bobs. He will wish that he had stayed in bed that night.

April 1 Is Deadline for Affixing Auto Licenses

There's no likelihood of an extension of the April 1 deadline for affixing 1940 license plates to automobiles, Mike Holm, secretary of state, announced this week. For the past three or four years, he said, no extension has been granted, and since legislative enactment is necessary, there will be none this year. He said it was expected 900,000 licenses would be issued this year, compared with about 875,000 last year.

"Judge Hardy and Sons" to be Film Offering at Falls Theatre Sunday

"Judge Hardy and Son", eighth in the series of the popular Hardy family series, will be presented at the Falls theatre Sunday, Monday and Tuesday, with a midnight prevue Saturday night at 11:15. Featured in the able cast are Lewis Stone, Mickey Rooney, Cecilia Parker, Fay Holden and Sara Haden.

"Jeepers Creepers", showing at the Avalon theatre Sunday and Monday, has its scene in Pineville, a hillbilly community that depends on nearby coalmines for employment. Included in the players are the Weaver Brothers and Elviry, Roy Rogers and Maria Wrixon.

Manager Ray Eiden announced this week that "Gone With the Wind", in its original full-length form, will be shown at the Falls theatre not later than in June, giving local residents an early opportunity to witness the much discussed picture.

F.-L. CONVENTION CONCLUDES STATE SESSION SATURDAY

Edward Hagen of Milan Named State Chairman of Association

Repeal of the homestead lien law and of the state civil service act passed by the last legislature was demanded in resolutions adopted by the Minnesota Farmer-Labor convention in Rochester Friday.

State Senator George H. Lommen, Eveleth, was elected convention chairman after Howard Y. Williams, St. Paul, withdrew from the running shortly after a roll call was started. Williams then was named vice chairman after a brisk contest, getting 248 votes to 242½ for Rep. George Hagen, Crookston. Harold L. Peterson, Wilmar, was elected convention secretary without opposition.

The convention went on record as:

Favoring a unicameral legislature and party designation of its members.

Supporting U. S. Senator Ernest Lundeen in his battle against senatorial confirmation of Linus Glotzbach, regional WPA administrator.

Demanding that all state income taxes be used for educational purposes without reducing other state aid.

Favoring a proposal that mortgagees share with mortgagors in unavoidable crop losses.

Favoring shifting to the state of county contributions to old age assistance.

Following the nomination of Former Governor Elmer A. Benson for the post of state chairman of the Farmer-Labor association, Mr. Benson withdrew his name after Representative George Hagen of Crookston charged that his election would split the party. Edward Hagen of Milan then was elected chairman.

TRIPLET CALVES BORN ON FARM NEAR AITKIN

Aitkin — Triplet calves were born on the farm of Glen and Harold Wicklund in Jevne district. Glen was a bit disappointed when he visited the barn the first time and found one undersized calf beside the farm's prize Holstein cow. But when he looked later and found that besides the one there were two more, he decided that Bossy was doing all right, after all.

These Trees of Mine

By Mrs. E. E. Zeh

I really should not mention apple trees, I know so little of them and we have had so few—less than a dozen all told. Some people have hundreds, yes thousands, but importance does not always lie in numbers.

This is not an apply country as yet. The cold is too intense and the season of warmth too short. But some day it will be no doubt. My neighbor across the street is already having considerable success with several varieties.

As a child I lived in southern Minnesota and my father planted one of the first apple orchards in that part of the state. The neighbors thought him a little crazy. "Apples couldn't grow in Minnesota; not even crabs". But they did grow and thrive and now they raise both big and little apples in abundance. My father bought his trees from Elder Stewart, a well known character in the early days of Minneapolis.

In the beginning we had only one tree and it grew and thrived, bearing very young. The first blossoms were celebrated with a festival of dance and song. However our ordinarily happy family relations were strained almost to the breaking point by my insistence on picking every blossom within my reach. My husband was a born conservative and his thrifty nature was shocked at the thought of all the little apples that were being denied their birthright. But I contended that anyone could buy apples and that apple blossoms could not be bought, at least not in this country. I knew that a lot of people around here had never even seen an apple blossom and it was pure joy to pick them and give them away.

But very soon the blooms beyond my reach shed their festive petals and set out in earnest to fulfill their destiny of becoming little yellow crab apples with bright red cheeks. How we watched them, and they were carefully counted every day.

Unfortunately the squirrels liked them and nibbled chunks out of their rosy cheeks and we vowed vengeance, which vow we of course had no intention of keeping. The impudent little rascals were too charming and lovable. I think only about twenty-five apples reached maturity and we could doubtless have bought them for less than that many cents, but they would not have had the same flavor and we would have missed a lot of fun.

That tree is dead but at the present time I have three crabs that bear, one tree of a large variety that will not give me even one blossom, and two volunteer seedlings that are old enough to bloom but have not as yet done so. I still believe in picking all the blossoms within reach. They are so lovely and the more that are picked the less work for the children that come in quietly to pick the apples? Oh well, who could resist an apple? Not Eve and not I.

Sportsmen's Show Opens in Minneapolis Mar. 23

Exhibitors in the Seventh Annual Northwest Sportsmen's Show in the Minneapolis Auditorium, March 23 to 31, are prepared to meet the challenge of the hundreds of tourist bureaus throughout the country who predict that the vacation period of 1940 will witness an influx of tourists too large for the resort operators to handle.

The direct advantage of this form of exploitation is not so much the attractiveness of the exhibit itself, but the informative value it holds for Minnesotans who have in mind writing friends and acquaintances to visit the northwest this summer. They can tell their friends the whole story of the possibilities of the northwest for outdoor fun and complete relaxation, in an area that offers more than an even substitute for the European travel that will be restricted this summer.

FATHER AND SON BOTH BORN ON LEAP YEAR DAY

Welcome—To the newly born Carl Clausen baby goes the distinction of being the Leap Year son of a Leap Year father. Mr. Clausen is also a Leap Year baby, although his date of birth was written down as February 28, a common fiction by wellmeaning doctors who hate to see a kid start out in the world with less than the customary number of birthdays in store. As yet, no statement has been made by young Mr. Clausen regarding his birthday.

Redwood Falls—Rev. E. A. Birkholz, natural enemy of the pheasant in October, is the fowl's friend at every other time. He saw a beautiful cock lying dazed in the snow along the Redwood Falls-Wabasso road as he was returning from a call on friends. Rescued, the wounded bird is being cared for in the Birkholz chicken coop. The pheasant's name is "Peg Leg Pete," so called because it has one leg missing.

182 DIPLOMAS TO BE GIVEN MAR. 28 AT N. W. SCHOOL

P. E. Miller Will Deliver Commencement Address at Crookston

A total of 182 diplomas, advanced and business training certificates will be awarded at the commencement of the Northwest School of Agriculture at Crookston on Thursday, March 28. P. E. Miller, director of the Minnesota agricultural extension division, St. Paul, has been secured to give the commencement address. The Honorable F. J. Rogstad, regent of the University of Minnesota, will extend greetings on the program.

Commencement week activities begin on Sunday, March 24, with the reception to the graduating class given by Superintendent and Mrs. T. M. McCall and Dean and Mrs. W. C. Coffey. The commencement sermon will be given on the evening of Easter Sunday by W. H. Reeves, pastor of the Presbyterian Church of Crookston.

The junior music recital will be held on the afternoon of March 25, followed by the senior music recital on the evening of March 27.

The senior class day exercise will be held on the afternoon of commencement day, March 28, followed by the graduation exercises at 8:00 p. m. The school year closes officially at noon on Commencement Day, March 28.

New Science Museum on University Campus Draws Many Visitors

One of the most significant projects on the University of Minnesota campus, the new Museum of Natural History, of interest to every resident of the state because it is dedicated to preserving the record of the original animals, birds and flowers found native in the virgin forests and fields of the state, has been completed and will soon be dedicated. It will house not only the collection of wild life groups that have stood for some years in the biology building, where hundreds of thousands have viewed them, but also additional groups that are being planned.

Some years ago James F. Bell, Minneapolis miller and head of what is probably the largest milling organization in the world, offered $150,000 to the late Lotus D. Coffman for a museum of national history provided President Coffman could find the rest of the necessary money. This was impossible at that time, but when the 1938 PWA program was opened by the United States government a PWA application by President Guy Stanton Ford was approved and the building went up.

Dr. Thomas S. Roberts, nationally famous for his great book, "Birds of Minnesota" is the head of the museum.

Baltimore's Population

Baltimore, Md., is the largest city south of the Mason and Dixon line. In 1920 its population was estimated at 832,000.

FARMINGTON RESIDENT FINDS MUSKRAT IN SHOE

Farmington—Bert Berres went out of the house to put on his overshoes, and noticed that one of the shoes started to move. Examination revealed that the rat had eaten a hole through the new overshoe, evidently trying to satisfy its craving for salt. The rat took its time about returning to its haunts along the marshes of upper Lake Marion.

Gardenia Named for Scot

It was not until the latter half of the Eighteenth century that the gardenia assumed the name it now bears. It was named in honor of Dr. Alexander Garden, a Scotsman born in Aberdeen in 1730.

Jamaican Headwork

While a Jamaican woman is eating a bun or sandwich on the street she will put it on her head between bites. Natives never carry anything in their hands. They even fetch water in large kerosene tins, place the containers on their heads, and walk home without a quiver, their hands swinging at their sides.

SILVERTON

Banner School News

Miss Stapleton visited our school for a short while on Wednesday and Bernice Knutson visited on Thursday.

Beverly Brateng was the only pupil who has perfect attendance for the last six weeks period.

On Friday we gave a farewell party for the Brateng and Von Wold children. Games were played, following this we were treated to ice cream and cake. We are sorry to see our classmates leave but our good wishes go with them to their new homes.

Womans Project

Mrs. John Burtness, chairman of the Silverton unit of the Womans project attended the meeting last Thursday at Thief River Falls. The Silverton enrollment meeting has been set by Mrs. Burtness for Tuesday, March 19 at 2 o'clock at the John Burtness home. Anyone interested in the topic "Feeding the Family" are cordially invited and urged to attend as all must enroll before the 22nd in order to receive their free material.

A light lunch will be served. Any of the ladies from Smiley on the north side of the river who desire to attend this unit will be cordially welcome. If unable to attend this meeting but wish to join be sure to notify Mrs. Burtness before March 22. Remember the place.

Bernice Woolson attended the birthday party given at a local cafe Friday evening for Miss Margaret Gunnelson, local 4-H club leader by the girls employed at the farm bureau office. A lovely gift was presented to the honor guest.

Mrs. P. A. Von Wold was a patient at a local hospital the past week, her illness caused by infected tonsils.

Mr. and Mrs. H. C. Woolson and Bernice were guests Wednesday evening at the Frank Johnson home St. Hilaire, the occasion being Mr. Johnson's birthday. A lovely Angel food cake iced in white and decorated with candles and pink hearts graced the center of the table.

Joe Knutson and an assistant made the rounds on Friday in Silverton in the interest of the cooperative elevator and seed house which the farmer's union are sponsoring. Fred Luhe was elected temporary president; Edwin Roy, secretary; E. T. Eirckson, treasurer. Directors include Orlie Hafdal, Anton Kotrba, Charles Sorenson and Joe Knutson.

Friends of Miss Estelle Hanson will be sory to hear that she is a patient at a local hospital.

Congratulations to Mr. and Mrs. Wallace Christensen of Thief River Falls on the birth of a baby boy March 6. Both are former residents of this vicinity. Mrs. Christensen was formerly Miss Ruby Solmonson, daughter of Mr. and Mrs. J. E. Solmonson.

Elfie Hanson attended the 4-H leaders Educational meeting held Saturday in Thief River Falls. The group enjoyed a get together dinner at the Palm Garden Cafe and spent the afternoon discussing club work with Miss Ann Thorbeck, district 4-H club leader of Crookston.

VALHALL

Mrs. C. H. Jung, Mrs. Elias Bakland, Mrs. Louise Anderson, Mrs. Engelstad and Mrs. Edwin Hanson attended the W. C. T. U. Regional Conference at Grand Forks Tuesday and Wednesday. They also visited at the C. M. Carlson home, former residents of Thief River Falls.

Otto Netteland left Sunday for South St. Paul, returning home on Tuesday.

Frank Kelly, who has been employed at the Peter Engelstad home the past two months, left on Saturday to visit his brother Ed Kelly at Thief River Falls before leaving for Peary, N. D. where he will be employed.

Mrs. Mons Engelstad spent Sunday and Monday with her mother, Mrs. Sena Larson who is ill.

Mrs. Axel Engelstad, Ruby Engelstad and Omer Lian attended the 4-H leaders meeting held at Thief River Falls Saturday.

Nels Nelson has purchased the old Broden place.

Lawrence Aase has purchased the Ole Sannes place and is erecting a barn.

John Stromberg of Gary visited Saturday with the Engelstads.

Charles N. Bouton of Glyndon and C. Amundson of Grand Forks, were at the Peter Engelstad home Friday. Mr. Omundson bought 300 bushel of potatoes and hauled them by truck. Mr. Bouton bought a carload of potatoes.

Miss Alma Stroberg is visiting in Duluth for some time.

ROSEWOOD

The sewing club met at the home of Miss Eileen Haugen Tuesday afternoon. The afternoon was spent in rug making and embroidering, after which a delicious lunch was served by the hostess. The next meeting will be at the home of Mrs. C. Bergum, March 19.

A bridal shower was given for Mr. and Mrs. Stanley Ranum on Thrusday evening at the Berald Ranum home. The newlyweds were presented with a lovely set of silverware by the invited guests. Lunch was served at a late hour, after spending the evening playing cards.

The Ladies aid of the Mission Church meets Wednesday afternoon, March 20, at 2:30 at the church. Rev. Berg will give the message.

Mr. and Mrs. Otto Ranum and daughter of Warren visited at the Emmy Ranum home Sunday.

Mr. and Mrs. Art Goball and John Nakken were business callers at Crookston Saturday.

Miss Marcella Lappagard who has been employed at Thief River Falls returned to her home Saturday.

Religious objections of the natives have stopped the Italian mission from raising pigs in Kenya colony.

LAND O'LAKES HAS ANNUAL MEETING IN MINNEAPOLIS

Many Members from This Section of State Are In Attendance

Several thousand dairy farmers and creamery operators from all sections of the northwest assembled in Minneapolis today for the nineteenth annual meeting of Land O'Lakes Creameries, Inc., which continues thru Friday. Many from the Thief River Falls community are in attendance.

Sessions of the co-op. meeting opened with speeches by W. C. Coffey, dean of the University of Minnesota department of agriculture, and A. G. Black, acting governor of the Farm Credit administration.

Governor Harold E. Stassen and John Brandt, president of Land O' Lakes, will speak at the afternoon gathering today.

Edgar A. Guest, famous poet, and Eddie Howard, composer, also will appear on the Thursday afternoon program. The evening will be devoted to entertainment features.

Friday will be devoted almost entirely to business matters of the co-op, including reports of officers and committees and election of directors.

Oklee Resident Fined Here on Traffic Charge

After colliding with a parked car on Main av. N. Monday evening, Jorgen Syrtveit of Oklee was arrested on a charge of driving while drunk. Appearing Tuesday in municipal court, he was given a fine of $30 with the option of serving thirty days in jail, and his drivers licenses was revoked.

DOG FIGHT COSTLY; STORE WINDOW IS CASUALTY

Hill City—Dog fights can be costly, as was shown recently when two dogs engaged in a battle and broke a large plate glass window in the Red Owl store. One dog made a jump at the other, which ducked, and the "first" one crashed into the window. The dogs were not held for questioning.

BABY'S CRYING SAVES FAMILY

Two members of this family are alive this week because the early morning cries of Jonna May, 3½, saved them from being overcome by coal gas. Mrs. A. C. Holter, when she got up to see what ailed the baby, became ill from the fumes and notified the fire department. The squad administered oxygen to her and to Alton, shown in front of Mrs. Holter at left. Also shown are Mr. Holter, Jonna May, and George.

Bogus Call to Convene State Legislature Is Circulated Past Week

A spurious call for a special session of the Minnesota legislature to convene April 1 was circulated throughout the state last week under "the hand and seal" of the "acting lieutenant governor."

Summoning legislators to meet April 1, the fake call bears a signature difficult to decipher.

"It's a mystery to me," said C. Elmer Anderson, lieutenant governor. "The position of 'acting lieutenant governor' is unknown," Anderson added.

Suggested legislation mentioned in the "call" would prohibit employment of persons "related to the appointing officer within the third degree of blood relationship" and would "[illegible]" a state officer when he left the state on other than official business.

The "call" asks impeachment of railroad and warehouse commission members because of the telephone rate controversy and recommends legislation prohibiting payment of state salaries to any person not voting at the last general election.

CCC Camps on Refuges

Much of the work on the various refuges is done by CCC boys attached to Biological Survey camps. "This year 33 camps have been established in 25 states. Three of these units are located in Minnesota, Mud Lake Refuge in Marshall county, Tamarac Refuge in Becker county, and Rice Lake Refuge in Aitkin county.

"These CCC boys have been invaluable to the Survey's program," Vogen asserted. "They have planted trees and cover shrubs, built dikes and dams for marsh and openwater areas and have helped in other ways to restore many of the areas that are once again attractive to the various species of wildlife."

The WPA and NYA have also contributed to the development of these areas. Last year more than $1,500,000 were contributed to the conservation program by these agencies.

ELECTRIC LINE TO MAKE LAST RUN FRIDAY

The last trip of the Minnesota Northwestern Electric Line will be made Friday afternoon, March 15. February 15th was the date set originally but a thirty day extension was granted and now that time is up the 15th. The mail has been hauled by truck from Thief River Falls since Feb. 14, and only one mail a day is all we have had since that time. Mr. Wade who is superintendent of the Soo Line at Thief River Falls and W. R. Patterson, Superintendent of the Electric Line were business visitors in town Monday.

The ladies aid of the Goodridge Lutheran church will be entertained Friday, March 15, at the church by Mrs. Henry Iverson and Mrs. Alton Hassel. Everyone welcome.

The honor roll for the fourth six weeks period is as follows:

Seventh grade, Howard Easthouse, Lynne Olson, Betty Wiseth. Eighth Grade, Aleta South, Orville Stephenson.

Ninth Grade, Dorothy Hollbrook, Albert Wiseth.

Tenth grade, Doris Brunner, Willis Paulson, Chester Solberg.

Eleventh grade, Karyl Grondahl. Twelfth grade, Doris Kotlan, Carl Lomwood, Myrtle Newton, Alma Rude, Earl Wayne.

Easter vacation starts Friday, March 15th and continues on thru Monday, March 25th.

Creamery Shows Gain

FISH GETS AWAY WITH SPEAR AT BLACKDUCK

Blackduck.—Ed. Lacken and Walter Christianson let a spear fly at a huge northern while fishing recently in a fish house at Winnibigoshish. The spear hit the fish about a foot ahead of the tail and in the struggle broke the rope on the end of the spear. The last they saw was the fish making away dragging the spear behind him.

PITIFUL BRIDE of the VOLCANO
"You, the most beautiful among us, must be sacrificed unto the God of the Volcano. Your death alone can appease his wrath and save your people from destruction. Prepare to die!"
YET DEATH CAME TO ALL! Although Indians frantically urged their princess into the seething crater of the volcano, it was of no avail. The volcano spoke—white hot lava rushed from the core of the earth, destroying all; volcanic ash darkened the sun.
TODAY Centuries later, these valleys slumber in peace and beauty. The volcanic ash deposited by the volcanoes has blended with the good earth, creating a soil that grows the richest, most luxuriantly flavored coffee in the world.
It is this vital, pungent coffee grown at the "Flavor Line" of volcanic valleys that gives Nash's Toasted Coffee its unique and fascinating flavor. Order Nash's Coffee and discover the thrill of drinking coffee with tropical sunshine in every sip.

1940 POPULATION CENSUS WILL OPEN IN DISTRICT APR. 1

Residents to be Called on to Answer Wide Range of Questions

The population census enumerators will make their calls to every home in this district shortly after April 1, and some member of the family should be designated to have the information which the enumerator will require, it was announced, to facilitate the gathering of the census data. Among the questions included in the census are the following:

Home number and street, if house is owned or rented, value if owned, or monthly rental, if rented.

Name of every person in household and relationship to head of family, sex, color, race, age last birthday; single, married, widowed or divorced.

Education, whether in school or college since March 1, 1940, or highest grade completed.

State or country of birth, and citizenship if foreign born.

To get a study of internal migration, residents will be required to tell where they resided five years ago.

One of the most important studies which the census will seek to make will cover employment. Every person over 14 years of age will be covered in the study of employment. This study will include the following questions:

If working during the week of March 24 to March 30 for pay or profit in private industry, if working in non-emergency or regular government employment; or whether working for WPA, NYA or CCC in the specified week. Persons who are not working, nor assigned to public emergency work must say whether or not they are seeking work, and if not seeking work whether they have a job or business from which they are temporarily away.

Those who are neither at work nor seeking work must report if they are engaged in home housework, at school or unable to work.

Those who are employed in private industry or governmental work must specify the number of hours they worked during the week of March 24 to 30, and those seeking work or assigned to public emergency work must state the duration of their employment in weeks, up to March 30, 1940.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Why lug the Drum when you can twirl the Baton?

YOU never yet saw a band come down the street without someone out in front setting the tempo, while someone back in the crowd obediently thumped in time!

So, why drive a car that's along just for the march—when you can pilot a Buick and show the others the way?

Maybe someday the others will have engines like velvet because they're electrically balanced *after* assembly; but Buick has them *now*.

Maybe tomorrow they will have coil springs all around, and Knee-Action in front that "gives" to the bumps—but Buick has them *today*.

Maybe sometime you'll get the five-foot front seat room and Foamtex cushions of the Super and direction signals with automatic cut-off as standard equipment — but you get those on Buick *this* year.

Maybe someday you'll get a car as *long* as Buick for the money, or with a frame as *heavy* without paying more.

But why take a chance on those maybes when this honey's *here*, ready for you to take over right now?

So drop in on your Buick dealer. Drop in to talk facts and figures, or drop in to see what *next* year's cars will try to look like. But *drop in!* Soon!

Prices Begin at $895 for Business Coupe —Sedan prices start at $955—

delivered at Flint, Mich. Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

CHILD CLINIC AIDS MISFITS

Although these youngsters are all normal, they are shown in the playroom of the University of Minnesota's psychiatric clinic for child patients, which has become internationally famous since its founding little more than a year ago. The clinic's purpose is to find out what causes misfit children to be that way, so that circumstances causing their maladjustments may be eliminated and the children may develop normally. Josephine Bates, secretary-clerk, is shown with the group.

"Save Your Vision" Week Is Now Being Observed

Minnesota is joining with the rest of the nation this week in observing National "Save Your Vision Week," with attention of the public everywhere being called to the importance of eyesight, Dr. Marvin Halgren, president of the Minnesota Optometric association announced today.

"During this week we are attempting to focus public attention upon the need for better eye care," Dr. Halgren said. "We accept sight as we do sunshine or air and until there is serious discomfort, most persons do nothing to keep the eye functioning efficiently.

THIEF STEALS POLICE CAR AT E. G. FORKS

East Grand Forks—A fine thing has come to pass, says assistant chief of police George Keller, when somebody who steals a car has to pick on a police car. Keller entered the station one morning recently leaving his car parked outside. Upon returning, he found the car gone. Following the thief, Keller found him desperately trying to get the car out of a ditch, after having traveled just three-quarters of a mile. The young thief was held at the Crookston jail.
